

Report Title:	Council Performance Management Framework Quarter 3 2016/17
Contains Confidential or Exempt Information?	<i>NO - Part I</i>
Member reporting:	Councillor Dudley, Leader of the Council and Chairman of Cabinet. Councillor McWilliams, Deputy Lead Member for Policy and Affordable Housing
Meeting and Date:	23 February 2017
Responsible Officer(s):	Russell O'Keefe, Strategic Director – Corporate and Community Services David Scott, Head of Governance, Partnerships, Performance and Policy
Wards affected:	All

REPORT SUMMARY

1. Performance as of Q3 2016/17 against the new Performance Management Framework (PMF) demonstrates that two of the strategic priorities are on target (Value for Money and Delivering Together) and two are just short (Residents First and Equipping Ourselves for the Future).
2. The progress towards delivering the fourteen strategic outcomes within the adopted four year Council Strategic Plan 2016-2020 are detailed in Appendix A and summarised in Table 2. There are eleven on target, two just short of target, and one that is off target.
3. Overall performance against the Council's key performance indicators has improved since the last quarter with 68% of measure now on target, an improvement of 14%.

1. DETAILS OF RECOMMENDATION(S)

RECOMMENDATION: That Cabinet notes the report and:

- i) **Notes the progress towards meeting the council's strategic priorities and objectives.**
- ii) **Requests Strategic Directors in conjunction with the relevant Lead Member(s) progress improvement actions for indicators that are off target.**

2. REASON(S) FOR RECOMMENDATION(S) AND OPTIONS CONSIDERED

Improving performance management

- 2.1 Good performance management ensures the effective delivery of Council services. The Performance Management Framework (PMF), introduced in Quarter 2, has been further refined to ensure key performance indicators are measurable and comparable with other local authorities. Consequently Quarter 3 report includes benchmarking comparison data for 24 key performance indicators (compared to 10 in Q2). Some local measures can not be benchmarked; relevant indicators are marked in Appendix A. In addition Infographic Summary has been produced, see Appendix B.
- 2.2 Further improvement of our monitoring system will occur during quarter 4 to secure an automation system for use across the council and with our partners for monitoring performance. Implementation of an automated system will help the council to achieve its ambition for performance management to not only provide a retrospective view of 'how we have done' but provide business intelligence, insight and enable enhanced forecasting.
- 2.3 The first improvement plans for measures off target have also been produced and published on the council's website on its Transparency pages (see section 11 for link). This work will continue in Q4 to further embed effective performance management across the organisation.

Quarter 3 2016/2017 summary of performance

- 2.4 The Council has 72 KPIs. This provides a similarly comprehensive view of the council's performance compared to previous years. Each indicator's inclusion demonstrates its contribution towards the specific council's strategic objective; therefore some KPIs are included more than once as they contribute to more than one of the council's strategic objectives which is why in some cases the total is read as 85.
- 2.5 The Council's strategy sets out the four strategic priorities and 14 outcomes see Table 1 for current performance. In summary there are eleven on target, two just short and one that is off target.

2.6 **Table 1: Outcome performance against Four Strategic Priorities**

Strategic Priority	Outcomes				Total
	On Target	Just Short	Off Target	N/A*	
Residents First	2	2	0	0	4
Value for Money	4	0	0	0	4
Delivering Together	3	0	0	0	3
Equipping Ourselves for the Future	2	0	1	0	3
Q3 Total	11	2	1	0	14
Q2 Total	9	1	3	1	14

* Data for some KPIs (including baselines and targets) is unavailable in some cases

2.7 **Table 2: KPI performance against four Strategic Priorities**

Strategic Priority	Objectives				Total
	On Target	Just Short	Off Target	N/A*	
Residents First	26	7	7	3	43
Value for Money	15	1	0	2	18
Delivering Together	9	2	1	1	13
Equipping Ourselves for the Future	7	1	2	1	11
Q3 Total	57 (67%)	11 (13%)	10 (12%)	7 (8%)	85
Q2 Total	46 (54%)	12 (14%)	15 (18%)	12 (14%)	85

* Data for some KPIs (including baselines and targets) is unavailable in some cases

2.8 The framework demonstrates that when overall performance of the council's outcomes are considered for each of the strategic priorities (Residents First, Value for Money, Delivering Together, Equipping Ourselves for the Future), two of the priorities are on target (Value for Money and Delivering Together) and two are just short (Residents First and Equipping Ourselves for the Future). Table 3 looks at the performance of the KPIs against the Strategic Priorities.

