#### **REPORT SUMMARY**

- 1. This report is an update to members on the Council's financial performance in 2016-17. Services are currently projecting a £111k overspend. Non-service variances are projected to be a £170k underspend. There is therefore a projected underspend of £59k on the General Fund.
- 2. The Council remains in a strong financial position with healthy reserves. The Council's Development Fund currently has a balance of £1.208m. Overall our combined General Fund Reserves sit at £6.166m in excess of the £5.27m recommended minimum level set at Council in February 2016.

# 1. Details of Recommendations

## **RECOMMENDED:** That Cabinet:

- i) Notes the report and the projected outturn position.
- ii) Approves the changes to the Children's Services capital programme mainly resulting from lower than anticipated Condition Grant (see paragraph 4.6 and appendix E).
- iii) Approves the addition of £89k s106 funded capital budget for the Youth Centre & Equipment Modernisation Programme. (see paragraph 4.7).
- iv) Approves the addition of £74k s106 funded capital budget for additional works to the Devenish Road / Bagshot Road Roundabout scheme (see paragraph 4.8).
- v) Approves the addition of £64k s106 funded capital budget for Local Safety Scheme Clarence Road / Alma Road (see paragraph 4.9).

# 2. REASON FOR RECOMMENDATION(S) AND OPTIONS CONSIDERED

2.1 As this is a monitoring report decisions are normally not necessary but may be required for some budget movements.

# 3. KEY IMPLICATIONS

Defined Outcomes	Unmet	Met	Exceeded	Significantly Exceeded	Date they should be delivered
General Fund Reserves Achieved	Below £5.0m	£5.0m- £5.49m	£5.5m- £6.0m	Above £6.0m	31 May 2017

The General Fund Reserve is £4.958m and the balance on the Development Fund is £1.208m. The combined General Fund and Development Fund reserves now sit at £6.166m. The 2016-17 budget report recommended a reserve level of £5.27m or more to cover known risks for 18 months. For a complete breakdown of the balance on the Development Fund see appendix D.

#### 4. FINANCIAL DETAILS

4.1. The Strategic Director of **Adults, Children & Health Services** reports a projected outturn figure for 2016-17 of £57.139m against a controllable net budget of £56.984m, an overspend of £155k. This is a reduction of £8k on the £163k overspend reported to Cabinet in June.

The most significant variances are:

• An increase of £193k in the pressure on costs of providing services to those with a learning disability and mental health problems, bringing the aggregate projected pressure for the year in these services to £440k. The

additional cost is due to the changing care requirements of a small number of residents with high needs.

- A reduction of £137k in the estimated cost of providing service to older people due to lower demand for services.
- Overspends due to the additional cost of agency staff in key posts across Commissioning (£78k), the Pods (£142k), and the MASH (£336k) and Children's disability teams (£97k). Recent initiatives to recruit permanent social workers and team managers are expected to result in a reduction in costs that will be reported in future finance updates when appointments are confirmed.
- These overspends are mainly being covered by projected underspends on the care costs of children in care, particularly in internal fostering (-£150k) and leaving care (-£75k), and children with disabilities (-£376k). This is mainly due to fewer than expected numbers requiring high cost support.

There are no projected variances to report in the HR budget. In addition to the above variances, the following specific items and risks have been identified as having a potential impact on the budget position this year. These are not reported in the above variances:

- Home to School Transport outturn projections will become clearer in September when demands on transport provision from new pupils are confirmed, but if spending continues at the same rate as in 2015-16, the additional budget allocated for 2016-17 could result in a further pressure of up to £300k. Actions being taken to address these pressures include reshaping transport policy and increasing numbers of high needs places in all areas to help provision in local schools and reduce reliance on expensive transport.
- There are a small number of high cost cases where the liability of the Council to meet their costs is uncertain either due to their Ordinary Residence or due to their eligibility for Continuing Health Care funding. This risk remains unchanged from the detailed position reported last month with the maximum additional cost to the Directorate estimated at £262k, and the maximum saving if all cases were settled in favour of the Council estimated at £692k this financial year.
- 4.2. The Strategic Director of **Corporate and Community Services** reports a projected outturn figure for 2016-17 of £5.027m against a controllable net budget of £5.071m, an underspend of £44k.

The main budget issues relating to the underspend are as follows:

- The Planning, Development and Regeneration Service reports a £10k budget pressure due to unavoidable roof repairs in the Theatre Royal Windsor.
- The increased frequency of building cleaning in our Administrative Buildings has increased the cost of the cleaning contract by £7k and this is unbudgeted.
- There is estimated to be a potential £45k shortfall in income generated from ticket sales and advertising in Tourism Support.

- A net £50k underspend is projected as a result of a number of vacant posts in Finance some of which are being filled by Agency staff.
- An underspend of £56k is forecast on the Shared Legal Service. This is currently being reported by Legal Services but the saving may be reallocated at a later date.

Further savings are anticipated before the year end resulting from early implementation of 2017-18 budget savings. These are still being consulted on and variances have not been included in this report. However, an overall underspend on the Directorate budget is anticipated at the year end.

4.3. The Strategic Director of **Operations and Customer Services** projects a balanced budget position on the directorate 2016-17 approved budget of £20.201m.

In addition, the directorate management team is conducting an exercise to deliver significant in year savings.

We anticipate an underspend position for the full year.

#### 4.4. **Revenue budget movements this month:**

	£000
Approved Estimate	82,139
Cleaning & maintenance costs at Cox Green Youth Centre	20
Redundancy costs funded by provision	97
Service Expenditure Budget this Month	82,256

#### 4.5. Capital Programme

A summary of the capital programme is summarised below and in Appendices B and C.

The approved 2016-17 capital estimate is £42.469m; the projected outturn for the financial year is £42.469m. The capital outturn in 2015-16 was £27.421m.

#### 4.6 Children's Services – Condition Grant 2016-17

The Children's Services 2016-17 capital programme was approved by Cabinet in December 2015. At the time, the level of condition grant from the DfE was unknown. The grant has now been confirmed resulting in an £532k decrease.

Between November and May, building services have been working on the highest priority schemes and most are now out to tender. They have also been assessing the detail of the lower priority schemes. These detailed assessments have led to some changes to the cost estimates with two rising and eight decreasing because lower cost repair solutions have been identified. The revised allocation of condition grant is set out in Appendix E.

Cabinet is requested to approve these scheme changes.

#### 4.7 Youth Centre & Equipment Modernisation Programme – Capital programme addition 2016-17

The Youth Service operates a number of Community and Youth Centres across the Borough. It is proposed to spend S106 funds on a range of projects to replace, improve and expand community facilities including, but not limited to, the following: sports equipment, furniture, indoor and outdoor climbing facilities, trailers and mobile equipment.

These Projects have been included in the Supplementary Planning Document project list and the Service has now accumulated sufficient funds for the projects to be undertaken.

The additional capital budget of £89k will be fully funded from S106 contributions.

#### 4.8 Devenish Road / Bagshot Road Roundabout scheme – Capital programme addition 2016-17

Devenish Road / Bagshot Road roundabout is an existing scheme within the Highways annual works programme.

An additional S106 funded budget is requested to cover the following additions beyond the scope of the original budget:

Diversion of increased length of gas services; new fencing to screen residential properties after tree clearance; retaining wall to enable mature trees to be retained; imprint to roundabout overrun; manual control of lights at school peaks; additional pedestrian protection through site during the build.

The additional capital budget of £74k will be fully funded from S106 contributions.

#### 4.9 Local Safety Scheme - Clarence Road / Alma Road – Capital programme addition 2016/17

Local Safety Schemes is an existing work programme in the annual Highways works programme. Additional capital budget is requested for Clarence Road /

Alma Road. This will be for a signal upgrade including provision of pedestrian facilities.

The scheme will enable the installation of pedestrian facilities at a key junction to the west of Windsor town centre. Pedestrian facilities have been requested by residents on a number of occasions. A signal upgrade will reduce congestion whilst also improving pedestrian safety and accessibility.

The additional budget of £64k will be fully funded from S106 contributions.

### 4.10 Minimum Revenue Provision (MRP) 2016-17

In 2016-17 the Minimum Revenue Provision (MRP) charge is £130k higher than originally estimated. The MRP calculation is based on capital expenditure and financing relating to the 2015-16 capital programme and is estimated when the budget is approved.

The increase this time is due to two main issues:

- The low level of capital receipts to fund the capital programme.
- An increase in corporately funded infrastructure asset expenditure, which is written down at an MRP rate of 5%. The average rate is normally expected to be 2% of capital expenditure.

#### 4.11 Drawdown of the provision for the clearance of Shurlock Road.

In March 2013 a provision (£300k) was created for legal and other costs that may be incurred in clearing the Shurlock Rd. traveller site.

No costs, as yet have been incurred but are currently estimated to be  $\pm 100$ k.Therefore the balance of the provision ( $\pm 200$ k) has been drawn back to the General Fund.

#### 5. LEGAL IMPLICATIONS

5.1 In producing and reviewing this report the Council is meeting legal obligations to monitor its financial position.
