

Report for: Action
Item Number: 11

Contains Confidential or Exempt Information	No – Part I
Title	Budget 2014-15
Responsible Officer(s)	Andrew Brooker, Head of Finance, 01628 796341
Contact officer, job title and phone number	Richard Bunn, Chief Accountant, 01628 796510
Member reporting	Councillor Dudley
For Consideration By	Report to Council – Recommendation from Cabinet
Date to be Considered	Council 25 February 2014
Implementation Date if Not Called In	13 March 2014 – Council Tax Billing
Affected Wards	“All”
Keywords/Index	Revenue Budget; Capital Programme; Treasury Management; Prudential Guidelines
Report Summary	
<ol style="list-style-type: none"> 1. This report contains proposals for the budget for 2014-15 and recommends, for the Borough element, a band D Council Tax of £926.40, a reduction of 2% from 2013-14. 2. The Budget has been prepared against a background of increased demand for services, notably from Adult Social Care, Childrens Safeguarding, Waste Management, and Housing and reduction in the value of grant support from central Government. 3. The Budget reflects the administrations continued commitment to keep the burden of locally set tax on residents to a minimum. 4. The Council is funded from four main sources, Council Tax (32.7%), Government Grant excluding Dedicated Schools Grant (DSG) (40.4%), Fees /other income (20.5%) and a share of locally collected Business Rates (6.4%). 5. Income from Council Tax and Government Grant is reducing in real terms, with further cash reductions in Government Grant anticipated in each of the next four years. With continued demographic pressure on services the Medium Term Financial Plan identifies the need to make further efficiency savings in 2015-16 and beyond 6. The administration has a continued focus of retention and investment in front line services whilst reducing administrative inefficiency and costs. A total of £6.148m of such efficiency savings are reflected in the proposed budget for 2014-15 which are laid out in in more detail in section 4 of this report 7. Additional funding has been made available for future demographic pressures in Adult Social Care (£826k), Children’s Safeguarding (£340k), 	

four additional children's social workers (£160k), Waste Management (£860k) and Housing Budgets (£225k).

8. The Capital Programme provides for increased investment in the Borough's Highway infrastructure, street lighting and the Stafferton Way link road, for expansions in popular schools including Oldfield, Ellington (Riverside) and Manor Green, and continued provision for Participatory Budgets. Further detail can be found in paragraph 4.10.
9. The capital programme requires corporate funding of £6.124m and whilst no external borrowing is envisaged in the short term this will increase the Councils Capital Financing Requirement by £2.3m. Available capital resources are outlined in Appendix O
10. The Head of Finance's statement about the robustness of these estimates is included in Appendix N
11. Cabinet is scheduled to receive a report at its February meeting on the development potential of Council owned property within the York Road Opportunity Area. One of the potential options to be considered would be for the Council to take the potential development of its land holdings through to the outline planning approval stage. Costs associated with this work are estimated to be £800k and funds within the Councils Development Fund have been identified to finance this spend. Within this report Council is invited to delegate to Cabinet authority to add this sum to the 2014-15 Capital Programme should the proposals contained in the forthcoming Cabinet report meet with Cabinet's approval.

If recommendations are adopted, how will residents benefit?

Benefits to residents and reasons why they will benefit	Dates by which they can expect to notice a difference
1. Residents will see a real term reduction in the level of Council tax levied which is already one of the lowest in the Country	April 2014
2. Residents will see priority services maintained with provision for increased demand for Adults Social Care and Children's Safeguarding.	Ongoing
3. Residents will see investment in Highway infrastructure and popular schools.	March 2015

1. Details of Recommendations

RECOMMENDED:

1. That the detailed recommendations contained in Appendix A, which includes a Council Tax at band D of £926.40, be approved.
2. That Fees and Charges as contained in Appendix B be approved.
3. That the Capital Programme shown in Appendices C and D be adopted by the Council for the year commencing April 2014.

4. That responsibility is delegated to the Cabinet Prioritisation Sub Committee to identify specific scheme budgets for the School Expansion and Highway Maintenance programmes as soon as project specifications have been completed.
5. That the prudential Borrowing limits set out in Appendix L are approved.
6. That Council is asked to note the Business Rate tax base calculation detailed in Appendix P and its use in the calculation of the Council Tax Requirement in Appendix A.
7. That the Head of Finance in consultation with Lead Members for Finance and Children's Services, the Strategic Director for Children's Services and the School Forum, is authorised to amend the Total Schools Budget, to reflect actual Dedicated Schools Grant levels and its subsequent allocation.
8. That the Head of Finance in consultation with the Lead Member for Finance and Strategic Director for Operations be authorised to reflect within the Approved Budget for 2014-15 any budget movements required to reflect the outcome of the review of the Operations Directorate structure.
9. That the Head of Finance in consultation with the Lead Member for Finance and Strategic Director for Children's Services be authorised to reflect within the Approved Budget for 2014-15 any budget movements required to reflect the final outcome of the review of the Children's Services Directorate structure.
10. That responsibility to include the precept from the Thames Valley Police and Crime Commissioner and the Berkshire Fire and Rescue Authority's in the overall Council Tax charges is delegated to the Lead Member for Finance and Head of Finance as soon as the precepts are announced.
11. Council delegates to Cabinet authority to add an £800k budget funded from the Councils Development Fund to the 2014-15 Capital Programme, should the future development proposals for Council owned property within the York Road Opportunity Area meet with Cabinet approval.

2. Reason for Decision and Options Considered

Option	Comments
The Council is obliged to set a Council Tax for the forthcoming year in order to provide sufficient revenue to carry out its statutory duties	Note
Approve the proposals in this report	Recommended
Approve a modified budget with a higher level of revenue spend and	Any net increase in revenue expenditure above the level proposed would reduce the

Council Tax	level of Council Tax Reward Grant available. Any proposals to increase expenditure should, therefore, be accompanied by equivalent additional savings proposals. Not recommended
Approve a modified budget with a lower level of net revenue spend and Council Tax	Any proposals to reduce net expenditure would need to be accompanied by specific proposals so that Council could be assured that priority services are maintained.
Approve a modified Capital Programme	Any proposals to adjust the capital programme need to be made with reference to available funding. Any proposal that is not supported by grant or developer contributions will need to be funded from Council resources. An additional £1m in Council funded capital expenditure will have revenue implications in the shape of financing costs of £27.5k in the coming year and £95k over the next 25 years.

3. Key Implications

Defined Outcomes	Unmet	Met	Exceeded	Significantly Exceeded	Date they should be delivered
Services delivered within approved budget	Budget Overspend	Budget balanced at year end with no unapproved use of reserves	Services delivered below approved budgets with proposed savings over-delivered	Savings over-delivered and budgets under-spent at year end	31 March 2015

4. Service Implications

Service Requirements

4.1 Corporate Services

The budget presented for Corporate Services will result in savings of £1,050k that will be mainly delivered via the Fundamental Service Reviews (FSRs) that were identified and agreed in 2012/13 plus some new initiatives identified and agreed in 2013/14.

The budget contains provision for a new Regeneration & Economic Development Director, a role which is designed to focus the Council's range of regeneration initiatives. This role is funded from the Council's Development Fund.

The overall savings areas can be summarised as:

- Improvements and efficiencies in services including restructures (£281k)
- Improvements in the technology infrastructure (£220k)
- Contract improvements (£238k)
- Shared services initiatives (£89k)
- Income generation enhancements (£72k)
- Reduction in government taxation commitments (£150k)

Risks

While the proposed budget is achievable there will be a number of risk areas that need to be managed and these include:

- The commercial pressures on suppliers may reduce the potential savings available from contract re-negotiations
- Other local authorities are prepared to share services
Any outsourcing of services will result in planned savings levels

4.2 Children's Services

There is currently a degree of change in Children's Services following the new Strategic Directors review of the Directorate structure.

The 2014/15 budget reflects the new Children's Services structure although further refinement is required, hence recommendation 8 which delegates authority to the Head of Finance, in consultation with the Lead Member for Finance, to make final adjustments within the approved budget.

The review sought to: integrate services; improve the quality and resilience of service provision and strengthen the focus on intervening early with families to prevent problems escalating (which are generally more difficult and costly to solve). During 2014/15 the Directorate is seeking to have more high incidence low cost interventions and fewer low incidence high cost interventions.

The Office of National Statistics has a definition of deprivation that considers: Employment: any member of a household not a full-time student is either unemployed or long-term sick; Education: no person in the household has at least level 2 education and no person aged 16-18 is a fulltime student; Health and disability: any person in the household has general health 'bad or very bad' or has a long term health problem and Housing: Household's accommodation is either overcrowded, with an occupancy rating of -1 or less, or is in a shared dwelling, or has no central heating This budget is set within the context of 45% of households in the borough meet at least one of these definitions of deprivation.

Main service pressures

- Continued pressure on school places, Primary, Middle and Secondary.

- 7.7% increase in number of children/young people defined with special needs over last two years.
- Need to grow local provision that meets the needs of children/young people with special educational needs/learning difficulties and disabilities.
- Reduction in number of schools graded good/outstanding. -Continued low level of attainment by children/young people from disadvantaged backgrounds in local schools.
- 5% increase in the number of children being brought into care.
- Dependency on agency social workers

Budget proposals included in this report are designed to ensure funds are available to address these concerns.

Savings proposals

The budget reduction in 2014/15 has been achieved mainly through efficiencies. This includes:

- A review of the school related support services set against the Dedicated Schools Grant, such as: Speech and Language Therapy £275k: elements of support SEN provision.
- Growing local SEN provision at Manor Green – reducing need for large respite budget £197k.
- Adoption of smarter working principles reducing spend by 20% on support services: stationery, photocopying and printing, Communications and training £90k
- Restructuring Children's Services – reducing senior management costs £150k.

School Budgets

The Council is expecting to receive £76.894 million Dedicated Schools Grant (DSG) and a further £3.445 million for post 16 pupils from the Department for Education (DfE) in 2014-15 for its maintained schools. School funding remains protected and at the same level on a per pupil basis as in 2013-14. Individual school budgets can vary from year to year as a result of pupil number changes. To protect schools from significant reductions, the Government has set the Minimum Funding Guarantee for 2014-15 at minus 1.5%, ensuring schools do not experience a reduction of more than 1.5% per pupil (excluding sixth form funding) compared to the previous year.

The DSG funds: individual schools' delegated budgets for pre 16 pupils; specified central school support services; services for pupils with high needs and early year's provision. The 2014-15 allocation, announced in December, reflects overall pre 16 population growth of 0.4% (79 pupils), and includes an

increased allocation for two year olds. This reflects the Government's widening of the entitlement to free education and childcare for two year olds from lower income households. The budget no longer includes provision for academy schools (equivalent to a further £23.274 million). The Authority retains responsibility for modelling academies budgets but cash flows to them direct from the DfE via the Education Funding Agency (EFA).