2.9 Table 3 and 4 summarises performance by Directorate and by Lead Member portfolio. Percentages for Q3 are calculated based on known performance data only. In some cases data is not available until the end of the financial year/is an annual indicator.

2.10 **Table 3: Performance of KPIs by Directorate**

Directorate	On Target	Just Short	Off Target	Data not yet available*	Total
Adults, Children's and Health Services	15 (56%)	5 (18%)	7 (26%)	5	32
Corporate & Community Services	13 (87%)	1 (6.5%)	1 (6.5%)	0	15
Operations & Customer Services	17 (61%)	5 (22%)	2 (17%)	1	25
Total for Q3	45 (68%)	11 (17%)	10 (15%)	6	72
Total for Q2	31 (54%)	14 (25%)	12 (12%)	12	69

2.11 **Table 4: Performance of KPIs by Lead Member / Principal Member**

Lead Member / Principal Member	KPIs				Total
	On Target	Just Short	Off Target	Data not yet available*	
Cllr N Airey	9	1	4	1	15
Cllr Bicknell	2	1	0	1	4
Cllr Carroll	1	3	1	0	5
Cllr Coppinger	2	0	1	1	4
Cllr Cox	3	1	0	0	4
Cllr Dudley	3	0	0	0	3
Cllr Hill	7	3	2	0	12
Cllr Rankin	3	0	0	0	3
Cllr S Rayner	7	0	0	0	7
Cllr Saunders	2	0	0	0	2
Cllr Targowska	3	1	1	3	8
Cllr D Wilson	3	1	1	0	5
Q3 Total	45	11	10	6	72

Qualitative analysis of Q3 performance by Strategic Priority / Outcomes (Table 1):

RESIDENTS FIRST

2.12 There are four outcomes contributing to our priority to put residents first, these are:

- To ensure every child and young person in the borough is safe and has the opportunity to have an excellent academic and vocational education.
- To maintain excellent parks, libraries, sports and leisure facilities ensuring residents have the opportunity to be healthy.
- To continue investing in infrastructure and support the regeneration of our towns while protecting the character of the Royal Borough.
- To ensure our residents are safe and supported by a skilled workforce.

2.13 Of these four outcomes, two are on target and two are just short. Those just falling short are maintaining excellent parks and leisure facilities to encourage healthy living and ensuring residents are safe and supported by a skilled workforce.

ON TARGET: Ensuring every child and young person in the borough is safe and has the opportunity to have an excellent academic and vocational education (p1 – 2 Appendix A)

2.14 There are 14 KPIs for this outcome. Nine are on target, one is just short and four are off target. Since Q2 significant progress has been made in gathering the data for this measure to enable a clearer picture of performance. Two of the off target measures relate to the council's performance in educational attainment for disadvantaged children at Early Years Foundation Stage and Key Stage Two. These are also new indicators since this quarter. Work is underway in the council to address performance in these areas and will be reported back to Cabinet in March in the annual report on standards and quality of education in the borough. Encouragingly, the council's performance at Key Stage 4 is in

the top 17% of the country for disadvantageded pupils making good progress. Other measures off target include ACH10 % of care leavers in education, employment or training which has declined since the last quarter and ACH4 % of Children in Care with personal education plans which has also declined this quarter. More detailed commentary on these measures is in Appendix A.

- 2.15 Areas of good performance for this outcome include ACH8 % of all RBWM schools inspected by Ofsted receiving an 'Outstanding' or 'Good' judgment which has improved since Q2 with 86% now achieving the expected standard. Also of note is the performance of CCS11 Number of apprenticeships offered within the council; Q3 has seen a large recruitment drive on apprenticeships with 12 posts being offered to date. 90 applications were received across 10 posts which was the highest volume of applications we have seen in recent months.

JUST SHORT: Maintain excellent parks, libraries, sports and leisure facilities ensuring residents have the opportunity to be healthy (p3 Appendix A)

- 2.16 There are nine indicators for this outcome. Five are on target, three are just short and one is off target. This outcome is amber in this quarter due to the performance of the Public Health indicators ACH18, ACH19, ACH20 and ACH21. Three of these have improved since last quarter, though are still not on target. Our successful drug completions (opiate and non opiate) are in the top quartile for comparator local authorities but our benchmarking of successful alcohol completions indicate we are less effective hence the combined performance being just short for ACH20.
- 2.17 Despite the outcome overall being amber, OCS15 and OCS16 Numbers of physical and virtual visits to museums and libraries are performing very well; evidence of the value residents place on these services. For libraries per 1,000 population our physical visits see the Royal Borough as the best performer in its comparator group.

ON TARGET: Continue investing in infrastructure and support the regeneration of our towns while protecting the character of the Royal Borough (p4 Appendix A)

- 2.18 There are 10 indicators for this outcome. Seven are on target, two are just short and one is off target. This outcome was off target in the last quarter but is now performing well. Only one measure is off target CCS31 % of planning appeals lost, though an improvement plan for this is in place. Performance in planning otherwise has improved with two measures relating to processing planning applications being on target and one only just short.
- 2.19 Of continued note is the residents' satisfaction with the roads which has increased this quarter from 56.1% to 61% as measured by customer satisfaction surveys. Current actual performance is taken from the CSC's quarterly Customer Satisfaction service focus questions. 315 of 518 residents surveyed during Q3 were satisfied or very satisfied with the condition of local roads.

JUST SHORT: Ensure our residents are safe and supported by a skilled workforce (p5 Appendix A)

- 2.20 There are 10 indicators for this outcome. Five are on target, one is just short, one is off target and there are three for which data is not available until the end of the financial year. This outcome is also amber though performance of time taken to process housing / council tax benefit new claims and change events (OCS36) continues to be exemplary.
- 2.21 There is one indicator just short of target OCS37 Reduction in non-compliant food premises – priority based inspections focusing on premises with a one or zero rating out of five, and one measure which is off target ACH34 % of care homes rated good or better by the CQC. There are 47 care homes and 51% are inspected as good or better against a target of 75%. In 2017/2018, the target will be based on an analysis of inspections due.
- 2.22 Of the three measures for which data is not available; two of these relate to staff training and will not be available until the next quarter. This measure may therefore be back on target by Q4.

VALUE FOR MONEY

- 2.23 The Value for Money strategic priority has four objectives from the corporate strategy from which its performance has been assessed. These are:
- To keep Council Tax low and reduce our high cost placements in social care.
 - To deliver improved customer services and outcomes for residents through the use of existing and emerging technology.
 - To intelligently use the borough's assets to increase income and maximise our ability to collect Business Rates as well as to seek greater external investment in the borough through a variety of means such as Joint Ventures, the Local Enterprise Partnership and other sources.
 - To develop innovative services that will help to meet future challenges and demand and to launch a home ownership plan through shared equity and other models, where the resident has a stake in their property.
- 2.24 Of these four objectives all are on target which is improved on last quarter.
- ON TARGET: Keeping Council Tax low and reduce our high cost placements in social care (p6 Appendix A)**
- 2.25 Of the 10 KPIs used to assess the council's performance against this strategic objective, seven are on target, one just short and there are two for which data is not available (ACH44 and ACH49). Whilst ACH44 does not have a target set to enable a RAG rating, ACH44b is now on target (working days lost by headcount) and in 2017/18 will replace ACH44.
- 2.26 ACH44b does have a revised target compared to last quarter. This is not to say expectations of high performance have been lowered. Q3 performance at 6.55 days is better than CIPD average of 6.9 days per employee, which is significantly better than the public sector average of 8 days per employee. Private sector average is 5.8 days per employee. There continues to be high focus on the HR measures within the framework and performance improvement plans are viewable on the council website.
- 2.27 Good performance also continues for the new indicator to measure the in-house occupancy rate of the borough's foster carers with only three out of 43 foster

placements 'vacant' in this quarter demonstrating effective use of its approved foster arrangements.

- 2.28 The sole amber KPI is a new measure in the framework (OCS69) looking at council's overall success rate in completing projects to the right quality, timescale and budget, though no projects have been completed in this quarter so this measure is unchanged from Q2.

ON TARGET: Intelligent use of the borough's assets to increase income and to maximise our ability to collect Business Rates as well as to seek greater external investment in the borough through a variety of means such as Joint Ventures, the Local Enterprise Partnership and other sources (p7 Appendix A)

- 2.29 This outcome has moved from just short to on target this quarter with all three indicators demonstrating good performance. Just short of target in Q2, the council's performance in collecting business rates (OCS57) is now back on target.

