Agenda Item 6

# Digital Infrastructure Group

**WHO ARE  
THEY?**

Pan Berkshire Local Authorities, working collectively with the Local Enterprise Partnership to deliver and achieve improved digital connectivity across Berkshire

4

**COLLECTIVE  
AIM**

By working closely together we will achieve a  
Connected Berkshire

# Why be part of DIG?

To improve digital connectivity across the borough supporting the broader corporate plan goals.

Providing opportunity for residents and businesses and supporting innovation through emerging digital technology.

Have a uniform approach to working with suppliers, we are committed to making the Council easy for infrastructure companies to do business with.

Recently launched the Digital Adoption Strategy which will help encourage investment and businesses to the region to push the boundaries of what is possible and help make it a truly, Connected Berkshire!

# What are the benefits?

Our borough will become better, have high speed broadband available and universal high quality mobile network coverage.

- Broader and faster broadband coverage.
- Ensuring mobile coverage and enabling 5G roll out.
- Enabling opportunities for emerging digital technology (e.g. internet of things, smart cities)

# What is currently happening.....

- Engaging with multiple providers and facilitating the roll out of FFTP in the borough.
- CityFibre have completed the roll out in Maidenhead and mobilisation will commence in Windsor early 2024.
- Currently rolled out FTTP to 26 schools within RBWM allowing them the choice to connect
- Engaging with multiple mobile network providers on the roll out of 5G mobile connectivity – Windsor will be one of the first areas in RBWM to have a small cell deployed
