REPORT SUMMARY

1. This report sets out the Council’s financial performance to date in 2017-18. Pressures continue within Children’s Services, Housing, Visitor Management, Revenues and Benefits, Community Protection, and Library & Resident Services.
2. The pressures are being off set by underspends in a number of service areas including Adult Social Care, Finance, Community Partnerships and Community Protection Enforcement.
3. There are two non service variances affecting general grant and income from trading companies. The projected over spend on the General Fund is £52,000, see Appendix A.
4. The Council therefore remains in a strong financial position; with combined General Fund Reserves of £7,992,000 (9.04% of budget) in excess of the £5,780,000 (6.54% of budget) recommended minimum level set at Council in February 2017.

1 DETAILS OF RECOMMENDATION(S)

RECOMMENDATION: That Cabinet:

- i) **Notes the Council’s projected outturn position for 2017-18 and mitigating actions to address service pressures.**

2 REASON(S) FOR RECOMMENDATION(S) AND OPTIONS CONSIDERED

- 2.1 This is a monitoring report and cabinet are being asked to note it not make a decision.

3 KEY IMPLICATIONS

- 3.1 The Council has a General Fund Reserve of £4,821,000 and a Development Fund balance of £3,171,000, see appendix B for a breakdown of the Development Fund. The combined reserves total £7,992,000. The 2017-18 budget report recommended a minimal reserve level of £5,780,000 to cover known risks for 18 months.

Table 1: Key implications

Outcome	Unmet	Met	Exceeded	Significantly Exceeded	Date of delivery
General Fund Reserves Achieved	<£5,800,000	£5,800,000 to £6,000,000	£6,000,001 to £6,500,000	> £6,500,000	31 May 2018

4 FINANCIAL DETAILS / VALUE FOR MONEY

Managing Director's Directorate

- 4.1 The Managing Director reports a projected outturn figure for 2017-18 of £62,016,000 against a controllable net budget of £62,147,000, showing an underspend of £131,000.
- 4.2 The mitigations of £1,056,000 identified in last month's report have been extracted from the budgets and are shown on a separate line in appendix A.

Placement costs for children in care

- 4.3 The number of children in care and under child protection has grown over the last two years; currently there are insufficient placements available locally to meet the growth in demand and complexity of need. Consequently more children, than in previous years, are being placed outside of the borough in specialist provision that is at a higher rate than locally provided placements. As at 31 August 2017, if demand and placement type continue through 2017-18 the projected overspend will be £873,000. Mitigating action includes the continued drive to increase the level of in-house foster care provision. To support this, the service has contracted Cornerstone to run a programme of foster carer recruitment.

Home to school transport

- 4.4 The £296,000 pressure in the home to school transport budget reported last month remains unchanged.

Legal

- 4.5 With the increase in demand a higher of number of children have been through the legal process and brought into care. On occasions the increase in demand has resulted in the legal provider having to contract additional legal capacity as demand is outstripping the capacity available of the existing workforce. This has directly impacted on the legal budget, giving a pressure of £162,000.

Agency

- 4.6 Agency staff costs continue to be high, creating a budget pressure of £326,000. There are 18 agency social workers across Children's Services at 31 August 2017. The efforts to recruit continue as planned: The Frontline element will come into place in October and the next permanent recruitment process started in September. However the locum market continues to be hard to fill places from and the costs remain high - maintaining the pressure on the budget. The Royal Borough will be represented at a London recruitment fair with Achieving for Children on the 26 & 27 of September 2017.

Health Visitor Services

- 4.7 A further mitigation of £100,000 has been identified following the re-classification to the capital programme of ICT spend incurred following the transfer of Health Visitor Services to the Royal Borough.

Dedicated schools grant

- 4.8 There is a net pressure of £158,000 relating to the dedicated schools grant funded services. This overspend mainly relates to the costs of conversion to academy status for Bisham Church of England Primary School £69,000 and increased costs of pupils receiving Alternative Provision support £80,000.
- 4.9 The net overspend will be an additional pressure on the dedicated schools grant reserve which as at 31 March 2017 was a deficit of £752,000; the revised projected deficit as at 31 March 2018 has increased to £910,000. The Schools Forum authorised the original deficit of £752,000 and a three year recovery plan which began in April 2017.

Adult social care

- 4.10 Adult social care is showing a net underspend of £407,000. In the main this is due to one off income relating to successful continuing healthcare claims where Health is now responsible for costs of the individuals.

Housing

- 4.11 Housing continue to show an overspend of £213,000 which is the unbudgeted running costs of the night shelter. This is being fully mitigated through the Royal Borough's allocation of the flexible homelessness support grant from the Department of Communities and Local Government.

Commissioning and Support

- 4.12 Commissioning and support is showing a net underspend of £251,000 which is an increase of £180,000 from last month's reported position after the extraction of mitigations identified in last month's report. This relates to budget allocated to the delivering differently projects which is no longer required following their conclusion.

Law and Governance

- 4.13 Land charges income projected to be higher than budgeted by £35,000.

Communications

- 4.14 The variance of £60,000 is as a result of a shortfall of income on the Windsor Tourist Information Centre and the Guildhall. This was previously reported in Communities and has moved to the Managing Director's directorate from 1 September 2017.

Communities Directorate

- 4.15 The Executive Director reports an overspend projection of £295,000 on the Communities directorate's 2017-18 approved estimate of £14,985,000.
- 4.16 This is £60,000 less than the £355,000 pressure reported last month, because of the transfer of the Visitor Management service and pressure to MD directorate.
- 4.17 An inflationary pressure on the waste disposal contract was identified this month from a greater than expected increase in RPIX, the relevant indexation measure.

- 4.18 If tonnages reach the expected level for the year, this extra cost will be around £90,000, which will be mitigated from efficiencies in the service.

Place Directorate

- 4.19 The Executive Director projects a net underspend of £146,000 in the Place directorate's 2017-18 approved estimate of £2,898,000.
- 4.20 The position is unchanged from last month.
- 4.21 A small overspend is reported in the Director's budget line, mitigated by additional rental income in the Property Service pressures.

Revenue budget movement

- 4.22 Revenue budget movements this month are in table 2, see appendix C for an expanded full year movement statement.

Table 2: Revenue budget movement

Service expenditure budget reported to September Cabinet	£80,025,000
Members special allowances budget increase (July Council)	£5,000
Service expenditure budget this month	£80,030,000

Non-service variances

- 4.23 Two non-service variances are reported this month; Income from trading companies is lower than budgeted (by £143,000) due to the delay in the creation of a new Debt Recovery Enforcement Service in RBWM Commercial Services Ltd. As a result of the Education Services Grant (ESG) reducing as more schools become Academies, the Education & Skills Funding Agency are providing a transition grant in 2017-18 which along with the reduced level of ESG provides us with grant income that is £109k more than was anticipated when the budget was approved.

Cash balances projection

- 4.24 Appendix D provides details of the Borough's cash balance which is based on the assumptions contained in the 2017-18 budget report. Some of the capital schemes discussed in the 2017-18 budget report have been re-profiled prior to approval for budgets being sought. Consequently the projected new borrowing in 2017-18 has been revised downwards from £72,999,000 to £48,897,000.

Capital programme

- 4.25 The approved 2017-18 capital estimate is £74,946,000, see table 4. The projected outturn for the financial year is £72,267,000, an increase on the capital outturn in 2016-17 of £28,861,000.
- 4.26 Major slippage schemes this month include £485,000 for the Maidenhead Station Interchange and Car Park. RBWM's match funding of the works on this LEP project are now scheduled for 2018/19. £431,000 of Additional Car parking for Windsor is also likely to slip to 2018/19. A delay in the commencement of the Brill House project also means that funding is unlikely to be requested until 2017/18. Further details of variances and slippage are provided in appendix E and F. Table 3 shows the status of schemes in the capital programme.

4.27 Further information on key capital schemes has been provided in Appendix G.

Business rates

- 4.28 Business rate income at the end of August was 50.30% against a target of 49%. The annual collection target is 98.8%.
- 4.29 Following the Chancellor's announcement in the Spring Budget of 3 new types of Business Rate Relief, the Council has, to date, undertaken the following activity in connection with these:
- 4.30 **New business rate relief for pubs.** We identified 89 public houses that fit within the guidelines provided by DCLG. An application form was designed and issued to them on 21st July 2017, inviting them to confirm their eligibility for this assistance i.e. essentially that they are not disqualified on the grounds of State Aid. As at 25th September, we have received 36 applications back. Those eligible receive a flat £1,000 relief against their current year bill.
- 4.31 **New Discretionary Relief Scheme.** In line with the requirements for receipt of the S31 grant, the Council has consulted with the Fire Authority and received confirmation of their agreement to proceed with the proposed scheme. The Discretionary Rate Relief policy has been re-written and has now been approved by both Members and Officers. We identified 870 potential ratepayers and issued them with a claim form w/c 28th August. As at 25th September we have received 9 applications back but none of them contain sufficient evidence/information to be able to make an award e.g. accounts or estimates of annual income/expenditure, a history of the business, details of the amount of assistance requested etc. Requests for the missing evidence/information have been made.
- 4.32 **Supporting small businesses.** We have identified a potential 34 ratepayers who may benefit from this new relief and it is our intention to amend the existing Small Business Rate Relief application form to cover applications from these ratepayers. The required

software upgrade has now been received by IT but it has not yet been made available for testing.

5 LEGAL IMPLICATIONS

- 5.1 In producing and reviewing this report the Council is meeting its legal obligations to monitor its financial position.

NOTES

- 1 When additional budget is approved, a funding source is agreed with the Lead Member of Finance. Transactions in column 1 have been funded from a usable reserve (Development Fund).
- 2 If additional budget is approved but no funding is specified, the transaction would, by default, be funded from the General Fund Reserve. Transactions in column 2 are funded by the General Fund.
- 3 A provision for future redundancy costs is created every year and this is used to fund additional budget in services for the costs of redundancy they incur during the year. Transactions in column 3 are redundancy costs funded by the provision for redundancy.
- 4 Transactions in column 4 are amounts approved in the annual budget which for various reasons need to be allocated to service budgets in-year. An example would be the pay reward budget. Pay reward payments are not approved until June. The budget therefore has to be re-allocated.

Note 1. When the 2017-18 budget was approved by Council in February 2017, new borrowing was anticipated to be £72,999,000 for 2017/18. Due to the re-profiling of a number of schemes on the cash flow forecast, expected new borrowing has reduced to £49m by the year end.

Note 2. Capital expenditure is projected to increase steadily throughout 2017-18. The exact profile may vary and monitoring of schemes and cash balances will decide the rate at which our borrowing will increase to ensure that no unnecessary debt charges are incurred.