ON TARGET: Deliver improved customer services and outcomes for residents through the use of existing and emerging technology (p7 Appendix A)

- 2.30 There are four indicators for this outcome; all of which are on target. Of note is performance for KPI OCS51 % of digital transactions carried out through the borough's website. 316,536 contacts have been received to date in 2016-17. This includes phone, face-to-face, email, online forms, online payments and digital channel transactions. 97,665 of these have been digital transactions, i.e. online form/payment, email or digital channel. Target to date should be 22.5% and is already at 30%.
- 2.31 In Q2 OCS52 Number of people signed up to 'My Account' was off target. Given that this was a new measure with no baseline, some consideration has been given to the target in light of services available and marketing activity. There are 6508 signed up as at Q3 and the 16/17 activity figure will be used to more accurately baseline next year's target. It is now deemed to be on target, though. Last quarter results were 4,315 so there has been growth this quarter.

ON TARGET: Develop innovative services that will help to meet future challenges and demand and to launch a home ownership plan through shared equity and other models, where the resident has a stake in their property (p8 Appendix A)

- 2.32 There is only one indicator to determine this outcome given its specific nature so is vulnerable to fluctuations within the overall framework. This outcome was not measured last quarter but is on track for good performance at the end of the year. CCS58 combines both the council's ability to build or create housing through its land, as well as its advice and support. A target of two units (11 bed spaces) will be directly delivered using council assets by year end. It is expected that two units will be provided in Q4 - Unit 5 (7 bed spaces) and Cemetery Lodge in Braywick (4 bed spaces).

DELIVERING TOGETHER

- 2.33 There are three objectives for this strategic priority. These are:

- To bring customer services close to the resident by make greater use of community facilities such as libraries and to use technology to enhance our existing out-of-hours access to council services.
- To improve service delivery by implementing, and benchmarking against, best practice learned internally, nationally and internationally as well as exploring ways of delivering services differently to improve outcomes for residents.
- To work with all our partners in the private, public and voluntary sector to deliver the best outcomes for residents and to localise decision making by devolving powers to organisations and individuals.

2.34 Of these three objectives all are on target.

ON TARGET: Bring customer services closer to the resident by making greater use of community facilities such as libraries and to use technology to enhance our existing out-of-hours access to council services (p9 Appendix A)

2.35 There are eight indicators for this outcome; five are on target, two are just short and one is off target. This was the most variable performing outcome last quarter but is now on target for Q3.

2.36 The target for performance of OCS59 Reduction in avoidable contact with the council has been considered this quarter and adjusted as performance is currently 2% better than last year. This is a continued area of focus for the council and the Customer Service Centre is focused on working with services to further reduce this.

2.37 CCS50 Resident Satisfaction with the council remains strong this quarter. Of 518 residents surveyed in Q3, 375 were fairly satisfied or very satisfied with the way RBWM run things indicating an overall good level of customer service.

ON TARGET: Improve service delivery by implementing and benchmarking against, best practice learned internally, nationally and internationally as well as exploring ways of delivering services differently to improve outcomes for residents (p10 Appendix A)

2.38 There are two indicators used to determine our services benchmarked against others, both of which are on target. The indicator CCS42 Council unit cost compared to other unitary councils is an annual measure; though the recent announcements about the council's budget for 2017/18 indicate that the borough is well placed to continue its strong performance next year.

ON TARGET: Work with all our partners in the private, public and voluntary sector to deliver the best outcomes for residents and to localise decision making by devolving powers to organisations and individuals (p10 Appendix A)

2.39 There are three indicators for this objective, two for which the data is available are both on target (one is an annual measure which will be provided in Q4). The council continues to evidence success in its ability to work with volunteers in supporting council services (CCS65), with over 4,400 volunteers in Q3 compared to 4150 for the same period last year.

EQUIPPING OURSELVES FOR THE FUTURE

2.40 There are three strategic objectives for this priority. These are:

- To invest in learning and development for our staff and ensure our workforce is multi-skilled.
- To progress the digitalisation of the council's systems to further develop the ambitions for a 24/7 council as well as promote joined-up working across the council to help engender a "tell us once" ethos, improving outcomes for residents.
- To better use digital and mobile technology and deliver against the council's Transformation Programme.

2.41 Of these three objectives, two are on target but the first outcome is off target. Overall this priority is therefore deemed to be just short to ensure appropriate focus on the remaining off target outcome.

OFF TARGET: Investing in learning and development for our staff and ensure our workforce is multi-skilled (p11 Appendix A)

2.42 There are four indicators for this outcome. One is on target, one is just short, one is off target and one with data not yet available. The one measure off target is an annual measure so has not changed in this quarter (relating to the staff survey). Despite this, good progress is demonstrated in the final two measures regarding staff turnover (ACH68 and ACH68b) one of which is on target, one just short with improved performance in the quarter.

ON TARGET: Progressing the digitalisation of the council's systems to further develop ambitions for a 24/7 council and promote joined-up working to help engender a "tell us once" ethos (p11 Appendix A)

2.43 There are four indicators for this objective; three are on target and one is off target. The KPI off target is % of complaints upheld. Despite below expected performance in this area, residents' satisfaction as discussed earlier remains high. Focus on the specific aspects within customer service to ensure the success of the 'tell us once' approach remains a priority and the council's revised complaints policy will continue to help deliver better performance. An improvement plan is published on the council's website (see section 11 for details) with details of the actions being taken and is being monitored regularly with support from the Strategy and Performance team.

ON TARGET: Better use digital and mobile technology and deliver against the council's Transformation Programme (p12 Appendix A)

2.44 This is the final objective for the Equipping Ourselves for the Future Strategic Priority and is on target. Currently there are three KPIs which demonstrate the council's performance against this objective all of which are performing well; two service focused examples ACH47 New people receiving Telecare and OCS52 Numbers of people signed up to 'My Account'. Telecare is on target and is expected to exceed the year end target. With residents' satisfaction still on target the council is satisfied that its use of digital and mobile technology and its Transformation plans are on track without significant evidence of adverse reaction from residents to date.

KPIs that have improved

2.45 Several KPIs have improved since Q2 and they are included in Table 5.

Table 5: KPIs that have improved performance since last quarter

Ref	Lead Member	KPI	Q2 2016/17 status	Q3 2016/17 status	Comment
ACH8	Cllr N Airey	% of all RBWM schools inspected by Ofsted receiving an 'Outstanding' or 'Good' judgement	Just Short	On Target	This is above the year-end target of 84% at the end of Q3.
CCS11	Cllr Rankin	Number of apprenticeships offered by the council	Just Short	On Target	This is back on target as a total of 12 has been offered apprenticeship up to end of December 2016.
ACH17	Cllr Carroll	% of 11 year olds (year 6) overweight or obese	Just Short	On Target	Q3 performance is back on target (25.8%) and is the lowest combined figure in the South East, closely followed by West Berkshire (26.6%). RBWM are performing better than the England average (34.2%) and the South East average (30.8%) which both saw a slight in 2015/16.
ACH44b	Cllr Targowska	Working days lost to sickness per headcount	Off Target	On Target	Q3 performance of 6.55 days has improved from red to green. This is better than CIPD average of 6.9 days per employee,

Ref	Lead Member	KPI	Q2 2016/17 status	Q3 2016/17 status	Comment
					which is significantly better than the public sector average of 8 days per employee.
OCS57	Cllr Hill	Collection rate for business rates	Just Short	On Target	Q3 performance is on track to meet the year-end target.

2.46 Table 6 below highlights the KPIs where performance was off target in Q2 and has not improved or KPIs which have declined when compared to the previous quarter. Improvement plans are produced for KPIs that are off target in a given quarter. There are

Table 6: KPIs where performance was off target last quarter and is still off target in Q3 or measures that were on target in Q2 and have declined

Ref	Lead Member	KPI	Q2 2016/17 status	Q3 2016/17 status	Improvement plan: Target date for expected improvement
ACH4	Cllr N Airey	% of Children in Care with personal education plans	Off target	Off target	31 January 2017
ACH10	Cllr N Airey	% of care leavers in education, employment or training	Off target	Off target	31 January 2017
ACH19	Cllr Carroll	Number of residents who quit smoking for at least four weeks in the three target cohorts	Off target	Off target	March 2017
CCS31	Cllr D Wilson	% of planning appeals lost	Off target	Off target	Actions ranging from Feb 2017 – Dec 2017

Ref	Lead Member	KPI	Q2 2016/17 status	Q3 2016/17 status	Improvement plan: Target date for expected improvement
OCS60	Cllr Hill	% of complaints upheld	Off target	Off target	Actions ranging from Oct 2016 – Feb 2017
ACH18	Cllr Carroll	Uptake of MMR2 vaccination	Just short	Just short	
ACH20	Cllr Carroll	% of successful drug and alcohol completions	Just Short	Just Short	
CCS29	Cllr D Wilson	Number of 'other' planning applications processed in time	Just short	Just short	
OCS24	Cllr Cox	Reduction in fly tipping in the borough	Just short	Just short	
OCS69	Cllr Hill	% of projects completed to the right quality, on time and to original budget	Just short	Just short	
OCS63	Cllr Hill	Calls answered in under one minute	Just short	Just short	
ACH34	Cllr Coppinger	% of care homes rated good or better by the CQC	Just short	Off target	
OCS37	Cllr Cox	Reduction in non-compliant food premises – priority based inspections focusing on premises with a one or zero rating out of five	On target	Just short	
ACH 21	Cllr Carroll	Number of people taking up health checks	On target	Just short	

Ref	Lead Member	KPI	Q2 2016/17 status	Q3 2016/17 status	Improvement plan: Target date for expected improvement
OCS64	Cllr Hill	Take up of Customer Service Centre (CSC) services out of hours	On Target	Just Short	

Final comments

- 2.47 Appendix A includes more detailed commentary against a number of the KPIs (including those not discussed within the body of this report) to enable residents to see even greater detail including highlights of actions in the improvement plans.

Table 7: Recommendation and Options

Option	Comments
<p>Endorse the continued evolution of the new performance management framework focused on continual improvement towards the council's strategic priorities.</p> <p>The recommended option.</p>	<p>The council's revised Performance Management Framework provides residents and the council with more timely, accurate and relevant information to secure continuous improvement in delivering quality, efficient, user-focused services for residents.</p>
<p>Continue with the old approach of performance management reporting.</p> <p>Not the recommended option.</p>	<p>This approach does not secure sufficient focus on how performance measures are assisting the council to achieve its strategic priorities which could result in lesser focus on service improvement and reduced transparency, accountability and clarity for residents.</p>

3. KEY IMPLICATIONS

- 3.1 More effective performance management performance overall should enable sharper, more timely focus on those measures that are off target.

Table 8: Key Implications

Outcome	Unmet	Met	Exceeded	Significantly Exceeded	Date of delivery
The council is on target to deliver its strategic priorities	The council is on target to deliver its	4 Strategic Priorities on target			01 April 2017

	strategic priorities				

4. FINANCIAL DETAILS / VALUE FOR MONEY

4.1 No financial implications.

Table 9: Financial details

	2016/17	2017/18	2018/19
	Revenue	Revenue	Revenue
Addition	£0	£0	£0
Reduction	£0	£0	£0
Net impact	£0	£0	£0

	2016/17	2017/18	2018/19
	Capital	Capital	Capital
Addition	£0	£0	£0
Reduction	£0	£0	£0
Net impact	£0	£0	£0

5. LEGAL IMPLICATIONS

5.1 There are no legal implications arising from the report. Effective performance management will ensure the council is performing in line with its statutory duties.

6. RISK MANAGEMENT

6.1 **Table 10: Risk Management**

Risks	Uncontrolled Risk	Controls	Controlled Risk
Revised PMF does not identify detailed performance variations	Medium	Continued work and consultation with Strategic Directors to ensure relevant indicators are included and PMF modified as a 'live', working document	Low

7. POTENTIAL IMPACTS

7.1 An EQIA is not required for this report.

8. CONSULTATION

- 8.1 The report will be considered by Corporate Services Overview and Scrutiny Panel on 14 February 2017, comments will be reported to Cabinet.

9. TIMETABLE FOR IMPLEMENTATION

- 9.1 Actions drawn from the recommendations.

Table 11: *Timetable for implementation*

Date	Details
From 23 February	Strategy and Performance team to confirm with Heads of Service the improvement actions for KPIs off target and monitor performance of these within Quarter 4.

10. APPENDICES

10.1

- Appendix A: Council's Q3 2016/2017 Performance Management Framework
- Appendix B: Performance Infographic Summary

11. BACKGROUND DOCUMENTS

11.1

- Council Strategic Plan 2016-20.
- Performance Management Framework Q2 Cabinet report, November 2016.
- Improvement Plans available online here:
