Investigator action 21/04/2015 12:25 [REDACTED] No T1500288436 File required Closed
 Log entry: I have attended the victim's address today due to the lack of contact via the telephone. He stated that he did not have a phone any more, which is why I have not been able to get hold of him. He has stated

that he heard the suspect in this case had lost his job as a result of the police action on the night, and feels that this is punishment enough and does not want to pursue a criminal complaint as well as that. He has provided a PNB entry to this effect and declined to provide a statement.

As this was such a low level assault, which was provoked by the victim in the first place, and given the fact that he is no longer supporting, and that the CCTV was not produced in a timely manner by the venue, I don't think it is in the public interest to pursue a victimless prosecution of the suspect. The victim is aware and happy that the case was followed up on. Task sent for S/R and filing. GEN40 submitted regarding obstructive nature of the venue regards the CCTV.

From viewing the CCTV the OIC believes that this may not be the case as it appears the offender has jumped into the nearest taxi he can find. OIC believes the taxi was nopt pre-booked. RBWM licensing department informed. A4. Statement needed from [REDACTED] ICEMAIL left on his phone to contact OIC. I have the contact details for the owner of ISTANBUL kebabs [REDACTED] from the cctv it appears that the istanbul kebabs bouncer arrive after the punch had been thrown. Log entry: ERO REVIEW-
 I have reviewed this case and applied the full code test.
 This is a case where [REDACTED] has been in the town centre after a night out which after his behaviour has resulted in him being assaulted by [REDACTED].
 [REDACTED] is seen on CCTV to be acting in a disorderly manner. He has been seen to bump into a couple walking down the street before then bumping into [REDACTED]. This can be seen to instigate verbal altercation between both [REDACTED] and [REDACTED] before pushing and shoving between the two is seen.
 This carries on with punches being thrown by both parties when [REDACTED] (a taxi marshal) has tried to split up both parties. [REDACTED] has continued to act in a disorderly and aggressive manner trying to get at [REDACTED] and is seen to push [REDACTED] also.
 [REDACTED] and his friend walk off shortly followed by [REDACTED]. The CCTV shows further altercation between [REDACTED] and [REDACTED] a security guard at the kebab shop and comes over to intervene and flag down police. [REDACTED] can clearly be seen to punch [REDACTED] once to the head causing him to fall flat on his back in the middle of the zebra crossing.
 [REDACTED] and [REDACTED] were both with a friend [REDACTED] however both have refused to provide a statement or account.
 [REDACTED] and [REDACTED] both have provided statements and their accounts are corroborated by the CCTV. [REDACTED] clearly states that [REDACTED] was acting in an aggressive and disorderly manner towards [REDACTED] by intending to start a fight with the male, as well as antagonising other members of public walking past and this is all on CCTV.
 [REDACTED] stated that both the males were pulling and pushing each other having an altercation although did not see who actually punched [REDACTED] to the floor as he was flagging down police.
 The CCTV corroborates the two witness statements provided which evidence both males acting in a disorderly, aggressive manner towards each other, and [REDACTED] towards other unknown members of public.
 [REDACTED] has been interviewed and answered no comment to all questions.
 [REDACTED] has been interviewed and stated that he couldn't recall the incident but having been shown the CCTV was acting in a disorderly manner but was being aggressive due to being provoked and acting in self defence.
 [REDACTED] will not support an allegation of assault and so I recommend that [REDACTED] is charged with Section 4 public order. The case is in the public interest and there is a RPOC due to clear CCTV of the incident.
 I recommend that [REDACTED] is charged with section 5 public order due to his behaviour seen on CCTV and corroborated in a witness statement giving a RPOC. Due to not making full admissions an out of court disposal is not available and this case is on the public interest due to his behaviour in a public place and towards innocent members of the public.

Log entry: This enquiry was left in the Violent Crime enquiry tray at Windsor so statements and enq's could be progressed, thus far there are still outstanding witnesses / aggds to contact, i have now taken the job out of the tray and returned it to the oic to progress enquiries, which include making contact with outstanding witnesses to see they are willing to provide statements, CCTV has been recovered and viewed, and it is hard to tell who are the main offenders / aggds, and the outcome of this case will rely on statements obtained from witnesses.

Inspector review 16/05/2015 17:55 [REDACTED] No

Log entry: I assess that this investigation is progressing diligently with excellent OIC updates. The investigation is progressing well towards a positive resolution which fully reflects the Policing values but is hampered by the lack of engagement from those involved..

Investigator action 25/05/2015 09:22 [REDACTED] No

Log entry: I spoke to [REDACTED] last week and discussed the cctv with him that actually shows either himself or another male in his party initiating the fight with the other party. we have no complaint from the other party and anyone else involved and now [REDACTED] has stated he does not wish to take this matter further. he requested last week he would like to see the cctv which I have stated he can do. He did not get back to me regarding this. I have tried to make contact with him again and left a message for him to call me back if he still wishes to view the cctv.

Sergeant review 01/06/2015 22:39 01/06/2015 22:39 [REDACTED] No

Log entry: Enq 's have been completed, this was a fight outside the Istanbul Kebab House, in Victoria Street, Windsor, btwn two groups of men under the influence of alcohol, on the night due to resourcing issues, and trouble confirming who was the aggressor from CCTV (LV), arrests could have been made, but it would have been 8 persons for Affray, so names were taken on the night, although all persons on the night, did not wish POlice Involvement and did not make any complaints, and ViolentCrime Enquiry Package was put together for further work to be completed by Shift Officers at Windsor, as a result of those enq's only one person made a complaint, no one else wish further Police Action, CCTV was recovered and the only person who has made the complaint appears to be the main aggressor, he has be advised of this, therefore as this enquiry has now dragged on for a few months now, I see no reason for this matter to be progressed any further and do not believe it to be in the public interest to proceed, this job can now be filed.

Log entry: I have been asked to extend bail and have discussed this case verbally with the OIC. Only evidence so far is statement from agg?d and his sister, who is not independent. There are other o/s witnesses, mainly friends of both sides, and two live out of area. OIC has made attempts to contact these without success so far. However in the interests of justice these should be obtained in order to provide as clear a picture of the incident as possible prior to any decision being made. Re bail recommended.
