MEMBERS' GUIDE TO DECLARING INTERESTS IN MEETINGS

Disclosure at Meetings

If a Member has not disclosed an interest in their Register of Interests, they **must make** the declaration of interest at the beginning of the meeting, or as soon as they are aware that they have a DPI or Prejudicial Interest. If a Member has already disclosed the interest in their Register of Interests they are still required to disclose this in the meeting if it relates to the matter being discussed.

A member with a DPI or Prejudicial Interest **may make representations at the start of the item but must not take part in the discussion or vote at a meeting.** The speaking time allocated for Members to make representations is at the discretion of the Chairman of the meeting. In order to avoid any accusations of taking part in the discussion or vote, after speaking, Members should move away from the panel table to a public area or, if they wish, leave the room. If the interest declared has not been entered on to a Members' Register of Interests, they must notify the Monitoring Officer in writing within the next 28 days following the meeting.

Disclosable Pecuniary Interests (DPIs) (relating to the Member or their partner) include:

- Any employment, office, trade, profession or vocation carried on for profit or gain.
- Any payment or provision of any other financial benefit made in respect of any expenses occurred in carrying out member duties or election expenses.
- Any contract under which goods and services are to be provided/works to be executed which has not been fully discharged.
- Any beneficial interest in land within the area of the relevant authority.
- Any licence to occupy land in the area of the relevant authority for a month or longer.
- Any tenancy where the landlord is the relevant authority, and the tenant is a body in which the relevant person has a beneficial interest.
- Any beneficial interest in securities of a body where:
 - a) that body has a piece of business or land in the area of the relevant authority, and
 - b) either (i) the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body **or** (ii) the total nominal value of the shares of any one class belonging to the relevant person exceeds one hundredth of the total issued share capital of that class.

Any Member who is unsure if their interest falls within any of the above legal definitions should seek advice from the Monitoring Officer in advance of the meeting.

A Member with a DPI should state in the meeting: ***'I declare a Disclosable Pecuniary Interest in item x because xxx. As soon as we come to that item, I will leave the room/ move to the public area for the entire duration of the discussion and not take part in the vote.'***

Or, if making representations on the item: 'I declare a Disclosable Pecuniary Interest in item x because xxx. As soon as we come to that item, I will make representations, then I will leave the room/ move to the public area for the entire duration of the discussion and not take part in the vote.'

Prejudicial Interests

Any interest which a reasonable, fair minded and informed member of the public would reasonably believe is so significant that it harms or impairs the Member's ability to judge the public interest in the item, i.e. a Member's decision making is influenced by their interest so that they are not able to impartially consider relevant issues.

A Member with a Prejudicial interest should state in the meeting: ***'I declare a Prejudicial Interest in item x because xxx. As soon as we come to that item, I will leave the room/ move to the public area for the entire duration of the discussion and not take part in the vote.'***

Or, if making representations in the item: 'I declare a Prejudicial Interest in item x because xxx. As soon as we come to that item, I will make representations, then I will leave the room/ move to the public area for the entire duration of the discussion and not take part in the vote.'

Personal interests

Any other connection or association which a member of the public may reasonably think may influence a Member when making a decision on council matters.

Members with a Personal Interest should state at the meeting: ***'I wish to declare a Personal Interest in item x because xxx'. As this is a Personal Interest only, I will take part in the discussion and vote on the matter.***

Public Document Pack Agenda Item 4

LICENSING PANEL SUB-COMMITTEE

WEDNESDAY, 17 APRIL 2019

PRESENT: Councillors John Bowden, Sayonara Luxton and Derek Wilson

Also in attendance: Councillor Leo Walters

Officers: Sarah Conquest, Roxana Khakinia, Shilpa Manek and Steve Smith

APPOINTMENT OF CHAIRMAN

Councillor Bowden proposed Councillor Luxton to be Chairman for the Panel. This was seconded by Councillor Wilson.

RESOLVED: That Councillor Luxton would be the Chairman for the Panel.

APOLOGIES FOR ABSENCE

No Apologies for Absence were received.

DECLARATIONS OF INTEREST

Councillor Derek Wilson declared a personal interest as he was a member of the Bray Parish Council. Councillor Wilson declared that he had also completed the declaration register at the Parish Council where he had declared that if he had commented and voted on an application at Parish level, he would look at the same application with an open mind and with what evidence was in front of him if the application came to borough level.

Councillor Wilson was attending the Licensing Panel Sub Committee with an open mind.

PROCEDURES FOR LICENSING PANEL SUB COMMITTEE

The Chairman explained the procedures for the running of the Licensing Panel Sub Committee. These were part of the Agenda pack.

CONSIDERATION OF APPLICATION FOR A NEW PREMISES LICENCE UNDER THE LICENSING ACT 2003

Licensing Officer

The Licensing Officer, Steve Smith, introduced the application for Members to consider. The Licensing Officer explained that the application related to a new premises license. The Licensing Officer informed the Panel that this was a new application for a premises licence for 5 events to be held at the field within Rinders Farm, Fifield, Maidenhead, SL6 2NS, per year for up to 3000 attendees. The main event being Fi-Fest, a family oriented event over two days which was planned for 13th and 14th July 2019. The opening hours would be 10:00hrs until 23:00hrs on Friday and Saturday and 10:00hrs to 22:00hrs on Sunday.

The Licensing Officer had received no relevant representations from any of the responsible authorities except the Environmental Health (CPES) and Trading Standards who requested a number of conditions relating to one of four key objectives, which were available in the Agenda pack and which had been agreed by the applicant. A large number of emails had

been received from interested parties including Ward Members, the Parish Council and local residents. All the representations were available in the Agenda pack.

The Licensing Officer informed the Panel that Mr Lee Page was the applicant and the Designated Premises Supervisor (DPS) was Mrs Tracey Page.

The Licensing Officer reminded the Panel that they should have consideration for the four licensing objectives when making their decision on whether to grant the new premises licence, modifying the conditions of the licence by altering or omitting or adding to them, or to reject the whole or part of the application.

Questions to the Licensing Officer

Councillor Bowden requested clarification on the condition suggested by Environmental Health. Councillor Bowden continued and asked about the noise levels and effects on the nearest residential property. The Licensing Officer informed the Panel that the noise should not exceed 15 Db. This would be monitored every 15 minutes from the highest noise locations. Councillor Bowden asked the Licensing Officer who had responded from Thames Valley Police and the Fire Authority and was informed that it was the Licensing Officer from TVP and the Fire Safety Officer from the Fire Authority. They always responded and on this application, they both had no issues.

Councillor Wilson requested some clarification on EPL02 and EPL03, conditions suggested by Environmental Health. The Licensing Officer informed the Panel that any conditions could be amended if the Panel felt they wanted to.

Councillor Luxton asked if spot checks would be carried out during the event and was informed that they would be. Councillor Luxton continued and asked if the police would be present at the event and was informed that on a Monday morning before any event, large or small, Thames Valley Police and RBWM Licensing have a meeting and it is decided then. Councillor Luxton asked the Licensing Officer that on EPL10 of the Environmental Health conditions, it refers to contact details in case of a complaint, who would be the contacts. The Licensing Officer informed the Panel that in the first instance it would be the event organisers and then the borough and then to phone 101.

Applicant's Case

The applicants case was presented to the Panel by Mrs Tracey Page, the DPS for the event. Mrs Tracey Page started by giving the Panel some information on her background and the various roles that she had held.

Mrs Tracey Page informed the Panel that she had been involved in running the night time economy business for 18 years, that the family had run a similar event last year on a smaller basis and in a smaller field. Mrs Page informed the Panel that the applicant, her son, lived very close to the location of the field. Mrs Page introduced the applicant, Mr Lee Page and the land owner, Mr Rinder.

Mrs Page informed the panel of all the following points for the application and showed a short video of last year's FiFest event which was on a much smaller scale and in a different location.

The following points were presented to the Panel:

- The application was for five events, one event was equivalent to one day. This application was specific to FiFest, which was a three day live music festival for all the family. The additional two events would be planned around Christmas. FiFest would be over Friday, Saturday and Sunday which would have live music, children's entertainment, food, drink and film.

- The objectives of FiFest were to provide a package of entertainment for all the family including an interpersonal area for children having plays, storytelling, pottery, sandpits etc. None of the live music would be aimed at the young children. There would be a sensory room for autistic children. All the artists, entertainers and vendors would be local to the area.
- All other local events that had taken place in the area such as Holyport Festival, maidenhead Festival, all had capacities of over 3000 people, hence this was the capacity in the application.
- The management plan would be in place 28 days before the event, it was a living document and therefore changing all the time.

Mrs page went through the four licensing objectives and highlighted the following points:

- SIA licenced officers would be in static positions and roaming around at the event.
- There would be an emergency response vehicle on site.
- There would be no untrained volunteers on the site.
- The "Think 25" policy would be operated at the event, all bar staff working at the event were all staff from the family business so had all been trained. There would be no contracted staff. There would be fixed security at the bars to conduct assessments.
- There would be a zero tolerance policy.
- There would be four DPS's on site all day.
- Breathalysers would be used on any intoxicated persons. If levels were high, no more alcohol would be served to them. If very high, they would be escorted to the exit, allowed to make one call to inform others in the event and then escorted off the exit.
- A search policy would be used on entry.
- An external portal was already selling the tickets for the event. Tickets would be scanned on entry and clickers would be used on an in and out basis.
- All risk assessments and plans would be submitted to the Safety Advisory Group at least 28 days before the event.
- All food vendors would be asked to provide food hygiene certificates and gas safety certificates.
- There would be three different types of tickets being sold, one for children, one for adults who had purchased children tickets and the last for other festival goers. The other festival goers would not be able to access the children's areas. There would be static security in position, all would be female SIA trained staff.
- A one use industry standard wristband would be used.
- There would be a lost children's point.
- Noise would be managed as described in the application.

Questions to the Applicant by Members

Councillor Bowden asked if a traffic plan was in place and how all the traffic entering and leaving the event was to be managed. Lee Page informed the Panel that the private land belonged to Mr Rinder and there would be five members of static security in place. The traffic would all be diverted to the left hand side and there would be sufficient signage up to Forest Hill Road for exiting traffic. The entrance from Holyport would turn left onto the Rinder Farm and from Windsor, turn right. A traffic management team would guide all traffic in and out of the venue.

Councillor Bowden continued and asked about further clarification on the bridal ways and the footpaths. Mr Rinder informed the Panel that the bridalways ran through the centre of the site and access was through Holyport and Fifield. The footpaths ran to the side of the fields and no footpaths were being closed. There was limited footpath on the B road but access was quite good by foot. The location of the field excellent, only ten minutes away from junctions 8/9 and 6 on the M4. The emergency access was going to be through the farm on the event days.

Councillor Wilson asked if any of the bridalways were going to be closed during the event days. Lee Page informed the panel that no bridalways were going to be closed during any of the event days. In fact the horse riding clubs were all in support of the event as were the dog and cat home. Mr Rinder informed the Panel that the livestock enjoyed music and accepted it quite well. Music was played to the livestock before milking on his farm.

Councillor Wilson asked how would the emergency vehicles leave the site and were informed that access would be made available and the exit would be through Stroud Farm and an air ambulance site would also be available.

Councillor Luxton asked how many of the SIA staff would be male and female. Lee Page informed the Panel that there would be 32 SIA trained staff and this would be half male and half female.

Councillor Luxton asked how the 32 staff would be allocated and was informed that there would be five static points, each with two staff, two staff would be backstage, eight staff would be between the bar, kidszone and roaming, two would be at the car park and five at the entrance. Two further staff would form a mobile reactive team and three further staff would be roaming.

Councillor Luxton asked why there were only 32 staff and was informed that this was the HSE recommendation. In addition to the 32 SIA trained staff there would be 20 fire marshal's and 12 first aiders and there was a possibility that the street angels would also be on board.

Councillor Luxton asked if a draft plan was in place or would the plan be agreed with Licensing at a later date. The Licensing Officer informed the Panel that if the license was approved, all plans would be presented to the Safety Advisory Group prior to the event.

Other points that were raised by the Panel included:

- Was a dedicated taxi drop off point available at the event and it was confirmed that a point was available.
- When would the Safety Advisory Group meet to discuss this event. The Panel were advised that the Group met on a monthly basis and this was organised by the Licensing team. All events taking place in the borough were discussed at this meeting which was attended by all the blue light services.
- Had the presales been undertaken already for the events. Mrs Page informed the Panel that an independent company were selling the tickets for the event and would be holding the funds. If the event did not take place, all funds would be refunded to the buyers.
- Was there public liability insurance in place and it was confirmed that this had already been put into place.
- The event last year was over two days, were five days needed this year. Mrs Page informed the Panel that they wanted to have an event which was for a reasonable price and with good infrastructure and for this a good capacity was required.
- The Panel were very concerned that the children's zone was so close to the bar and there was only a hedge between them. The Panel were reassured that there was only one access to the children's zone where there would be SIA trained staff.
- How would the guests be controlled on the grounds if they had drunk too much alcohol. Lee Page informed the Panel that roaming staff and bar staff would be monitoring this. If they felt someone had drunk too much, they would be breatherlised.

- If they refused at the entrance, they would be refused entry to the event and on the grounds, they would not be allowed to purchase anymore alcohol.
- There was a zero policy of bringing alcohol into the premises, only soft drinks could be taken into the premises. There was zero tolerance to drugs, every person would be subject to being searched. The applicant would be happy to have drug dogs.
 - The Panel were concerned about the rubbish and mess created as a result of the event. The Panel were advised that marshals would be present and monitoring during the event and within 100m outside the event. After the event 200m outside would be monitored and cleared. There would be signage about rubbish, noise and parking.

Questions to the Applicant by Objectors

None

First Objectors' Case

Ken Elvin, Bray Parish Council Chairman, informed the Panel that Bray Parish Council had unanimously agreed to refuse the application for the following reasons:

- The 2018 venue of the event was different and smaller.
- Safety issue with respect to the field proposed and rights of way and bridleways.
- The entrance of the event was a through route to Windsor, there was little public transport and there would be car traffic to enter the event.
- The neighbours would be affected, especially the horse riding school.
- The event was advertised as a family-friendly event but the children's area was near the bar and the car park.

All the points had been put in the solicitors advice which had been circulated to all Panel Members. Ken Elvin highlighted that there was no operating or transport schedule and safeguarding and health and safety were an issue.

Questions to the First Objector by the Licensing Officer

None

Questions to the First Objector by Legal

Questions to the First Objector by Members

The Panel asked the Objector how he would be affected by the event. Ken Elvin informed the Panel that he lived in the vicinity and had been a part of Bray Parish Council for the past 22 years. Ken Elvin was speaking on behalf of his residents.

Mrs Page informed the Panel that she had been involved in many licensing applications. Normally the Parish Council would invite the applicant to discuss the application and answer any questions. Bray Parish Council had been contacted by the applicant but had not been invited to any meetings where the application had been discussed. Ken Elvin pointed out that many of the issues they had had been addressed. Mrs Page continued to inform the Panel that there were no newt presence on the site, no footpaths were being closed, Green Lane did provide parking points and no accidents had been reported. There had been no objectives from the horse riding school and FiFest was not proposed for school holidays.

Mr Rinder pointed out that the bridleways were used as a by-way and carts track for the public. The Rinder Family had cleared all the paths for the use of the public.

Second Objectors' Case

Councillor Leo Walters, Ward Councillor, informed the Panel that the 2018 event was very different, it was on a smaller scale and on a different field. Of the 81 supporters, not many were local and all the 21 objectors were local.

The lanes around the proposed field were very narrow with hardly any footpaths, this could have very serious effects.

Councillor Walters felt that the four licensing objectives were not being met.

Mrs Page informed the Panel that both local horse riding schools were in support of the application. All footpaths were going to be kept open.

Applicant's Summary

There was local support for FiFest from attendees of last year's event. The applicants were members of the local community, professionals in the field and had knowledge of the licensing objectives. The applicants wanted to engage with anyone who had an objection. The children's entertainment, musicians, food stalls were all local businesses. The alcohol was from a local brewery. The staff were all local too.

The applicants had an impeccable history of running licenced premises.

There had been no objections from interested parties, only conditions, which had all been accepted.

Objectors' Summary

The objectors highlighted that it was a false premise and it was not the same event as last year. The event was solely to make money. The local residents were very concerned. The legal advice from Bray Parish Council pointed out all the inefficiencies. There was no completed operating procedure.

Licensing Officer Summary

The Licensing Officer pointed out that the SIA standards Green guide stated that an event of this size should have 1:100 trained staff, sufficient SIA trained staff were being provided for the event. Each event was counted as one day. The applicants were happy with three days instead of five days.

Decision

The Sub Committee carefully considered all the submissions and noted that there were no objections from the responsible authorities which included RBFRS, Planning, Local Safeguarding Children's Board, Public Health, Thames Valley Police and RBWM Licensing. The Panel noted a submission made in the form of an email from Environmental Health and Trading Standards requesting conditions to be added to the application, which had been agreed by the Applicant.

The Sub-Committee after very careful consideration, decided that the application for a new premises licence should be refused for failing to promote the four licensing objectives; the prevention of crime and disorder, public safety, the prevention of public nuisance and the protection of children from harm.

The following points were highlighted:

- The wider community interests – the character of the surrounding area, there were no footpaths on the Forest Green Road where the festival exit was proposed and customers could park their cars and walk across to the festival. There were no footpaths for most of Gays Lane, only ditches on either side. The festival would also affect the bridle ways and the public footpaths.
- The wider community interests – no measures of dealing with queuing of customers entering the festival and dispersal of customers from the festival; insufficient information on taxi marshalling and dedicated pick up and drop off points.
- Promoting the prevention of Crime and Disorder – concerns of the Panel included insufficient search procedures in place, no use of CCTV, no measures in place for promoting zero percent tolerance to drugs. The Panel felt that not enough staff would be at the festival to carry out in-depth searches for drugs and weapons on the entrance. For a crowd of 3000 people, not enough staff would be present to control binge drinking and the consequences of it.
- Promoting the prevention of public nuisance – The Panel were concerned about the disposal of waste, particularly glass, the litter in the vicinity of the premises during and after the festival, the noise from deliveries and collections, insufficient measures in place to control behaviour and queues, not enough door supervisors to encourage quiet departure. The Panel were concerned as no information was provided on any smoking policies, waste management and setting up and winding down procedures.
- Promoting public safety – The Panel were concerned that insufficient information was provided on the promotion of sensible drinking, measures taken to prevent drug spiking and safe capacities. The Panel felt that no detailed information was provided on fire safety, appropriate access for emergency services and ensuring appropriate limits on the maximum capacity of the premises.
- Promoting the prevention of Children from harm – the RBWM policy states that this includes the protection of children from moral, psychological and physical harm, also protecting children from the wider harms such as exposure to strong language and sexual expletives. The sale of alcohol would be over a prolonged period of two long consecutive days. Often a factor in Child Sexual Exploitation was where young people may be encouraged or coerced to drink; alcohol may also be a factor in risk taking behaviour by young people who drink irresponsibly and then get involved in activities that otherwise they would not. The Panel were very concerned that there was lack of a robust operating schedule outlining in particular how the applicant would address the children from harm objective. The Panel were very concerned that the children's area was located very close to the bar, young children would be exposed to alcohol and intoxicated people over a long period of time which may lead to strong language being used. There was a lack of demonstration by the applicant on how children and young people would be safeguarded at the event. There was insufficient information on the size of the children's area, what, if any medical assistance would be within the children's area, the capacity at any one time and how this would be monitored.

The main concerns that have already been briefly mentioned are as follows:

- Staffing levels, although the number was within the guidance, it was felt that 32 for a crowd of 3000 would not be sufficient to promote the licensing objectives.
- There were major concerns about the proximity of the bar to the children's area. Despite the assurances that there was enough of a gap between the two areas it was felt that noise levels and adult language emanating from the area were in too close a proximity of children undermining the objective of protecting children from harm.
- There was no information provided to detail the actual size and capacity of the children's area and how this would be enforced. There were concerns of overcrowding in the area. Furthermore it was unclear as to exactly who would be in the children's area and if they would all have the necessary DBS checks.
- There was not enough information as to the role of the staff at entrance of children's area other than to check wristbands and who would be responsible for the welfare of children in the area.
- There was no information as to how staff would be identified. Would there be coloured tabards/jackets to enable parents and children to identify first aiders etc. in the case of an emergency.
- The proposed hours for alcohol consumption were very long and the noise levels of the people in attendance were a cause for concern especially on the Sunday when people would be going to work/school the next day.
- There was no information provided as to what, if any, contingencies had been put in place for dealing with adverse weather conditions.
- The panel understood that external agencies had yet to be engaged until the application had been successful but there were no draft/ template documents to show any processes or procedures. It was felt that the applicant was not fully prepared in terms of the application process, although there was a large amount of information to take into consideration there was not enough detail. There was a lack of detailed plans or maps, no measurements were provided. Overall it was agreed that the application was lacking detail and despite the information which was provided verbally on the day the panel felt they had not been provided with sufficient information to establish promotion of the licensing objectives.

The Panel would have liked to see a robust operating schedule, traffic management plan, transportation plan, a risk management plan and some more detail on the crowd management and first aid/safety information. The Panel would have liked to see a higher level of detail in the application from the third parties, a sample document based on the type and size of the event.

It was unanimously agreed that the panel did not feel satisfied that this application did enough to promote the licensing objectives. The application was **REFUSED**.

The meeting, which began at 10.00 am, finished at 3.45 pm

C) It is considered that the following policies have a bearing upon the application.

RBWM Licensing Policy:-

6. Key Strategies for 2016 – 2021

6.1 Framework Hours

The current staggered closing times of licensed premises, that has developed since 2005 in the Royal Borough, has helped to reduce the problems associated with large numbers of people leaving premises at the same time and reduced congestion at taxi ranks and fast food outlets. However, the later opening hours have brought increased levels of crime, disorder and nuisance. Responsible Authorities, local residents and local Councillors have reported many issues, including noise, anti-social behaviour and litter, which are having an adverse impact on their quality of life. In particular, there has been an increase in violent crime in Windsor town centre between the hours of 00:00 and 04:00.

Having considered the evidence of alcohol related crime, disorder and anti-social behaviour, the number of late night premises and, in particular, the social, practical and regulatory impacts on the morning after the night before, the Licensing Authority has adopted a Framework Hours Policy. This Framework Hours Policy will apply to new and variation applications.

The Framework Hours are: Premises Type:	Commencement Hour for Licensable Activities No earlier than :	Terminal Hour for Licensable Activities No later than:
• Off licence	• 09:00am	• 11:00pm
• Restaurant	• 09:00am	• 01:00am
• Pub/Bars/Night Clubs	• 10:00am	• 02:00am
• Takeaways	• n/a	• 02:00am

Have greater freedom to operate outside framework hours. Such venues are predominantly seated. Examples include:

- Theatres
- Cinemas
- Qualifying Clubs

For the purpose of this policy, premises shall be considered as a restaurant or café if the sale of alcohol is made only to seated customers who are also dining and where this is a condition of the licence, or a condition volunteered in the Operating Schedule for the premises. Where such conditions have not been offered, the premises will be treated as a public house.

Framework Hours are intended to guide applicants on the Licensing Authority's expectations when preparing their Operating Schedule. However, if no relevant representations are received, the application will be granted by the Licensing Authority under delegated powers.

Any conditions setting out hours of premises refers, unless otherwise stated, to the hours during which licensable activities may take place pursuant to the Premises Licence or Club premises Certificate. The Licensing Authority expects the premises to close thirty minutes after the terminal hour for the latest licensable activity.

6.4 Wider Community Interest

The Licensing Authority considers that its licensing functions are exercised in the public interest, furthermore that the licensing authority is under a duty to take any steps with a view to the promotion of the licensing objectives in the interests of the wider community and not just those of the individual licence holder.

The Licensing Authority will have particular regard to those applications in close proximity to residential premises and the likely effect on the promotion of the licensing objectives in such circumstances. Subject to any relevant representations, the Licensing Authority will have particular regard to:

- The nature of the activities
- The character of the surrounding area
- Measures for limitation of noise emissions from the premises. These may include as appropriate; noise limitation devices, sound insulation, whether windows are to be opened, the insulation of acoustic lobbies and double glazing
- Measures to deal with queuing, where necessary

- Use of outdoor areas
- Measures to deal with dispersal of customers from the premises as necessary, including the employment of door supervisors, use of dedicated Hackney Carriage / Private Hire firms, notices in the premises requesting customers to respect neighbours
- Winding down periods, particularly in public houses and nightclubs etc.

7. Promoting the Prevention of Crime and Disorder

Where relevant representations have been made, the Licensing Authority will have particular regard to the following issues in relation to the crime and disorder objective:

- Measures to prevent bottles being carried from premises
 - Use of drinks' promotions
- Measures to prevent binge drinking
- Participation in the Pub Watch Scheme
 - Use of door supervisors
 - Training staff in crime prevention measures
 - Search procedures
 - Use of close circuit television
 - Lighting
 - Where premises are new, designing out crime
 - Quality of surveillance of premises

Drugs

The Licensing Authority recognises that drug use by young people in a club environment is not something that is relevant to all licensed premises. However, it is also recognised that special conditions will need to be imposed for certain types of venues to reduce the sale and consumption of drugs. Where relevant representations are made by the Police, the conditions to be imposed in such cases are set out in Annexe 1 – Pool of Conditions, although further conditions may be imposed from time to time. These conditions take into account the "Safer Clubbing guidance" issued by the Home Office. In all cases where these conditions are to be imposed, advice will be taken from the local Drugs and Alcohol Action Team and the Police.

In addition to meeting the requirements of the licensing objectives, licensees have a social responsibility not to sell drug paraphernalia and other products that promote drug use.

Officers of the Licensing Team will engage in the following activities:-

- Provide clear information on the Council's policy on safer clubbing in its local statement of policy.
- Provide clear information on how to apply for a Premises Licence or Club Premises Certificate.
- Provide induction training to Councillors serving on Licensing Panels.
- Advise venue owners on how to establish and maintain a safe environment.
- Advise venue owners, in partnership with the Thames Valley Police, on developing a venue drugs policy.
- Ensure that sufficient medical staff is always present and are trained to a high standard.

- Liaise with Police and other officers to ensure good communication about potentially dangerous venues.
- Encourage venues to use outreach services.
- Encourage venues to provide safe transport home.
- Monitor the operation of clubs at times of peak occupancy.
- Ensure that door supervisors are properly trained and registered with the Security Industry Authority.
- Offer to assist with detecting drugs with the use of sniffer dogs and the “Itemiser” drugs detection equipment.

Door Supervisors

Whenever any persons are employed at licensed premises to carry out any security activity, all such persons must be licensed with the Security Industry Authority. Where relevant representations are made the Licensing Authority may consider that certain premises require strict supervision for the purpose of promoting the reduction of crime and disorder. In such cases, the Licensing Authority may impose a condition that licensed door supervisors must be employed at the premises either at all times or at such times as certain licensable activities are being carried out.

8. Promoting Public Safety

Where relevant representation have been made, the Licensing Authority will have particular regard to the following issues in relation to the public safety objective:

- The use of shatterproof glasses
- The promotion of sensible drinking
- Measures taken to prevent drug spiking
- Drugs policies
- Safe capacities

In appropriate cases, the following conditions may be imposed on premises licences to ensure the safety of those attending the premises:

- That a personal licence-holder shall be present at all times when the premises are open for the sale of alcohol
- Suitably qualified first-aiders will be required

9. Promoting the Prevention of Public Nuisance

Where relevant representations are made, the Licensing Authority will have particular regard to the following issues in relation to the public nuisance objective:

- The disposal of waste, particularly glass
- The use and maintenance of plant, including air extraction and ventilation systems
- Litter in the vicinity of the premises
- Noise from deliveries / collections to and from the premises
- Measures to control behaviour and queues

- Whether door supervisors are able to stay at the entrance to encourage quiet departure
- The provision of Hackney Carriage / Private Hire services at the premises
Approved by Full Council December 2015 Final Version Page 10 of 26
- Signs on doors and on tables encouraging consideration to the neighbours

Noise

Where relevant representations are made the Licensing Authority will impose conditions in relation to licensed premises to prevent unnecessary noise and disturbance to local residents where relevant representations are made. This may include restrictions on times when music or other licensable activities may take place and may impose technical restrictions on levels of sound at premises. Conditions may also be imposed requiring licensees to display signs at all exits from premises reminding customers to leave premises quietly and to respect the rights of nearby residents.

10. Promoting the Prevention of Children from Harm

10.1 The Royal Borough recognises that the protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms directly associated with alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). The Licensing Authority will also consider the need to protect children from sexual exploitation when undertaking licensing functions.

10.2 The Royal Borough will give considerable weight to representations about child protection matters. In addition to the Local Safeguarding Children Board, the Director of Public Health may also have access to relevant evidence to inform such representations. These representations may include, amongst other things, the use of health data about harms that alcohol can cause to underage drinkers. In relation to applications for the grant of a licence in areas where evidence is presented on high levels of alcohol-related harms in persons aged under 18, the Licensing Authority will have particular regard to ensure that conditions are imposed to ensure that this objective is effectively promoted. Applicants are therefore expected to provide a robust Operating Schedule outlining in particular how they will address the prevention of children from harm objective.

10.3 Alcohol is often a factor in child sexual exploitation, where young people may be encouraged or coerced to drink; alcohol may also be a factor in risk taking behaviour by young people who drink irresponsibly and then get involved in activities that otherwise they would not. Nationally, evidence has been found of the sexual exploitation of children taking place on licensed premises, or licensed premises being used for the purposes of grooming and enticement.

10.4 The Windsor and Maidenhead Local Safeguarding Children Board (LSCB) works with other statutory authorities and the licensing trade to promote risk management and safeguarding in relation to child sexual exploitation. The LSCB can provide advice to assist licensees to identify risk and report concerns at different types of licensed premises so that children remain safe and businesses operate responsibly.

10.5 The Licensing Authority encourages license holders and operators of licensed premises: 1) To ensure that they are fully aware of the signs of child sexual exploitation and to understand that the sexual exploitation of a child is sexual abuse and a criminal offence and 2) To raise the awareness of their staff about child sexual exploitation and provide intelligence to the appropriate authorities about concerns and about perpetrators who may be operating in their areas.

10.6 The LSCB, the NWG and the Royal Borough websites contain more information about child sexual exploitation matters and can be found here: <http://www.wamlscb.org/> <http://www.nwgnetwork.org/> Approved by Full Council December 2015 Final Version Page 11 of 26 http://www.rbwm.gov.uk/web/social_child_protect.htm

10.7 All applicants need to demonstrate how children and young people will be safeguarded if attending the licensed premises, or how it will be ensured that they do not gain access to the premises if not appropriate. Where relevant representations are made in relation to the protection of children from harm the Licensing Authority may impose conditions restricting the access of children or excluding them altogether from licensed premises. Such conditions will be imposed for the prevention of harm to children objective. Examples of premises which may be included are:

- Where there have been convictions for serving alcohol to minors or with a reputation for under-age drinking
- With a known association with drug taking or dealing
- Where there is a strong element of gambling on the premises
- Where entertainment of an adult or sexual nature is commonly provided
- Where there is concern or evidence that young people are being exploited

Options will include:

- Limitations on the hours when children may be present
- Age limitations below 18
- Limitations or exclusions when certain activities are taking place
- Requirements for accompanying adults
- Full exclusion of people under 18 from the premises when any licensable activities are taking place
- The provision of a full range of non-alcoholic drinks

10.8 Where cinemas are concerned, the Council will impose conditions that children will be restricted from viewing age-restricted films classified according to the recommendations of the British Board of Film Classification or the Local Authority itself.

10.9 Conditions may be imposed on licences for premises where unaccompanied children will be present at places of public entertainment to the effect that adult staff must be present to control the access and egress of children and to ensure their safety.

10.10 On the receipt of any application the licensing officers of the Licensing Authority will undertake a preliminary assessment as to whether Child Protection issues arise. Where it is considered that such issues are engaged the licensing officers will mark the application for the immediate attention of the Local Safeguarding Children Board with a request that any relevant representations, if required, should be made to the licensing authority within the relevant time period for the submission of relevant representations.

D) 182 National Guidance April 2017

Crime and Disorder

2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).

2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority (“SIA”) as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.

2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.

2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licenced premises. These systems allow managers of licensed premises to communicate instantly with the police and

facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.

2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in the licensed premises might include requiring a premises licence holder to undertake right to work check on all staff employed at the licensed premises or requiring that a copy of any documents checked as part of a right to work check are retained at the licensed premises.

Public Safety

2.7 Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather public health which is addressed in other legislation.

Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person's health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority's powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.

2.8 A number of matters should be considered in relation to public safety. These may include:

- Fire safety
- Ensuring appropriate access for emergency services such as ambulance
- Good communication with local authorities and emergency services, for example communication networks with the police and signing up for local incidents alerts. (See paragraph 2.4 above)

- Ensuring the presence of trained first aiders on the premises and appropriate first aid kits
- Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation)
- Ensuring appropriate limits on the maximum capacity of the premises (See paragraphs 2.12-2.13)
- Considering the use of CCTV in and around the premises (See paragraph 2.3 above)

2.9 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. Applicants should consider when making their application which steps it is appropriate to take to promote the public safety objectives and demonstrate how they achieve that.

Ensuring safe departure of those using the premises

2.10 Licence holders should make provision to ensure that premises users safely leave their premises. Measures that may assist include:

- Providing information on the premises of local taxi companies who can provide safe transportation home and
- Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks.

Public nuisance

2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.

2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.

2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a

certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.

2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the 10 | Revised Guidance issued under section 182 of the Licensing Act 2003 early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in antisocial behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Protection of Children from harm

2.22 The protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms associated directly to alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). Licensing authorities must also consider the need to protect children from sexual exploitation when undertaking licensing functions.

2.23 The Government believes that it is completely unacceptable to sell alcohol to children. Conditions relating to the access of children where alcohol is sold and which are appropriate to protect them from harm should be carefully considered. Moreover, conditions restricting the access of children to premises should be strongly considered in circumstances where:

- Adult entertainment is provided
- A member or members of the current management have been convicted for serving alcohol to minors or with a reputation for allowing underage drinking (other than in the context of the exemption in the 2003 Act relating to 16 and 17 year olds consuming beer, wine and cider when accompanied by an adult during a table meal);
- It is known that unaccompanied children have been allowed access;
- There is known association with drug taking or dealing; or
- In some cases, the premises are used exclusively or primarily for the sale of alcohol for consumption on the premises

2.24 It is also possible that activities, such as adult entertainment, may take place at certain times on premises but not at other times. For example, premises may operate as a café bar during the day providing meals for families but also provide entertainment with a sexual content after 8.00pm. It is not possible to give an exhaustive list of what amounts to entertainment or services of an adult or sexual nature. Applicants, responsible authorities and licensing authorities will need to consider this point carefully. This would broadly include topless bar staff, striptease, lap-, table- or pole-dancing, performances involving feigned violence or horrific incidents, feigned or actual sexual acts or fetishism, or entertainment involving strong and offensive language.

2.25 Applicants must be clear in their operating schedules about the activities and times at which the events would take place to help determine when it is not appropriate for children to enter the premises. Consideration should also be given to the proximity of premises to schools and youth clubs so that applicants take appropriate steps to ensure that advertising relating to their premises, or relating to events at their premises, is not displayed at a time when children are likely to be near the premises.

2.26 Licensing authorities and responsible authorities should expect applicants, when preparing an operating schedule or club operating schedule, to set out the steps to be taken to protect children from harm when on the premises.

2.27 Conditions, where they are appropriate, should reflect the licensable activities taking place on the premises. In addition to the mandatory condition regarding age verification, other conditions relating to the protection of children from harm can include:

- Restrictions on the hours when children may be present;
- Restrictions or exclusions on the presence of children under certain ages when particular specified activities are taking place;

- Restrictions on the parts of the premises to which children may have access;
- Requirements for an accompanying adult (including for example, a combination of requirements which provide that children under a particular age must be accompanied by an adult); and
- Full exclusion of people under 18 from the premises when any licensable activities are taking place.

2.28 Please see also Chapter 10 for details about the Licensing Act 2003 (Mandatory Licensing Conditions) Order 2010.

2.29 Licensing authorities should give considerable weight to representations about child protection matters. In addition to the responsible authority whose functions relate directly to child protection, the Director Public Health may also have access to relevant evidence to inform such representations. These representations may include, amongst other things, the use of health data about the harms that alcohol can cause to underage drinkers. Where a responsible authority, or other person, presents evidence to the licensing authority linking specific premises with harms to children (such as ambulance data or emergency department attendances by persons under 18 year old with alcohol-related illness or injuries) this evidence should be considered, and the licensing authority should also consider what action is appropriate to ensure this licensing objective is effectively enforced. In relation to applications for the grant of a licence in areas where evidence is presented on high levels of alcohol-related harms in persons aged under 18, it is recommended that the licensing authority considers what conditions may be appropriate to ensure that this objective is promoted effectively.

2.30 The 2003 Act provides that, where a premises licence or club premises certificate authorises the exhibition of a film, it must include a condition requiring the admission of children to films to be restricted in accordance with recommendations given either by a body designated under section 4 of the Video Recordings Act 1984 specified in the licence (the British Board of Film Classification is currently the only body which has been so designated) or by the licensing authority itself. Further details are given in Chapter 10.

E) Observations.

The Sub Committee is obliged to determine this application with a view to promoting the licensing objectives which are:

- The prevention of crime and disorder;
- Public safety;
- The prevention of public nuisance
- The protection of children from harm.

In making its decision, the Committee is also obliged to have regard to national guidance and the Council's own Licensing Policy. Of course, the Committee must have regard to all of the representations made and the evidence it hears.

The Committee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:

- Grant the application as asked.
- Modify the conditions of the licence, by altering or omitting or adding to them.
- Reject the whole or part of the application.

Thames Valley Police are requesting the review of Atik, William Street, Windsor, Berkshire, Premise Licence under the Prevention of Crime and Disorder, Public Safety, Prevention of Public Nuisance and the Protection of Children from Harm Licensing objectives.

Mr Stephen Fleury is the Designated Premises Supervisor and The Deltic Group Ltd are the Premises Licence Holders.

We have detailed the relevant incidents below that have led to the Premises Licence being reviewed.

14/01/18 00:00-00:20 CRN: 43180013395 refers

GEN40 completed by PC 3841 RIDOUT.

ATIK Security were made aware of a person after he was seen behaving excessively aggressive inside the premises. Staff proceeded to eject the male from the premises due to his conduct; Officers attended to assist in his removal from the premises. The male continued with his behaviour and was issued a Section 35 Dispersal Notice. This was only effective for a short time and the male came back to the officers and 'squared up' to them. He was subsequently arrested for failing to comply with the Section 35 Notice and for being drunk and disorderly. He was later supplied with a Fixed Penalty Notice for being Drunk and Disorderly in a Public Place. (*Disorder – Outside*)

21/01/18 03:16 URN: 191 (21/01/18) CRN: 43180021100 refers

GEN40 completed by PC 3841 RIDOUT.

Officers received a call from CCTV operators (LV) in Windsor stating that ATIK had called them to inform them of a large fight that had broken out outside of the premises; a victim had been punched in the face. Both the victim and the suspect were highly intoxicated and had recently come out of the premises. Statements could not be taken at the time of the offence due to the level of intoxication of the aggrieved party. The victim was checked out by the paramedics as it was thought he had a broken nose. The victim was fine and did not want to make a complaint the following morning, and therefore did not assist with criminal proceedings. (*Disorder – Outside*)

27/01/18 00:00 URN: 129 (27/01/18) CRN: 4318028211 refers

GEN40 completed by PC 3841 RIDOUT.

Police received a call from a female who stated that, whilst she was in ATIK, she was assaulted by a member of ATIK Security. The victim alleges that the door staff pushed her onto the dance floor, poured her drink away and kept her on the dance floor by using force, causing her injuries.

After the investigation progressed further it transpired that the victim had been spat on by another female. The victim then threw her drink over this female. The victim was then approached by door staff and she became verbally aggressive towards them. The victim went on to use racial slurs towards the door staff which other members of public overheard and were offended by. The door staff have used force to control this victim and remove her from the premises. (*Assault – inside/Door Staff*)

43180028381 - This report relates to a suspect who was escorted out of ATIK earlier in the night for being highly intoxicated in the premises; she has subsequently left the area. Around 10 minutes later the suspect returned to ATIK and had a reasonable conversation with police. The suspect was then informed by door staff that she was to be banned from ATIK as she had refused to leave and they had to physically remove her. This has led to a verbal argument between the suspect and the ATIK Security. The suspect has proceeded to kick over the barriers and shout at ATIK Security before being arrested for being Drunk and Disorderly. The suspect was issued with a Penalty Notice for Disorder in Custody. (*Disorder – Outside*)

ATIK Security requested Police attendance following an issue with an abusive and aggressive male. Officers approached the male who was seen and heard to be swearing towards door staff. Officers tried to talk to the male who was not engaging with them. Officers then moved the male away from the entrance of ATIK; he appeared to be searching for someone. The male continued to swear and shout towards the door staff and ignore officers. The male was heavily intoxicated, coming from inside the venue. The male then turned his attention towards PC 2285 Ashton, proceeding to swear at him and other officers. The male said that he had been kicked out of ATIK and was angry about this. Door staff from ATIK explained to the officers that the male had come to their attention due to his intoxicated aggressive behaviour; the male was heard to say he would “shank” someone and he was subsequently removed from the club. The male’s behaviour continued outside of the venue and so he was arrested for being drunk and disorderly. The male was issued a fixed penalty notice. (*Disorder - Outside*)

GEN40 of 02/12/18 at 00:48 was made reference to; report of a fight in progress where the Police were called but received no support from the aggrieved ATIK Security member – when asked if he would provide a statement, he stated 'NAH FUCK THAT'. Inspector DARRAH suggested that, given the lack of resources the Police have, ATIK door staff should be assisting with investigations and not wasting their time.

GEN40 of 02/12/18 at 01:00 was also referred to of a highly intoxicated 17 year old female who had attended the venue, using an older sibling's passport to enter. In response, Jon TAYLOR disclosed that all IDs are checked prior to entry and when ordering drinks at the bar; ATIK staff also conduct walks to identify anyone who has had too much to drink.

PC HORSLEY disclosed, when attending the venue to deliver pro-forma Statements to assist the venue, the attitude by ATIK Door Staff was rude and curt; a discussion around the breakdown in the relationship between door staff and Police was had.

Inspector DARRAH disclosed of the quantity of Facebook complaints the Police have received in relation to the conduct of Door Staff, particularly with reference to the level of violence, poor behaviour and attitude exhibited by Door Staff. It was noted some of the complaints could be due to disgruntled customers that had been ejected.

It was disclosed due to the high amount of complaints held against the venue and the high demand on Policing resources because of disorder from the venue, a case may be built by PC HORSLEY and Thames Valley Police could look to review the licence if matters do not improve.

431900000223 - Officers were called to attend an incident of a drunken female who had been ejected from the premises. The female was screaming and shouting about having lost her handbag; her conduct later caused her to be arrested for being drunk and disorderly, and attempted to assault officers during her arrest by kicking him in the groin. Officers looked at the ID the female was in possession of; to officer's surprise the ID looked nothing like the female. Officers then reviewed the club's ID Scanning System which showed that the female had used this ID to gain entry to the premises. It later transpired that the female was 17 years of age. BWV footage supplied from Officers shows the confirmation from ATIK Security that the underage female was in the premises and was intoxicated. (*Disorder – outside/Underage Admittance*)

43190001378 – The aggrieved party in the report has been approached by another female in the premises, confronting her about allegedly looking and speaking about her. The parties separated and moved away, however the female has later, whilst still inside the venue, gone to attack the aggrieved's friend. The aggrieved has stood in the way of the female offender, and has subsequently been punched and had her glasses fall off and break. When looking to gain assistance from ATIK Security, she is informed that they allegedly 'DON'T HAVE TIME FOR YOU (HER)'. The incident is still being investigated; the OIC is still waiting for a response from ATIK with regards to CCTV despite sending multiple e-mails. (*Assault – inside*)

43190000251 - LV CCTV had called for police assistance after a group of males were seen acting aggressively since leaving ATIK. The suspect in the incident was arrested for assault without injury after arguments between the groups could not be broken up by attending police; the suspect proceeded to punch the victim in the back of the head, which was witnessed by officers on scene and captured on CCTV. The suspect was interviewed and explained that it was in retaliation to the victim assaulting him earlier that night within the premises. The suspect received a caution for section 4 public order.

43190004762 - ATIK staff had found a male with suspected drugs in his possession whilst inside the club and called police to assist. The male made a comment suggesting he bought the drugs that night from another male within the club. This male was interviewed about the possession of drugs and received a caution for it. (Drugs Supply)

43190004754 – Linked. After the suspect from the above occurrence informed staff he bought the drugs from a male inside ATIK. Staff searched for the male and found him. Officers searched the male and found 1 small bag of white powder; in custody, he was found to have discarded two further bags of cocaine in the holding cell. This male also received a caution for the possession of drugs after the threshold was not met for possession with intent to supply.

ATIK detained both males and acted on information they received. A female member of ATIK Security already had the number of the suspected drug dealer saved in her mobile phone as “KAREEM”. (Drugs Supply)

Officers have attended ATIK due to an individual harassing door staff after having been ejected for vaping whilst inside of the premises. The offender was reported to have remained in the area for 40 minutes after ejection. Upon arrival, officers have identified the offender and have requested him to leave the area due to his behaviour. The offender has ignored the request made by officers and has subsequently attempted to enter the premises again by barging past. The male was therefore arrested for being drunk and

disorderly in a public place. Due to lack of prior convictions, the offender received a Fixed Penalty Notice for his actions.

As you can see we have tried to work with the venue but the crime and disorder is still continuing into the early hours and causing demand on the Police. Thames Valley Police request the following amendment to hours and the below are placed as conditions on the Premises Licence:

- 1) Minimum age of entry to be 21 years and over.

Head of Service Statement of support for the review detailing what effect (in general terms) the night time economy and its extremely late hours, ASB etc. has on the residents and the community of the royal borough

As the Head of Service responsible for Communities, Enforcement and Partnerships, I am the senior officer responsible for monitoring and tracking how the businesses of the Night Time Economy (NTE) in our town centres, relate to and impacts on our residents who live in and around the town centres. The Council has a number of roles to fulfil and having a good understanding of how local businesses inter-relate to local residents is an important aspect. The NTE is generally considered in two blocks the evening NTE and the later NTE typically after midnight through until the early hours of the following day.

Over the last three years (2016 – 2019) in Windsor there has been an increasing level of reports of conflict between the users of the NTE and local residents. This conflict ranges and varies from relatively minor disturbances through noise, litter, and low level Anti-Social Behaviour (ASB), to much more serious and intrusive ASB, including a number of serious criminal offences.

The Borough works closely with Thames Valley Police and other partner agencies to manage the NTE, this partnership working is across a number of areas of activity including: Licensing of premises and 'taxi' services (Hackney Carriage and Private Hire Vehicles), highway and traffic management (including parking), town centre CCTV monitoring, street cleaning, community engagement and support, trading standards, and others statutory and discretionary functions.

Continuation of Statement of

The purpose of this partnership working is to manage the potential for conflicts between different town centre user groups, and minimise the negative impacts. These can include seeking to ensure the different potential users e.g. family group needs vs young adults, local residents vs visitors from outside the borough, different businesses and economic sectors, are all considered.

The increasing levels of reports of conflict between the NTE and local residents has been focused on the late NTE rather than the evening NTE up to midnight. The negative impacts have been focused on two main areas in the town, which are both geographically close to the busiest late NTE areas of the town. The first of these areas is the zone centred around William Street, Victoria Street and the adjacent residential streets of Alexandra Road and Russell Street, and the adjacent area to Batchelor's Acre. The second area is the zone around Goswell Hill, Goswell Road, Bridgewater Terrace and Thames Street.

During the last three years the number of incidents and the frequency of these incidents has increased, with the greatest numbers of reports being in the Victoria Street, Alexandra Road, Russell Street area. The reports of incidents generally fall into four main categories:

1. Lower Level ASB - from the noise and the impact of people dispersing from venues after midnight through until the very early hours 4/5am. Although there is also some earlier ASB when visitors to the NTE arrive and park in the Multi-Storey Car Park (MSCP), the worst of this ASB is at the end of the NTE evening rather than the start.
2. More focused and higher levels of ASB and Noise – typically from groups of people returning to vehicles and playing loud music and making noise whilst gathered as groups typically extending their 'partying' from their vehicles parked in the street or car parks adjacent to or nearby to residents. Vehicle horn sounding and engine revving, as well as car displaying and 'doughnutting' in the upper floor of the MSCP are examples included in this category. Evidence of drug taking and significant drinking have been provided by the empty canisters for gas and (Nitrogen Oxide) and alcohol (empty of cans and bottles) often left strewn around the car park. Obstruction of the highway and footways through non-compliant parking, vandalism of signs and street furniture are other examples of this type of higher levels and more intrusive ASB.
3. Street mess in various forms - littering (food wrappings, empty bottles and cans), vomit, urine and faeces, and other detritus being thrown from both vehicles and the car park, at local residential properties eg hard boiled sweets/stones and parking cones, including being thrown from the upper floors of the MSCP etc. at and towards vehicles and properties adjacent to the MSCP. This creates a feeling of intimidations for local residents who feel unsafe to leave their homes and for the safety of their children.

Continuation of Statement of

- 4. More serious incidents and criminal behaviours – verbal and physical arguments and fights, assaults including sexual violence, criminal damage to property and cars, threats and intimidation of local residents. A number of specific cases have been high profile incidents, and have resulted in more detailed investigations by TVP, including varying degrees of assault (ABH/GBH/Attempted Abduction/Sexual assault).

In an effort to restrict access to the MSCP in order to display late night parkers, and after an initial trial period of using manual chains to restrict use of the upper floors in Victoria MSCP, the Council has modified the access to overnight parking to restrict and limit the use of the Victoria Street Multi Storey Car Park. This was with the intent to stop use of the upper floors of the car park after 9pm on Friday and Saturday evenings, and this was extended by installing additional permanent barriers. This equipment has been vandalised of a number of occasions to enable access during these periods of restriction. Repairs have been made to restore restrictions on a number of occasions, but the relatively concealed location within the MSCP has seen repeated incidents.

To overcome this repeated vandalism, the Council has decided to implement revised barrier controls at the entrance and exit, so as to move the barriers to more prominent locations. This is because there has been a clear and sustained pattern of improvement for local residents, experiencing far less ASB when the access to the car park has been restricted to users of the NTE and those who are not local street parking permit holders. The restricted access has been achieved in the short term by the deployment of an additional security patrol on the Friday and Saturday evening. This will be replaced by the permanent barriers to be implemented in April 2019.

Local residents have confirmed that the revised parking access has changed the frequency and nature of the ASB levels compared to the unrestricted position. This has improved their quiet enjoyment of their homes, and positively changed their perceptions of feeling intimidated, which had become a regular concern in connection with Friday and Saturday evenings, and on other evenings, typically linked to public holidays, when specific promotional events have been held at NTE venues, and which have attracted larger volumes of visitors to the area.

A review of the premises license at Atik in the light of these community impacts is a reasonable approach to seek to reduce or eliminate the increased levels of ASB that have been experienced by local residents and others linked directed to the late NTE activity in the town, especially in the Russell Street, Alexandra Road and Bachelors Acre, which is an overspill from the William Street and Victoria Street areas.

I am the above named person and I am employed by Thames Valley Police as the Civilian Police Licensing Officer for the Royal Borough of Windsor and Maidenhead and Slough area. I am based at Windsor Police Station and part of my role is enforcement of the Licensing Act 2003. I have been involved in Licensing in Windsor since 2000. At that time the premise now known as Atik , was known as Mirage. In December 2002 the premises was then taken over and renamed Liquid.

Since I have been working as the Police Licensing Officer, I have been working with the Management and Area Managers of this premises. I have documented my Engagements with the management of Atik since 2014. Please see attached paperwork, named ' Licensed Premises Summary Report'. I have to report that all of the Designated Premises Supervisors, General Managers, Area Managers and Regional Directors have always been fully co-operative with me. Historically and to date, as incidents have happened, I have arranged Licensing meetings with the DPS/General Managers and or the Area Managers. All of these meetings, which have been attended by myself, Steve Smith, Licensing Officer, RBWM and at times Police Officers/Sergeants and Inspectors. At these Licensing meetings the issues, incidents or concerns that have been brought to my attention have been discussed.

Following some of these meetings, the introduction of voluntary measures have been put in place by Atik Management. Measures such as, ID Scanners and Search Arches being installed. Staff weekly training sessions on intoxication/refusal/security procedures and monthly training from the Security Company on conflict management and refusal procedure. Staff have increased searches of customers at the front door. We have had an increase of nominations for banned persons at the pub watch meetings. Door staff regularly assist Thames Valley Police Police Officers during the dispersal of the customers at the end of the evening along William Street and Victoria Street. Additionally Atik have a designated First Aider on site with a dedicated first aid area. They have Water Angels and a Customer Welfare spotter working inside the venue. The dress code policy has been tightened with tighter measures in place in relation to admission of customers and door staff wear body cams. Hot spot mapping within the venue has been put in place, with increased training of bar staff on alcohol awareness. An introduction of a Booth Manager has been introduced. The provision of food and Lollipops to customers leaving the venue is in place. Staff have increased the use of the retail radio and there has been an increase of meetings with the Police Licensing Officer. Additionally there has been an increased presence of the DPS or Senior Manager at the front of the premises during the trading hours. The DPS sends regular emails to the Police Licensing Officer for relevant intelligence checks to be completed on DJ's and takes the

appropriate advice given in relation to the results of these checks. The DPS has also arranged for staff members to attend the Police Vulnerability Awareness Training given by myself.

Following disorder during the opening night and renaming of Atik back in October 2015, I do recall that weekend causing Thames Valley Police concern in relation to the violence associated with the venue. Following that weekend of disorder, a meeting was held with Senior Management of Atik and an action plan was put into place and things did improve over the following months.

Incidents at the premises do occur and this venue is one of the largest in Windsor Town Centre, with 1,300 capacity. I am also aware that Inspector Warbrick has been working with the local residents since 2017 in relation to the complaints she has received from them. The complaints from the residents have been that the customers from Atik are those that are causing the anti-social behaviour and disturbing the residents most weekends. These complaints have been raised with Atik Management, during Licensing meetings and Atik Management have offered to attend the Local Residents meetings. I am aware that Atik Management are still keen to do this. I can also confirm that a mobile telephone number was given by Atik management to Inspector Warbrick, to distribute to the local residents. From the review application it is clear that there have been incidents of crime and disorder at the premises which has clearly undermined the Licensing Objectives. It is also fair to say that the staff have been fully co-operative with Thames Valley Police Officers during investigations.

The recent Action Plan submitted by Senior Atik Management is very positive and I would request that members attach some of the offered conditions to the Premises Licence. This would assist in the promoting of the Licensing Objectives.

We will continue to work with Atik Management to ensure the safeguarding of the members of the public, staff and Police Officers and to also reduce the noise issues for the Local residents.

Potential Review of Premises Licence

ACTION PLAN

Introduction

This Case Management Plan is to be reviewed after three and six months to assess its effectiveness by senior management of The Deltic Group Limited and Thames Valley Police.

Scannet

- The use of Scannet at the premises will be trialled for 6 months instead of 3 months, with all customers passing through Scannet except in exceptional circumstances where members of the management team can use their discretion to permit access, but a record of such admissions will be kept within a log at the front door, and in the event of any private events where admission is restricted by way of ticket or guest list.

Admission Policy

- Dress code policy has been tightened;
- Door staff to ensure that customers in the queue are vetted prior to customers reaching the front door, and admission refused where standards of behaviour or dress dictate, and any age verification or levels of intoxication means the customer must not be allowed access;
- Operatives of the Scannet system to monitor multiple postcode entries to identify any "group admissions";
- Levels of searches to be increased to a minimum of 1 in 6 customers to be searched.

Door Staff

- Up to 6 body cams to be deployed, both at the front door and throughout the premises, and switched on to record any incidents;

- Hot spot mapping to take place within the venue, and the deployment plan to be revised to ensure sufficient door staff are provided throughout the premises, and they are deployed in the correct positions;
- Door staff to receive monthly training on conflict management and refusal policy, including intoxication awareness. Such training to be provided by Frontline Security.

Bar Staff

- Regularity of training of bar staff to be increased in alcohol awareness training to once every two weeks;
- Use of “We Serve Drinks Not Drunks” cards and posters.

Monitoring Customer Behaviour and Levels of Intoxication

- Customer Welfare Spotters to circulate around the venue monitoring standards of behaviour and levels of alcohol consumption; such Customer Welfare Spotters to be trained in first aid including intoxication and drug awareness;
- Water Angels to be deployed throughout the venue to provide free drinking water to customers, where appropriate;
- A welfare room to be used for customers who are showing any signs of intoxication or, otherwise, require assistance;
- Employment of a booth manager to supervise those customers using the booths, and their standards of behaviour and levels of alcohol consumption;
- Removal of the half price drink promotion between 21:00 and 23:00.

Dispersal

- Phased closure of rooms every 15 minutes, with licensable activities ceasing on a staggered basis;
- Provision of food on a Saturday evening to customers leaving;
- Provision of lollipops to customers on leaving.

PubWatch

- Greater use of the “nomination” procedure for barring customers;
- Increased use of radio link particularly on customer ejections to notify Police;

Liaison with Police

- Weekly call to be made by the Designated Premises Supervisor to Debie Pearmain, together with monthly meetings to be arranged;
- Designated Premises Supervisor or member of management to be more proactive in ensuring their visibility at the front of the premises with Thames Valley Police.

ATIK, William Street, Windsor SL4 1BB

ACTION PLAN

Introduction

This Action Plan is to be reviewed after three and six months to assess its effectiveness by senior management of The Deltic Group Limited and Thames Valley Police ("TVP").

Door Staff

- All door staff to wear body worn cameras which will be switched on to record any incidents;
- Door staff to receive additional training on conflict management and ejection policy. All ejections to be made in the presence (where possible) of a member of management, or the Customer Welfare Officer, and to be recorded on a body worn camera.

Monitoring Customer Behaviour and Levels of Intoxication

- Customer Welfare Officer to circulate the venue monitoring standards of behaviour and levels of alcohol consumption; such Customer Welfare Officer to be trained in first aid including intoxication and drug awareness, and providing free drinking water to customers, where appropriate.

Dispersal

- A member of door team will be positioned on the junction of William Street and Victoria Street from 01:30;
- Door staff will remain outside the premises for a minimum of 30 minutes after the premises close for licensable activities, or until the last customer has left the area, whichever is the later;
- When the door staff "stand down" and the venue is closed with the door staff going inside, a radio call will be made to the Town Centre control to advise them;
- The Deltic Group Limited will investigate the possibility of applying for a Review of the Premises Licence for Istanbul Kebabs, to ensure that customers do not linger in the area any longer than they should.

Local Residents

- A dedicated mobile phone number for local residents has been provided to TVP to be forwarded on to local residents. In addition, a dedicated customer service number will be provided to TVP to forward to local residents, so that contact with The Deltic Group Limited's head office can be made by any residents who have a complaint over public nuisance. That number can be used during daytime should the manager be unavailable on the mobile after working the night before. Both of these numbers will also be displayed at the front of the building, and be provided at residents meetings (see next);
- Residents meetings will be held at ATIK every three months, with the General Manager and Regional Operations Director in attendance, and representatives from TVP and RBWM will also be invited to attend. Minutes will be kept and circulated to all who attend (provided residents wish to receive such minutes and provide their email address).

Communication

- Any incidents happening at the premises, or immediately outside the premises, where further action may be required from TVP, will be emailed to TVP prior to management leaving the building, to include: contact details of those involved (as far as possible), times for access to the premises for TVP and personnel from ATIK involved in the incident. This will proactively provide TVP with advanced details of any incident which may need to be followed up;
- A monthly list of events will be sent to TVP, including details of any PA's taking place, rather than it being on an ad-hoc basis, such details to also cover any additional mid-week sessions which local residents may not be aware of;

Entry to the Premises

- Revised rules of entry will be displayed at the front door stating dress code, last admission time and rules on readmission and behaviour of customers. This will carry details of Deltic's centralised complaint line. This will assist in refusing entry to customers who can then be referred onto the customer complaint number if they wish to take this further.

Management

- The Regional Operations Director has now changed to Adrian Swain, who will meet with TVP at least monthly and more frequently if it felt appropriate by TVP.

I am Police Inspector Louise Warbrick of the Thames Valley Police currently based within Windsor and Maidenhead Local Policing Area within the Neighbourhood Team. I have held this role for the past two years and within this period, inter alia, I have had responsibility for managing the police response and oversight of incidents occurring within the Night Time Economy across the Royal Borough of Windsor and Maidenhead.

This statement is made to highlight the impact on Windsor residents of persistent disorder and violence linked to the Night Time Economy. The Night Time Economy period is usually referred to as between the period of 1800 hours to 06.00hrs daily.

Windsor is a prosperous Town which attracts large numbers of tourists and visitors and a high level of focused attention from both the media, local government and visiting populations. Its night time economy consists of a number of hotels, restaurants, public houses and night club venues. These are situated in a number of clusters, predominantly; High Street, Thames Street, Goswell Hill, William Street and Peascod Street. The late night venues are located at both Goswell Hill and William Street which are situated in close proximity to each other but separated by the pedestrian area of Peascod Street. There are also a number of late night refreshment venues which are located on Victoria Street and Thames Street.

I have worked in Windsor for the past five years and have policed the night time economy as both a Sergeant and Inspector. I have 23 years of policing experience. For the past two years I have been involved in the weekly review and scrutiny of violent offences linked to the night time economy, working closely with both Thames Valley Police and the Royal Borough of Windsor and Maidenhead's licensing Officers to liaise with residents, the local Pub watch Associations and licensed premises where difficulties have been highlighted relating to levels of crime and disorder or single incidents which give significant cause for concern relating to public safety or management of the incident itself by key stakeholders.

Both of the areas with a high concentration of late night venues border residential areas and over the past two years, in particular, I have received a number of complaints from residents in the vicinity of Russell Street, Windsor. The venue persistently cited as affecting the quality of life of this group of residents is the venue known as Atik nightclub, located at William Street, Windsor. A venue licenced until 0430 hours daily with a capacity of 1300.

My first dealings with the residents of Russel Street date back to January 2017 where I received a number of complaints relating to noise and disorder which residents perceived to be linked to customers leaving Atik

venue at the end of its daily trading hours. These complaints were reported both at the time of the incidents through use of Thames Valley Police reporting lines and followed up through email communications, house to house visits and meetings both as a single agency and with the Local Authority as a statutory partner. Reports ranged from incidents involving urination in public, noise and anti-social behaviour, disorderly conduct, drug misuse, incidents of significant disorder, significant violence and sexual offences.

A meeting held with Atik management on 4th October 2017 enabled me to outline both Police and resident concerns relating to the high level of disorder associated with the venue throughout 2017. Management demonstrated a positive attitude and a commitment to implement a range of measures that would improve the safety of the venue and the response to disorder and I and licensing Officers from Thames Valley Police and RBWM were satisfied that a close working relationship with the venue would secure a reduction in crime and disorder moving forward to 2018.

Throughout my period as Inspector of the Neighbourhood Team community concerns relating to personal safety within Windsor Town Centre and fear of crime within the night time economy has impacted heavily on public confidence in policing. This has necessitated my attendance at public meetings to provide reassurance where the wider community have voiced concerns in person and, increasingly, through use of social media relating to reported levels of crime and disorder within Windsor Town Centre.

Over the course of 2018 levels of violence and disorder have continued to cause concern for Police, Partners and residents and analysis has highlighted that there were approximately 140 calls for service in Windsor between 1st January and 31st December 2018 which were connected to Atik and William Street between the hours of 22.00 hours and 0500 hours Friday to Sunday. A significant proportion of these (66 incidents) occurred between 02.00hours and 04.00 hours.

A further key demand period is also evidenced between 00.00 hours and 02.00 hours when 41 incidents were reported. The greatest proportion of incident type reported to Thames Valley Police relates to "altercation in progress" (50 incidents) assault (17 incidents) and requests for assistance (26 incidents). Of the 140 calls for service there were 66 crime occurrences created.

Analysis shows the age group 18 to 25 being most at risk of involvement in crime and disorder (either as perpetrator or victim) during this period, with 30 individuals aged between 21 and 25 years and 24 individuals aged between 18 and 20 years.

It was a recent event on 13th January 2019, however, that has led to this detailed review of crime and disorder with a view to seeking a Licensing review of Atik's licensing conditions. This incident involved disorder between 2 groups of males who had attended Atik and the use of a knife by one suspect to inflict injuries upon a member of the opposing group. Significant violence was used during the incident which resulted in a number of persons requiring medical treatment. A total of 7 individuals were arrested as a result of this single incident.

The incident was witnessed by a number of local residents who reported the build-up of the incident to Police at 04.00 hours on 13th January 2019 and the disorder in progress. Significantly the incident also led to the recovery of vehicles belonging to residents to support forensic recovery of evidence relating to the event. This event, at the extreme end of the scale, highlights the inconvenience and distress residents are reporting on a regular basis. They sustained damage to personal property, had disturbed sleep and witnessed significant levels of violence that has caused fears for personal safety and for the safety of young family members.

The data contained herein reflects, in the main, the core Night Time Economy weekend periods but it is clear from crime data and resident feedback that the communities of Windsor are also often affected during the week when key dates fall outside of the weekend period.

It was hoped that positive relationships with Atik would bring reductions in crime and disorder but the residents continue to experience unacceptable levels of crime and disorder which is persistently affecting their quality of life.

I am the above named Police Constable and I am currently serving for Thames Valley Police and based on the Windsor and Maidenhead Local Policing Area (LPA). My job role is the Harm Reduction Officer; one of my key responsibilities is to reduce violence across the LPA. As part of my role I analyse demand and repeat locations of disorder, I then employ initiatives and harm reduction strategies to reduce the crime in that area. My ultimate goal is to make the towns of Windsor and Maidenhead the safest places they can be.

I regularly review the highest demand generators and I do this by utilising the Thames Valley Police databases on a regular basis. There are numerous systems that we use to analyse data which gives an excellent overview of main demand generators and hotspots. I also work closely with the Thames valley Police LPA licensing officer, and numerous departments at the local authority, all with a view to safeguard and reduce crime across the LPA. It is very apparent that a large proportion of the crime and violence for the whole LPA is generated by the night time economy (NTE). Windsor in particular has a thriving NTE economy, it is one of the busiest and most bustling late night drinking location across the Thames Valley Police area, with the closest and similarly busy being Reading town centre.

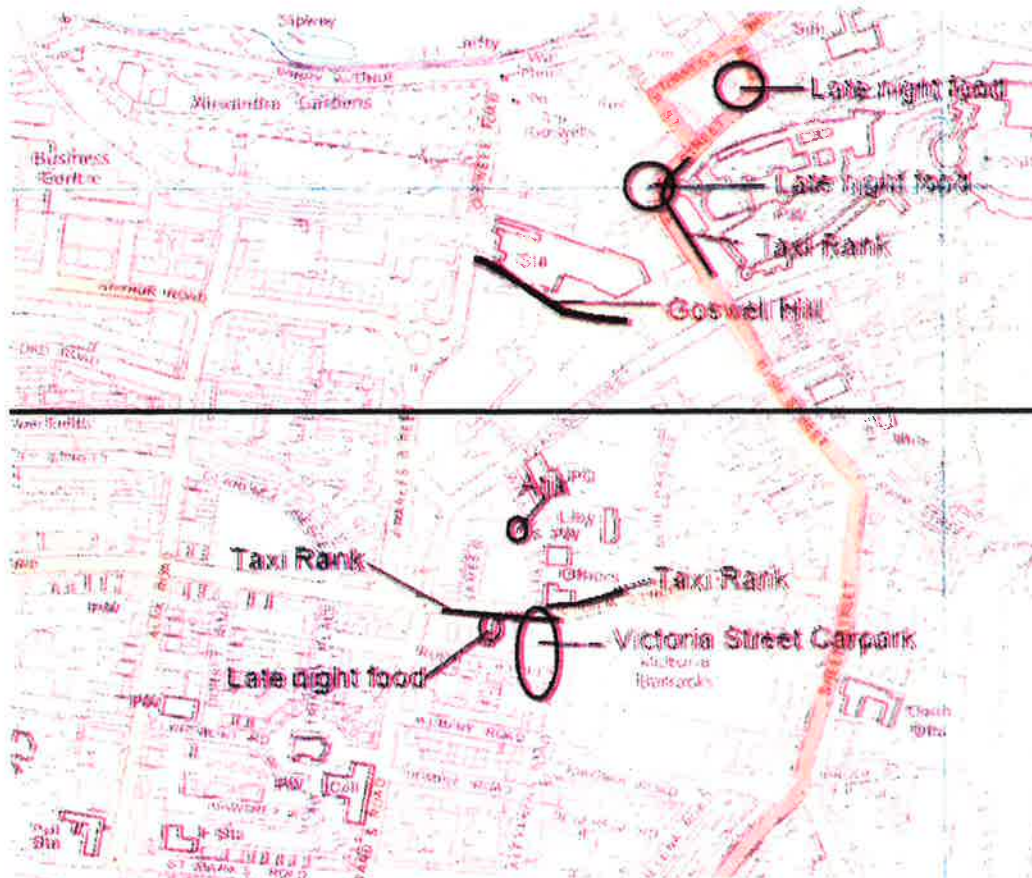

I have worked in Windsor and Maidenhead LPA for nearly 10 years; I have predominantly worked in a front line, first response, uniform based role. Over this period of time I have Policed the night time economy on more occasions than I can remember. I am very familiar with how the NTE of Windsor runs, where the demand is located across the town and its hotspots at key times. During my years of patrolling and responding to the demands of the NTE I have built good rapport with many of the licensed venues including Atik staff. Central Windsor has 2 main locations for late night drinking venues, these are Goswell Hill and William Street.

Goswell Hill is a narrow cobbled, pedestrianised area. Along one side of the street are several railway arches with the majority being converted into late night drinking establishments. The venues I list as follows: Vanilla, Fuzzy Bear, Boom Bar, Scotch Bar, Bar Yello and Charley's Horse. If taken individually these venues have a smaller capacity than Atik, however due to their proximity to one another the capacity taken as a collective, for all of these venues is 1442. From my experience of Policing the town centre, the clientele whom frequent Goswell Hill tends to be an older crowd than that of William Street which is on the other side of the town. You often find that the crowd who attend Goswell Hill tend to stick to Goswell Hill and there is numerous other venues and amenities very nearby. These include late night fast food outlets, hackney carriage taxi ranks, car

Signature: **K Horsley**Signature: **GO** Witnessed by: **N/A**

parking, a train station and other public houses which can generally be classed as feeder bars to those venues who have later operating hours.

The set up around William Street is very similar to that of Goswell Hill, however the only other late night licensed venue on William Street is the Windlesora public house. The Windlesora's licence for sale of alcohol finishes at 0030 hours, Sunday through to Thursday. Friday and Saturday it stops at 0100hours. As with Goswell Hill, William Street also has a late night fast food outlet, taxi ranks, car parking and feeder bars. I have also provided a map below to which I have added key locations which shows a clear divide in the town. I am not saying that members of the public cannot use both sides of the town during an evening, and I am not saying that this does not happen. However I do believe an inference can be drawn that, if you attend Windsor to go to a venue on Goswell Hill there is no need to walk across town as everything that you might want is easily accessible nearby.

As part of my role as Harm Reduction officer, I utilise Police databases to analyse demand across the LPA. To give a general overview the 2 highest demand generators in terms of NTE demand for the whole area is listed as Atik and Goswell Hill. These 2 locations do change between each other with demand peaks and troughs, however they are usually very similar to one another in terms of volume of incidents.

The evidence produced in this hearing is evidence that removes all ambiguity regarding whether the people are directly associated to Atik or not. The evidence produced clearly states that the persons involved, were either inside Atik or had been prior to the crime or disorder taking place. I am completely certain that the number of crimes is far greater than what has been disclosed, but due to the fact that the attending or

investigating officer hasn't recorded this as fact in the crime report, these have been discounted. This of course also does not include the demand that is never recorded on any database. Officers assigned to the NTE of a weekend, will take to foot patrol at the end of the evening in hotspot locations. They will often deal with incidents of disorder and diffuse it before it escalates into something that must be recorded. These officers are then tied to these streets until the revellers of Atik have fully dispersed and left the area.

We have analysed the crime reports included in this hearing and I would like to draw your attention to some very basic core information. When an officer makes an arrest for an offence, the time of that arrest must be recorded. This is a lawful requirement; as from that moment on that person who is under arrest is then lawfully detained. Once that detained person is brought into a Police station custody the duration of detention must also be recorded under the Police and Criminal Evidence act 1984 (PACE). Once a person is arrested there is a considerable amount manpower that is needed to deal with that individual. These include multiple custody staff, including regular reviews by custody sergeants, inspectors and approved jailors. An investigation will then be progressed which involves witness interviews and statements, collation of evidence, DNA and seizure of exhibits to name but a few. With regards to the disclosed evidence and where an arrest was made as a result of the incident, the table below shows the amount of time that detained person spent in detention. This is from time of arrest to the point they were released from custody, in the first 24 hours. This does not include if they had to return to the Police station at any point for further interviews or ID procedures. It does not include any other investigative work outside of the custody procedure, however, it does give a starting point to understand how many hours go into an investigation just within the first 24 hours.

The table to the right plots the age ranges of the suspects and were relevant, victims. To keep it consistent I have only used the reports listed above to remove all ambiguity.

To clarify on occasion there is no victim as some offences such as drug possession or public order offences are classed as Regina offences (offences against the state). Where we can and

where it is appropriate, Thames Valley Police prosecute offenders where there is no supporting victim. On these occasions it is seldom that personal details are recorded of victims.

Every week I plan what Police response and focused patrols is needed for the upcoming weekend, as part of my planning and review process I check open source media platforms. This type of data is in the public domain, on the internet. I find social media platforms which include, Facebook, Instagram and Twitter being some of the main sources of information. From these platforms you can pick up on special guest, DJ's, special events and quite often it is here where promotions are advertised also. From this information I will then often conduct, intelligence checks and further open source research, this is in order to try and judge the anticipated demand. On the 11th January 2019, I was conducting my checks and I found Atik running a 'Pound Party' promotion. In precis this promotion was pre midnight drinks set at £1 each as well as entry set at £1. I flagged this to Debie Pearmain (Licensing Officer), it is my opinion that this is a very cheap drinking promotion, to the point of being irresponsible. This was brought up with the venue manager at the time, he later upped the price of the alcohol to £2. Which I believe is still far too cheap for a large nightclub such as Atik.

As part of my trawling I have found that Facebook in particular holds much more information than any other platform, it gives customers the option to review the venues. Below I have added a few screen shots from the more recent months of the customer reviews on Atik's Facebook page. I would like to add that there are positive reviews on the Facebook page but these are quite heavily outweighed by the negative.

I submit that the additional conditions that are being proposed would have a significant reduction in crime and disorder, public nuisance and protecting children from harm.

The conditions that we are seeking to add to Atik Nightclub's premises licence are as follows.

- 1) Minimum age of entry to be 21 years and over.

I have demonstrated from the data above that the largest percentage of those individuals who have been involved in crime and disorder, who are directly attributable to Atik fall into the age range of 17-21 years. This condition is directed at reducing the number of offenders and victims over all. In this age range there are 2 instances of under-age people. By having a heightened minimum age, it will make it much easier for staff and security to manage underage drinking. This condition supports the objective to safeguard children.

- 2) The sale of alcohol by retail for consumption ON the premises only, to stop at 02:00 hrs on Friday and Saturday. With the last entry time of 00:00 hrs.
- 3) The sale of alcohol by retail for consumption ON the premises only, to stop at 01:00 hrs Sunday to Thursday. With the last entry time being 23:30 hrs.

The reduction of hours would reduce customer's propensity and opportunity to become excessively intoxicated, and as a consequence commit crime. This will be one of the most effective conditions to reduce or prevent instances of crime and disorder, this condition is extremely important, as at present it is clear that the highest demand period is from 0100 hrs and continues until 0500 hours. By removing these hours that

customers are able to purchase and consume alcohol it will in effect create a safer environment and work towards preventing excessive intoxication. Individuals who are allowed to consume alcohol to excessive levels are often deemed as extremely vulnerable, the chances of that person then becoming a victim or an offender is then greatly increased. Much consideration has been given to the problem just being brought earlier into the evening instead of reducing the issue. However it is anticipated that the levels of intoxication will fall, Windsor and Maidenhead LPA deploy resources weekly at key times and hotspots to tackle excessive intoxication. I deploy our resources through intelligence and trend analysis targeting hotspots identified where individuals 'pre-load' prior to entering late night establishments. Officers utilise their powers under the no drinking zone ban to remove alcohol from these members of public. This ongoing holistic approach to problem solve this matter coupled with earlier entry times will directly link to less intoxication, and in turn reduce the likelihood of offending and/or vulnerability. It is impossible for late night drinking venues to control what their customers consume prior to them attending and attempting to gain entry to their venue. However it is completely within their power and control how much their customers consume, once they are inside the venue. By having an earlier entry time this will then further reduce the likelihood of excessive pre-loading, and encourage those to arrive at the venue earlier and place the responsibility on the management and staff to look after their customers once inside. This reduces bar hopping, which again can encourage excessive intoxication.

4) No alcohol promotions.

Responsible drinking is paramount to a safe night time economy, excessive intoxication is only amplified by alcohol promotions such as the one I have listed in this report.

I would like to add that the relationship between Atik and the Police of very recent times has been much better improved. Over my years as a Police officer in Windsor I have noticed peaks and troughs in performance and response, generally as new staff come and go at the venue. On the whole Atik have been positively responsive to Police requests and I have always had a good rapport with the security and management. There has been several times when I have relied on the security to help restore order on the streets, and they have assisted me in doing this when Police numbers have not been readily accessible.

I am a resident of Windsor and I live in close proximity to ATIK nightclub in William Street in Windsor. I have lived in Windsor for 20 years. There has always been unruly behaviour outside my home but I believe it has got worse over the last few years. I used to park in VICTORIA STREET car park and use the residents permit mid-week, but I don't anymore. I am worried my car will get damaged and I am worried about my own safety. In the Summer when I have the windows open I can hear cars backhike loudly and racing about late at night on the weekends. I have witnessed someone urinating against the side of my house.

There are double yellow lines in Alexandra Road and at the weekend, vehicles parked on them instead of using the car park. Late at night they return to their cars shouting and swearing. Vehicles will often shut-up and all the passengers will mess about rather than just getting into the car and leaving. They often sit on the green phone boxes and have a conversation at 4 in the morning. You will often hear arguments between couples and this does instill a certain

few as it becomes progressively more frequent. There is alot of foot traffic along my road at weekends and the majority appear drunk. I have often found nitrous oxide canisters in Russell Street and Alexandra Road. There is also a problem with vomit. It is only every once cleaned away when it rains otherwise no one else cleans up the mess.

I feel ATIK should take more responsibility for the carnage which occurs after they close. I have visited the clubs in Woking on previous occasions but I do feel that current conditions are not appropriate and they need to change.

I would never park in Victoria Street car park overnight because of the issues. Answer

I am a resident of Windsor and I live in close proximity to ATIK nightclub. I have been a resident for four years when we moved in we realised we would have to make changes to the house because of the issues with noise and Anti social behaviour in our street. We have changed our front door and windows with secondary glazing and acoustic glazing. We have also had our back gate kicked in. On that occasion we called the police who dealt with the male who stated he had come from ATIK nightclub. We had to replace the gate with a much stronger alternative which was yet another expense for us.

We have people often urinating against our house and even defecating in the street. We have witnessed groups get out of vehicles and line up against the VICTORIA STREET car park to urinate.

This behaviour has lead us to purchase a CCTV system for our safety and to protect our property.

When there are events at ATIK the problems in our area are much worse. We have double yellow lines on both side of the road but these are ignored. The summer months are worse and in particular when the weather is particularly good.

When we moved into the area we were called by the police

2-3 times a week when we realised this was not resolving the continuing problem we would phone less. We would witness the police drive into VICTORIA STREET car park and all the cars would turn down their radios until the police had left then turn them all back up. We soon became aware the police alone would not be able to deal with the problem.

There are always problems with the VICTORIA STREET car park. Vehicles will turn up in the early evening for the night time economy but they would stay with the vehicles and play their stereos.

They would be dressed for the night life.

Street side curbers are usually left lying around the area. The vehicles would often drive recklessly around the car park, spinning their wheels.

The noise and general problems occurred in two phases of the evening. Between 9:30 pm and

midnight comes with its own problems. We have

a business in the street which has three parking bays. These get filled with vehicles and the occupants are obviously pre-loading before going out on the town.

We have spoken to the business and the area is now chained off at the expense of the business as ^{JAR}

it is usually quiet for us between 12-3 but phase 2 brings shouting and arguments.

Every Friday is a problem which can be graded in severity from 1-10 as much as the Saturdays.

We often hear fights but cannot see them.

~~We do~~ ^{not} go out looking for them either.
 Late at night vehicles still park outside our windows and sit there with the engine revving and radios on with no consideration for residents in the street. They will often just sit on our windowsill which face the street and have conversations under our bedroom window. This makes it difficult to sleep especially when we have been woken up or they start to argue.

I am worried about the effect of the window night life on our family. We have tried to manage the problem with changes to our property but we are still indirectly targeted. We have young children and worry they will be awoken by the noise. Friday will always bring a certain amount of dread as well as Saturdays. JAA

I am a resident of Windsor and live in close proximity to the ATK nightclub in VICAR STREET. I make this statement to illustrate the problems we are experiencing with anti-social behaviour. We moved into the area in 2015 and accepted that living in the town centre would be busier and noisier than the suburbs. In the first year we did not notice too much of a problem but the following years have seen the problems becoming more frequent. We are both working professionals and the constant noise and behaviour is having such an impact on our lives I have made this statement to highlight the problem. I am aware that ATK have a seven day licence until 4am. We experience many problems between 2-4 am. In one incident I contacted the police at 4-22. I was awoken by loud music near my house and looked out of the window. I saw a vehicle parked in an opposite courtyard which was normally chained off. They had the stereo turned up loud and the windows down. The occupants saw me looking out of the window and began to shout with certain hand gestures. I saw them sucking on small silver canisters. I was so worried for my own safety I had to check the front door was double locked.

Continuation of Statement of: Rebecca DE-REGG

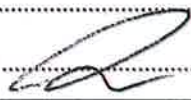

The police were contacted but did not turn up. The vehicle left 10-15 minutes later. Often we have problems which do not warrant calling the police, but when we do they do not come out.

Victoria Street car park is a problem. We often hear vehicles spinning tyres and revving the engines. This has improved over the last two weeks since the installation of a barrier.

Shouting and screaming in the early hours is common place in the early hours. We have heard many arguments which escalate to almost physical confrontations. This is usually only prevented by what I can only assume to be the Sabar member of the group. They are often in casual night club clothes. This, together with the time and the fact ATIK advertise VICTORIA STREET, leads me to believe they were patrons of ATIK.

I have a young family which get awoken by the noise. I have opened my front door to find the vomited remains of the local take-away on my door step. I have also had the experience of finding needles in the street.

Victoria Street car park is the closest car park to ATIK. There are many other car parks in WINDSOR which are further away so I believe the problems in the area of VICTORIA STREET can be attributed to ATIK.

Continuation of Statement of: Rebecca DE-REGG

The local take away did make a promise to walk around the area and clean up the mess but this does not appear to be taking place

I am aware a stabbing took place in January and I am not surprised as the behaviour, and frequency has lead to an expectation that something would happen.

I used to live in central London next to a football stadium and never once was I awoken by noise.

I am a Police Constable based at Maidenhead Police Station. On Saturday 9 February 2019 at about 11:30 hours, I visited ALEXANDRA ROAD and RUSSELL STREET in WINDSOR where I conducted house to house enquires. I sought the views of the residents regarding the Windsor night time economy. The two roads are a combination of residential and business addresses. I did not visit the business addresses. They situated in close proximity to ATIK night club which is located in WILLIAM STREET.

I spoke to a number of residents who wanted to present their views but were reluctant to draft statements. I have summarised their comments and bulleted individual points which I hope presents an authentic perception of the community.

Some of the residents have formed a committee and awareness group to discuss the problems which they face from the night time economy. This, in itself illustrates the collective issues they face.

At the junction of Alexandra Road and Russell Street is Victoria Street car park. The car park is located at the end of William Street and is the ideal place to park for the ATIK venue, together with the back roads, which includes Alexandra and Russell. In the early hours of the morning, patrons of ATIK will return to their vehicles in groups. They gather at the Kebab shop and in the residential streets where they are insensitive to the locals. They are loud and often shouting, gathering around vehicles for a discussion, or domestic argument which becomes inflamed.

Litter, vomit, kebab and nitrous oxide canisters are frequently the detritus for the following day. Double yellow lines are not a deterrent at night and are frequently ignored. The closure of the top of the car park has provided some relief to residents as it is often used as a race track, but there is concern this is only going to be a temporary fixture.

The stabbing on 13 January 2019 has heightened the anxiety of most of the residents. A resident's group meeting was called soon after to discuss it and the best way forward.

Although the residents did not provide any specific reasons to be out at 4am, I believe there was a general view that it was seen as a no go area at that time. A common theme was the perception their cars would be damage if they were left in close proximity to Victoria Street Car Park in the early hours.

Some of the residents did not express any concerns about ATIK but this view was presented mostly by persons who lived further away from the club.

Witness Statement

Continuation of Statement of Dave Higgs

Overall the residents wanted to go about their own lives without the inconvenience, anxieties and fear which came with the groups from the Windsor night life. Some residents had an understanding ATIK is providing a service to the community but it was felt that it did not really need to be until 4am and seven days a week. They also wanted to know why it could not be located with the other clubs in Goswell Hill and had to be so isolated.

Many of the residents are professionals who work long hours and commute. They look forward to their weekends and are aggrieved when inconsiderate nightclub goes wake the entire family. They feel they have a right to a descent home life and some respect from people in the street in the early hours. They don't want the fear and isolation being created by these crowds.

The following bulleted points were raised by individual households.

- The residents had a young family and were concerned about the events in their street. The stabbing in January had caused considerable anxiety. They spoke of people urinating in the street and of one occasion when a drunk male called at their home and said he lived at the address. He would not move away and collapsed in their doorway. The police were called to move him away.
- Complained of intoxicated groups shouting in the street. Aware of the stabbing and concerned. Stated he expected some noise as he lived in a city.
- Resident complained about the noise at night and it woke the children. The resident said they would not open the door at night unless they knew who was calling. There are people hanging around late at night. If they parked the cars near Victoria Street Car Park they would be anxious they would be vulnerable to damage. Generally the resident would not go out at night. They complained of nitrous oxide canisters in the street and shouting/conversations at 2-3 in the morning.
- The resident was elderly and did not go out after 7.30pm as they did not consider it to be safe. There are often groups of youths walking up and down the street. Relatives are anxious when they leave their cars near Victoria Street. On one occasion a relative walked to their car and it was surrounded by a group of males. They were worried for their safety so they went back to the house and waited for the group to leave.
- One property owner said their tenants have moved out and were offered flats near to ATIK but they declined them all as they believed the proximity to ATIK made it a high crime area and noisy.

Witness Statement

Continuation of Statement of Dave Higgs.....

- Asked if ATIK really needed a seven day licence until 4 in the morning. They were anxious a stabbing had occurred in such close proximity to their home and asked why people had to take knives in clubs.
- Residents believe visitors to ATIK generally chose Victoria Street Car Park for their parking due to its close proximity. It is also advertised by ATIK. They arrive early and sit in their cars playing loud music. In the early hours of the morning they loiter and play music with a complete disregard for the local residents rather than getting into the vehicles and just going home. The vehicles race around the car park, screeching tyres and reviving the engine.

Nature of Incident – what happened?

The offender [REDACTED] raised the attention of ATIK Security due to being excessively aggressive whilst inside of ATIK. The male has proceeded to be ejected from ATIK due to his behaviour and for being highly intoxicated in the premises. Officers attended the scene to try and assist in getting the male to leave the area. The offender's behaviour continued outside of the premises with officers, being highly uncooperative. The offender was supplied with a S.35 dispersal notice, which he refused initially but then walked away. He later came back to Officers, squaring up and was subsequently restrained. The offender was then arrested for failing to comply with the s.35 dispersal notice and for being drunk and disorderly.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

It is detailed that ATIK Security have evicted the male due to being drunk and overly aggressive. It is not detailed of their involvement in the incident once the male was outside of the venue.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 2369 HORLER (Officer in Case)

Nature of Incident – what happened?

The aggrieved ([REDACTED]) has been inside ATIK; once coming outside an altercation has ensued with the suspect ([REDACTED]), both of which were highly intoxicated, whereby the suspect has proceeded to punch the aggrieved in the face, causing an injury to the aggrieved's nose. The aggrieved has then been seen by a paramedic, given the suspect thought he had sustained a broken nose, however it has been confirmed that the aggrieved does not need to go to Hospital.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

There is no indication as to what response the premises had, despite both parties coming from the venue and the incident taking place outside of the venue.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 7412 HARRIS (Attending Officer)
 PC 6675 LOVELL (Officer in Case)
 Officers have attended the scene; due to the highly intoxicated nature of both victim and suspect, statements were not taken at the time. When contacted, the victim has declared he was highly intoxicated and did not want to, nor could he remember, what had happened, and therefore did not want to support proceedings.

Nature of Incident – what happened?

The aggrieved [REDACTED] was in ATIK on the dancefloor; she had decided that she wanted a bottle of Champagne. As Champagne can only be purchased by those in booths, she requested to some girls in a booth that if she was allowed to come in, that she would share her bottle of Champagne with them. After some time in the booth area, it is reported that a female has spat at the aggrieved and subsequently the aggrieved has thrown her drink at this individual. As a result, the aggrieved has been escorted out of the premises by ATIK Security; this has led to a verbal altercation between the aggrieved and the ATIK Security [REDACTED]. Some of the language used by the aggrieved is considered racially abusive. The aggrieved has then allegedly had force used against her during the ordeal, causing her to contact the police for an alleged assault.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

ATIK Security have acted rationally and lawfully in the circumstances; they have assisted proceedings by allowing police to access incident records and provided BWV of the incident, highlighting the racial nature of the language used by the aggrieved.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 1548 COLSTON (Officer in Case)
 Officers have thoroughly investigated the incident, from viewing all accessible evidence. The evidence contradicted the account of the aggrieved, from which she has changed her account. The CCTV did not show an alleged assault, and therefore the incident was filed to due to inconclusive evidence.

PEC	27/01/2018 19:40	#XC4259 TAYLOR, No D.	ODMA - FURTHER CALL TO THE AGGD. She is experiencing pain to her knee and her back and 2 fingernails came off in the process. She was pushed on the floor by the bouncer.

Sergeant review	28/01/2018 09:09	#P4660 BARTLE, No D.	She has mobile phone footage of him - a description of him. I have picked this up from DMM and I concerned that we will lose evidence especially that there has been a delay in reporting this as I believe that this occurred on Fri/Sat at Atik. I have left a message on the voicemail of aggrieved asking her to make contact with me, number left in order to make arrangements to see her later today as appointments are available. If this is not updated by 1500 today this will have to be picked up by SRT in the normal way.
Sergeant review	28/01/2018 12:11	#P4660 BARTLE, No D.	I have left a further message with aggrieved on her voicemail asking her to make contact to arrange to take a statement.

Investigator summary	31/01/2018 13:45	#P1548 COLSTON, No J.	From the Charm diary, this has been allocated to PC 1548 Colston who is not back on duty until 01/02/18. There is no update in Charm nor in the Oel, so I can only assume this appt was kept. Allocated to PC Colston in the first instance and await update if this is not the case. AGGD HAS ATTENDED ATIK WITH HER TWO FRIENDS AT AROUND 2300HRS. SHE HAS HAD A FEW DRINKS WITH HER FRIENDS AND THEN DECIDED THAT SHE WANTED A BOTTLE OF CHAMPAGNE. IN ORDER TO BUY A BOTTLE OF CHAMPAGNE AT ATIK YOU HAVE TO HAVE PAID FOR A BOOTH. SHE ASKED TWO WOMEN WHO WERE SITTING IN THE BOOTH IF SHE COULD JOIN THEM SO SHE COULD BUY A BOTTLE OF CHAMPAGNE AND THEN SHE WOULD SHARE THE BOTTLE WITH THEM. THEY ALLOWED HER TO JOIN THEM. THEY TALKED FOR A FEW MINUTES AND THEN SHE WENT UP TO THE BAR IN THE MAIN ROOM OF ATIK AND ORDERED THE CHAMPAGNE. A MEMBER OF BAR STAFF THEN BROUGHT THE CHAMPAGNE OVER TO THE TABLE WHERE SHE WAS SITTING. AFTER A COUPLE OF MINUTES THE AGGD STOOD UP AND STARTED DANCING NEXT TO THE TABLE AND WAS FACING THE WOMEN SHE WAS SPEAKING TO. OUT OF THE BLUE SHE WAS THEN PUSHED TO THE FLOOR BY A MEMBER OF DOOR STAFF. SHE THEN TOLD THE MALE TO GET OFF HER AND HE TOLD HER THAT HE CAN DO WHAT HE WANTS AND STARTED TO POUR HE CHAMPAGNE AWAY. HE THEN KEPT HER PINNED TO THE FLOOR AND AFTER SEVERAL TIMES OF HER TELLING HIM TO GET OFF HE HAS THEN GOT OFF HER. SHE MANAGED TO GET UP OFF THE FLOOR AND SAT ON THE SOFA. ONCE SHE WAS SAT ON THE SOFA SHE HAS GOT HER PHONE OUT AND STARTED TO RECORD ON SNARCHAT. THE BOUNCER HAS REALISED THIS AND HAS THEN GONE TO GET HIS COLLEAGUES. AROUND 6 OF THEM CAME OVER TO WHERE THE AGGD WAS SITTING. THEY ASKED IF SHE WANTED A FEMALE BOUNCER TO COME OVER AFTER SHE TOLD THEM THAT THEY WERENT TO TOUCH HER. A FEMALE BOUNCER HAS COME ALONG AND THEN SAID THEY HAVE TO EJECT HER BUT DIDNT GIVE A REASON. THE AGGD AGREED TO LEAVE AND THEN PHONED 999 WHEN SHE GOT TO THE CLOAKROOM AREA. SHE THEN WANTED TO WALK DOWN THE STAIRS SO SHE DIDNT LOSE SIGNAL ON HER PHONE BUT WAS PULLED INTO THE LIFT BY THE BOUNCER INSTEAD. SHE WAS THEN EJECTED FROM ATIK. SHE SUSTAINED GRAZES/CARPET BURNS TO HER KNEES AND ALSO HAD TWO OF HER ACRYLIC NAILS SNAP OFF TAKING SOME

EMAIL RECEIVED FROM ATIK. I WILL BE ATTENDING TO VIEW CCTV. ETC ON MONDAY 12TH FEBRUARY AT AROUND 1530

OIC HAS ATTENDED ATIK TO VIEW CCTV. THERE IS NO CCTV COVERAGE WHERE THE ALLEGED ASSAULT HAPPENED. I HAVE REQUESTED THAT THEY PRODUCE FOOTAGE FROM THE CLOSEST CAMERA 5 MINS BEFORE THE TIME OF THE ALLEGED ASSAULT AND THEN CCTV OF THE AGGD BEING EJECTED FROM ATIK. THEY ARE ALSO GOING TO PROVIDE ME WITH BWV WHICH SHOWS DOORSTAFF SPEAKING TO THE AGGD AND ALSO EJECTING HER FROM ATIK. I HAVE ALSO TAKEN A PHOTO COPY OF THE INCIDENT LOG WHICH GIVES A FIRST ACCOUNT FROM THE 'SUSPECT'. BWV ALSO SHOWS THE AGGD OUTSIDE THE CLUB ASKING FOR THEM TO GET THE BOUNCER OUT THAT ASSAULTED HER. SHE HAS THEN GONE ON TO SAY WORDS TO THE EFFECT OF "WHERE IS THAT NIGGER" A MOP STANDING CLOSE TO HER TOOK OFFENCE TO HER LANGUAGE AND THEY ENDED UP HAVING A VERBAL ALTERCATION AND THEN THE AGGD SPITS IN THE DIRECTION OF THE MOP.

I have reviewed this case. We are awaiting body worn camera footage from the door staff. From what we know so far, the victims behaviour has been deplorable. At one point she is heard to be racially derogatory even causing offence to another member of the public who she then had an argument with before spitting at the member of the public. her behaviour is such that if this is the way she was acting in the club, then the door staff would have been more than justified in physically ejecting her from the club. I will wait to view the footage before making a decision.

OIC received an email from the aggd saying the following:

after the traumatic assault I only remembered being thrown onto the floor while being in front of the table. I went through with a psychologist/psychiatric counsellor at my university and I was able to remember more after the champagne bottle was brought over to the table. I remember looking up while pouring champagne into my glass and realising someone was arguing with my friend I came to the club with. so my fight or flight reaction kicked in and I jumped up to see what was going on. I remember just jumping up I definitely remember having a glass in my hand. so when I went over I asked the girl 'whats the problem?' she looked at me and spat at me. I was shocked and she started walking down then I looked at my mate and said 'to her something in terms of 'I cant believe she just done that' then I threw my drink at her after been spat at. then I remember walking back to the table to get something to get the spit of me but then that's when I was thrown to the floor by the bouncer. This is just addition to the statement and the CCTV will show this. A well trained bouncer had he not seen her spitting on me and only seen me throw the drink should have asked me to go to the side and explain why I threw the drink and I would have explained to him, so she throwing me on the floor while walking away back to the table to clean the spit of

Sergeant review	24/02/2018 20:01	#P0282 ELLIOTT, S.	No	me was unnecessary. Outcomes 11- 21 (general filing)	Offence summary: (please detail) I have reviewed the evidence in this case. When this was reported, the OIC took a statement from the aggrieved in which she stated that she was assaulted by a member of door staff for no reason and was ejected. 2 weeks later, the OIC received an e-mail from the aggrieved stating that she remembered what had happened and that she was spat at and so threw her drink at the person adm that is why she was ejected. When she was ejected OIC has seen footage that the aggrieved has been racially abusive towards the door staff. The victim believed that she could do this but she has been corrected in this. This case has no RPOC and we do not know who the door staff member was but in any case, I am going to file this.

PEC	25/02/2018 18:48	#C0697 SIMMONS, A.	No	Abrington Control Room have called stating they have just received a call from Aggd. PEC	27/02/2018 20:05	#C4845 WARLOW, M.	No	AGGD HAS CALLED SAYING SHE HAS BEEN ON ATIK'S FACEBOOK PAGE AND SAW A NUMBER OF BAD REVIEWS REPORTING SIMILAR SITUATIONS. [REDACTED] IS GOING TO CALL POLICE AND REPORT HER EXPERIENCE.	
PEC	14/04/2018 13:48	#XC3437 MCADAM, A.	No	AGGD IS GOING TO ATIK THIS WEEKEND TO TRY AND IDENTIFY THE WITNESSES AND WILL CALL BACK Aggd is not happy about this investigation, she has called the customer service department for the club and they are happy/willing to give the police details of the witnesses to this assault but they have not been contacted by the police as of yet. She is also not happy with her OIC and feels as though they have taken the side of the bouncers. Aggd has gone off at a slight tangent talking about a previous assault last October who had a similar incident with the same bouncer and that she feels that this person should not be working there anymore. Aggd has also mentioned the racial stander that was brought up against her, stating that when someone has thrown her to the ground and said they will do whatever they like to her she is not going to act normal, she had borderline personality disorder and this is why she said those things. Aggd is also not happy with the statement that was taken she says there are mistakes with what happened leading up to the event and she wants this dealt with. I have tasked the sergeant to review this before an official complaint is made by the aggd	
Sergeant review	11/05/2018 08:42	#P6675 LOVELL, K.	No	S/R I have discussed the most recent update with the OIC. He states that he has received the CCTV and bouncer BWV. The footage shows the victim shouting abuse towards the bouncer that has ejected her. The victims account is inconsistent and now she wants to change her account. She initially states that this was an unprovoked attack but is now stating that she did throw a drink over someone and thats why she was ejected. The CCTV that the OIC has seen does not show an assault by the bouncer on the victim. This was initially filed as code 18 but we clearly have a suspect and he should be added to the log. When this is done this occ can be filed. Email sent to assist security to get details for the suspect

Incident References

Premises Name/Location: ATIK, 19 WILLIAM STREET, WINDSOR, WINDSOR AND MAIDENHEAD, SL4 1BB
Incident Date: 28/01/18 **Incident Time:** 01:31
Command & Control URN: 48 28/01/18 **Crime Report(s):** 43180028381
CCTV Seized? Yes
Sources of Information: LV CCTV
 ATIK Security

Nature of Incident – what happened?

The offender (██████████) was reported to have been inside of ATIK before being ejected for being too drunk. The offender is then reported to have returned to the area 10 minutes after ejection where she had a reasonable conversation with Police. The offender was then informed by ATIK Staff that she would be banned from entry in the future given her prior behaviour causing her to be physically taken out of the venue. This caused the offender to have a verbal argument with ATIK Security and kick over the barriers; this resulted in her arrest for being drunk and disorderly.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

ATIK Security are considered to have taken adequate steps to remove a drunk individual from the premises, and the ban appears to be a necessary precaution given the circumstances.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 2488 WHITEWICK (Officer in Case)
 APS 6675 LOVELL (Arresting officer)
 Officers have arrested the offender for being drunk and disorderly. Due to lack of prior convictions, the female has then been given a Penalty Notice for Disorder.

Sources of Information:	Aggrieved		

Nature of Incident – what happened?

The aggrieved [REDACTED] was detained and arrested for being drunk and disorderly outside of ATIK. Whilst outside and for the duration to custody from ATIK, the aggrieved declared that whilst she was in ATIK, a man had tried to put his hand down her trousers.

Once in Police Custody, PC BUTTERWORTH reported noticing that the aggrieved's leggings had been ripped around the crotch, however she did not state how this came about.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

It is known that ATIK had earlier evicted the female for being too intoxicated, and informed her that she would be banned from the venue. It is not known what actions they took in relation to the sexual assault.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 7574 DAVIS (Officer in Case)
 Police had earlier arrested the aggrieved for being drunk and disorderly. When asked about the sexual assault allegations, she later declared that she did not want to make a statement, despite being informed Police were taking the matter seriously.

Associated occurrences:

a man had put his hand down her trousers. I understand that the officers were tasked to complete enquiries around CCTV and any potential witnesses.

It has been mentioned that the aggrieved mentioned this to custody staff during the night and again to custody staff in the morning after 0700. A suitable officer (PC 7574 BUTTERWORTH) was tasked to speak to the aggrieved as a victim. PC BUTTERWORTH has made an attempt to speak to her to obtain an account/fake statement and seize clothing but the aggrieved has refused to take any offer of assistance. I understand that she has been uncivil and was removed from custody.

I have discussed this matter Insp Waterworth and a plan has been made to progress the investigation:

I will task the late shift to make further contact to attempt to obtain a statement. The body worn evidence will be saved as evidential.

We have not been able to establish where and when the incident occurred in Atik as the aggrieved refused to discuss the matter.

The aggrieved refused to give any clothing, we are therefore unable to obtain potential forensic evidence.

I was tasked to speak to [REDACTED] about an allegation of sexual assault. After being released from custody I spoke to her in a side room, once she contacted her friend, who appeared to calm her down. She stated that she didn't want to speak any further about it as nothing will be done. She said that ATK is a big place and we won't be able to identify him. She was very agitated and stated she just wanted to leave. Her friend was on her way to collect her. I explained to her that the incident will be recorded as a sexual assault and if later on she changes her mind about making a complaint about it, she can call us and we will take a statement. I advised that someone may call her at some point later on.

I noted that she ripped to her leggings around the crotch but she wouldn't say how they came about.

For clarification in relation to the assault, the victim disclosed to Inspector Waterworth that an unknown male has approached her from behind and pulled up her shirt dress and placed his hand on her midriff and she has told him to get off. She has not disclosed any further.

I have sent a text message to the victim this morning asking her if she has changed her mind about speaking to me about what happened. I await a response.

Victim has replied to my message as follows:

"Thanks for asking but no thanks rather just forget it sorry"

DI 5869 Review: I have reviewed the circumstances of this allegation and have briefed the officer in the case directly with my proposed investigative actions:

1) I have asked that the victim is recontacted today but I note that she does not wish to proceed. She is to be informed that if she changes her mind at any point, she is to recontact Thames Valley Police and we will of course take a statement from her. Similarly if she is willing to engage with officers in the future, her clothing to be seized and photographed as I understand it may be damaged.

2) Please ensure the victim is signposted and or referred to any partner agencies or support networks.

3) OIC to make contact with victim's friends and ascertain what they witnessed during the evening. Statements to be taken if they witnessed any offences, if they decline to give statements, an account to be taken from them on the phone.

4) CCTV from the licensed premise to be seized and viewed to see if the victim can be identified, if she can, footage to be viewed to ascertain whether any

Sergeant review	28/01/2018 10:47		#P4660 BARTLE, D.	No	The aggrieved was detained and arrested for being drunk and disorderly outside Atik. She was taken to a van and she was seated inside after shouting and difficult to manage. She was then taken into the back of a Police van. She continued to shout and it continued to be difficult for officers to have a civil conversation with her due to her drunkenness/significant intoxication. KS stated that a man tried to put his hand down her trousers and therefore reporting a sexual assault.
					She was taken to Maidenhead Police Station where she was accepted into custody by PS BLADES. I am aware that upon being booked in she stated that

offences are captured on camera. This evidence is to be secured, and if a suspect can be identified, please can still images be disseminated to identify the suspect. Case Investigators can be tasked to complete this enquiry.

5) During the CCTV enquiry, please can officers make contact with staff at the licensed premise and see whether a record was put in the incident book in relation to these events. Please check if it includes details of anybody matching the suspects description.

6) Licensing report to be submitted to the licensing officer in relation to this allegation.

Should the circumstances change significantly, or investigative advice be requested, please update me accordingly and I will review this further.

I have replied to the victim via text to explain that this allegation is being taken seriously and that actions have been set that I have been asked to complete. I have asked her for her friend's details to speak to her. I have explained that the information could be used for intelligence purposes to try and identify the male in question to see if he is known to us etc. Await a reply.

A4. Obtain CCTV from ATIK - ONGOING

I have created a task for this to be looked at and assigned it to the Case Investigator Enquiry box

Victim has responded stating that she will ask [redacted] if its ok for her details to be passed. She appreciated that I was trying to help her and do something about it. I have advised that they do not have to provide statements but any information about what happened would be great.

Officer Permission Team - Checks completed.

I have merged three duplicate person records for aggrieved (Niche IDs #1850712 #2440807 #2440887).

I had not heard back from the victim in regards to her friend. I have enquired as to whether her friend is willing to speak to me and I received the following reply:

"Seeing as the officers who arrested me went back to Atik and told the bouncers my details I, now banned from going into all clubs for 1 year so not gonna happen again is it Absolute Joke. You lot just cause trouble so no, no one wants to talk."

I have explained to the victim that the matter will be referred for filing as without any information I am limited as to what I can do to investigate the matter. I have provided her with the reference number.

It is clear that this matter is not going to be progressed. The aggrieved does not want to give any statement. There is no CCTV evidence or forensics. Report to be filed.

Sources of Information: ATIK nightclub

Nature of Incident – what happened?

Myself and my colleague approached the male who was shouting incoherent swear words towards door staff who work at the ATIK nightclub and acting in a disorderly manner. My colleague approached him and asked him what had happened. The male did not engage with ourselves and continued to shout and swear towards door staff. At this point I loudly spoke to the male and asked him to move away from the entrance to the club and to speak with myself. He shouted something along the lines of "FUCK THIS, WHERE IS HE." I placed my arm on the male's right hand in an attempt to guide the male away from the front of the club to prevent any escalation of the male's behaviour. The male walked with my guidance towards the other side of the road. He continued to look over at staff whilst shouting "JUST BRING HIM FUCKING HERE."

The male was drunk. He was unsteady on his feet and was slurring his words. He could not focus his eye contact with myself when speaking and the male's breath smelt heavily of alcohol.

PC1422 and PC7610 then arrived on scene and tried to engage in conversation with the male.

The male continued to swear and shout loudly at myself, my colleagues and the door staff outside ATIK nightclub. ATIK nightclub is one of the biggest nightclubs in Windsor and there was people leaving the premise regularly who heard the shouting and swearing by the male.

The male then shouted and pointed at myself and said something along the lines of "LOOK YOU ARE A CUNT, YOU COLLEAGUE IS A CUNT YOU ARE ALL CUNTS." At this point, I warned the male that his continuing swearing and disorderly conduct would result in him being arrested as it was completely unacceptable.

The male attempted to quote legislation at myself stating we had no power to do anything to him. I stated to the male that he is a drunk in a public place and acting in a disorderly manner and that the continuation of his behaviour would result in his arrest. The male did have a cousin who was with him. I encouraged his cousin to calm the male down and to take him home in a taxi. The cousin tried to reason with the male, however, the male shouted "NO FUCK THIS." "I HAVE BEEN KICKED OUT OF THERE FOR NO REASON."

At this point my colleague attempted to engage in conversation with him, whilst I went to speak with door staff. Door staff stated that the male had come to the attention of staff inside the club because he had become aggressive inside and when approached by door staff he said to door staff "FUCK THIS, OR I WILL SHANK SOMEONE." The door staff then ejected him from ATIK.

I looked back to see the male who was still shouting and swearing at my colleagues. I then approached the male who finally shouted "FUCK THIS, WHERE IS HE." (Pointing at the door staff).

At 01:40hrs I stated to the male "YOU ARE UNDER ARREST FOR BEING DRUNK AND DISORDERLY." I grabbed the male's right arm and my colleague grabbed his left. I stated to the male "PUT YOUR HANDS BEHINDS YOUR BACK." The male said something along the lines of "FUCK THIS." I then placed the male in back to back handcuffs. I then stated the "WHEN CAUTION."

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Phone police as soon as male was ejected from their club and continued to abuse them.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

#P1542 BRANCATO, F.		No	Reports of male kicking off outside A TK night club in Windsor. PC 2285 ASHTON attended and male now known as [redacted] was shouting incoherent words towards door staff. PC Ashton and PC 1206 DEAN engaged with [redacted] but he continued to shout at door staff. Officers managed to guide [redacted] to the side of the road but he continued to shout abuse at towards door staff.

PC ASHTON stated that [redacted] was slurring his words and was unsteady on his feet. That [redacted] could not focus his eye contact with him and that the male's breath smelt heavily of alcohol.

PC ASHTON stated that if he continued his actions he was going to get arrested as it was unacceptable and that he was drunk in a public place and also acting in a disorderly manner.

[REDACTED] continued to shout and swear and was subsequently arrested for drunken disorderly.

[REDACTED] was used a PND for drunken disorderly at 0845 hours on 03/02/18 by PC 1542 Brancato and was released from custody.
FPN attached to occurrence and ticket sent to FPN BANBURY.

Incident References

Premises Name/Location: ATIK, 19 WILLIAM STREET, WINDSOR, WINDSOR AND MAIDENHEAD, SL4 1BB
Incident Date: 25/02/18 **Incident Time:** 01:22
Command & Control URN: 12 25/02/18 **Crime Report(s):** 43180059482
CCTV Seized? Yes
Sources of Information:

Nature of Incident – what happened?

Whilst the aggrieved party (██████████) was in the smoking area of ATIK with a friend, the offender (██████████) asked the pair for a cigarette. The offender is then seen to punch the victim in the face, causing the aggrieved to black out and receive a laceration to his lip. The suspect was detained and was later arrested upon police arrival for Assault with injury. The aggrieved was taken into the medical room by ATIK Staff before attending hospital.
 The aggrieved received a small hole above his top lip which then needed stitches.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

It is detailed that the ATIK Security assisted the initial medical treatment of the aggrieved party by taking him in to the medical room.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 5915 KINDRED (Officer in Case)
 PC 309 MORBEY (Arresting officer)
 Officers attended and arrested the offender. After interview, the offender was subsequently charged with Battery.

THE AGGD DOESN'T REMEMBER MUCH ELSE. HE DOESN'T REMEMBER BEING PUNCHED ONLY WAKING UP AND BEING TAKEN BY DOOR STAFF TO THE MEDICAL ROOM. HE HAS AN INJURY TO HIS LIP WHICH I HAVE ALSO TAKEN PICTURES OF I have had a look at this Niche occurrence and there is a distinct lack of information or Circs of the job. I will bring this to the attention of the NTE Sergeant so he is aware.
Sergeant review	25/02/2018 03:09		#P0282 ELLIOTT, S.	No	I have tasked 2 officers to collect statements from an aggrieved and a witness. The statements will be uploaded to Niche shortly.

This is an assault that has occurred inside Atik Night club on William Street in Windsor. Suspect was arrested and taken to LC custody. I have spoken to the NTE sergeant. The officers were required back out on town and so completed the basic occurrence. They will update this occurrence later with more detail when it's not as busy on town. All enquiries that could be completed have been completed by the officers.

Nature of Incident – what happened?

While in the ATIK smoking area, the aggrieved [REDACTED] had a verbal altercation with the suspect ([REDACTED]) which led to the suspect allegedly punching the aggrieved in the face. ATIK Security have then removed the aggrieved party but allowed the suspect to remain in the venue. This was perceived by the victim as being favouritism as she believed that the suspect has a good rapport with the ATIK Security and perceived the behaviour as favouritism.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Premises have allegedly removed the aggrieved party despite being the one who has allegedly been assaulted in the instance. There is no indication of any action taken by ATIK Security to remove the suspect from the premises.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 1512 BOLTON (Officer in Case)
 Due to the fact the aggrieved party disclosed she did not want to make a criminal complaint against the offender, she did not support criminal proceedings, but wanted to complain more about the conduct of ATIK Security.

Investigator summary	25/02/2018 04:15		#P1512 BOLTON, M.	No	While in the ATIK nightclub with friends AGGD has been in the smoking area and had a verbal altercation with a friend while standing up for another friend being called a slag. The suspect has lashed out towards the AGGD and had allegedly punched her on the side of the face causing no injury. The door staff have identified AGGD as the issue and have removed her from the club where some friends have followed but allegedly the Suspect was allowed to remain inside.

AGGD believed that this special treatment was because Suspect gets on with the door staff and allowed to behave this way without punishment which she is not happy with. In discussion AGGD was more interested in raising a complaint of how she was dealt with and removed from the club by door staff than making a complaint of assault to Police but didn't know who else to raise this concern with other than Police.

It appears from the initial debrief with AGGD that this is handbags at dawn with her friends over alcohol fuelled conversation gone too far. AGGD mentioned suspect lashed out but kept referring to it as suspect falling and swinging for her as opposed to an intended assault however this cannot be confirmed or denied at this time.

AGGD was given full advice of how to raise a complaint through the council and the club should she wish to raise this in the morning when she is sober. Her friends stood outside with her were regularly trying to explain an extended back story leading up to this event and they appeared to be trying to reason with AGGD that she was intoxicated and it was all just something and nothing that has been taken way out of context. AGGD does not wish to make a formal complaint of assault against her friend at this time and this can be filed. AGGD informed of 101 and how to make a formal complaint should she change her mind when sober in the morning.

CODE 16 - GENERAL FILING; OUTCOME TEMPLATE - CODE 16 ? victim/business not willing to support police investigation into the allegations made, suspect identified, victim not supporting, evidential difficulties

#- THE VICTIM HAS REQUESTED/INTIMATED THAT HE/SHE DOESN'T WANT THE POLICE TO TAKE ANY FORMAL ACTION ON THEIR BEHALF OR ARE THEY WILLING TO SUPPORT ANY POLICE INSTIGATED ACTION. DUE TO THE LACK OF COOPERATION AND SUPPORT FROM THE VICTIM THE POLICE ARE UNABLE TO APPROPRIATELY INVESTIGATE THE ALLEGATIONS AND SECURE AND PRESERVE THE APPROPRIATE EVIDENCE THAT COULD SUPPORT A SUCCESSFUL PROSECUTION/POSITIVE OUTCOME. VICTIM NOTIFIED OCCURRENCE WILL BE FILED.

The victim/business has been informed of outcome: YES
The suspect has been informed of outcome: NO ? THE SUSPECT HASN'T BEEN SPOKEN TO DUE TO THE LACK OF EVIDENCE LINKING THEM TO THIS OFFENCE AND THE INCIDENT/INVESTIGATION NOT WARRANTING FURTHER POLICE INTERVENTION.

IT IS ALSO NOT PROPORTIONATE TO MAKE CONTACT WITH THE SUSPECT TO DISCUSS THIS MATTER ANY FURTHER AS THIS WILL BE A WASTE OF POLICE TIME AND RESOURCES. THE CRIME/MATTER IS ALSO NOT IN THE PUBLICS INTEREST TO PURSUE.

IF IT IS DEEMED THAT THERE IS INSUFFICIENT INFORMATION TO WARRANT THE SUSPECT BEING NOMINATED AS A SUSPECT THEN I WOULD SUGGEST THAT THIS IS REVIEWED AND THE SUSPECTS CATEGORISATION IS CHANGED TO A MORE APPROPRIATE CLASSIFICATION, E.G. OTHER?

IF THE SUSPECT EVER SUBMITTED A DATA PROTECTION FORM TO REQUEST ANY DATA THAT MAY BE HELD BY THE POLICE ABOUT HIM/HER THE OEL WILL REFLECT THAT AN ALLEGATION WAS MADE, BUT WASN'T INVESTIGATED OR SUBSTANTIATED DUE TO THE LACK OF COOPERATION FROM THE VICTIM/CALLER, LACK OF EVIDENCE, ETC.

Nature of Incident – what happened?

Officers were called to Atik by a member of the group of four who were refusing to leave. On arrival officers were informed that this group had been asked to leave by bouncers, and then were being forced out of Atik by the bouncers. During this, one of the members of the group; [REDACTED], had been pushed up against the wall. When officers first arrived [REDACTED] was upset but was fine, and stated that she was not hurt. [REDACTED] was happy to take officers advice, and report the incident in the morning. [REDACTED] and her husband [REDACTED] then went on their way home. [REDACTED] and her husband then came back around the corner a few moments later, which was when [REDACTED] was leaning over a bollard stating that she had pain in her kidneys. [REDACTED] then started having shallow breathing and as a result an ambulance was called. [REDACTED] was seen by paramedics and was suffering a panic attack.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Bouncers informed officers what had happened, and stated that they wanted this group of individuals to leave their premises. Bouncers did not confirm whether there had been an overuse of force. Bouncers had informed the group before officers were there and while officers were there, how they can make a complaint.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Officers debriefed [REDACTED] and checked her welfare at their initial arrival. Officers took the details of the involved parties, and as they were all intoxicated all the parties were advised to report the incident the following day where statements could also be taken if necessary. [REDACTED] then became short of breath a few moments later at which point officers called for an ambulance.

It was not exactly clear why this group was being asked to leave. The Bouncers from ATIK stated that it was because they believed a member from this group were throwing ice cubes, but the group denied that this was the case. Contact needs to be made with [REDACTED] tomorrow when she is not intoxicated to establish if she would like to report the assault, and if so make a statement. [REDACTED] has provided her mobile number, which is the same number that her husband [REDACTED] uses.

17 (Time limit expired) - sufficient evidence to charge/summons had the time limit not been reached: This case has been picked up on the team 1 work flow which has shown this case was tasked to the Team 1 investigation unit on 07/03/18 by attending Slough officers. This was not being used by Maidenhead at the time. This job has been missed. Although the report by the victim under home office rules need to be recorded, I would suggest that the bouncers were using force under their powers to eject persons from licensed premises, and would therefore be not a crime. CCTV, witness statements, and suspect being identified have not been carried out as reasonable lines of investigation. This means the report cannot be rebutted. This case is now outside the prosecution time limit for common assault.

The victim has been informed of outcome: No. This has not been done as the case is so old and it was left with the victim to recontact the police in the morning if they wanted to proceed with a complaint. The suspect has been informed of outcome: No. NFA added to suspect role: No. 7 suspect has not been identified.

Nature of Incident – what happened?

The aggrieved [REDACTED] has been inside ATIK in the VINYL ROOM and the suspect [REDACTED] had been dancing with the aggrieved with her group of friends for the previous hour. The offender has then placed his hands on her neck/shoulder area and then has moved his hands down the front of her chest between her breasts. One of the aggrieved's friends had also said that the offender had tried to kiss her. The offender was then seen to leave by one of the victim's friends before being stopped by ATIK Security.

Officers attended the scene and arrested the offender for sexual assault.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

ATIK Security helped to identify the suspect in the instance, before detaining him for Police.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 0281 GILL (Officer in Case)
 PC 7419 EASTMENT (Arresting Officer)
 Officers attended the scene and arrested the suspect for the offences. In interview, the suspect denied the allegation and suggested it was a case of mistaken identity. No further action has been taken against the initial suspect.

Circumstances. Detail full circumstances of the case including a brief summary of what each key witness has seen. Include victim & suspect descriptions/clothing to assist in ID on CCTV.

Victim has approached door staff stating that she has been sexually assaulted by a male within the club in the early hours of 110318. She has been debriefed by medical staff who have informed the police.
She stated that she has been dancing in THE VINYL ROOM, ATIK WINDSOR at approximately 01:00hrs and the suspect has approached her and her group of friends and started dancing with them (dancing with them from 00:00 ? time of offences). They have been dancing all together for 1-2 hours. He has placed both his hands on her neck/shoulders and then stroked down the front of her chest in between her breasts.

The female did not initially think that this was strange as the suspect stated he was a ?touchy feely gay man?. The victims friend then told her that the suspect tried to kiss her at some point. The victims boyfriend approached the suspect who denied what had happened, asking what girl they were referring too. The suspect was then identified by one of the victims friend to be leaving the club, he was brought back into ATIK were he was ID'd by the victim and was arrested by officers in ATIK for sexual assault touching.

In interview suspect denied the sexual assault. He explained that earlier in the week, he had been contacted by a friend called [redacted] who told him that she was going out with a few friends on Saturday night, and he was invited to join them. He explained that he was out in Windolsons and saw the group. At this point he wasn't with anyone in the group and, but he was talking to loads of different people in the venue. Following on from this, he went to ATIK. He attended ATIK when it was free entry, so he thinks this was before 2300 hours. He went to a room called 'VINYL' and saw [redacted] there with her group of friends. He was introduced to some of the group at this point. The group had a booth booked in the club. The night was going well. He was dancing not only with this group, but with others too and just enjoying himself. There was a female called [redacted] who was with the group. She exchanged 'snapchat ID'

with him, and they were talking. At one point he had to lean in to talk to her as he couldn't hear what she was saying. As he did this a male, who he believed to be her partner, yanked [redacted] to the side, asking him to leave [redacted] alone. [redacted] explained that after this the night got worse for him. He then kept getting threats from the male's in the group asking him to leave the club and not go near the dance floor. He explained that he was confused by the threats and approached one of the male's in the toilets asking him what he had done wrong and who he needed to stay away from. He was told that he had been touching some girls in the group inappropriately, which he denied doing.

He then went to leave the club, at the end of the night and was dragged back in by a bouncer and another male.

The contents of the statement were put to him and he was shocked by the allegation stating that he would never dance in this way. He only dances close to people he know, otherwise because he is soo tall he normally has his hands in the air when dancing. He also said that there was a male called [redacted] who was in the club, who is gay and quite flamboyant. [redacted] normally uses his sexuality to get away with touching women, and he looks very similar to him. He believes that this is a case of mistaken identity. He denied any kind of sexual assault against the victim.

Called the victim, no answer, no message left at this stage

Suspect was released from custody, and when he got his phone back he passed the number for [redacted] but was unable to obtain it. He also tried to obtain the number for [redacted] but was unable to obtain it. He asked for OIC to call him back.

He has been contacted today and states that he still cannot get the number for [redacted] but has a photo of the both of them from the night of the incident. He is going to email these photos to OIC

Call received from the victim. Explained to her that the suspect had been RUI'd, and that he denied the offence in interview stating that this was a case of mistaken identity. Also asked the victim for the phone numbers for [redacted] and [redacted]. She will get their numbers and text OIC.

In reference to the suspect arrested, she said that she would have a look through ATIK's promotional photos as she thinks she took a photo with the suspect.

A2. Witness Statements: [redacted] is listed as a witness on this report. She has been contacted, and says that she was with [redacted] during the evening, and a male just came up to [redacted] and started to threaten him for no reason at all. She doesn't know why he did this and as far as she knows [redacted] hadn't done anything wrong, she is willing to make a statement in relation to this and can be contacted in the morning to see if she can be seen in work time

Suspect contact - email received from the father of the suspect as shown below

and dark trousers.

You will see from these photos that neither was [redacted] shirt sleeves rolled up, nor did he have on dark trousers. As you saw [redacted] on Sunday you would have noticed that his shirt sleeves weren't rolled up at that point neither did they look like they had been rolled up at any point during that evening.

In the photo of [redacted] you will notice not only is he wearing dark trousers, his shirt sleeves are also rolled up. I have 2 other photos that I haven't attached from previous weekends from the ATIK Facebook page of [redacted] with rolled up shirt sleeves. I am not sure if these are relevant to you as they don't relate to the evening in question, if you feel that these maybe relevant then please let me know an I will forward these on to you.

I have been able to get an address for [redacted]

Please confirm receipt of this email and advise if you need anything else from us at this point.

Many Thanks

A2. Witness Statement - Call received from [redacted] She explained that she was with [redacted] on the dance floor for most of the night. She remembers at one stage a male came towards [redacted] and was angry, but was being held back by his friend. She says that towards the end of the night, [redacted] was being held by security and was arrested for a sexual assault. She had spoken to [redacted] when the man was coming towards him, and he didn't know why these people were coming towards him, he also stated that other people were making threats to him, but didn't know why. Appointment made for 1300 hours at Maidenhead Police Station to get a statement from this witness

Suspect contact - Call received from the father of the suspect. He wanted to check that the email he sent was received. I confirmed that it was received, he then said that he wanted to know if the investigation had progressed. He explained that the suspect is not coping very well and wants a conclusion to this. He explained that the suspect knows that he hasn't done anything wrong and this is what is making it worse. I explained that things had been explained to the suspect on the day he was questioned, but essentially I needed to view CCTV and talk to other people present in order to get accounts from them

Sergeant review	18/03/2018 14:54		#P6348 CAMERON, P.	No	Victim: [redacted] Suspect [redacted] Circs: from aggrs statement she was in LIQUID Nightclub when a male started to chat to their group. She was chatting to him for an hour to an hour and a half. This male told her he was gay and was very touchy feely, touching her breasts several times. She did not mind this with him being gay. One of the other girls at the table then informed her that the male wasn't gay and was only using this excuse to hit on them. She then felt violated so asked doorknobs to have him removed. They didnt so she complained later on in the night. She refers to him as [redacted] and describes him as white male, 18-25 years old, quite tall and lanky build, mousy brown messy hair, baby faced and clean shaven, not wearing glasses wearing a light blue buttoned shirt with long sleeves rolled up. Possibly wearing dark blue or black jeans. very camp voice.
Sergeant review	20/03/2018 13:40		#P6348 CAMERON, P.	No	Outstanding: It does not mention how much alcohol was consumed by Aggd, this should be documented. How does the Aggd know him as [redacted] if you put this number into Facebook it comes back to [redacted] from Facebook. He is tall, slim build, with brown hair baby faced and clean shaven also. Suspect describes him as being gay. His photos show him cuddling with lots of different girls. Looking at suspects photo against [redacted] photo - they look very similar. OIC has spoken to me and has suspicions this may be mistaken identity. I have looked at the images from the night attached to Niche. Suspect [redacted] does not have rolled up sleeves, [redacted] does. The other images are of [redacted] as I can identify him from his facebook page. Email sent to OIC to discuss this. Offence summary: (please detail) 16 (Victim not supporting) ? suspect identified, victim not supporting, evidential difficulties ERO DECISION: Following my review below, I have reviewed all statements, looked at photos of suspect [redacted] and the other male [redacted]. I have spoken to the victim and [redacted]. I believe this is unfortunately mistaken identity. Victim refers to him as [redacted] and describes him as [redacted] quite tall and lanky build, mousy brown messy hair, baby faced and clean

shaven, not wearing glasses wearing a light blue buttoned shirt with long sleeves rolled up. Possibly wearing dark blue or black jeans. very camp voice.

(victims boyfriend) describes victim as being tipsy but not drunk. He describes suspect as approx 20 years old, black/brown hair, slim build, a lank 6ft2, light blue shirt, washed blue jeans. He believes the male to be gay because of the way he was acting. He moved his hands around victims breasts for a couple of seconds.

really drunk, dancing with lots of groups of people. She describes as being more reserved. She states is very outgoing, loves to party, whereas is very different in the way he behaves and looks. is very reserved but also enjoys partying. She details a male being very angry with but didnt know why and neither did. I believe this is where the confusion lies. I suspect was the one dancing with the victim and her friends before this but has then wrongly accused at this point and has therefore stuck on him as being the suspect. The victim doesnt see him again after this.

I have spoken to on the phone. He has known since Year 5 or 6. He got held back a year because he is autistic he believes. He wouldnt hurt a fly. states he is openly gay and even has tattoos all over him. He said that all he remembers about that night is he was very very drunk and fell asleep in his booth several times. He was out with brother. He met up with and remembers seeing brother. He met up with. He states he would usually be very extrovert and touch the breasts of people he knows. He describes himself as 92 tall, wearing a blue shirt with the sleeves rolled up. He describes is much taller than him around 6'4-6'5. He states would never behave in a way whereby he grabs women.

I spoke to Victim who says she has looked on Aik photos and she describes the photo of (who she knows as). She doesnt know where she got room as noone else in the group knew him. She says her boyfriend came into the room and showed her a photograph of a male and that is the male she believes sexually assaulted her. She states she had 2 cocktails in pub and then 1-1/2 glasses of prosecco but felt in control and fine. She says she believes the suspect to have brown trousers now. I have discussed in detail my findings around and the suspect and the likelihood it is mistaken identity. She didnt seem too adverse to this. She said she felt bad if it was as the male was arrested. She said she has grown up with lots of gay men so didnt mind that it was a gay man who touched her so didnt wish to pursue a complaint against if he was indeed gay.

I told her all the evidence points towards it being and not and it would not hold a realistic prospect of conviction which she was happy with. She did however express her main concern was around the doorman who laughed at her and stated he was gay as well as if mocking her. I have informed her i will indeed inform Licencing about this as this is not acceptable. She is aware this will be NFA as is suspect and his father. (spoken too on phone and has my number now).

Sergeant review	11/03/2018 04:33		#P4972 JINKS, R.	No	Female approached officers who were dealing with another incident in Atik. She alleged another female approached her whilst she was on the dance floor in the main room, pulled her hair and punched her to the left cheek. She described the female as 'half-caste' long black hair in her 20s. She could not provide any further description. The aggravated was extremely intoxicated, and it was extremely difficult to obtain information from her. S.R. This will need to be followed up in the morning with the aggravated.

I have been asked to add this to the Sgt's handover however it is a low level offence that only requires a few simple actions.

Allocated to Pc Childs to progress.

The female does not know the offender so OIC will need to identify if Alik have CCTV of the offence, if the offender can be seen clearly and if the offender can be identified using Alik's ID scanner.

Action:.....

A1. Contact victim, obtain description of offender and complete VCC.

A2. Check CCTV Alik

I have called Kylie at 11:55 today she has not answered her phone, so I have left a message on her VM.

I have called the victim number however it does not ring through. She has not got back to the previous voicemail either.

Called [redacted] again and still no answer.

The Victim is not engaging, not answering her phone and not responding to messages. Clearly she is not supporting.

Filed code 18 as no suspects identified.

Negative VCC added.

VICTIM CONTACT CONTRACT

1. How often have we agreed to contact the victim? (Be specific)
Victim refusing to engage, no further contact required report filed.
2. How would the victim like to be updated? (Phone, Email, Text etc.)

Sources of Information:	Aggrieved		

Nature of Incident – what happened?

The aggrieved ([REDACTED]) has been at the bar in ATIK to order a drink whilst there was fight going on in the vicinity of the bar, and was therefore completely separate to the incident. The aggrieved then turned around whilst the fight was going on and received a punch to the face. This has subsequently caused a significant amount of swelling and bruising to the aggrieved's eye.

The aggrieved attended the Police Station the next day, but was unable to account for the suspect's actions and could not fully account for what they looked like given he was slightly intoxicated at the time.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

It is not detailed of any response taken by the premises to identify a suspect or support the victim.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

His sister has stated the only reason they are there is because she made him come to the station. I have asked him directly what he would like to do as at this stage he is unsure. He is unable to give a full description of the suspect and is unsure if he would recognise him completely again and does not know any name. He said that he had some drink aswell so its not one hundred percent clear. They wanted to know if police would be contacted if he has been asked to leave the club. I advised that I am unable to see any reports relating to that and if officers were there that felt someone needed any assistance this would be reported. The aggd thinks that the suspect thought he was one of the group that was involved in the fight which took place just inside the nightclub towards the dancefloor. Whilst the aggd has been at the station I have liaised with CSI and they have taken a photo of his facial injury. The aggd wishes to speak to his parents first about the situation before he provides a formal statement and we have agreed that I will call him over the weekend to see how he is and how he would like to progress. I have explained the investigation process and that he would have a point of contact throughout and be kept updated. VICTIM CONTACT CONTRACT

At this stage I will ask that contact is made with the victim to advise of our actions, and I suggest this should be filed until the Victim is clear on their views in terms of support for this investigation

Nature of Incident – what happened?

Officers have attended ATIK following an incident whereby the offender ([REDACTED]) was in the ATIK Toilets using Class A Drugs (Cocaine). The male has been detained by ATIK Security and requested Police attendance. The drugs were seized off of the male and it was later identified that the offender was 16 years of age; he had used a fake ID to enter the premises earlier that night.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

The premises had identified drug use occurring within the premises and detained the male for Police attention. They did, however, permit the entry of an underage person into their premises using a fake ID.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Officers have responded proportionately by voluntarily interviewing the suspect given his age. The drugs have also been tested and confirmed to be Cocaine.

REPORT SHARED WITH SURREY CSC.				
Information sharing rationale - child:				

Legitimate purpose - section 17 children act 1989 (potential child in need) and sections 11 and 12 of the Children Act 2004 (duty to safeguard and promote the welfare of children)
 Disclosure enables a person to be identified -yes. The information needs to be supplied as it is relevant to identifying and assessing and managing risk.
 Confidential information - information not obtained under a duty of confidence, information disclosed in exercise of statutory duty and necessary to defend the legal rights of the child.
 Consent obtained - no
 Sufficient public interest - the need to safeguard and promote the welfare along with protecting a vulnerable subject is paramount and outweighs the public interest risk of not sharing this information. Sharing this information is a proportionate and balanced response to the need to safeguard a child or another person, or to prevent or detect a serious crime.
 Drugs have been tested and come back as Cocaine.

Investigator summary	16/07/2018 19:41	#P7035 HUGHES-PARRY, T.	No	I have reviewed this job before conducting arrest attempts and there are severe evidential issues which make a prosecution impossible. The drugs seized on the night after drugs testing on another case on the same night have been put back into the same evidence bag. It is now impossible to tell which drug is which whose and evidently the case is flawed. Because of the length of time and small amount I request this is filed as not in the public interest. Outcomes 11- 21 (general filing)

 Aggrieved

Nature of Incident – what happened?

The aggrieved (██████████) was inside ATIK with her friends on the dancefloor when her friends were repeatedly hassled by a group of males who wanted to dance with them. The offender (██████████) refused to leave despite being asked to by the group of friends. When the aggrieved has then asked the offender to leave, he has thrown a glass at her, causing her a laceration to her eyebrow.

The offender has then attempted to leave the venue, before being detained by Officers and arrested on suspicion of assault occasioning ABH.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

It is not detailed what response ATIK staff had.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

The aggd and her two friends, (witnesses in the tab) were inside the nightclub and dancing on the dancefloor when her friends were repeatedly hassled by a group of boys who wanted to dance with them and get closer. The friends of the aggd told the boys to leave them alone, and even tried to get male friend to help block them. One of the boys (dp) in the other group who were hassling them refused to leave them alone and continued to try and dance with the girls and did not take 'no' for answer. When the aggd told dp to leave her friends alone, the dp has thrown an item (glass of vodka/red bull) at the face of the aggd. This item has caught the aggd above the left eyebrow, causing an injury. The dp has then attempted to leave ATIK before being detained outside ATIK and arrested.</p> <p>The incident has been witnessed by the two friends of the aggd, and has been caught on CCTV inside ATIK.</p> <p>VICTIM CONTACT CONTRACT</p> <p>***Have you remembered to tick the ?Victim Service? box on the Stats Class local tab? if not please do so now***</p> <p>** If you are referring to the Victims First Hub, remember to record preferred contact details in the person record on Niche **</p> <ol style="list-style-type: none"> 1. ? If the answer is 'yes'? task RJ Referral on Niche. If the answer is 'no?', keep under review as the case progresses.

The contact contract should be revisited periodically to ensure we are meeting the victim's needs and offering the correct level of service and support. I have spoken with the OIC in regards to this case and understand that during interview the DP has made partial admissions stating that whilst he assaulted the agg'd the end result was worse than anticipated.

The DP has stated that he has attempted to throw alcohol over the agg'd but that the glass has slipped from his hand and hit them in the face causing a cut above the eye.

Although the intention may have been low level the end result is that the agg'd has required hospital treatment, it is still unknown if stitches are required however it is unlikely that this will meet charging standards for an ABH.

Despite the full admission the DP will be charged with this offence as a weapon has been used, albeit unintentionally (according to the DP) however this is an aggravating factor that could have resulted in serious injury or loss of eyesight to the agg'd due to the DP's actions.

Suspect has been charged with Battery, I called the victim or answer Vm left with update.

CCTV Seized?	Yes		
Sources of Information:	Aggrieved ATIK Security		

Nature of Incident – what happened?

The aggrieved ([REDACTED]) was on the dance floor within ATIK, at which point someone bumped into the aggrieved party and subsequently punched them in the face. This resulted in one of the aggrieved's teeth being split and him receiving concussion. The door staff detained the suspect ([REDACTED]) who was subsequently released given the aggrieved declared to door staff that he did not want to press charges, and was escorted out of the venue.

After the event, the aggrieved has attended his dentist whereby he has had to have two teeth removed from the assault.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

ATIK Security have diffused the incident by detaining the offender and have taken details of both the victim and the offender; they have also assisted the investigation by providing CCTV footage of the incident.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 2455 DUNNE (Officer in case)
PC 1661 FRANK (Interviewing Officer)

Officers have investigated the incident through the reviewal of footage captured inside the venue; upon interview, the suspect declared that he assaulted the aggrieved through fear for his own safety. As the suspect is seen to hit the aggrieved twice, it is deemed that it was not necessary force used and has been subsequently been reported and was sent a PCR to attend court.

PEC	04/06/2018 18:12		#C3607 GRAVETT, S.	No	AMIT agg was at offic and walking across dance floor alone when somebody bumped into him. The other party punched agg once in the face. Resulted in one tooth being split and having to be removed. There is a possibility another tooth will have to be removed also. Agg suffered concussion and is waiting for an xray on his jaw and he is having issues with it. The door staff detained the susp and looked at his ID. They asked the agg if he wished to press charges and at the time he said no. The susp was removed from the club. Police were not called. The susps name was heard being discussed. [REDACTED] S/R

The aggd has attended the charm appt today, however due to phone problems he was late. Due to the time restraints for the following CHARM appts and the nature of the assault we have arranged for him to attend the station tomorrow morning 09/06/18 at 08:00 Hours to provide a statement relating to the assault.

I will then task WINDSOR & MAIDENHEAD for further investigation.
No The aggd has come into to provide the statement. I have attached the MG11 to the ocr and will complete some actions shortly.

The aggd states that the suspect is unknown to him, however [redacted] a friend saw the bouncers search the male that hit me and that he confirmed his name be [redacted]

The aggd does not have the contact details for [redacted] as he is usually in america. The aggd stated that he could try and get in contact with him upon request.
The aggd states he has spoken to his dentist about the evidence of injury he has suffered. This is in the process of being collected and statements being provided from the dentist about the injury. The aggd has the X-RAYS and other pics to provide at a later date.

The dentist is [redacted] INSPIRE DENTAL down Oxford Road, Reading.
Having taken the statement from the aggd, he states he cant be sure of the time the incident took place due to his head injury. However it was any time between 02:30 - 03:30 hours. A friend [redacted] has helped carry aggd to the medical room and sat with him. May be worth speaking too.
Aggd states he knows one of the doormen at ATIK however could not provide any details, suggest checking the incident log as the sus was ejected from the club and ID checked.

File Occurrence 13/06/2018 14:54 #P5808 HARRISON, S.
Email sent to ATIK Hello

?m making enquiries in relation to an assault that took place in the early hours of 27th May 2018.
The aggd was on the main dance floor between 0230 ? 0330. The aggd was involved in an altercation with another male. It took place as he exited the dance floor towards the bar. The suspect punched him and knocked him out making him fall on the stairs that lead to the dancefloor. The aggd was then taken to the medical room where a bouncer sat him down. The bouncer informed the aggd that the suspect had been removed from the dance floor and ejected.

Please can you provide us with CCTV of the incident and also a copy of your report in the accident book. If you can email me back when these items are ready for collection and then we will attend and collect.

Many Thanks
PC 5608 HARRISON

SRT
The aggd is attending READING SDO to provide medical evidence and to sign medical consent form. This is meant to be at 0800-0830 hours

Hi Jon

I am not sure if you have received an email for some CCTV from one of our Officers who states she emailed Atik on the 13/06/18 and has not had a reply yet? I have cut and pasted her request as detailed below:

The Officer requires the CCTV to enable the man to be arrested. If you could email the Officer direct when the CCTV is ready that would be appreciated.

I have copied the Officer into this email.

Many Thanks

WE ARE CURRENTLY WAITING ON THE CCTV FROM ATIK AND PAPERWORK FOR THEM. HOPEFULLY THEY WILL BE ABLE TO CONFIRM SUSPECT ID. ONCE WE HAVE THIS WE CAN PROGRESS THE INVESTIGATION.

T8169 McDonald attended Atik in Windsor on 27/06/18, but did not collect CCTV footage as MG11 and evidence tag was not attached. Will re-attend to collect full pack on 29/06/18.

T8169 McDonald has re-attended Atik today (29/06/18) @ 12/15hrs. Although I have seized CCTV exhibited as ACM/01-TV3074063L, the CCTV MG11 proforma and yellow evidence tag (CTS45) were still not completed. The staff member who handed the pack to me said that the CCTV operator had refused to do it as the info was on his log. This info will be forwarded to Licensing Officer Debbie Pearmain at LA.

T8169 McDonald has booked CCTV exhibit ACM/01-TV3074063 into THS @ Maidenhead under LC00430920/18 sealed by red tag H176430

S/R

I have reviewed this case with T8169 who has managed to obtain cctv from offence location after some difficulty and lack of communication from them. I have viewed the footage and this shows the incident quite clearly on the dancefloor. The suspect appears to back into the Victim who walks behind him as appears to walk passed with a drink. Victim then re-approaches the suspect to engage in conversation. There is clearly an exchange of words 15-20 seconds where both set to be close to each other conversing. Then suddenly and without any warning suspect swings a clenched fist to the victims head which connects and knocks him the floor, appearing to be unconscious for a small period of time.

Security were very close by and would have potentially witnessed the event, as they were on scene quickly to defuse any incident. They escort the suspect from premises and quickly outside, at no point do they appear to call for police or record any details. Suspect is then seen walking outside unescorted, accompanied by one other male who is presumably a friend or associate.

Victim is attended to by the Security, albeit from the Victims account they have not called for an Ambulance, only taken him and a friend to a quiet area for initial first aid.

Atk have provided cctv footage which does show the incident, however the footage is grainy and the quality is not very good to allow for circulation / identification as a suspect.

.....

- Victim statement completed and attached to Niche
- Medical consent attached
- cctv in Police possession

OUTSTANDING ENQUIRIES - :

- Obtain accident report book if completed
- any details taken for suspect prior to their ejection
- GEN40 in relation to Security conduct (Ejection of suspect without Police contact, and no ambulance called for Victim despite appearing to be knocked unconscious during incident)
- Can we identify the suspect by any other means
- Victim contact required

The name [redacted] has been mentioned within the Oel suggesting this may be a suspect. No trace on Voters reg.

[redacted] occurrence where [redacted] There is a Niche

It could also be that the suspect is known to the staff and this is the reason why details may not have been obtained for the suspect, delay in cctv being made available and casual response in ejection of suspect. I will be raising this to Licensing Officer Debbie Pearmain.

SGT REVIEW

Suspect is attending LC on Saturday to be interviewed by PC Frank re another unrelated occurrence. OIC and her Sgt emailed to request he is interviewed re this offence as well.

Interview:
No [redacted] has been interviewed and has given the following account: [redacted] went to Atik with his friend [redacted]. He was stood on the main dancefloor near the steps when he was approached by a male who aggressively said to him "DID YOU MEAN TO PUSH ME". [redacted] was confused at this and has stepped back and shrugged his shoulders and said "DOES IT MATTER" to which the victim has replied "IT MATTERS BECAUSE IM GOING TO KNOCK YOU THE FUCK OUT". [redacted] has made [redacted] think that the victim was going to hit him, so in self defence [redacted] has punched him in the face. He admits that this was the wrong thing to do, however he deared that he was going to get hit. After this incident happened he gave his details to door staff and left the club. When shown the CCTV [redacted] stated that you can see from CCTV that the victim's statement does not make sense and you can see that he does not try and walk to the bar. [redacted] has been reported.

This is with the ERO's for a decision to be made.

I have reviewed the evidence in this case and there are no further lines of enquiry.

The victim, [redacted] states he was in Atik with friends. At about 3.30am he was on the main dance floor, and was heading to the bar alone when a male bumped ir him. He describes the male as white, over 6', he is 6'7 and he had to look up at him slightly. He believes the male thought he had bumped into him and states the male gave him a look, frowning and seemed pissed off. [redacted] states he asked the male "YOU ALRIGHT"? He said he was so he went onto the bar, however the male struck him under the chin, like an upper cut punch, knocking him out cold and causing him to fall to the floor half on nearby stairs. [redacted] states that as a result he suffered a cut to his chin, bit his tongue and had a sharp pain in his jaw and teeth. [redacted] goes on to state that after the incident he suffered with severe tooth ache on the upper row of teeth, which caused severe headaches, jaw aches and loss of sleep due to the pain. He visited a dentist on 2/6/18 JUNE, who stated he had two cracked teeth, both the same ones that sit behind the canine teeth. The tooth on the left was severely worse than the other, as it had split from the root. He has had both teeth removed prior to making his statement.

There is CCTV of the incident which I have viewed. On this you can see the victim walk towards the bar, [redacted] is walking backwards and they appear to bump into each other. [redacted] keeps walking but then comes back and approaches [redacted] and slightly raises his left hand, he has a drink in his right hand. [redacted] bends his head down slightly to the left side of [redacted] head and you can see [redacted] head moving as if he is talking. DYER on the other hand does not move his head as if he is listening. At one point [redacted] moves slightly back still with [redacted] in the same position. They are together for approx. 20 seconds in this fashion then [redacted] takes a step back and strikes out. [redacted] head can be seen moving to the right and he starts to fall backward. [redacted] then strikes out again with his right hand but it is not clear if he connects. Security are seen to immediately take hold of [redacted] and remove him, CCTV follows him out and at one point he can be seen showing ID to one of the guards.

A copy of the incident report has been obtained in which [redacted] is named as the suspect.

[redacted] has been interviewed and admits to being in Atik and that he was stood on the main dancefloor near the steps when he was approached by a male who aggressively said to him "DID YOU MEAN TO PUSH ME". He states he was confused this and has stepped back and shrugged his shoulders and said "DOES IT MATTER" to which the victim has replied "IT MATTERS BECAUSE IM GOING TO KNOCK YOU THE FUCK OUT". This has made him think that the victim was going to hit him, so in self-defence he has punched him in the face. He admits that this was wrong but feared he was going to be hit. He states he gave his details to the door staff and left the club. He says that from the CCTV the victim's statement does not make sense and you can see that he does not try and walk to the bar.

Neither version of events accounts for the length of time they were conversing? However the CCTV supports [redacted] rather than [redacted]. When [redacted] step back he immediately punches out, he does not appear to shrug his shoulders at all. Further the fact [redacted] holding a drink makes it less likely he would have been going to assault [redacted]. Even if [redacted] did threaten [redacted] he could have simply pushed him away, especially when they were so close, so by punchi him, twice, he has gone beyond what would be expected in a self-defence situation.

I have considered the injuries on [redacted] who states he has had two teeth removed, alongside the incident as a whole. I do not believe the actions of [redacted] were so serious as to make this an ABH charge and even if medical evidence were obtained I do not believe a sentence greater than six months would be given so I am treating this as a Sec 39 Battery.

The investigation has been progressed and the inordinate delays have been out of the control of the OIC. An ERO review was done sometime ago. A medical statement has been obtained and this is to be treated as AOABH. All that remains is a statement of the costs of the dental treatment required. The agg'd has recently stated that recovering these costs is his only motivation for supporting prosecution however the treatment is ongoing and costs not finalised. It may be possible to get an estimate from the dentist of failing that, for a charge AOABH to be authorised and the claim for costs to be entered post-charge when available. OIC is currently off sick but when he returns, contact agg'd for an update of costs and if still not available, submit for a further ERO to see if we can seek a charge with what we have and follow up with costs (costs not being direct evidence of level of injury, which we already have).

CCTV Seized?	No		
Sources of Information:	Aggrieved		

Nature of Incident – what happened?

The aggrieved parties ([REDACTED] and [REDACTED]) were in ATIK when a male also inside the club started to pester [REDACTED] then told the male to leave [REDACTED] alone. The ATIK doorstaff are then reported to have intervened and were allegedly very heavy handed with both aggrieved parties. [REDACTED] was seen to be pushed to the ground by ATIK Staff, and when he went over to her, he was pushed up against the wall by his throat.

Both aggrieved parties' incidents have been crimed as assaults without injury, but no suspect has been able to be identified in the instance.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

ATIK Staff have allegedly used excessive force and assaulted the aggrieved parties.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 4346 SNELL (Officer in Case)
Offences have been confirmed, however due to the lack of suspect being identified, the incident was filed.

Nature of Incident – what happened?

SUS is 17 years old. Police were stood outside ATIK NIGHTCLUB at around 0120 hours when they were approached by an elderly lady [REDACTED] stating that her two 15 year old grandchildren were missing. Initially police thought this was a MH incident and the female had dementia. Police walked her home ([REDACTED] WINDSOR) and when the house search was completed, a bedroom with two suitcases, clothing and make-up was present, which coincided with [REDACTED] account. NOK for [REDACTED] was phoned and it was established that the '15 year old grandchildren' were actually 17 and 18 years old. ([REDACTED] - 17 yo and [REDACTED] - 18 yo). NOK contacted the girls and told them that they needed to head home as [REDACTED] was in distress and confused. The police waited outside ATIK to speak with them, they walked out together at around 0255 hours, [REDACTED] would not engage with police and was verbally abusive. [REDACTED] was apologetic and thankful for police engagement. [REDACTED] told police that she would get her cousin [REDACTED] home safely.

At approximately 0330 hours, [REDACTED] and [REDACTED] were spotted walking around WILLIAM STREET and VICTORIA STREET. It appeared that [REDACTED] was trying to persuade [REDACTED] to go home, but [REDACTED] wanted to stay out. They were both repeatedly approached by a number of older males who appeared to be trying to persuade the girls to go with them. Police could see [REDACTED] getting frustrated with [REDACTED] and in the end, [REDACTED] left [REDACTED] and walked off towards their grandmother [REDACTED] address.

[REDACTED] was left in the company of three black males and a black female who looked around late 20s. Police were not happy that [REDACTED] being 17, having been at a nightclub drinking alcohol and being left with people she did not know. PC MURPHY activated BWV and approached the group. He told [REDACTED] that he knew she was 17 years old and informed the rest of the group that she was a child and they should not be with her. PC MURPHY explained that he wanted [REDACTED] to go home. She was abusive and refused to engage with police. One of the group with her stated she knew [REDACTED], but this was not the case as [REDACTED] is from MANCHESTER. Eventually the group left, leaving [REDACTED] with police. She was given two options: 1) walk back to grandmothers house with police escort to ensure she goes home safely or 2) Police PPO her and take her to the police station. She continued to be abusive and denied being 17 years old, despite this being confirmed by her aunty on the phone earlier in the night. PC [REDACTED] gave her options over and over, but she refused to engage. The decision was made to detain her under PProtection. She was escorted back to the police vehicle where she continued to be abusive and kicking off. She refused to get in to the police vehicle and continued with her behaviour. At 0400 hours she was arrested for D&D and placed in handcuffs. As she was put into the police vehicle, she has kicked PC795 POWELL to the stomach a number of times. At 0405 hours she was arrested for ASSAULT POLICE.

Upon searching [REDACTED] post arrest, she was found in possession of a ticket to the ATIK event, but NO ID.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Staff were not involved due to the incident happening after the club closed.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

NOT been completed is equally as important as recording what has been done.
 ? BWV - Complete - PC7551 Murphy BWV will show the initial conversation and options given to [REDACTED]. This will show her verbal abuse towards police. She is then detained under protection powers and escorted to police vehicle. She is then arrested for D&D and put into vehicle. BWV may not show the assault to PC POWELL, but PC MURPHY will be heard saying 'DO NOT KICK MY COLLEAGUE'.
 ? Duty Statements - Complete - PC 7551 Murphy and PC795 Powell duty statements uploaded to niche. Other officers were present, but evidence will be the same as PC Murphy and Powell.
 ? YDT1 - Outstanding

 Copy of BWV (PC7551 Murphy) has been placed in the handover tray at LC Sgts desk
 Suspects arrest record is in the D&D occurrence 43180205871.
 The suspect has been released RUJ prior to an interview taking place due to her needing to attend hospital for a suspected broken finger, this interview has been arranged for 1700 on the 08/07/18 at MAIDENHEAD police station.
 Interview conducted. No admissions to behaviour/assault.

Suspect charged for x 3 offences. Assault police, resist arrest and SS.
 Originally was supposed to be attending the Police station for a voluntary 08/07/2018, however due to the suspect walking off/leaving the area and not returning, appeared to be uncooperative to a voluntary interview and therefore on her return was arrested for the original offences for a prompt investigation and to prevent the investigation being hindered by disappearance and to get an account in interview.

Circumstances:

Door staff at ATIK nightclub made police aware that a male had been assaulted inside the club. When police arrived the victim was in the medical room being cleaned up by club staff. Police were then directed to the suspect who was being detained by door staff. An ambulance was called for the victim due to swelling and bleeding to his eye. The victim refused to go hospital and refused to provide a statement or press charges.

When the suspect was being searched in custody a small amount of cannabis was found in his jean's pocket and he was further arrested.

Completed actions:

- A1. - Suspect arrested
- A2 - Negative PNB taken from the victim
- A3. Cannabis seized and booked in LC THS

Outstanding actions:

- A4 - Call the victim in the morning to see if he would like to change his mind

regarding pressing charges.
A5 - Obtain CCTV from inside ATIK
A6 - Get details of door staff that witnessed the assault.
A7 - Interview suspect

Nature of Incident – what happened?

D/P was ejected from atik nightclub in windsor for being too intoxicated. He continued to try and gain entry back into the club. Eventually he began swearing and arguing with the door staff and started to threaten them. He was warned by police to go away but continued to ignore officers.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Door staff removed the male from Atik and asked him to leave the area. They were pushing him away from the door and then assisted officers in detaining him.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

D/P was given warnings by police - PS 5911 Pendry and PC 1760 Gavin.
Arrested by PC 1760 Gavin.

 Aggrieved

Nature of Incident – what happened?

Whilst attending ATIK, the aggrieved [REDACTED] intervened in a fight that had started between his friend and another male. The aggrieved was then approached by a member of ATIK Security from behind, whereby the aggrieved assaulted as he was not aware it was ATIK Security and given they had approached him from behind. Realising what he had done, the aggrieved ran away before being caught by two ATIK Security, one of which who had initially been assaulted by the aggrieved, who are reported to have thrown him on the floor, causing the aggrieved to break their leg, in attempting to gain control over the aggrieved.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

The ATIK Security have identified a male thought to be involved in an altercation, from which one of them has been assaulted. They have then used reasonable force to detain the aggrieved, however they have unfortunately received a serious injury. The force used was considered reasonable and lawful in the context when the footage was reviewed by the OIC.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 4241 WILLIAMS (Officer in Case)
 PC WILLIAMS has conducted a thorough review of the incident; the aggrieved party has stated they do not want to assist proceedings and just required a crime report number for the compensation they were applying for from ATIK for his injuries. The matter was subsequently filed after watching footage of the incident, and the force being declared as lawful.

CALLER CONFIRMED THAT THERE IS CCTV FOOTAGE.	No	#CAD CAD INTERFACE	
DC Broughton is updating the OEL fully with debrief of the victim and will attach PNB and Gen 41 to the OEL.	No	#P5128 DEANE, L.	08/08/2018 22:56

Victim in this incident has described being involved in an altercation in the bar area and then was grabbed around the neck from behind. He thought it was people trying to attack him so he has tried to get away and it has been one of the door staff. The door staff have then tried to eject the victim from the club and during this is has been picked up off his feet and put down forcefully and during this his leg has been broken.

The victim tonight has stated that he does not want to get the door staff in trouble and he wanted to ask advice about how he could seek to get any kind of compensation from the club due to the seriousness of the injury caused.

The victim has been provided advice about seeking a civil claim and has been provided the OEL number should he change his mind on how he wishes to proceed.

There is an action for follow up by LC FCID which will be to contact ATIK night

club to speak to manager who can hopefully provide the incident report CCTV and names of the staff involved in the incident.

DE-BRIEF VICTIM [REDACTED] Complete

Investigator action

Attended Wexham Park Hospital to speak to the victim, he was in the Discharge Lounge waiting for his mother to collect him and take him home to Hounslow.

He has provided the following first account:-

Late on Friday 3 August in the early hours of Saturday 4 August he went to A/TIK nightclub in Windsor. He arrived at around midnight with his two friends Jordan and Jamie (he does not wish to provide any further details on these friends at this stage). He did not have any alcoholic drinks prior to arriving at the club, and once inside he drank Grey Goose Vodka and coke (single measures).

He said that he would describe himself as ?having had a drink? but not drunk. He was aware of everything that was happening.

He said that another of his friends who he had seen got in to a fight, and that he stepped in and got involved ? he said that this was a separate matter and a separate incident which he is only mentioning as this is what was happening just before he was assaulted by the bouncers. He described being just off the dance floor, up the stairs in the bar area when this fight started. Then he felt an arm come from behind him and put him in to what he refers to as a ?choke hold?. He did not see who's arm it was, but assumed it to be a male from the group that his friend was fighting with, so he used two hands to pull the arm away and he turned to his left and swung a punch at the man, only at this point did he realise it was a bouncer he had hit (referred to as bouncer 1). He then ran down the stairs towards the dance floor in an effort to leave and get away. Once on the dance floor he felt two arms ?bear hug? him from behind and a bouncer lifted him off the floor (bouncer 2). Bouncer 1 then came and grabbed his legs and together the bouncers threw him to the ground with force. He could not walk on his leg after this point as he was unable to bare any weight on it. He heard it snap so knew that it was broken. He was taken to a side room where he has asked them to call him an ambulance, they said that they had. Then caller's drunk friend, [REDACTED] told the bouncers that he would drive victim to hospital, so the bouncers cancelled the ambulance. Victim refused to go to the hospital with [REDACTED] as he was well over the limit to drive. He said he waited in this side room for over an hour and a half before an ambulance arrived, and he ended up having to phone them twice himself. He said that bouncer 2 did come over and apologise and shake his hand while he was waiting for the ambulance. This is one of the reasons that he does not want the bouncers personally to get in to any trouble, he wants A/TIK to pay him compensation for his injury but having spoken to a number of ?Where there's a blame, there's a claim? type companies, no one will take on the claim without a police crime reference number which is why he has had to report this to the police. He then said that he does not wish to support a criminal investigation at this time as he does not want to go to court (signed PNB entry obtained).

