REVIEW OF RBWM'S PRIVATE HIRE AND HACKNEY CARRIAGE OPERATOR, VEHICLE & DRIVER POLICIES AND CONDITIONS

Alan Barwise, Licensing Team Leader, starter the discussion on the policy by highlighting and correcting an error on page 29 of the Hackney Carriage Driver and Vehicle Draft Policy and Conditions. The error was that the original document stated wheelchair accessible Hackney vehicles had to be under five years of age when first registered. It should be under three years of age.

Alan Barwise continued to explain that this policy was having its regular review and that it had already been discussed at the October Meeting. The consultation had received two responses, one from Mr. Mohammad Yasin, Chairman of RBWM taxi association and the other one from Windsor Cars.

Alan Barwise went through the report from point 2.7 – 2.9 onwards as below:

2.7 Medical for Drivers

DVLA guidance was being followed in making the changes from a medical every five years to annually after 65 years of age.

2.8 Temporary Vehicle Licence Fees

The fee has not been raised for many years. The current £80.00 fee does not cover the work being carried out hence the suggestion to increase to £120.00 which would just cover the work that is carried out.

2.9 Annual Driver Checks

An annual check of drivers would be for the safety of our residents. The cost of the check would be \pounds 7.50 per driver and would provide more detailed information than the free DVLA service.

Mr Mohammad Yasin, Chairman of RBWM taxi association, raised his concerns to the Panel. Points raised by Mr. Yasin included:

- The increase in fees for the temporary vehicle licence was an increase of 50% which was too high.
- Council required the same paperwork so why was the increase necessary?
- The annual driver check was available on the DVLA website, free of charge, so why was the council charging and what additional checks were needed?
- How many more identification plates were required per taxi when there were already three external identification plates.

The Panel discussed the points in the draft policy as follows:

2.7 Medical for Drivers

Members raised the following points:

- How long have RBWM been following the guidance, Alan Barwise advised that RBWM had always followed the guidance, this was just an updated policy, in effect from 2016.
- Concerns over events effecting older drivers especially with the incidents recently. Councillor Wilson was supporting the annual medicals of over 65 years. It was the boroughs responsibility to ensure that drivers are competent and fit to drive and look after the safety of our residents.
- The borough have a duty of care, safety and safeguard. Councillor Grey was in favour of the annual medicals. The cost implication of £80 £100 per year of the medical, to the driver was raised.
- Private Hire Cars were carrying passengers for long distances so checks were very necessary.

The Licensing Panel agreed unanimously that the annual medical checks for over 65 years were carried out.

2.8 Temporary Vehicle Licence Fees

Points raised by Members included:

- Councillor Grey asked about how many requests had come in. Alan Barwise advised that in the last year, 131 temporary vehicles were issued.
- There was a significant amount of work for officers and insufficient staff will be available to do the work. The increase seemed very reasonable.
- Councillor Cox requested information on what work was actually carried out by officers and what documentation was required. Officers explained that they would have to liaise with insurance companies, vehicle companies and drivers. Alan Barwise explained that since the main issue was to get the drivers back on the road working again, all work was carried out very fast and coordination was sometimes difficult. The £120.00 fee was to cover this work. Alan Barwise continued to explain that a proprietors licence was what was needed where the driver would have to show that he had the authority to drive the vehicle and the vehicle was insured to be used as a taxi. Documentation required for the work to be carried out included the insurance certificate, hire agreement, ownership of vehicle with company and a compliance certificate.
- Very labour intensive task.
- From accident to new licence issue, it would take three hours over a couple of days.
- Only cost of work covered, no profit made.
- Members discussed a point that the Chairman raised that why were the council doing all the work when it was the driver who wanted the temporary licence. Councillor Majeed raised that if drivers themselves could gather all documentation, the cost could be streamlined and could stay at £80.00. Alan Barwise advised that this was a service that RBWM provided and occasionally, drivers needed the assistance in gathering all the documentation.

• Craig Miller highlighted that drivers gathering the documentation would increase the time of getting the driver back on the road, working.

The Licensing Panel agreed unanimously that the fees were increased from £80.00 to £120.00.

2.9 Annual Driver Checks

Points discussed by Members included:

- Councillor Cox asked officers if the system informed the council of all accidents that had occurred by the driver. Alan Barwise informed Members that all accidents except insurance based accidents were recorded and reported.
- Councillor Hilton raised the cost implications and that they would remain the same of £7.50 a year and therefore to maintain a secure feeling for licensing and residents, he was happy to support.
- Councillor Bowden asked if accident prone drivers were identified, Alan Barwise advised that all accidents were reportable to the licensing team within 72 hours and drivers would have to inform the council in order to apply for a temporary licence.

The Licensing Panel agreed unanimously that the annual driver checks be carried out.

2.10 Internal Identification Plates

Members discussed the following points:

- Uber and how practical it would be for Uber to have RBWM Identification plates. Alan Barwise advised that Uber uses all local drivers who we licence. Drivers who work for Uber had obtained an operators licence from us, got licence from us and are working with our licence and Uber are very careful and operate very well. The internal identification plates would definitely be more appropriate in Hackney Carriage.
- International passengers to and from the airport, would expect to see identification plates in the taxi's. Photo's of all drivers visible in the taxi's are necessary and there was definitely a need for them.
- Mr. Yasin had highlighted that some taxis already have three plates so how many more were required. Alan Barwise, pointed out that the three plates were all on the outside of the vehicle and the identification plate being discussed was an internal plate.
- Some private hire vehicles would not want the internal identification plates, especially the chauffeur driven style ones. It was agreed that those vehicles that had exemption from carrying the plates would also have exemption from carrying the internal plates.

Members unanimously agreed that all Hackney Carriage vehicles and private hire vehicles would carry internal plates except for those private hire vehicles that had exemption from carrying an external plate.

2.11 Road Knowledge Testing Fee

After discussing that the current fee of £16.00 had been unchanged for over 25 years and it was necessary for drivers to carry out the road knowledge test.

Members agreed to increase the fee from £16.00 to £30.00.

2.12 Convictions

Members agreed that the proposed amendment go ahead.

2.13 Horse Drawn Hackney Carriages

A few errors and repetitions were noted and asked to be amended. They were as follows:

- Page 24, point 4, paragraph b change word "are" to "fare".
- Page 26, paragraph 17a, repetition of words "any person conveyed".
- Page 26, paragraph 17b, change "animals or animals" to "animal or animals".

The policy was unanimously agreed by Members.

Alan Barwise highlighted that section 70 Local Government (Miscellaneous Provisions) Act 1976, where there had been objections to a fee increase, the increase should be implemented within two months of Members decision.

Members agreed to delegate the date of implementation to officers. The Chair and Vice-Chairman to approve any amendments to the conditions.

DATES OF FUTURE MEETINGS

Members noted the next meeting of the Licensing Panel would be Monday 11 April 2016.

The meeting, which began at 6.15 pm, finished at 7.15 pm

REPORT SUMMARY

- 1. RBWM's Hackney Carriage Trade has requested an increase in the current Hackney Carriage fares.
- 2. The last increase came in July 2014 when fares were increased by 3% with a 20p increase per additional passenger for fares of more than 2 passengers.
- 3. Members are asked to consider the requested increase.
- 4. If fares are increased there are no financial implications for the Council but there will of course be financial implications for residents.

If recommendations are adopted, how will residents benefit?				
Benefits to residents and reasons why they will benefit	Dates by which residents can expect to notice a difference			
Residents can be assured of a continuing high standard of vehicles which will be used for the taxi service in the Royal Borough. If drivers' net incomes drop there may well be a drop in the standard of vehicle as drivers will not be able to change vehicles so frequently and to keep up maintenance standards.	31 August 2016			

1. DETAILS OF RECOMMENDATIONS

RECOMMENDATION: That:

Members consider increasing the current Hackney Carriage fare tariffs in accordance with the request of the Hackney Carriage trade.

2. REASON FOR RECOMMENDATION(S) AND OPTIONS CONSIDERED

- 1.1 Section 65 of the Local Government (Miscellaneous Provisions) Act 1976 gives a local authority the power to fix the rates or fares of Hackney Carriages within its area (as well as all other charges in connection with the hire of the vehicle) by means of a table of fares. RBWM's current table of fares for Hackney Carriages is contained in Appendix A.
- 1.2 Mr Yasin, the Chairman of the RBWM taxi association wrote to the Council in December 2015 requesting that the Licensing Panel consider an increase in these fares. His letter is at Appendix B. Most of the letter deals with matters falling outside of this report and which have already been considered by the Licensing Panel. Those matters have been struck through in Appendix B.
- 1.3 The request came too late for consideration at the January 2016 Licensing Panel and the April 2016 Panel was cancelled.
- 1.4 Mr Yasin's letter makes reference to rises in licensing fees. He states: "If the panel let the licensing fee rise by 50% than we request the panel to raise our taxi fare as well. If that fee is to go up by 50% then we request the panel to raise our taxi fare by 80p per journey. If the licensing fee does not go up by 50% then we want just 40p per journey, 40p per extra passenger and baggage. These charges have been worked out on the attached fare template". (Note: the template forms part of Appendix B).
- 1.5 This is a reference to the then proposed increase for <u>temporary</u> vehicle licence fees, which apply following accidents or mechanical problems with usual vehicles. Temporary vehicles can be licensed for up to 3 months. The January 2016 Licensing Panel subsequently approved a 50% increase in such fees from £80 to £120.
- 1.6 The annual fee currently applicable to the granting of a standard new Hackney Carriage licence is £500 (or £315 for the renewal of an existing licence). This has remained static since 2012.
- 1.7 The last increase in Hackney Carriage fares came in July 2014 when fares were increased by 3% with a 20p increase per additional passenger for fares of more than 2 passengers. As stated above, the current fares table is at Appendix A.
- 1.8 If members are minded to increase fares then a statutory process of advertising would need to take place. A notice must be published in at least one of the local papers specifying a period of 14 days from the date of the first publication for objections. Should there be no objections during this period then the revised table of fares would come into effect the day after the last date of objections.

- 1.9 Private Hire and Taxi Monthly publish monthly tables of Councils according to the tariff for a 2 mile Hackney Carriage fare. Full details of the June 2016 fares are contained in Appendix C.
- 1.10 RBWM ranks 249 out of 365 at a cost of £5.40. The highest is Luton (Airport) at £9.20 and the lowest is South Kesteven in Lincolnshire at £3.50. According to the list, all of the Councils close to RBWM rank higher: Wycombe Council at £5.70, Slough and Bracknell Forest at £6.00, Spelthorne at £6.20, Wokingham at £6.40 and Reading and West Berkshire at £6.80.
- 1.11 If Members are minded to consider an increase of fares, then it would be easier for the trade and for officers if any increase is made in rounded figures rather than by way of a set percentage. All Hackney Carriage vehicles are fitted with a meter which must be used on all journeys. These meters are set by two specific companies in the area and a rounded figure is easier to calculate than a percentage increase.
- 1.12 The Association of Taximeter Installers have helpfully produced information showing possible new tables of fares for RBWM based on a number of potential increases. This information is now contained in Appendix D for members to consider.

Option	Comments
1. Leave the fares as they are	Cost to residents and visitors would not increase but drivers' net income would not increase either and their ability to maintain vehicles may diminish leading to a poorer service to residents.
2. To increase RBWM Hackney Carriage fares	This will ensure that drivers have sufficient funds to maintain their vehicles but would increase costs for residents and visitors to the area.
The current basic fares are: £2.80 for the first 1066 yards 20p for each subsequent 200 yard	ls
consider (note that the different di	ossible basic fare increases for Members to stances used are so as to enable round hich assists both drivers and passengers):

Members are of course free to consider any other change as they see fit and reasonable.

5. LEGAL IMPLICATIONS

- 5.1 The power to fix the rates or fares is set out in Section 65 Local Government (Miscellaneous Provisions) Act 1976.
- 5.2 The process is as follows:
 - A notice must be published in a local newspaper, stating the proposed fares or variation of the fares
 - This must specify a date, not less than 14 days from the date on which the notice is first published. That date has two functions; it is the date by which any objections must be lodged; and it is the date on which the revised fares will come into effect if no objections are received.
 - Objections can be sent to the Licensing Team by post or email.
 - A copy of the notice must be available at the Council offices for inspection.
 - Once the objection period of 14 days has expired, if there have been no objections then the new fares take effect at the end of the objection period.
 - If objections are made and not withdrawn then they will be considered by the next Licensing Panel.
 - In the light of those objections the Panel can then set a second date when the new fares come into force.

14/12/15

Dear Mr Chairman,

This letter is regarding some issues we would like to be brought up at the next panel meeting.

 Vehicle's RBWM logo. When we were consulted in 2011, we were shown an A4 size logo sticker (as attached) that would go on the front doors which would cost £5/10. But when the new licenses came after the deregulation of the Hackney carriage policy, the licensing department started putting a large logo, which was originally designed for bin lorries.

The logo cost was originally included in the license fee and existing license holders were told by the licensing officer that they would be given the logo the first time without charge, when they changed their vehicle and they had done this until last month.

Now the licensing department have started charging the existing drivers £170, without any consultation. We request the panel to make the licensing department, introduce a smaller sized logo sticker to the original planned A4 size, and which is also cheaper. Especially since, they are introducing one licensing sticker to be displayed inside the vehicle, there is no need for a bigger logo outside, since there is no benefit to the customer or the trade. But if the panel think the large outside logo is necessary, then we request the panel to fund these from the public fund, due to the cost of these large stickers.

- 2. Licensing badge: All other councils in the country are introducing a 3 year badge, to reduce cost. In neighbouring council's the renewal cost is about £220/£230 for 3 years. We request the panel to follow other councils with the introduction of a 3 year renewal option which is both attractive and cheaper, especially since the amount of admin cost which would be saved.
- DVLA database check: From June 2015 this service is free from the DVLA website, we wonder how the council can charge us £7.5 for this service which is free. We request the panel to remove these charges and make the council refund this fee to the drivers.
- 4. Temporary licence fee: The licensing department want to raise this by 50%. However we were given a taxi fare rise of 3% last time. So if the council are going to raise this fee, this should be in keeping with the rate of inflation rather than a 50 % increase. The price currently is £80, but the council want to increase this to £120.
- 5. Fare rise: If the panel let the licensing fee rise by 50% than we request the panel to raise our taxi fare as well. If that fee is to go up by 50% then we request the panel to raise our taxi fare by 80p per journey. If the licensing fee does not go up by 50% then

we want just 40p per journey, 40p per extra passenger and baggage. These charges have been worked out on the attached fare template.

6. Abolition of the taxi Marshall: Now the Victoria Street, Windsor rank has been established we don't need the taxi marshalls'. Only 15% of drivers use that rank. Why should the rest of us pay if we don't use it? If the panel think it is good for public places, than the council should fund them from the public fund. Also the charge when introduced was £60 per the 96 drivers, now there are 189 drivers, so surely the cost should have been reduced by half. Therefore the council have currently been generating an extra £5580 since the deregulation of the Hackney policy, so where has this extra money been going?

- 7. Weekend private hire office under the arches: When it was introduced there were only 25 taxis now we there are 189. More than 100 of which are working in Windsor on weekends, So there is no longer a need for the private hire office, which originally didn't have any planning. There simply isn't enough demand for 100 hackney carriages plus the additional private hire, so the private hire office should be moved.
- Medical checks for over 65: Currently the policy for medical checks is every 5 years, but the licensing department wants to introduce a medical check for every year after the age of 65. But rather than every year, this should surely be 2 yearly, since the retirement age is increasing.

Yours sincerely

Mohammad Yasin Chairman of RBWM taxi association Current taxi fare chart:
