Note	Comments
1	High Needs Block unreported savings plan to be delivered of £600,000 based on progress in summer term estimated risk of non-achievement £200,000.

4 PROJECTED RESERVE BALANCE

- 4.1 The net overspend will be an additional pressure on the dedicated schools grant reserve which as at 31 March 2018 was a deficit of £1,212,000; the revised projected deficit as at 31 March 2019 has increased by £134,000 to £1,346,000.
- 4.2 The projected reserve balance as at 31 March 2019 of £1,346,000 excludes the Risk & Opportunities Register net balance of £200,000 overspend, therefore the projected reserve balance as at 31 March 2019 could increase to £1,546,000.

5 FUTURE ACTION

- 5.1 The level of overspend in the High Needs services remains unaffordable for the Council.
- 5.2 A significant amount of work has been undertaken to evaluate the options to manage demand and control expenditure. The Special Educational Needs & Disability (SEND) Action Workstream are focusing on reducing the number of out of borough placements, raising standards, performance and improving value for money.
- 5.3 A range of services including the statutory Pupil Referral Unit, Fair Access fund and Wellbeing are funded from the High Needs Block along with a number of places in alternative provision. The local authority, in partnership with providers and schools, will assess the impact and priority of the services over the coming months, and bring forward a cost reduction programme for consultation with the Forum.

- 5.4 Existing cost control measures such as rejecting top up increment requests from Non Maintained Special Schools, and reviewing the impact of the highest cost provision will continue.
- 5.5 The 2018/19 budget relies on promoting independence and use of the local education offer, managing increasing demand for services through increased early intervention, working with partners to ensure that everyone involved in a child's education is confident in supporting children with additional needs and increasing the amount of local provision as well as ensuring that provision is aligned to need. These themes continue in 2019/20 and 2020/21.
- 5.6 The financial trajectory will need to be carefully monitored in 2018/19 to ensure that the level of spending on education services is affordable. Schools Forum and schools will have a clear role in monitoring the position and in implementing the plans in partnership with AfC and the Council.
