

FEES CHARGES 2009/10

LEARNING & CARE

GENERAL

These charges are operative from 1st April 2009, except where they are based on Income Support rates, in which case they are operative from the date these are updated .

Charges to Other Local Authorities, and to users of the service assessed as being full cost payers, are generally calculated according to a formula which accounts for direct costs, administration overheads and, where appropriate, the use of capital assets.

Other charges are reviewed annually taking account of government guidance and changes in the levels of pay and prices, and may be rounded to the nearest 5p or 10p in order to facilitate the collection of cash. For services where daily rates apply charges are set at multiples of five or seven. Others rates are set to equal an exact amount of Income Support benefit.

LEARNING & CARE

GENERAL

These charges are operative from 1st April 2009, except where they are based on Income Support rates, in which case they are operative from the date these are updated .

The new season ticket charges to pupils not entitled to free home to school transport apply from the start of the 2009-10 academic year.

Charges to Other Local Authorities, and to users of the service assessed as being full cost payers, are generally calculated according to a formula which accounts for direct costs, administration overheads and, where appropriate, the use of capital assets.

Other charges are reviewed annually taking account of government guidance and changes in the levels of pay and prices, and may be rounded to the nearest 5p or 10p in order to facilitate the collection of cash. REPORT TO CABINET

Title: 2009/10 FEES AND CHARGES REPORT
Date: 18 December 2008
Member Reporting: Councillor Hilton
Contact Officer(s): Andrew Brooker, Head of Finance, 01628 796341
Peter Brown, Chief Accountant, 01628 796207
Wards affected: All

1. SUMMARY

- 1.1.1 The report considers increases in the Fees and Charges roughly in line with the September 2008 inflation (5%).

2. RECOMMENDATION

That Cabinet approve the Fees and Charges contained in Appendix A of the report

What will be different for residents as a result of this decision?
--

The increasing Fees and charges in line with September RPI will help keep Council Tax increases to below RPI.

3. SUPPORTING INFORMATION

Fees and Charges

- 3.1.1 September RPI sets the level that Government will use in assessing increases in 2009/10 pensions and benefits and at 5% is the baseline chosen for increases in fees and charges.
- 3.1.2 In setting the charges for 2009/10 the Council has sought to ensure that any change will not adversely impact on its strategy to support recreational activities or affect the trading position of the services it offers generally.
- 3.1.3 The detailed Fees and charges proposals are contained in Appendix A

4. OPTIONS AVAILABLE AND RISK ASSESSMENT

4.1 Options

	Option	Comments	Financial Implications
1.	Approve the fees and charges as set out in Appendix A	This is in accordance with the Medium Term Financial Plan and will enable	Revenue: some (-)£1m

	Option	Comments	Financial Implications
2.	Modify the fees and charges proposals	May reduce the Councils ability to restrict Council Tax increases	Revenue: Unknown

4.2 Risk assessment

- 4.2.1 The current economic climate may reduce income from areas susceptible to economy changes. Examples include car parks, land charges, planning fees, Leisure income etc. It is difficult to assess the impact of changes in these areas. However, a 1% reduction in income equates to some £260k. As the economic changes are expected to be short term it is possible to utilise balance to cover small shortfalls, However, the Head of Finance will keep this situation under strict review during 2009/10.

5. CONSULTATIONS CARRIED OUT

- 5.1.1 All lead members consulted
- 5.1.2 Chambers of Commerce will be consulted
