### 1. SUMMARY

- 1.1 Since the publication of the main report the applicant has requested that condition 2 attached to planning application 21/02367/FULL is reworded to refer only to the first-floor extension. The materials for the single storey extensions have already been approved and the extensions have been constructed. Therefore, no further approval is required and reference to the single storey extensions can be deleted from the condition. The rewording, as set out below, has been agreed with the Conservation Officer and the applicant.

**It is recommended the Committee grants planning permission with the conditions listed in Section 13 of the main report with the amendment to condition 2 below.**

### 2. CONDITION RECOMMENDED FOR INCLUSION IF PERMISSION IS GRANTED

- 2.1 Condition 2 to be reworded as follows:

Prior to the commencement of the first-floor extension a sample panel of brickwork approximately 1m x 1m showing the bricks, method of bonding, colour and mortar mix and jointing shall be prepared on site and approved in writing by the Local Planning Authority. The external surfaces of the building shall thereafter be finished in accordance with these approved details.

Reason: To preserve or enhance the character and appearance of the Conservation Area.  
Relevant policy CA2.