As a new national funding formula for schools will be implemented in 2015-16, only a small number of changes have been made to RBWM's local school funding formula for 2014/15. These changes mainly target schools with higher levels of deprivation, and allocate additional funding to children in care, with the aim of reducing the attainment gap between these children and their less disadvantaged peers.

4.3 Adult and Community Services

The Directorate manages a circa £40m net revenue budget to provide Adult Social Care, Public Health services, Housing Strategy & Homelessness, Leisure and Library services and is the corporate lead on the council's Health and Wellbeing Strategy.

The Adult Social care service faces significant demographic pressure for the foreseeable future as life expectancy and the impact of dementia continue to increase together with the numbers of adults with a Learning Disability who require social care support. An additional £826k is included within the proposed 2014/15 budget to fund these demographic pressures.

2014/15 is the third year of the programme to transform adult social care. This is anticipated to deliver savings of over £805k in year through a number of initiatives including increased use of telecare and telehealth technologies, the expansion the Shared Lives service now under a new contract, and continued close scrutiny of high cost personal care contracts. Quarterly reports to cabinet detail the full extent of this programme.

Better Care Fund

The Department of Health (DH) has created a national £3.8B Better Care Fund (BCF) to support the integration of Health and Social care. This will take effect in 2015/16, however Councils and CCGs (Clinical Commissioning Groups) are required to prepare for this in 2014/15. To assist this preparation CCGs are required to increase the sums they transfer to Councils to invest in social care activity that has a health benefit.

Locally, RBWM will receive £2.184m transfer funding, £479k more than in 2013/14. This funding will enable increased investment in preventative services including telecare and telehealth equipment and services designed to lower demand for both health and social care services. This creates the opportunity for further enhancement of preventative services. In this way the integration of health and social care is expected to deliver improved outcomes

for an increasing number of residents without additional cost, although this will depend on the success of reducing the numbers of urgent admissions to hospital.

The Better Care Fund will be managed by Councils and CCGs, overseen by the Health and Wellbeing Board (HWB). The scope of the BCF will vary with each HWB, with the DH only setting minimum Pool levels for the first year, 2015/16. Locally the maximum value for the Pool is £8.5m in 2015/16 however this could expand to over £30m within a few years depending upon the range of services the Council and the CCG agree to place within the Pool.

The financial risk with BCF is that the investment in preventative services may not sufficiently reduce hospital admissions or the length of hospital stays. In which case the prevention savings would not keep pace with the growth in demand for health and social care services. In addition if the targets for 14/15 are not met then the NHSE will intervene as the additional funds for 2015/16 depend on meeting the set targets and there could be a risk to the achievement of the total fund.

Care Bill

Preparing for the enactment of the Care Bill 2014/15 requires the prioritisation of resources to ensure capacity exists to deliver the required service changes. DOH has provided funding for this and developments will be overseen by a Care Bill Implementation Board. A key challenge is to ensure that the many thousands of residents currently self-funding seeking to set up a Care Account will have their eligible needs assessed from September 2015.

Public Health

The responsibility for Public Health was transferred to the Council in 2013/14. This is funded by a ring-fenced grant, which rises from £3.2m to £3.5m in 2014/15. The cross Berkshire agreement is being extended to cover sharing of contract procurement where this is cost effective and improves services.

Housing

The key pressure on Housing budgets arises from the increased number of homeless families and the lack of suitable accommodation within the Borough. Failure to re-house families within 6 weeks reduces the Housing Benefit subsidy that can be recovered in respect of payments to these families. A Budget of £200k is provided for in 2014/15 (the annual loss expected in 2013/14 is £300k). The Council's Housing Options team are working to mitigate increased demand in a number of ways, including preventative advice and guidance, working with housing associations and offering assistance with seeking housing in the private rented sector and affordable rented property.

Leisure

Leisure Services main focus will be the proposed transfer of the Council run leisure centres to a new operator. This transfer is expected to deliver a number of efficiencies including tax efficiencies and provide increased opportunity for raising income to further enhance the delivery of leisure facilities for residents.

Libraries

Library services will be enhanced with the opening of a new library at Boyn Grove in Maidenhead by April 2014. Additional revenue funding is provided to support on a permanent basis increased opening hours including Sunday opening at Maidenhead and Windsor libraries.

4.4 Operations

The newly formed Operations Directorate continues to face a number of challenges as it provides important front line services for residents. Included in this budget proposal is funding for:

- [Number please] additional Community Wardens to meet the administrations manifesto commitment to ensure that the Borough is a safe place;
- removal of the unachievable income target from the Councils in-house printing service (DMS) now that the operation has been restructured and “right sized” scaled back;
- additional landfill tax;
- additional costs associated with waste disposal following the lower than anticipated take-up of food waste recycling;

Whilst there are no specific proposals in this budget it is important to note that the Benefits processing team continues to manage record high levels of claimants within existing resource. There has been some additional costs associated with Housing Benefit Subsidy arising from increased numbers of homeless families which have been reported to Cabinet as part of Service Monitoring. Provision for these additional housing costs has been made in the Adult and Community Services Budget for 2014/15.

There is significant pressure on future Waste Disposal costs in part associated with the decision of the Council’s contractor to withdraw from its UK operations. Whilst this has no direct impact on 2014/15 budgets it has the potential to impact on anticipated future savings. The Council is currently receiving advice about the options that might exist to address these developments and recommendations will be brought to Cabinet at the appropriate time.

Significant savings have been identified within the Operations Directorate as detailed in Appendix H. Notable amongst these are:

- savings from retendering of bus contracts which have delivered additional services at reduced costs (State amount);
- staff savings from structure reviews (State amount).

4.5 Fees & Charges

Appendix B outlines the proposed Fees & Charges for the coming year. Generally charges are designed to increase income in line with inflation.

Car Park charges have been frozen and charges for residents parking permits removed completely.

The continued success of the Adults Social Care efficiencies programme is reflected in the full cost of homecare charges being held at £16 per hour.

There are no proposals to increase charges to Leisure Centres so as not to deter the interest of any new operator.

4.6 Government Grant

Whilst few authorities receive less grant per capita than the Royal Borough it is, nevertheless, an important source of funding. In 2013-14 grant from RSG, Business Rate Support, New Homes Bonus and Council Tax Reward totalled £29.9m. As the Coalition Government continues its response to the national fiscal deficit the Council will see income from these grants fall to £28.7m a further reduction of 3.9%, a sum equivalent to 1.98% on Council Tax.

4.8 Retained Business Rates

The Local Government Finance Bill introduced new measures designed to incentivise local councils to stimulate their local economies and these included the Business Rate Retention initiative where councils retain a proportion on business rate growth (24.9% in the Borough case).

This is clearly a welcome initiative but it does present some challenges for the Borough on two counts:

- The first is the short term impact of major regeneration projects which initially result in a reduction in business rates as property falls out of the tax base through the redevelopment phase. The negative impact is only short term with the anticipation that the new developments will carry increased value. The Borough's finances are protected to an extent by a safety net but that only operates when the Council loses £900k of retained business rates;
- The second challenge is that the Council is now responsible for backdated appeals against property valuations. There is a significant backlog in these appeals at the Valuation Office, a fact acknowledged by the Chancellor in his December Autumn Statement where he committed the Government to clearing 95% of these appeals by July 2015. The potential value of these

appeals is in excess of £12m pa and whilst many will be rejected some can be backdated to 2005 . The Council has received an independent assessment of the risk to the Councils finances and is building up a provision to mitigate this risk. The Council has taken the option to spread the cost of backdated appeals over 5 years.

As a result of these risks the Council is continues to assume that business rate income will now grow in real terms for the next five years by which time the backdated valuation appeals will have worked through the system.

Attached in Appendix P is the Council's NNDR1 which is the return made to the DCLG detailing anticipated income from Business Rates from within the Borough which, in turn, is used to calculate the Borough's retained share. This return had to be submitted to DCLG by 31 January and Council is asked to note the return and its use in the Council's budget proposals.

4.9 Council Tax for 2014/15

The Borough has, for a number of years, set budgets which have kept council tax increases to a sustainable level and in the last four years reduced Council Tax by 9% nominal and >20% in real terms.

The Borough Council Tax in 2013/14 (including precepts) at £1,182 for a Band D property was some £297 below the national average for Unitary Authorities and at the current tax base the difference represents a saving of £18.5m for local Council taxpayers available to be spent in the local economy.

This saving continues to have an impact in future years because local Council Tax revenue will fall short of the level assumed by DCLG when allocating grant. The Council, in setting its longer-term objectives, is conscious that this results in added pressure on service provision as the Borough aims to meet specific service objectives funded by Council Tax.

The Council Tax bill for 2014/15 will comprise the following elements:

- Royal Borough Council Tax
- Police and Crime Commissioner for Thames Valley Precept
- Royal Berkshire Fire and Rescue Service Precept
- Parish Precept (Special Expenses in non-parished areas)(see below)

The inclusion of other precepts on the Council Tax bill will mean that there will be some variation from the decrease shown by the Borough's own Council Tax which will vary from one parish to another.

Royal Borough's Council Tax

The figures shown in Appendices attached to this report recommend a 2% reduction in Council Tax for Borough Services resulting in a charge of £926.40 at band D.

Police and Crime Commissioner for Thames Valley Precept

The Police and Crime Commissioner for Thames Valley precepts directly on this Authority, the precept will be set on 14 February 2014. A recommendation has been made in this report, that responsibility to include the Thames Valley Police and Crime Commissioner's precept in the overall Council Tax charges is delegated to the Lead Member of Finance and Head of Finance as soon as the precept is announced.

Fire Authority Precept

The Berkshire Fire and Rescue Authority precept for 2014-15 will be set at a meeting on the 19 February 2014. A recommendation has been made in this report, that responsibility to include the Berkshire Fire and Rescue Authority's precept in the overall Council Tax charges is delegated to the Lead Member of Finance and Head of Finance as soon as the precept is announced.

The Parish/Town Council Precepts and Special Expenses

The Parish/Town Councils have been informed of their relevant band D equivalents and notifications have been received from most parishes of the amounts of their precepts. The precept amounts are tabulated in Appendix I.

So far as actual payment of the precepts is concerned, the charging authority must determine a schedule of instalments, which must provide that at least 50% will be paid within one month of the start of the financial year, and the remainder paid within six months of the start of the year.

It is suggested that equal instalments on 27 March 2014 (to arrive at Parish banks on 1 April) and 25 September 2014 (to arrive on 30 September) would be an appropriate arrangement for 2014/15

Those Parish Councils who have suffered from a reduced tax base as a result of the changes to the tax base arising from the implementation of the Local Council Tax Support outlined in the tax base report received by Cabinet in December 2013 will receive compensation from the newly established Council Tax Equalisation Fund.

Special Expenses is the term applied to the costs of those services undertaken by the Royal Borough in non-parished areas, which would be carried out by the Parishes in their parts of the Council's area. It is suggested that the band D for Special Expenses be set at £29.89, which represents a reduction in line with the average Borough Council Tax.

Environment Agency Levy

The Environment Agency has notified the Council that it intends to increase its levy at £10.5m. This equates to £144k for the Council in 2014/15k.

4.10 Capital Programme

Appendix C shows the last Capital Programme to be approved by Council, updated for subsequent changes and a proposed programme for the next three years in summary. Greater detail is contained in Appendix D.

The programme has been formulated on what the Council is able to afford in terms of the revenue impact of capital expenditure. There are a number of schemes approved for 2013/14 that have yet to be completed. The cost of these schemes will be “slipped” from the 2013/14 programme together with the associated funding. Details of these schemes have been reported to Cabinet already as part of the service monitoring process.

The Department of Health has allocated capital allocations to this authority of £517k over the 2 year period 2013-15. This funding is provided to “enable continued capital investment to support delivery of adult social services and for developing community capacity” including “service redesign to the care infrastructure”. This sum is included in the A&CS Directorate capital programme.

A number of high profile schemes are included in the budget:

- £1.60m for highway surfacing (up 10% from £1.45m in 2013/14)
- £350k for replacement street lighting.
- £365k for Maidenhead environmental improvements
- £365k for Participatory Budgets (up from £325k in 2013/14)
- £3.7m for Stafferton Way link road
- £320k for drainage and flood prevention measures (up from £300k in 2013/14)
- £1.9m for new primary school places at Ellington (Riverside Primary School)
- £7.5m for completion of the relocation and expansion of Oldfield school (total scheme cost £8.1m).
- £1.2m for provision of extra Junior school places in Maidenhead.
- £540k allocated for Manor Green school to expand special school places
- £142k for Library improvements across the Borough
- £700k for additional traveller pitches

The Head of Finance has responsibility for financing the Capital Programme in the most cost-effective way. As currently proposed the new schemes included in the 2014/15 programme require £6.124m “corporate funding” but use of capital fund, recycled MRP (see Capital Resources in Appendix O) and any capital receipt generated in 2014/15 reduces some of the impact on the Councils capital financing requirement. The proposed programme increases the capital financing requirement by £2.3m.

The capital financing requirement is a measure of the Councils need to borrow to finance its capital spend. Currently external debt is £10m less than the anticipated CFR level at March 2015 of £67m. There is no short term

requirement to take on any additional debt. The Council Treasury Management approach continues to enable this “funding gap” to be met by use of cash backed reserves.

All resolutions required to comply with the Prudential System are to be found in the Treasury Management Strategy Report approved by Cabinet on the 11th February 2010. The indicators calculated to measure the Borough’s borrowing limits are set out in Appendix L.

4.11 The Medium Term Financial Plan and Future Challenges

The Council is required to prepare and publish a Medium Term Plan for its revenue budget. This is shown in Appendix J, it includes:

- Projections of the full year impact of Council spending decisions;
- Projections of the full year impact of external influences on the Council’s budget;
- Revenue costs of financing the capital programme;
- Best estimates of future inflation, pay awards and pension increases
- Reductions in future Government Grant which are projected to continue until 2020 and are quantified, as far as possible.

When setting the budget for the year it is important that the Council takes the opportunity to try to anticipate what challenges and opportunity are likely to arise in coming years. This is not straightforward especially given current economic conditions both nationally and internationally.

However there are some issues, which will undoubtedly feature when future year budgets are being developed notably:

- Continued pressure on Social Care budgets, Adults and Children’s;
- The introduction of the Better Care Fund which requires, over a 5 year period, significant Health (CCG) and Adult Social Care Budgets to be pooled. This represents a significant opportunity to improve services and reduce costs but the size of the pooled budget (potentially in excess of £25m) must represent a significant risk if anticipated efficiencies do not materialise.
- Localisation of Business Rates from April 2013, which should have a beneficial impact on the Council finances in the longer term as the local economy grows. The proposed scheme is clearly designed to incentivise councils to promote local economic growth. However, the construction phase of any major development, which could be two to three years for a large scheme, would see a reduction in business rates in the short term.
- The Council also finances a share of outstanding business rate appeals. As discussed in paragraph 4.8 above it is for this reason that the MTFP shows a relatively “flat line” in terms of retained business rates

- The increasing importance of the New Homes Bonus as a funding stream as the Government uses another incentive to promote local housing development; and
- The financial impact of the creation of Academy schools with a potential loss of £2m Education Services Grant (should all schools transfer to Academy status) funding which will need to be matched by reductions in spend.

Background Information

4.12 The Budget Process

A number of meetings of the Cabinet and Overview and Scrutiny Committee received and made comments on information about the budget prior to its presentation to members this evening.

- Savings in respect of 2014/15 Budget (Cabinet August 2013);
- Savings in respect of 2014/15 Budget (Cabinet December 2013);
- Council Tax Base (Cabinet December 2013);
- Budget Report 2014-15 – Revenue Budget, Capital Programme and Fees & Charges (Cabinet February 2014)

The role of the Overview & Scrutiny Committees is to review and comment on proposals contained in this report and this has occurred at appropriate stages through this process. Comments of the Overview & Scrutiny Committees are contained in Section 14 of this report.

4.13 Revenue Budget

The Revenue Budget is financed from the following sources of income:

- Fees & Charges
- Rate Support Grant (RSG)*
- Retained Business Rates income*
- Council Tax
- Interest on Balances
- Specific Government Grants
- The Council's own reserves and balances

* new sources following Local Government Finance Bill replacing former Formula Grant

4.14 Autumn Statement

On December 5th 2013 the Chancellors Autumn Statement reinforced the governments commitment to the long term economic plan set out in 2010. An overview produced by LGFutures, who provide financial planning support to the Head of Finance, is available as a background paper. Included in the statement were:

Public Sector Funding

- Further reductions in public sector expenditure for 2014/15 to 2015/16, through a reduction to Whitehall departmental budgets of 1.1%. Protection from these further reductions is provided to local government;
- The pooling of £70m of New Homes Bonus within the London Local Enterprise Partnership. The New Homes Bonus will not be pooled to LEP's outside of London. This represents a change from the policy set out in SR2013, which proposed that £400m of business rates should be pooled with LEP's across England;
- The forecast claimant count has been reduced by between 200,000 and over 300,000, for each of the next four years in comparison with the forecasts included in Budget 2013;
- HM Treasury will continue to look at how public sector pay policy can be reformed. In advance of this, the government will pilot a "pay bill control" in a small number of government organisations. This will look to replace the 1% pay cap with a pre-determined budget for pay;
- The government will allow local authorities to sell assets and to use up to £200m of receipts to fund one-off costs of reforming services. This announcement follows the proposal in SR2013.
- Detail is provided on how the welfare cap announced at SR2013 will operate in detail. The precise level of the welfare cap will initially be set at Budget 2014.

Business Rates

- There will be a number of changes to business rates. Most significantly, there will be a cap on the RPI increase in business rates to 2% in 2014/15.
- The doubling of Small Business Rates Relief (SBRR) will be extended to April 2015 and a discount of up to £1,000 against business rate bills for retail premises with a rateable value up to £50,000 will be introduced for 2014/15 and 2015/16.
- The government has committed to clearing 95% of existing business rate appeals by July 2015. This being a major area of uncertainty for

local authority treasurers trying to predict future levels of business rate income.

4.15 Local Government Finance Settlement 2014-15

The provisional settlement was announced on the 18 December 2013.

Key issues emerging nationally from the announcement are as follows:

- The 2% cap on the Business Rate Multiplier has been applied for 2014/15 (compared to the 3.2% increase that would have applied had the standard increase in line with Sept RPI been applied), with a S31 grant of £108m created to compensate authorities for the lost income through the Business Rates Retention scheme.
- Council Tax Freeze Grant for 2013/14 is now included within the Settlement Funding Assessment for 2014/15 and 2015/16 (previously planned for 2015/16).
- Council Tax Freeze Grant funding for 2014/15 and 2015/16 will be built into the Spending Review baseline. DCLG have assumed £235m in 2014/15 and £471m in 2015/16; however, the actual amount will be subject to actual council tax increases.
- Council Tax threshold principles will be announced in the New Year (the level of proposed increase in Council Tax that will require a local referendum).
- The New Homes Bonus top-slice has been reduced by £100m for 2014/15 and 2015/16 (this is not new money, but will mean that RSG increases and the New Homes Bonus adjustment grant will fall by the same amount).
- The planned £50m top-slice for capitalisation in 2014/15 has been reduced to zero. However, £22m has currently been set aside to fund Efficiency Support Grant and funding for rural areas.

Spending Power

The Minister announced that local authorities will face an overall reduction in spending power of 2.9%; and that no local authority would experience a decrease of more than 6.9%. In a similar manner to the previous three years, the government's headlines focus on comparative figures concerning a local authority's "revenue spending power" – a definition which encompasses an individual authority's:

Council Tax Requirement

Settlement funding assessment

New Homes Bonus

Specific Grants

4.17 General Fund Reserves

The original Budget for 2013-14 envisaged no contribution to or from reserves. Taking account of the likely out-turn for the current year which reflects Cabinets requirement for service spend to be within approved budget general Fund Reserves are estimated to be £5.3m. However this is after £938k has been “swept” into the Development Fund during the year.

The Head of Finance is required under S26 Part 2 of the Local Government Act 2003 to advise the Council on the minimum level of reserves that it should aim to carry. Appendix K sets out the main risks that may fall to be met from reserves and for which provision needs to be retained in the Council’s account, and an estimated average annual requirement for expenditure to be funded from reserves, allowing that individual risks will be realised only infrequently.

4.18 Contingencies

In line with the practice in past years, the Council has not provided for specific contingencies within service directorates in the budget for 2014/15. All directorates will be required to make every effort to keep expenditure within the overall budget for their service areas. Any items that are of too great a magnitude to be contained within the service budgets, will be the subject of a report to Cabinet or Council (depending on the sum of money involved), and if approved will become a supplementary budget allocation funded from General Fund Reserves.

4.19 Collection Fund Balances

The Council must also declare the likely balance on the Council Tax Collection Fund at 31st March 2014 as estimated on 3rd January 2014 and any balance is shared between this Council, the Police and Crime Commissioner for Thames Valley and the Berkshire Fire & Rescue Service. Authority has been given to the Head of Finance to declare the balance, and on the appointed day he declared a surplus of £0.150m. The Royal Borough’s share is some £0.123m.

Under the Localisation of Business Rates legislation the Council is now required to prepare a similar statement for Business Rates. This statement shows a surplus that is available to the Council of £0.062m which is used in the same way as the Council Tax Collection Fund to reduce the cost of services to the local Council Taxpayer.

4.20 Treasury Management

The Council is required to consider and approve, under part 1 of the Local Government Act 2003, various Treasury Management issues and indicators. In addition, the Secretary of State for Local Government issued a Statutory Instrument in 2004 requiring the Council to consider and approve an Annual Investment Strategy including agreeing appropriate investing bodies. The current policy was approved by Cabinet at its meeting on the 11th February

2010 after discussion at the Corporate Services Overview and Scrutiny Panel on the 1st February 2010.

Cabinet subsequently varied this policy in June 2010 when, in a bid to address the financial risk posed by record low returns on short-term deposits, authority was given to invest up to 35% of total anticipated deposits for more than 364 days.

Interest on balances generated from treasury management provides an important source of income for the Council. It has been the policy of successive administrations to be cautious when assessing interest returns, in the main to protect taxpayers and the services from the impact of sudden rate changes. Whilst in recent years levels of income actually achieved have exceeded those assumed in budgets the current low interest rates are not returning expected income, which has an impact on the Borough's financial position.

Whilst signs of economic growth suggest that current interest rates will increase in the short to medium term, when compared to historic levels, it is likely that the low interest rates will continue in 2014.

The Berkshire Pension Fund operates a successful investment strategy which operates in markets not accessible to managers of local authority cash deposits. Discussions have taken place with both the Fund's Actuary and the Council's External Auditors to investigate what benefit the Council can derive from this strategy. Whilst the Pension Fund has no power to accept deposits from the Council there is no technical reason why the Council cannot prepay its Pension Contribution for the year. Using a Net Present Value calculation to assess the value to the fund of having monies early enables the Council to show a benefit, equivalent to a 3.05% return on that prepayment in its revenue account.

This facility has been made available to other members of the Pension Fund.

This budget assumes that the Royal Borough will earn some £0.46m on its investments in 2014/15.

No changes are proposed to the list of approved counterparties that the Council invests with; these are listed in Appendix M.

4.21 Report by the Head of Finance

The Head of Finance as the Council's chief finance officer is required, under s25 of Part 2 of the Local Government Act 2003 to report to the Council on the robustness of the estimates. This statement is outlined in Appendix N

5. Legal

The budget has to be set in accordance with statutory requirements which include assurance from Strategic Directors that they have sufficient resource available to fulfil their various statutory obligations.

6. Value for Money

The Borough's external auditors KPMG confirmed in their work on the 2012-13 accounts that the Council had "proper arrangements to secure economy, efficiency and effectiveness in its use of resources".

The Council is committed to maintaining priority services whilst reducing the impact on the local taxpayer.

In a recent Residents Survey a question was asked about satisfaction with Council services/how the Council runs things, which resulted in 64.5% saying they were very or fairly satisfied - up from 58% in the full survey

A report produced by DCLG early in 2011 calculated the Royal Borough's spend per head of population as £715, the lowest in the country (next lowest York £733) compared to a national average of £955 per head.

This mix of low price, low cost and high satisfaction would suggest that the council offers good value for money.

7. Sustainability Impact Appraisal

The proposals in this report have no direct impact on sustainability objectives.

8. Risk Management

All measures proposed in the budget have been subject of a risk assessment both in terms of deliverability and service impact. The assessment of General Fund Reserve includes an assessment of the financial impact of a range of economic and environmental factors which may impact on the Councils budget. Some risks exist around Children's Safeguarding and Adult Social Care Budgets where expenditure has been difficult to contain in recent years.

The Business Rate Retention scheme has a risk/reward element built in. Whilst there are clear longer term benefits for the Council from a growing local economy there are some risks associated with demolition of property prior to redevelopment and from local business failure (in terms of reduced Business rate revenue) which is now shared by the Local Authority.

These risks will be mitigated by carrying prudent levels of Reserves and by close monitoring of expenditure patterns so that unplanned expenditure can be identified at the earliest opportunity enabling corrective action to be taken.

Improvements in the management of non-financial performance data are being made in key areas such as Adult Social. This development will enhance managers' ability to spot unexpected service pressure at an early stage.

9. Links to Strategic Objectives

Residents can be assured that the Council is providing value for money by delivering economic services.

10. Equalities, Human Rights and Community Cohesion

This report contains a number of proposals related to staff or service provision and may involve changes to policy or service delivery. Equality Impact Assessment's (EQIA) have been completed where appropriate.

11. Staffing/Workforce and Accommodation implications

Those savings proposals that are currently the subject of consultation will mean that 31fte posts will be removed from the establishment. 18 of these posts are currently occupied; there is therefore a risk of some redundancies with a potential cost of £309k. The Borough's policy is to fund these costs from Capital Fund contributions.

12. Property and Assets implications

The main implications for property are covered in sections relating to the capital programme

13 Any other implications

None.

14 Consultation

Consultations have taken place with the local Chambers of Commerce. Separate meetings were held with representatives of both Chambers of Commerce and the Federation for Small Businesses in February 2013. The Leader of the Council and several Cabinet Members attended, together with Officers. The meetings served to confirm the good relationship already established with those bodies and the measure of confidence that has been built up over the years.

Comments from Overview and Scrutiny Panels are recorded below:

Highways, Transport & Environment

RESOLVED UNANIMOUSLY: That: Items below line 50 of the 2014/15 Schemes to be Approved are to be considered in light of the Borough Local Plan with priority to go to the A308 Road Widening Scheme and the Braywick Road (A308) – Pedestrian Crossing.

Planning & Housing

The Planning & Housing Overview & Scrutiny Panel unanimously agreed to endorse the recommendations to Cabinet.

The Planning & Housing Overview & Scrutiny Panel also stated that they felt the replacement of the Town Hall external doors, particularly at the main entrance, should be considered a priority.

Members expressed their concerns that the format of the budget report had not been easy to follow. The Panel also expressed concerns about not being able to compare years as they were not 'like for like' figures. The Panel felt that previous staff figures, had they been included, would have been very helpful.

Children's Services

Adult Services and Health

The Adult Services and Health Overview and Scrutiny Panel fully endorse the recommendations contained within the report. With regards to Appendix D the Panel recommended that Line No 19 – Broomhall Road football pitch drainage be progressed. The Panel wished to thank the Corporate Director and her officers for all the hard work that had gone into achieving the 2013/14 savings whilst maintaining services and preparing the 2014/15 budget build for Adult Services.

Leisure, Culture and Libraries

Corporate Services

15. Timetable for Implementation

Residents will be notified of their Council Tax in March 2014. Budgets will be in place and managed by service managers from 1st April 2014.

BUDGET 2014/15**RECOMMENDATIONS**

The Council is required, by law, to make some of its resolutions regarding the budget and the setting of Council Tax in a prescribed format. Due to their technical nature, a short explanation is included in italics under each part of the resolution. It is important to ensure that all the necessary areas are covered and Council is asked, therefore, to make resolutions in the form set out below:-

- a) i) That the revenue estimates for 2014/15, which show the direct costs of the following service areas as set out in Appendix E & F, together with the approved estimates for 2013/14 be confirmed (or amended) for inclusion in the Budget Book: -

SERVICE AREA	Approved	Estimate
	Estimate 2013/14 £000	2014/15 £000
Children's Services - School Budgets	-409	-409
Children's Services - LA Budget	16,385	18,091
Adult & Community Services	38,876	38,073
Operations	15,693	16,124
Corporate Services	10,321	9,741
Contribution to/ (from) Earmarked Reserve	-100	-220
Estimated cost of pay inflation	120	154
Environment Agency	131	144
Capital Financing (net)	7,303	6,217
Other adjustments	1,218	1,420
	89,538	89,335

(Explanatory Note: These figures are the direct costs less income of each service area)

- ii) and that following approval of these estimates the Head of Finance be instructed to allocate overheads across all services, using appropriate methods of apportionment, in order that the estimates conform to the Best Value Accounting Code of Practice requirement to show full costs of services.
- b) That the schemes outlined in Appendix D be approved for inclusion in the Capital Programme recommended to Council for approval

(Explanatory Note: This approves the new schemes to be included in the Council's Capital Programme).

- c) It be noted that on 12 December 2013 Cabinet calculated the Council Tax Base 2014/15

i)

for the whole Council area as 62,371.04 [Item T in the formula in Section 31B(3) of the Local Government Finance Act 1992, as amended (the Act)]; and

- ii) for dwellings in those parts of its area to which a Parish precept relates as in the list below.

	Band D Equivalents
Bisham	704.45
Bray	4,067.85
Cookham	2,774.41
Cox Green	2,950.57
Datchet	2,105.58
Eton	1,653.25
Horton	450.89
Hurley	939.08
Old Windsor	2,263.24
Shottesbrooke	72.07
Sunningdale	3,065.23
Sunninghill & Ascot	5,951.17
Waltham St. Lawrence	634.81
White Waltham	1,106.38
Wraysbury	2,054.37
	30,793.35
Unparished Areas	
Maidenhead	19,101.64
Windsor	12,476.05
	62,371.04

(Explanatory Note: These figures are the tax bases for each parished and unparished area of the Council)

- d) Calculate that the Council Tax requirement for the Council's own purposes for 2014/15 (excluding Parish precepts) is £57,780,520.
- e) That the following amounts be calculated for the year 2013/14 in accordance with Sections 31 to 36 of the Act:

- i) £90,502,309

being the aggregate of the amounts which the Council estimates for the items set out in Section 31A(2) of the Act taking into account all precepts issued to it by Parish Councils.

(Explanatory Note: This is the net expenditure of the Council (including parish precepts and Special Expenses)

- ii) £30,611,000
being the aggregate of the amounts which the Council estimates for the items set out in Section 31A(3) of the Act.
- (Explanatory Note: This figure includes the Revenue Support Grant, other non-specific grants, and Business Rate income due to the Council from the Government Exchequer together with any surplus on the Council's Collection Fund.)*
- iii) £59,891,309
being the amount by which the aggregate at (e) (i) above exceeds the aggregate at (e) (ii) above, calculated by the Council in accordance with Section 31A(4) of the Act as its Council Tax requirement for the year. (Item R in the formula in Section 31A(4) of the Act).
- (Explanatory Note: This is the council tax requirement of the Council (including parish precepts and Special Expenses)*
- iv) £960.24
being the amount at (e) (iii) above (Item R), all divided by Item T ((c) (i) above), calculated by the Council, in accordance with Section 31B(1) of the Act, as the basic amount of its Council Tax for the year (including Parish precepts).
- (Explanatory Note: This figure is the average Band D Council Tax including Parish Precepts and Special Expenses.)*
- v) £2,110,789
being the aggregate amount of all special items (Parish precepts or Special Expenses) referred to in Section 34(1) of the Act (as per Appendix I).
- (Explanatory Note: This figure is the aggregate of Parish Precepts and Special Expenses.)*
- vi) £926.40
being the amount at (e) (iv) above less the result given by dividing the amount at (e) (v) above by Item T (c) (i) above, calculated by the Council, in accordance with Section 34(2) of the Act, as the basic amount of its Council Tax for the year for dwellings in those parts of its area to which no Parish precept or special expense relates.
- (Explanatory Note: This figure is the Band D Council Tax excluding Parish Precepts and Special Expenses.)*
- f) To note that the Police Authority and the Fire Authority have issued or will shortly issue precepts to the Council in accordance with Section 40 of the Local Government Finance Act 1992 for each category of dwellings in the Council's area as indicated in the table in appendix I.
- g) That the Council, in accordance with Sections 30 and 36 of the Local Government Finance Act 1992, hereby sets the aggregate amounts shown in the tables in Appendix I as the amounts of Council Tax for 2013/14 for each part of its area and for each of the categories of dwellings.
- h) Determine whether the Council's basic amount of Council Tax for 2013/14 is excessive in accordance with principles approved under Section 52ZB Local Government Finance Act 1992.

ADULT & COMMUNITY SERVICES

	Period or Unit of charge	<u>2014/15</u>
		<u>£</u>
GENERAL		
<p>These charges are operative from 1st April 2014, except where they are based on Income Support rates, in which case they are operative from the date these are updated.</p> <p>Charges to Other Local Authorities, and to users of the service assessed as being full cost payers, are generally calculated according to a formula which accounts for direct costs, administration overheads and, where appropriate, the use of capital assets.</p> <p>Other charges are reviewed annually taking account of government guidance and changes in the levels of pay and prices, and may be rounded to the nearest 5p or 10p in order to facilitate the collection of cash. For services where daily rates apply charges are set at multiples of five or seven. Other rates are set to equal an exact amount of Income Support benefit.</p>		
CARE FOR ADULTS		
Residential Care		
<p>Residents are required by statute to be assessed to contribute towards the cost of their residential care.</p> <p>The assessment must be carried out according to statutory guidelines.</p> <p>The minimum assessed contribution in private and voluntary homes will be equal to the Income Support & premium received by the resident, less their statutory personal allowance. The maximum charge is the actual cost to the Council as charged by the home.</p>		
Homes for the Elderly - residential care		
Standard charge to other Local Authorities and full cost payers		
Residential Home placements	week	672.00
Nursing Home placements	week	833.00
Homes for People with Learning Disability - residential care		
Homeside Close and Winston Court - Standard Charge to other local authorities		
	week	1519.00
Other than in exceptional circumstances, the charge to the service user will be equal to their benefit payment less the personal expenses allowance		
<p>Note - where additional staff are required above that usually provided, to support a particular placement then the cost of providing that staffing will be rechargeable in addition to the standard daily/weekly rate.</p>		
Homes for People with Learning Disability - Respite care		
9 Allenby Road - Standard Charge to other local authorities		
	Weekdays Mon-Thurs	night 428.00
	Weekends Fri-Sun	night 498.00

SELF DIRECTED SUPPORT

PBH is an abbreviation for "Personal Budget Holder"

These Rates were set in February 2010, with the introduction of Personal Budgets under "Transforming Social Care". The introduction of personal budgets will continue over the year and in order to facilitate this introduction it is not proposed to increase these rates in April 2013.

Note - Should a Personal Budget Holder from another local authority purchase services provided by this authority, then this authority will charge that Personal Budget Holder for the full cost of providing the service, this will generally be 25% above the charges set for Personal Budget Holders of this authority.

CHILDREN'S SERVICES DIRECTLY MANAGED COSTS	2012/13 Actual	2013/14 Budget	2014/15 Budget
---	---------------------------	---------------------------	---------------------------

CHILDREN'S SERVICES - SCHOOLS BUDGET**INDIVIDUAL SCHOOL BUDGETS (ISB)****Primary Schools**

	£000	£000	£000
Expenditure	38,043	35,825	35,870
Income	<u>(2,169)</u>	<u>(1,077)</u>	<u>(1,465)</u>
Net	<u>35,874</u>	<u>34,748</u>	<u>34,405</u>

Services provided:

The amount available for delegation to RBWM's maintained primary schools determined by RBWM's funding formula, and including funding for three and four years olds allocated through the Early Years Single Funding Formula, after provision has been made for retained items and 'de-delegated' services which schools have chosen to be managed centrally. Academies' budgets are not included. For primary schools with resource units, only the place funding is included here. All other high needs 'top-up' funding is included in centrally retained high needs budgets. 2014-15 figures also reflect the increase in primary pupil premium grant from £900 to £1,300 per Free School Meal pupil.

Staff (full time equivalent):

1040.00

Service Risks:

Falling roll numbers; failure to meet expected standards of attainment; provision of appropriate accommodation; effects of national changes in school funding on financial sustainability.

Performance Indicators:

Ofsted inspection reports
Achievement at level 4 or above in both English and Maths at Key Stage 2
Looked after children reaching level 4 in English & Maths at Key Stage 2

Secondary Schools

	£000	£000	£000
Expenditure	34,738	29,997	23,761
Income	<u>(9,509)</u>	<u>(9,866)</u>	<u>(4,250)</u>
Net	<u>25,229</u>	<u>20,131</u>	<u>19,511</u>

Services provided:

The amount available for delegation to RBWM's maintained secondary schools determined by RBWM's funding formula and after provision has been made for retained items and 'de-delegated' services which schools have chosen to be managed centrally. Academies' budgets are not included. 'Top-up' funding for high needs pupils in secondary schools is included in centrally retained high needs budgets. 2014-15 figures also reflect the increase in secondary pupil premium grant from £900 to £935 per Free School Meal pupil. Income includes £3.4 million grant from the Education Funding Agency for post 16 pupils in maintained schools

Staff (full time equivalent):

570.00

Service Risks:

Falling roll numbers; failure to meet expected standards of attainment; provision of appropriate accommodation; effects of national changes in school funding on financial sustainability.

Performance Indicators:

Ofsted inspection reports
Expected level of achievement in English, Maths and Science at Key Stage 3 and Key Stage 4
Achievement of a Level 2 or Level 3 qualification by the age of 19
Looked after children achieving 5 A*-C GCSEs (or equivalent) at Key Stage 4 (including English and Maths)
Rate of permanent exclusions from school

CHILDREN'S SERVICES DIRECTLY MANAGED COSTS	2012/13 Actual	2013/14 Budget	2014/15 Budget

Special Schools & Pupil Referral Unit	£000	£000	£000
Expenditure	5,379	2,286	2,458
Income	(248)	(51)	(76)
Net	5,131	2,235	2,382

Services provided:

The number of physical places is insufficient to meet increasing demand from pupils with high special educational needs resulting in more costly out of borough placements .
Children who are vulnerable to exclusion from school do not have the opportunity to receive appropriate early intervention.Reduced number of permanent exclusions,reduced number of fixed term exclusions,reduced number of students not in education,employment or training

Staff (full time equivalent):

144.93

Service Risks:

The number of physical places is insufficient to meet increasing demand from pupils with high special educational needs resulting in more costly out of borough placements .
Children who are vulnerable to exclusion from school do not have the opportunity to receive appropriate early intervention.

Performance Indicators:

Ofsted inspection reports,
relevant Key Stage results and added value indicators

Early Years

	£000	£000	£000
Expenditure	5,190	5,789	5,687
Income	(106)	0	0
Net	5,084	5,789	5,687

Services provided:

Funding allocated through the Early Years Single Funding Formula for three and four year olds in RBWM's three maintained nursery schools, and in private, voluntary and independent settings for a free entitlement of 15 hours per week per child. Academies' budgets are not included. This also includes funding for disadvantaged two year olds except where it has not yet been allocated.

Staff (full time equivalent):

30.00

Service Risks:

Falling roll numbers; failure to meet expected standards of attainment; provision of appropriate accommodation and places

Performance Indicators:

Ofsted inspection reports
Achievement of children across the Early Years Foundation Stage
Proportion of 2,3, and 4 year olds accessing the free entitlement.

	£000	£000	£000
Expenditure	(126)	39	101
Income	<u>(147)</u>	<u>0</u>	<u>0</u>
Net	<u>(273)</u>	<u>39</u>	<u>101</u>

Services provided:

De-delegated budgets apply to maintained primary and maintained secondary schools only. This funding has been pooled by maintained schools from their delegated budgets to provide a Central Fund for allocation to Schools to help them meet unforeseen expenditure which it would be unreasonable to expect the governing body to meet from the school's budget share. For academies, the equivalent funding is delegated to them direct. Allocations to schools are decided by a panel of officers and headteachers. The increase between 2013-14 and 2014-15 reflects the need to respond more flexibly to claims on contingency funding.

Staff (full time equivalent):

0.00

Service Risks:

Insufficient contingency budget to meet emerging pressures

Performance Indicators:**Behaviour Support Services**

	£000	£000	£000
Expenditure	99	91	120
Income	<u>13</u>	<u>0</u>	<u>0</u>
Net	<u>112</u>	<u>91</u>	<u>120</u>

Services provided:

Provision of specialist behaviour support services, both advisory and teaching, to maintained schools. For academies, equivalent funding for behaviour support is delegated to them direct, so access to this service is only available to academies on a buy-back arrangement.

Staff (full time equivalent):

3.10

Service Risks:

Uncertainty around future funding as de-delegation is subject to Schools Forum approval.
Retention of staff and long term ability to maintain viable team

Performance Indicators:

Evidence of improvement through measures of emotional health and behavioural wellbeing taken pre and post intervention.

Staff Costs Supply Cover

	£000	£000	£000
Expenditure	267	250	326
Income	<u>0</u>	<u>0</u>	<u>0</u>
Net	<u>267</u>	<u>250</u>	<u>326</u>

Services provided:

The cost of making payments to maintained schools for a teacher on maternity leave or adoption leave. Also expenditure of the same kind in respect of persons carrying out divisional trade union representative activities for all schools. For academies, equivalent funding for supply cover is delegated to them direct. The increase between 2013-14 and 2014-15 reflects recent high cost of claims.

Staff (full time equivalent):

0.00

Service Risks:

Insufficient budget to meet cost of increasing numbers of staff on maternity leave

Performance Indicators:

SEN Support Services	£000	£000	£000
Expenditure	1,932	2,154	2,214
Income	<u>(1,503)</u>	<u>(1,268)</u>	<u>(1,319)</u>
Net	<u>429</u>	<u>886</u>	<u>895</u>

Services provided:

Centrally retained specialist SEN support services for statemented and non- statemented pupils. This includes peripatetic education services provided by the sensory consortium service for young people (0-19) with a sensory impairment. The sensory consortium service is hosted by RBWM on behalf of Berkshire LAs, and recovers income from those LAs for services delivered. The budget also includes provision for speech and language therapy, occupational therapy, and the ASD outreach service operated on behalf of RBWM by Furze Platt Senior School.

Staff (full time equivalent):

30.62

Service Risks:

Increasing levels of need in growing numbers of children with sensory impairment which may not be matched by budget and staffing provision.
 Increase in number of students diagnosed with Autistic Spectrum Disorder
 Recruitment difficulties for specialist teachers.
 Lack of early intervention may increase demand for specialist placements

Performance Indicators:

Ability to meet educational needs in local placements
 Educational attainment
 Formal assessment reports within statutory time limits
 Emotional health of children
 Client satisfaction

Support for Inclusion	£000	£000	£000

DEDICATED SCHOOLS GRANT

Dedicated Schools Grant	£000	£000	£000
Expenditure	1,433	0	0
Income	<u>(79,892)</u>	<u>(76,995)</u>	<u>(76,894)</u>
Net	<u>(78,459)</u>	<u>(76,995)</u>	<u>(76,894)</u>

Services provided:

Individual schools budgets and centrally retained education expenditure summarised above are funded by Dedicated Schools Grant (DSG). The DSG allocation and individual schools budget shares are determined by the October 2013 pupil census, the January 2014 Early Years census, and the High Needs approved place numbers annual return. The DSG figure reflects the RBWM allocation after 'recoupment' of grant by the DfE for academy schools. The amount recouped for academies is determined by the amount those schools would have received through the RBWM school funding formula if they had been maintained schools.

Staff (full time equivalent):

0.00

Service Risks:

Finalised DSG may be less than budgeted owing to variation between actual and estimated pupil numbers.

Under-/overspends against DSG may be carried forward into the following year's budget.

Performance Indicators:

CHILDREN'S SERVICES - LA BUDGET**EDUCATION, STRATEGY & COMMISSIONING****Education Standards**

	£000	£000	£000
Expenditure	1,771	1,482	1,240
Income	(763)	(904)	(804)
Net	<u>1,008</u>	<u>578</u>	<u>436</u>

Services provided:

Expenditure on education improvement functions including early years, schools and post 16; challenge and support for education leadership including governance; education providers' workforce development, curriculum advice; quality assurance processes in line with Ofsted expectations to ensure that all schools are judged to be at least 'good' and children and young people make at least 'good progress'. Also includes expenditure on educational psychology services to provide and improve support for vulnerable children and those with SEN, critical incidence and statutory assessments.

Staff (full time equivalent):

23.90

Service Risks:

Increase in number of education providers in Ofsted categories.
 Poor achievement across all key stages and poor outcomes and life chances for children and young people.
 Unmet needs may lead to an increase in expensive placements and higher costs.
 Failure to respond to critical incidents in schools

Performance Indicators:

Reduction in number of education providers judged as requiring special measures.
 Attainment indicators at all key stages.
 Closing the gap between 'pupil premium' young people and their peers and SEN / non SEN pupils.
 Statutory assessment timelines.
 Timely response to critical incidence.

Sufficiency and Access

	£000	£000	£000
Expenditure	2,257	2,282	2,070
Income	(211)	(254)	(170)
Net	<u>2,046</u>	<u>2,028</u>	<u>1,900</u>

Services provided:

School Place Planning - Ensuring that there are enough places for each pupil of school age living in RBWM who want a place at a state school.
 Expenditure on the provision of Home to School Transport including setting the policy and assessing the eligibility of pupils for transport to schools.
 Children's Services Capital Programme - Managing the capital programme budget, preparing briefs for schemes and ensuring that delivery of projects takes place.

Staff (full time equivalent):

4.90

Service Risks:

Planning does not ensure that sufficient school places can be provided for the numbers of pupils needing a place.
 The transport to school policy is not clear and therefore costs escalate. Appeal numbers increase and costs go up. Volatility in demand for transport especially among SEN pupils.
 Capital schemes are not delivered in a timely manner and value for money is not achieved; buildings and sites become unsafe; there are insufficient classrooms for the numbers of pupils in the borough.

Performance Indicators:

Forecasting processes predict the number of places required.
 Pupils who request transport to school are fairly assessed for eligibility.
 Schools are large enough to accommodate the appropriate number of pupils and capital budgets are spent effectively.

Strategic Commissioning and Practice Improvement

	£000	£000	£000
Expenditure	818	768	1,020
Income	(106)	(92)	(92)
Net	<u>712</u>	<u>676</u>	<u>928</u>

Services provided:

An effective quality assurance programme is implemented which identified practise improvements and ensures high standards of practise across the whole of Children's Services. Policies and procedures are reviewed and refreshed to reflected national and local requirments and are used as the basis of consistent service delivery.

Provision of the Independent Reviewing Officers, Child Protection conference chairs, the Local Authority Designated Officer and Family Group Conferencing functions delivered in a timely manner. Workforce development and the Principal Social Worker responsibilities are delivered.

Business Support for the whole of the Children's Service Directorate including democratic reports being prepared in a timely manner.

Partnership working including the Parent Partnership role to support families seeking statutory assessment for statements of special educational need.

Commissioning and strategic business planning for the delivery of a comprehensive range of Children's Services.

Staff (full time equivalent):

12.52

Service Risks:

High standards of practice are not achieved

Statutory reviews, Child Protection Plans, allegations against Officers and support for families are not completed in a timely manner or in a way which secures better outcomes for children and young people.

A skilled workforce is not developed and maintained.

Business support services are not effective or efficient.

Multi agency partnership working does not add value and contribute towards better outcomes for children and Young people.

Effective commissioning and business planning processes result in ineffective services.

Performance Indicators:

Ofsted Inspection outcomes.

Reviews and plans are delivered within prescribed timescales and allegations investigated promptly Business support and planning processes secure coordinated and effective outcomes for our children and young people.

Effective partnership working that secured greater combined outcomes for partner agencies.

EARLY HELP AND SAFEGUARDING**Early Help - Youth Support**

	£000	£000	£000
Expenditure	2,407	2,158	2,111
Income	<u>(657)</u>	<u>(760)</u>	<u>(734)</u>
Net	<u>1,750</u>	<u>1,398</u>	<u>1,377</u>

Services provided:

Support for young people and families to increase overall school attendance and reduce the risk of exclusion and persistent absence.

Youth work related activities delivered from Youth and Community centres and other venues across the borough, providing opportunities for informal social education and development of life skills. Includes expenditure on targeted youth support projects, After school activities, support to voluntary sector organisations, Young Carers, and outdoor and other activities, all leading to recorded or accredited outcomes for young people and reduced risk of anti-social behaviour.

Directions Service - Information, advice and guidance including intensive support, and support to vulnerable young people aged 16-19 who are not in Education, Employment or Training (NEET) or who are at risk of becoming NEET. Tracking and recording employment, education and training of all 16-19 year olds.

Youth Justice - work with young people who have committed offences or are at risk of offending. The multi-agency Youth Offending Team, , with representatives from the police, probation, health and social care, works with the young people at various stages of the criminal justice system both at voluntary and statutory levels, providing prevention services, support and advice for parents, carers, and victims of youth crime, and managing outcomes of the court process.

Staff (full time equivalent):

51.14

Service Risks:

Increased levels of school exclusion and persistent absence, unauthorised children working, and children missing education. Increased service pressures on Safeguarding. Reduction in level of buy back from schools,

Youth Services - status of local economy could reduce locally raised income used by local management committees to support frontline delivery of local youth services and reduce opportunities for employment and training.

Youth Justice - Conflicting targets (with other agencies) can affect performance.

Performance Indicators:

Number of pupils persistently absent from school, permanent and fixed term exclusions.

Young people's participation in youth activities, achievement of accredited outcomes, occupancy and use of youth centres

Number and length of time of young people who are NEET, participation of 17 year olds and care leavers in education and training.

Number of first time entrants to the Youth Justice System, number of young people sentenced to custody, young people engaged with YOT are in suitable employment training and education, all young people are in suitable accommodation, reduction in reoffending by young people.

Early Help and First Response

	£000	£000	£000
Expenditure	3,849	2,988	2,904
Income	<u>(397)</u>	<u>(274)</u>	<u>(286)</u>

Services provided:

Referral and Assessment Team for Social Care - access and assessment point for Safeguarding Services

CAF - Supporting the use of the common assessment framework across services to address need early and reduce numbers of families requiring social care input

Intensive Family Support Project - Part of troubled families programme working to turn around families with complex and inter generational issues.

Children's Centres - 13 Centres across RBWM providing universal, preventative and targeted services to families with younger children

Parenting Team - Providing parenting courses and targeted one to one support for families.

Early Years Development providing support to early years providers and targeted funding for children aged 2,3 and 4.

CHILDREN'S SERVICES DIRECTLY MANAGED COSTS	2012/13 Actual	2013/14 Budget	2014/15 Budget
---	---------------------------	---------------------------	---------------------------

Staff (full time equivalent):

59.67

Service Risks:

Changes in the management structure in the Referral and Assessment Team in late 2013 / early 2014 (Service Leader, Team Manager and Assistant Team) both provide an opportunity for innovation but also a risk. Changes in structure across Early Help and First Response similarly provide the opportunity for innovation but also require close monitoring to ensure there are no negative unintended consequences. The complexity of families accessing the Intensive Family Support Project is resulting in enabling change being more challenging and time consuming than initially anticipated. This is being addressed through additional specialist input.

Performance Indicators:

Percentage of referrals to Safeguarding Services going on to initial / single assessment
 Cumulative number of families worked by the Intensive Family Support Project
 Number of families receiving 1:1 support from Children's Centres
 Number of families from 8 most deprived super output areas in RBWM accessing Children's Centres
 Number of families attending Children's Centres
 Number of Evidence based parenting programmes being provided
 Number of children with open and active CAFs (Common Assessment Frameworks)

Safeguarding and Children in Care

	£000	£000	£000
Expenditure	6,211	5,615	5,328

Services provided:

Children with Special Educational Needs and/or Disabilities - Statutory central functions in relation to assessment for a statement of education needs and /or assessment of need and provision of services to support the child, young person and their family. Child protection investigations and plans and services for children in care or in care proceedings. The budget covers specialist interventions and care such as holiday provision, short break respite care, inclusion support, early bird (pre-five autism support programme) and home based programmes and the keyworking staff who deliver these. This work will be driven by significant legislative changes within the Children and Families Bill from September 2014 resulting in single Education, Health and Care Plans (EHC) for children and young people aged 0 -25 years.

Staff (full time equivalent):

17.55

Service Risks:

Demands of the Children and Families Bill and unknown/fluctuating numbers of EHC plans. Continued growth in demand for services. The challenge of bringing together budgets across children's services and health.

Performance Indicators:

Statements issued within 26 weeks (EHC plans within 20 weeks from September 2014). Child protection plans lasting 2 years or more or becoming subject to a plan for a second or subsequent time.

Fostering Service	£000	£000	£000
Expenditure	1,524	1,528	2,201
Income	<u>(103)</u>	<u>(24)</u>	<u>(25)</u>
Net	<u>1,421</u>	<u>1,504</u>	<u>2,176</u>

Services provided:

Provision of Fostering and Adoption services including placement costs and cost of social workers involved in placing children in fostering and adoption.

Staff (full time equivalent):

8.70

Service Risks:

Failure to meet statutory and regulatory requirements in relation to LA's fostering and adoptions services.
 Failure to deliver adoption/permanent fostering care plans in an effective manner would result in delay for children achieving permanent placements.
 Failure to deliver an effective adoption service would result in significant delays in children requiring adoptive parents being placed with suitable approved families.
 Failure to recruit, assess and approve sufficient foster families would result in children being placed with Independent Fostering Providers, which are often not local, thereby causing disruption of relationships with family and friends, education and social activities.

Performance Indicators:

Timeliness of placements of looked after children for adoption
 Stability of placements of looked after children: number of placements
 Stability of placements of looked after children: length of placement
 Sufficiency strategy
 Adoption scorecard

Services provided:

The Early Intervention Grant (EIG) available in 2012/13 has ended, and the core elements of this funding stream have been included in the formula funding. In 2013/14 a new Education Service specific grant has been provided that will support a range of Children's Services.

In 2014/15 the Education Service grant has been reduced to reflect the ongoing conversions of maintained schools to academies. In addition the treatment of this funding has been amended to include it as a General LA Grant, rather than a Service specific grant.

Mental Health	£000	£000	£000
Expenditure	2,865	3,069	2,934
Income	(180)	(152)	(154)
Net	2,685	2,917	2,780

Services provided:

The Mental Health Services comprise of the Community Mental Health Team (CMHT) serving people aged between 18- 75 and the Older Peoples Mental Health Team that serves people aged 75 and over. The teams are represented by both Health and Social Care staff and are multi-disciplinary. They co-ordinate the assessment, support and care for people with mental health problems requiring Secondary Mental Health Care using a range of assessment protocols. The teams are responsible for the provision of care that is in accordance with the statutory requirements of the Mental Health Act 2007. The teams provide assertive outreach and early intervention services; and host the Approved Mental Health Professionals (AMHP) service for the Borough. The employing organisations contribute to the cost of their staff with some shared costs for joint posts. The contracted services provided in this budget cover services such as day care, domiciliary care, residential care, Nursing Care, respite care and self directed support.

Staff (full time equivalent):

13.86

Service Risks:

Economic downturn.
Primary Care Trust/Social Care interface.

Performance Indicators:

ASCOF 1C: Proportion of people using social care who receive self-directed support, and those receiving direct payments.

ASCOF 1F: Proportion of adults in contact with secondary mental health services in paid employment.

ASCOF 1H: Proportion of adults in contact with secondary mental health services who live independently, with or without support.

Income	<u>(42,582)</u>	<u>(37,194)</u>	<u>(38,721)</u>
Net	<u>(932)</u>	<u>(930)</u>	<u>(1,113)</u>

Services provided:

Housing Benefit was first introduced in April, 1983 and new legislation, passed in 2006, now governs the administration of the scheme. The Housing Benefit Regulation 2006 is the governing legislation. Subsidy is paid at 100% of benefit currently paid. There are incentives in the subsidy regime which encourage keeping Local Authority error to a level which is less than 40% of benefit correctly paid. The Local Authority error can be created by mistake or late processing of a notified change of circumstances.

--	---------------------------	---------------------------	---------------------------

Customer Services

	£000	£000	£000
Expenditure	1,794	1,644	1,739
Income	<u>(756)</u>	<u>(809)</u>	<u>(868)</u>
Net	<u>1,038</u>	<u>835</u>	<u>871</u>

Services provided:

Customer Services provides a service to residents covering housing benefit and council tax support; welfare benefits; council tax, business rates and green waste processing; deputyship and appointeeship support; facilities; hospitality and events and the Registrar's service. Customer Services also covers social care finance, the post room team, and a scanning and indexing unit, who are responsible for registering forms and invoices and paying suppliers.

Staff (full time equivalent):

41.25

Service Risks:

Resourcing impact due to Localisation of Council Tax - new scheme with effect from April 2014.
Increased level of claimants and changing circumstances for Housing Benefit (HB) due to economic climate.
Less demand for hospitality venues which will impact on income targets.
Registrar's income affected by a national decline in the number of people getting married.

Performance Indicators:

Process New HB claims within 25 days.
Process HB change of circumstances within 10 days.
To pay 90% of invoices within 30 days of the date that they are due.

Business Services

	£000	£000	£000
Expenditure	1,493	1,237	1,279
Income	<u>(480)</u>	<u>(584)</u>	<u>(416)</u>
Net	<u>1,013</u>	<u>653</u>	<u>863</u>

Services provided:

Business Services provides a management function for the collection of council tax, business rates, housing benefit overpayments and sundry debts. It includes the debt recovery team whose role is to collect any money owed to the Council.

Staff (full time equivalent):

29.05

Service Risks:

That collection targets will not be met due to the economic downturn

Performance Indicators:

To collect 97.4% of current year's council tax due within the financial year.
To collect 98.6% of current year's business rates due within the financial year.

Meet all targets in LAA

Consultation

	£000	£000	£000
Expenditure	16	21	21
Income	0	0	0
Net	16	21	21

Services provided:

Corporate Consultation is part of the Council's Corporate Communications and Marketing function and includes liaison with partner organisations and the voluntary sector. The consultation function is driven by the Community Consultation and Engagement Framework, agreed by Cabinet in 2009, the action plan for which is regularly reviewed. The framework will be revised in 2014.

Staff (full time equivalent):

0.00

Service Risks:

-

Performance Indicators:

Performance is driven by all elements of the Community Consultation and Engagement Framework action plan, which currently has 14 actions, including organising an annual residents' survey, setting up and maintaining a corporate consultation register (available on the Council website), providing a consultation evaluation framework and offering consultation guidance across the authority. Borough-wide consultation is also held on the annual Participatory Budget

PERFORMANCE & POLICY**Corporate Performance and
Development**

	£000	£000	£000
Expenditure	540	671	549
Income	2	(22)	(22)
Net	542	649	527

Services provided:

The Corporate Policy and Performance Unit is at the centre of the Council's improvement and modernisation agenda. The Unit, either alone or in conjunction with other departments, is responsible for articulating the Council's policy position on a range of issues (for instance Big Society, Carbon Management and Localism) and executing policy initiatives to drive these forward. Under its Strategy and Information guise, the Unit continues to collate and provide analytical support to the Council on performance data including support to schools, adults and children's social care, customer services, as well as processing statutory returns to the Departments of Education and Health. The Unit also provides support for the Council's overarching performance management framework and the reporting of performance to CMT and relevant Panels (Overview and Scrutiny, Cabinet and Audit and Review) Finally the Unit has lead responsibility for coordinating the statutory complaints function relating to Adult and Children's social care as well as Education. An additional £100K has been added to this budget in 2013/14 for Big Society and Social Enterprises.

Staff (full time equivalent):

6.41

Service Risks:

Vacant posts in Policy and Complaints means additional pressures on the team.

Performance Indicators:

There are a number of performance indicators for which the Unit is responsible from the amount of energy being used through to the percentage of statutory returns that are delivered on time, numbers of social care complaints and meeting aggregate equalities targets and equalities targets around equality impact assessments.

Town Management	£000	£000	£000
Expenditure	1,053	581	581
Income	<u>(769)</u>	<u>(466)</u>	<u>(477)</u>
Net	<u>284</u>	<u>115</u>	<u>104</u>

Services provided:

This budget represents the two Town Partnerships of Maidenhead and Windsor & Eton and are jointly funded by the Council and Partnership Board members. The Council administers the budget and provides the necessary resources to support the Town Managers. In addition, the Visitor Management and marketing functions of the authority are included within this service and provide for the delivery of the visitor management strategy in the Borough and the operation of the Royal Windsor Information Centre.

Staff (full time equivalent):

10.35

Service Risks:

Visitor management and marketing is a non statutory function of the council and, therefore, vulnerable during times of economic uncertainty. The service is well supported by the local visitor industry who make considerable financial contributions to the marketing activities. Income levels are affected during economic downturns as businesses tighten their budgets and place restrictions on marketing activity.

Performance Indicators:

There are a range of different performance indicators measured internally on a regular basis. For the Royal Windsor Information Centre sales income and accommodation provision are measured against an annual target, and monthly usage levels and customer satisfaction levels are also recorded. Town Centre partnerships have targets for the level external funding attracted.

Complaints	£000	£000	£000
Expenditure	22	24	39
Income	<u>0</u>	<u>0</u>	<u>0</u>
Net	<u>22</u>	<u>24</u>	<u>39</u>

Services provided:

To manage adult and children's social care complaints.

Staff (full time equivalent):

1.00

Service Risks:

The management of complaints is essential for a high quality social care service. Failure to adequately respond would mean a failure to comply with best practice and a loss of reputation, as well as potentially dangerous or discriminatory practice going unchallenged.

Performance Indicators:

Number of complaints is reported monthly on social care scorecards. The percentage of response breaches is captured on the regular complaints report.

Provision of strategic HR and OD support and advice to the council. HR consultants lead on the councils strategies and policies for recruitment and retention, pay and reward, employee relations and employment policies and provide strategic and complex advice to service regarding employment, recruitment and pay issues. The Human Resources team offer a high quality, comprehensive and cost effective service across the employee life cycle including job evaluation, recruitment, contracts of employment, organisational development, performance matters and change management.

Ensuring staffing and structure are fit for purpose is paramount and HR give advice and support whether a manager is replacing leavers, creating and recruiting to new posts, setting stretch objectives linked to the service development plan or there is a need to reduce the overall total sickness absence. With change management, HR provide toolkits, support, advice and attendance where required for any restructuring exercises including those resulting in redundancies or TUPE.

Audit and Investigation provides statutory internal control and risk management assurance and a full counter fraud and investigation service. The team works with managers to enhance corporate governance, particularly strategic and operational risk management and internal control effectiveness, thus minimising the potential for fraud and corruption against the Council. The aim of the Council's risk management practices is to comprehensively recognise and evaluate app potential risks and their sources. Financial protection against Council losses and liabilities is arranged through a combination of internal and external risk financing.

Staff (full time equivalent):

14.84

Service Risks:Audit:-

1. Failure of the Council to comply with the Audit and Account (Amendment) (England) Regulations 2011 and S151 Local Government Finance Act in breach of statutory requirements. This action is embodied in the Annual Governance Statement.
2. Failure of escalation protocols leads to exposure of the Council to major risks as recommendations ignored / not responded to.

Counter Fraud and Investigations:-

1. Damage to Council's reputation for allowing misuse of the public purse.
2. Insufficient resources to deal with the volume of referrals leads to a failure to maximise recoveries of Housing Benefit and Council Tax Benefit fraudulent overpayments.

Insurance and Risk:-

1. Lack of risk awareness throughout the Council results in risk not being evaluated and mitigations not being fully implemented.
2. Failure to ensure suitable levels of internal / external financial protection for insurable losses leads to financial shortfalls in the event of claims and wasted resources if fund requirements or external premiums are set inappropriately.

Line No.	Description of Saving	Approved by August Cabinet	Approved by December Cabinet	Revised by January Cabinet	Total 2014-15 Savings
Adult & Community Services savings		£'000	£'000	£'000	£'000
Adult Social Care					
1	Enhanced use of Telecare & Telehealth to enable residents to remain living in their own home safely and efficiently.	110			110
2	The expansion of the Shared Lives Scheme schemes that supports residents to remain in the community in a family environment, and inception of a Homeshare scheme where older people with accommodation are matched with those requiring accommodation and able to provide support for their mutual benefit.	360		-285	75
3	A review of all high cost residential and nursing care placements to ensure that appropriate services are being commissioned and for the appropriate cost. To include the embedding of processes for regular review of existing placements and for evaluation of new placements.	90		210	300
4	The development of a transitions strategy and improved transitions planning should enable more individualisation of care that both improves outcomes and lowers cost.	150		-100	50
5	A review of the demand pressures for Nursing Care placements to ensure alternative community based care is offered whenever this is appropriate.	35		115	150
6	Budget Challenge, whereby the social care budget is reviewed to identify areas where efficiency savings can be delivered.	20			20
7	A review of Homecare Commissioning and Contracting is expected to better match supply with demand at an economic price.	40		60	100
8	Management of contract inflation.	50			50
9	Alternative provision of domiciliary support service	40			40
10	Review of Ways into Work governance.	20			20
11	De-registration of 2 x 8 bed registered homes, resulting in additional rental income.	80		-80	0
12	A review of transport budgets including further consideration of proposals contained in the Transport fundamental service review, and efficiencies arising from improved partnership arrangements with the CCG.			80	80
13	De-registration of Dimensions registered homes resulting in additional rental income.	135			135
14	Review of Care Packages and Residential Placements	150			150
15	Review of contracts for people with a Learning disability	30			30
16	Demand management across all services - impact of increased investment in preventative services in partnership with the CCG	250			250
17	Review of high cost direct payments, homecare packages and the direct payments scheme.		142		142
18	Reduced take-up of transport assisted payments scheme and concessionary fares		50		50
19	Review of supported living contracts		50		50

Appendix H Savings Adult and Community Services

Line No.	Description of Saving	Approved by August Cabinet	Approved by December Cabinet	Revised by January Cabinet	Total 2014-15 Savings
Adult & Community Services savings		£'000	£'000	£'000	£'000
Leisure Services					0
20	Introduce parking charges for all centre users and provide no refunds on car park charges at Leisure Centres	15			15
21	Charge for all cemetery services at real cost.	5			5
22	Business Rate relief and tax efficiency measures for sites occupied by Leisure Centres	170	270		440
Library Services					0
23	Review of Museum governance and delivery.	18			18
24	Increase income generation from Outreach activities in libraries.	25			25
25	Additional stock purchased via capital rather than revenue budgets.	35			35
Public Health					0
26	Efficiencies from integration of Adult Social Care, Library and Leisure services into Public Health activities.	164			164
All Services					0
27	DMS - reductions in the charge rates to services for Office print and reductions in the cost of the Print shop. Analysis is being carried out to allocate saving to all Directorates.		47		47
		1,992	559	0	2,551

Line No.	Description of Saving	Approved by August Cabinet	Approved by December Cabinet	For Approval by February Cabinet	Total 2014-15 Savings
Children's Services Savings		£'000	£'000	£'000	£'000
Education & Childcare Services					
1	Phased reduction of bursary funding and staff training in 2 year old settings.	25			25
2	Release the funding previously allocated to provision of Speech and Language Services as this provision is now funded from the High Needs Block of the Dedicated Schools Grant in line with terms of the grant.	275			275
Safeguarding - LDD					
3	Release funding earmarked for growth in respite provision by maintaining expenditure and provision at current levels.	196			196
Children's Services - all services					
4	Efficiency savings from training and workforce development, communications, and printing and stationery costs	90			90

Total Average Risk in Single Year			3,460
Provide for 18 months to enable corrective action			5,190

Appendix L**PRUDENTIAL INDICATORS 2012/13 TO 2015/16**

The actual figures for 2012/13 and the estimates for 2 further years are shown below. These prudential indicators are prepared in accordance with the CIPFA Prudential Code for Capital Financing in Local Authorities

The figures set out below include this council's share of the old Berkshire County Council debt that is now managed by the Royal Borough.

	2012/13 Actual	2013/14 Estimate	2014/15 Estimate
Capital Expenditure (£m)	£17.0m	£34.0m	£28.6m
Ratio of financing costs to net revenue stream			
- Non-loan financed	16.6%	31.1%	26.9%
- Loan financed	7.1%	7.3%	7.7%
Capital Financing Requirement (£m)	61.7	65.4	67.0

In respect of its external debt, the Council approves the following authorised limits for its external debt gross of investments for the next three financial years.

	2012/13	2013/14	2014/15
Authorised limit for external debt (£m)	£80m	£84m	£87m

The Council also approves the following boundary for external debt for the same period.

	2012/13	2013/14	2014/15
Operational boundary for external debt (£m)	£64m	£67m	£69m

The proposed operational boundary for external debt is based on the same estimates as the authorised limit but reflects the Head of Finance's estimate of the most likely, prudent but not worse case scenario, without the additional headroom included within the authorised limit to allow for example for unusual cash movements, and equates to the maximum of external debt projected by this estimate. It include both long and short term (i.e. less than 365 day) borrowing.

The estimate of the **incremental** impact of capital investment decisions proposed in this report, over and above capital investment decisions previously taken by the Council is:

	2013/14	2014/15
for the Band D Council Tax Payer	£8.09	£12.05

Interest Rate Exposure

It is recommended that the Council sets an upper limit on its fixed interest rate exposures for 2012/13 to 2014/15 of 90% of its outstanding principal sums (net of investments)

It is further recommended that the Council sets an upper limit of its variable rate exposures for 2012/13 to 2014/15 of 30% of its outstanding principal sums (net of investments)

This means that the Head of Finance will manage fixed rate interest rate exposures within the range 70% to 90% and variable interest rate exposures within the range 10% to 30%. This is a continuation of current practice

Royal Borough of Windsor & Maidenhead Approved Lending List @ December 2013
(Approved by Cabinet on 24/10/13)

Fitch Ratings	FITCH ShortTerm Rating	FITCH Long Term Rating	FITCH Outlook	Max. Sum To Be Lent £m

SHORT TERM RATING

Expectation of timely repayment of financial commitments.

F1+ is most likely to repay on time, **F1** Highest Credit, **F2** Good, **F3** Fair, **B** Speculative, **C** High Default Risk

LONG TERM RATING

Expectation of credit risk. **AAA** is the least risky, ie little credit risk. **AA** Very High Credit, **A** High, **BBB** Good
Below BBB indicates non-investment grade

Report by the Head of Finance

The Head of Finance as the Council's chief finance officer is required, under s25 of Part 2 of the Local Government Act 2003 to report to the Council on the robustness of the estimates.

1. The Revenue estimates have been drawn up using 2013-14 as a base and adjusting that base using best estimates of known changes.
 - Inflation and pay awards. Inflation on contracts has been applied using the appropriate indices. A £150k provision has been made for staff pay. Use of this provision will be the subject of a report to the Employment Panel
 - Revenue effects of the capital programme
 - Changes in specific grant income
 - Unavoidable increases in costs
 - Changes in income from fees and charges
 - Policy commitments of the Council
 - Changes in services resulting from statutory changes
 - Outcomes of Service Reviews
2. The Financial impact of the above has been calculated using the best estimates available to the Head of Finance and his staff.
3. Each Director is satisfied that the resources proposed in this budget would, if approved by Council, be adequate for them to fulfil their duties and deliver the policies of the Council.
4. Capital Programme
5. The Capital Programme has been compiled using reasonable estimates of costs. These estimates are based on:
 - Schedule of rates
 - Tender sums
 - Market rates for similar work
 - Scales of charges for professional fees
 - Income from sales of surplus capital assets and developer contributions
 - Income from Government grants.
6. The size of the Capital Programme has been determined with regard to the resources available to finance it.

Capital Resources

A proportion of the Council's Capital Programme is of a recurring nature relating to 'short-life assets'. Whilst it is common practice to fund this expenditure from long term borrowing the Borough is now able to fund all its 'short-life assets' (plant, vehicles and equipment) from revenue.

1. The Council continues to actively pursue developer's contributions, which have become an important source of capital funding. To date in 2013-14 the Borough has received £4.70m which compares with £6.81m received in 2012-13.
2. New schemes, that attract s106, totalling £2.53m, have been included in the proposed capital programme.
3. It is anticipated that the Council will use any Capital Receipts received in 2014-15 to fund the committed programme. The Council's policy will continue to avoid linking receipts with specific initiatives, unless there is a clear link and to make any receipts the first call on any requirement for Borough funding for the capital programme.
4. Capital Grants - the Council has been notified of the following Capital Grants to date that will be used to support the Capital Programme.

	2013-14 £m	2014-15 £m
Schools Devolved Formula Capital inc VA Schools	0.422	0.417
Universal infant free school meals	0	0.357
DFE Capital Grants inc VA Schools	5.911	7.008
Transport – LTP	2.555	2.777
Local Sustainable Transport Grant	0.233	0.122
Disabled Facility Grant	0.317	0.325
LASSL (Social Services)	0.256	0.261

5. Government grants, new and accumulated, fund £20.82m of the proposed capital programme.
6. Reserves earmarked for capital purposes – the Borough's Capital Fund is designed to fund up to £1.6m of short life assets each year.
7. Borrowing – the Council has the ability to borrow money over periods up to 60 years to finance investment in its infrastructure.

8. Minimum Revenue Provision (MRP) – Capital financing regulations require local authorities to include in its annual budget requirement a minimum revenue provision for the repayment of any long term loans taken out to finance capital expenditure. The level of this provision is defined by the Council as part of its Treasury Management strategy. In theory this provision builds up a cash reserve that is available to repay that loan on its due date, in practice however local authority Treasury Management policies allow this cash to be used (particularly when returns on the investment of that cash are low) to finance new capital spend. This is done on the understanding that when loans are due to be repaid they are refinanced rather than repaid. Over the next 3 years a further £2.5m of MRP will become available annually.
9. With the Capital Fund discussed above, recycled MRP provides revenue funding sufficient to finance a £4m programme funded from Council Resources i.e. excluding grant and developer contributions.
10. The proposed capital programme takes account of the need to spend capital to maintain and improve the Council's capital assets, and to invest to achieve future savings.