He confirmed that he had sustained a fracture to the left femur and was in hospital for 4 days.
04/08/18 ? X-ray to confirm his leg was broken then taken to a ward. Later the same day he had his leg straightened and a cast fitted.
05/08/18 ? 5 hour operation where his leg was screwed and pinned, resulting in his leg being Bmm longer due to the fact the break was so severe the broken bones would not align/meet back together properly.
06/08/18 ? Extensive physio on his crutches
08/08/18 ? Discharged from hospital with injections he has to self-administer to prevent blood clots and pain killers to be taken regularly until he returns on

24/08/18 for a check up appointment. Signed GEN41 obtained.	Another of his friends who was inside the club and who saw it happen is Sammy GUETISSE (spelling unconfirmed). No address or telephone number is known for him as caller only communicates with him via Snap Chat.	Description of victim: IC4 20 yr old male, short black hair, full beard which is thin and patchy, he is average build and 5'10" tall. He was wearing a light blue round neck sweatshirt, white jeans and navy suede trainers.	Description of Bouncer 1 ? Asian male, about 5'7"10", aged around mid 20's, skinny build (as victim says he had a skinny arm when he put the victim in the choke hold), wearing black uniform, black spikey combed over hair, English accent, spoke in English.	Description of Bouncer 2 ? White male, big muscly build, taller than victim, possibly a white Arab, aged around early 20's, brown gingerish curly hair, spoke with a normal English accent, wore black uniform. He was nice about the incident, he shook callers hand and apologised.	Offence: Assault GBH	No	Victim: [REDACTED]	Male has been in ATIK night club. He has been involved in an altercation and when a member of door staff has tried to take hold he has tried to punch him before making his escape. He has been then detained by two members of door staff and at this point alleges they have broken his leg.	Clearly the question is whether the force they used was reasonable in the circumstances. However at this point there is no complaint.	Due to injury and potential for this to be a complaint, then we will gather the material from the club, I tried to call them today and left a message but no response.	OIC assigned - OIC to:	Contact victim, comply with victim codes. Obtain all relevant CCTV, BWV (Door staff), club records.	CCTV, BWV FROM DOOR STAFF. I HAVE RECEIVED AN UPDATE FROM JAMES GILBERT, DEPUTY
MANAGER AT ATIK. HE HAS INFORMED ME THAT UNFORTUNATELY
THEY DONT HAVE ANY BWV FOOTAGE FROM THEIR STAFF INVOLVED
IN THIS INCIDENT. THE DETAILS OF THE DOOR STAFF INVOLVED ARE:

KLAUDIO AVDIAJ
MUNAWAR BASHARAT
IN THE EARLY HOURS OF 04/08/2018 AT ATIK NIGHTCLUB A FIGHT
BROKE OUT BETWEEN 2 UNKNOWN MALES IN THE BAR AREA. THE
AGGD IN THIS REPORT. [REDACTED] STATES THAT ONE OF THE
PERSONS INVOLVED IN THE FIGHT WAS HIS FRIEND, SO HE
INTERVENED. HE WA STHEN APPROACHED FORM BEHIND BY A
MEMBER OF DOORSTAFF WHO [REDACTED] THEN ASSAULTED AS HE
STATES HE DID NOT KNOW IT WAS A DOOR MAN AS HE WAS
APPROACHED FROM BEHIND. REALISING WHAT HE HAD DONE, HE
MANAGED TO GET AWAY FROM THE DOORMAN AND STARTED TO RUN
AWAY. AS HE RAN DOWN SOME STEPS ONTO THE DANCE FLOOR HE
WAS GRABBED BY 2 DOORMAN WHO, HE STATES, THREW HIM TO THE
FLOOR WHICH HAS RESULTED IN HIM BREAKING HIS LEG.

[REDACTED] REPORTED THIS TO POLICE AS HE STATED HE IS LOOKING
FOR COMPENSATION FROM ATIK AND NEEDED A CRIME REPORT
NUMBER. HE REFUSED TO PROVIDE A STATEMENT, BUT A PNB ENTRY
FROM AN OFFICER WHO SPOKE TO HIM IS ATTACHED THIS
OCCURRENCE.

THE OIC HAS SECURED AND VIEWED THE CCTV FOOTAGE FROM ATIK
WHICH SHOWS 2 MALES BEGIN TO PUSH EACH OTHER IN THE BAR
AREA. THEN [REDACTED] PUNCHES ONE OF THE MALES A NUMBER OF
TIMES FROM BEHIND TO THE BACK OF HIS HEAD. THEN A DOORMAN
GRABS [REDACTED] FROM BEHIND TO RESTRAIN HIM. [REDACTED] IS THEN
SEEN TO STRUGGLE WITH THE DOORMAN AND WRIGGLES AWAY
FROM HIM, THEN HE APPEARS TO EITHER PUSH OR PUNCH THE
DOORMAN, NOT CLEAR AS TO HOW HE ASSAULTS HIM AS IT HAPPENS
JUST OUT OF CAMERA VIEW. THE NEXT CAMERA SHOWS STEPS FROM
THE BAR AREA DOWN TO THE DANCE FLOOR. ONCE [REDACTED] IS OUT
OF THE DOORMAN'S GRIP HE RUNS DOWN THESE STEPS AND IS THEN
TACKLED BY ANOTHER DOORMAN, THEN THE PREVIOUS DOORMAN
WHO [REDACTED] HAD ASSAULTED ASSISTS IN RESTRAINING HIM. YOU
CAN CLEARLY SEE FORM THE FOOTAGE THAT AS BOTH DOORMAN
ARE RESTRAINING [REDACTED] THEY HAVE TO TAKE HIM TO THE FLOOR
TO GAIN CONTROL OVER HIM AND IN DOING SO [REDACTED] LEG BENDS
IN THE WRONG WAY WHICH IS WHAT HAS CAUSED THE BREAK.

I DO NOT BELIEVE THAT THE DOORSTAFF HAVE USED EXCESSIVE
FORCE AGAINST [REDACTED] THEY WERE TRYING TO RESTRAIN HIM AS
HE HAD JUST ASSAULTED A CUSTOMER AND ALSO A MEMBER OF
DOORSTAFF. DETAILS OF THE DOORSTAFF HAVE BEEN OBTAINED
FROM ATIK AND UPLOADED TO THIS OCCURRENCE. UNFORTUNATELY
THERE IS NO BWV FOOTAGE FROM THEM IN RELATION TO THIS
INCIDENT.

[REDACTED] HAS BEEN SPOKEN TO AND STILL STATES THAT HE DOES NOT
WISH TO SUPPORT AN INVESTIGATION, HE HAS PASSED DETAILS TO A
'NO WIN NO FEE' SOLICITOR FIRM AND IS CURRENTLY LOOKING AT A
COMPENSATION CLAIM AND THATS THE ONLY REASON HE REPORTED
THIS TO POLICE.

DUE TO THE ABOVE THIS OCCURRENCE CAN NOW BE FILED AS THERE
ARE NO FURTHER LINES OF ENQUIRY.

Offence summary:

The victim reported this assaulted stating his leg had been brown when doorknobs dealt with him for an incident at a club. CCTV clearly shows the victim attacking another and when a door staff member tried to restrain him he broke free. Two other door staff restrain him and take him to the ground. If the victim was supporting then this would be filed as insufficient evidence - the door staff are acting within the law and unfortunately his leg got broken - but there is no support, so FILED.

Nature of Incident – what happened?

The aggrieved [REDACTED] was attending ATIK with his friend, who was found to be too intoxicated to be admitted into the venue. The aggrieved has subsequently taken his phone out to record the ATIK Security member dealing with his friend. The ATIK Security has hit the aggrieved's phone, which the aggrieved has asked him not to do. The Security has then shouted at the aggrieved and grabbed them by the back and pushed them to the floor; they have choked the aggrieved allegedly very hard.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Staff have allegedly physically assaulted the aggrieved and put him on the floor and choked him.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Nature of Incident – what happened?

PC 35 HALL and PC 3841 RIDOUT went to do a licensing check and was only able to do this after the third attempt. We arrived just before 2200hours to get questions underway before it got busy. A door staff member looked at us and said "LICENCEE WONT SEE YOU NOW ITS NOT A GOOD TIME. IM A DOOR STAFF MEMEBR I CANT TALK TO YOU TILLS ARE DOWN. COME BACK AFTER 2200HOURS" (didn't have a name but he was tall, middle aged with short dark hair). We left the premise and returned roughly 20minutes later and asked again to complete to check. On this occasion another door staff member called for Licencee. We heard a grunt from the tills area and the main boss shouted "NAH NOT NOW TOO BUSY" (I think this is the owner large ginger whlte male). We explained it needed to be completed and we can be on the premise. A small door staff member with brown hair said "YOU HEARD WHAT HE SAID".

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Poor performance and rude. On third occasion seen by large ginger male who runs it. He was abnoxious and sarcastic and said he hasn't had a check for over 6 months so why now.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Attempted on three occassions to complete check and only on third occasion would they let us in. The first 2 occassions we was told they were to busy. The third occassion may have had something to do with the fact we was wearing body worn video and it was switched on. Both officers shocked at the rudeness of all staff at venue and how obstructive there were. Door staff refused to assist in answering any basic questions in the absents off the main boss on the check. Turning us away could have been avoided. We was able to eventually do all the checks with no problems and was escorted around the club with a door staff member and the Ginger boss which was caught on BWV unfortunetly the first 2 incidents were not as we didn't expect any obstruction. It was explained this will be regualr and more thorough so expect it more often.

Notes		19/10/2018 23:46		#C3613 CLEAVER, J.	No	C3613 & C8959 NTE early engagement completed, Licensing checked at, Off the Tap & the Maidenhead, including swabs. General feeling of the town: Most of the Pubs reached half of their capacity. However the nightclubs at the time of our checks were very low in numbers. There was a large group of males in the town who were attending pubs after a funeral, being very rowdy and were rejected from most of the pubs due to their behaviour, however they were accepted at the Rose. We have spoken with the security at the Bear who believed that the above group were taking cocaine in the toilets (as a trace was found), not one particular person was seen at the time, and on that suspicion they asked them all to leave however there was a bit of an altercation (without police involvement). Bottle sweeps were completed. Nicholson Security were visited and spoken to. Street Angels were not seen. P3841 & P0035
Notes		21/10/2018 00:18		#P3841 RIDOUT, J.	No	NTE early engagement Licensing checks completed at WINDLESORA and ATIK, WINDSOR. Swabs taken from both venues, also. Nothing of note to report from WINDLESORA. ATIK proved problematic when trying to engage at 2:00 upon their opening; we were informed to come back on two occasions by door staff in an abrupt manner before finally being seen to by one of the Licensees. GEN40 submitted by P0035 following these issues. Engaged with other door staff at venues on GOSWELL HILL, WINDSOR. FUZZY BEAR door staff informed us that they had an event on and limited numbers on the guestlist. Patrolled through DATCHET; high numbers of customers at FRANCO'S. Information relating to a traveller's party ongoing. Information disseminated at briefing.

Sources of Information: MEMBERS OF THE PUBLIC

Nature of Incident – what happened?
 Whilst at the Safety Hub on WILLIAM STREET, WINDSOR approximately 8 persons entered extremely angry and agitated by an incident that is alleged to have taken place at ATIK. All appeared quite heavily intoxicated through drink and/or drugs. One of the males was, in what I can only describe as, a paralytic state. He was screaming repeatedly and was unable to walk or hold his own weight. A friend of the male's stated that whilst the group were in ATIK fell very ill. asked door staff to call the male an ambulance and I am informed by her that they refused to do so. Doorstaff grabbed the male and his friend by the arms, took them to a side room before then ejecting them from the premise. became extremely tearful when describing the behaviour of the doorstaff and stated she was mortified at how aggressive they were and how badly they dealt with her friends. She said they simply laughed at how drunk was. was taken on a stretcher from the Hub to hospital once an ambulance had been called for him. The member of doorstaff who is described as being the main aggressor is described as a white male, with short blonde/ginger hair (possibly bald) with a short beard. He was around 28 years old and approximately 5ft 8 inches tall.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?
 Officers on the Town attended the premise on the request of officers stationed in the Hub who were busy debriefing the above persons. Officers located two members of door staff who said they were involved in the incident. The first, who is believed to be the main aggressor, who was extremely uncooperative and rude to Officers. He initially refused to give his badge number and was reminded that he needs to as part of the licencing conditions then called his Manager and provided him with the Officers shoulder numbers prior to giving the information requested (by showing Officers his arm and pointing to his Badge for them to then note the number) was also present during the incident.
 It must also be noted that Staff would not provide numbers at the location to Officers.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.
 Pc 7940 BUCKLE requested Officers on the TOWN to attend ATIK and obtain details of the member of door staff involved. Pc 1760 GAVIN and PS 7923 CADD spoke to the member of door staff in question who they describe as being rude and uncooperative.

Nature of Incident – what happened?
<p>The offender [REDACTED] was dancing in ATIK where he had observed a male dancing with his girlfriend. The offender has then pushed the male. The ATIK door staff have then identified the offender as an aggressor, before the offender pushing the ATIK door staff member. Officers arrived on scene to investigate what was considered to be drunk and disorderly behaviour. Upon beginning the arrest, the offender started to argue and fight with the Police Officer (PC 6666 NOGAMI). The offender has subsequently pulled the pocket off of the stab vest of the Police Officer and was therefore arrested for Criminal Damage.</p>

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?
<p>ATIK door staff attempted to intervene when they had identified an aggressor in the prior incident. It is not stated what actions they took upon police arrival</p>

Police Response – what action was taken? Please identify the main officers who dealt with the incident.
<p>PC FRANK 1661 (Officer in Case) PC 6666 NOGAMI (Arresting Officer) PC NOGAMI arrested the male for criminal damage caused to his possession. In interview the offender stated there was no intent, but it was decided by the Custody Sergeant his actions were reckless. The offender was given a Caution.</p>

CASE DECISION

Please state who has made the Case Decision e.g. Custody Sergeant
Rationale for Decision:
I have spoken to the officer and viewed the CCTV and read the officers statement. The defendant was out in Windsor and it has been alleged that another male had danced with his girlfriend. He had left and the other male was following him so he pushed this other male. (No complaint). The door staff member saw him as the aggressor and stopped him from going any further and as a result the defendant pushed the door staff member (no complaint) and this is where the officers intervened as they had seen him push the door staff member. Officers were trying to establish what had happened but being drunk and of disorderly behaviour and the officers were about arrest him for this offence. During the defendant arguing, tussling with officers and by his behaviour has ripped the officers uniform.

The defendant has been interviewed and has explained to the officer what had happened. He has stated he did not mean to cause damage to the uniform, but in my opinion by his near drunkenness, and aggressive and resistant behaviour towards the officers who were only trying to help him him he was reckless in his actions.

Therefore I am satisfied there is sufficient evidence to charge the defendant with being drunk and disorderly and criminal damage (Under £5,000).

The defendant doesn't have any previous convictions or caution for either offence, and is eligible for a caution as an out of court disposal for these offences.

Decision:

Adult caution: Drunk and disorderly / Criminal Damage

This is in the public interest as Police are lacking VAP related crime we have a duty to protect the public and person working the NTE.

Gravity 2
Police can make the decision.

Sources of Information:	Aggrieved		

Nature of Incident – what happened?

The aggrieved [REDACTED] has been dancing in the small room inside of ATIK. The aggrieved has received a push to the back, where the aggrieved turned around and pushed them back. ATIK security have then intervened and grabbed hold of the aggrieved party. The aggrieved was then taken out of the premises, before running back in to continue his night. The aggrieved then received a push or a kick from who they believe was security. Security have then put the aggrieved on the floor, and held his head on the floor for 1-2 minutes. The aggrieved's arm was then twisted behind his back, causing pain to the aggrieved; when Security were requested to stop, they ignored the aggrieved. The aggrieved is then stood up and taken out of the club; when informing security his arm feels like it is floating, he is ignored.

The aggrieved subsequently attended St Peter's Hospital in Chertsey, where he was informed his Humerous in his right arm was broken. He also received bruising to the bridge of his nose and his right eye, and scratches to his left collar bone.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Atik staff are reported to have taken, potentially reasonable, physical action to deal with the aggrieved party, however have caused significant injury in doing so. There does not seem to have been any consideration, retrospectively, for the care of the aggrieved in assisting him getting medical attention.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

DC 4415 LLOYD (Officer in Case)
PC 1474 ALLEN (Former OIC)

Officers have thoroughly investigated the incident and, after reviewing internal CCTV footage, have declared there was lacking criminal intent, and have filed the matter.

Investigator action

Aggd has been on a night out on ATIK. He has been dancing in the smaller
room that was open when someone from another group has pushed him from
behind. Aggd has then turned around and pushed this male back and then the
male pushed aggd back again. Aggd is unsure if he pushed this male for a
second time. Security tried to pull him away after grabbing him but they did not
take hold of the other male involved. Aggd felt this was not fair as he was the
only one being kicked out. aggd then ran back to his friends to try and continue
his night.

Aggd has then felt someone push or kick him from behind - believed to be
security. Aggd has then been pushed to the floor and has felt a large weight on
top of him, he is unsure whether security were lying on him or just putting
weight on him. He has had his head pushed into the floor for 1-2 minutes.
During this time he has had to remove his glasses because they were digging
into his face. A female member of staff has then taken his glasses. His right up
has then been pulled out and twisted and placed behind his back and held for
about 1 minute. He repeatedly asked the security to stop and that it was hurting
however he was ignored and no one responded to him.

Security have then got the aggd to stand up and the aggd has said that his arm
felt like it was floating and he suspected it to be dislocated. He told the security
that he thought his arm was dislocated however again they did not talk to him
and just spoke on their radios and walked him out of the front of the nightclub.
When asked about any paramedics apparently aggd was sent around the
corner but couldn't find anyone. Aggd's friend then phoned an ambulance but the
wait was too long and so they got a taxi to St Peter's Hospital, Chertsey.

Aggd has received a broken Humerous bone in his right arm. He also has
bruising to the bridge of his nose and under his right eye as well as scratches
to his left collar bone area.

02/11/2018 08:09	#P3556 SQUIRE, S.	No	Inspector review of VAP - I have read the OEL and agree with the review set out by PS Appleby. In addition to those actions outstanding, the agg makes mention of being with his friends at the time of the assault and therefore there will be readily identifiable witnesses. Agg needs to provide details and case investigators can be tasked to obtain statements. Has a medical consent form been signed, a statement needs to be obtained to support the injuries and xrays. No OIC has yet been allocated and this incident has resulted in GBH level injuries so needs to be treated with some urgency by an experienced officer. I have emailed the victim asking for an update.
02/11/2018 17:25	#P1474 ALLEN, F.	No	- in level of injury/ treatment from his hospital appointment this morning. - Whether he has flown to Bulgaria or not - when he has a list of friends details who were witnesses 3. CCTV Alik has been collected, but not viewed at this time. Exhibit JEG/1 refers.
04/11/2018 06:49	#P0134 PHILLIPS, B.	No	A8 LEVEL OF INJURY
05/11/2018 04:03	#P1474 ALLEN, F.	No	The aggd has emailed PC ALLEN stating that the injury is the broken humerus bone in the upper right arm. Aggd was offered an operation however together with medical staff it was decided that he wouldn't had one and said that he currently has his arm in a brace but has flown out to Bulgaria and will be back some time next week.
14/11/2018 03:52	#P1474 ALLEN, F.	No	A3 WITNESSES I have emailed the aggd asking for the list of friends/ acquaintances that were witnesses to the incidents so that we can start to compile evidence by statements etc.
14/11/2018 11:18	#P1314 APPLEBY, P.	No	The CCTV has been obtained from Alik. The victim statement has been compelled and medical consent form signed. There are injuries suggesting that the incident is GBH level. All though the level if injury is serious the case is simple and will sit with the Ihub to progress. The case has been allocated to PC Javed to carry out the enquires with the CCTV as currently on adjusted duties.
14/11/2018 13:46	#P3556 SQUIRE, S.	No	Inspector review of VAP - There has been a period of inactivity in this investigation and this needs rectifying or accounting for. The CCTV needs viewing and witnesses details need obtaining.
20/11/2018 08:50	#P1474 ALLEN, F.	No	A3 Witnesses I received the following email from the aggd on 18/11/18: Just an update, I told some of my friends who were witnesses to e-mail you directly with the info that you requested. [REDACTED]
			Also, are these witnesses enough. I can add more if necessary? [REDACTED]
20/11/2018 08:56	#P1474 ALLEN, F.	No	No emails have been received from any of the aggd's friends as of yet. I will update the aggd to explain that PC JAVEED is now the OIC for this investigation and to forward on any further information to him. I have emailed the OIC to explain that I am no longer the OIC and I have provided him with the email address for PC JAVEED. I explained that should his friends contact me then I will still be able to update the crime report with their details and also let PC JAVEED know of any lines of enquiry.
29/11/2018 13:06	#P1314 APPLEBY, P.	No	The CCTV has been obtained from Alik. The victim statement has been compelled and medical consent form signed. There are injuries suggesting that the incident is GBH level. All though the level if injury is serious the case is

simple and will sit with the hub to progress. The case has been allocated to PC Javeed to carry out the enquires with the CCTV as currently on adjusted duties.

Outstanding:

- 1) Review CCTV - CCTV needs reviewing to see if it captures offence and if the force used by the bouncer is proportionate, lawful, and necessary.
- 2) Identify bouncers involved in the offence.

In relation to the investigation there has been little progress due to high work load of officer. When the officer has time he will progress the case. There are no time limits for prosecution and there is low THoR. All though the case is of serious injury the circumstances do not suggest there is a likelihood of wider harm to the public that requires immediate protection. The actions outstanding are:

Investigator action

I have offered to assist PC JAVEED with this assault due to his high workload. I have read the OEL and changed the OIC for the CCTV at LC Crime Property to me. LC00492025/18 refers. This CCTV needs to be reviewed but I am unable to obtain it today being a Sunday. I have requested that Property be put it in the THS tomorrow for me.

ACTIONS

- 1) Review the CCTV to establish if there was a crime committed in the first place. If the CCTV shows there was no criminal intent to cause the grievous bodily harm and this was in fact an ejection gone wrong, then this matter should be considered for write off. If there appears to have been actions by the door staff member over and above what a reasonable person would consider necessary to eject the agg'd from the premises, then criminal intent becomes clearer and the investigation should continue in this vein.
- 2) Review Statements and if necessary, obtain further from witnesses to the ejection.

Investigator action

I have reviewed the CCTV (JEG/1 TV3183528L crime property ref # LC00492023/18 refers). This exhibit comprises two DVD's. Disc 2 shows three camera views. The camera that points over the stairs in the dance room shows reflective stripes in the bottom left of the screen just in shot which appears to be a security officer dealing with a male who is prone on the floor. You can not see the initial altercation or the response from the security officer.

Two security officers, one appearing to have darker skin who is standing on the victims RHS (which concurs with the victims account), walk the male out and on the same disc but a different camera, you see the two security officers with the male in the lift accompanied by a small female member of staff (again, concurring with the victims account). The male, who I believe to be the victim, appears to say something to the officer on his RHS about his arm and this officer lets go of his arm which had previously been held behind his back and pushed upwards so his hand was in between his shoulder blades in what appears to be a standard arm hold position.

On disc 1 you can see the male being walked out of the premises and the security officers leave him on the public side of the rope barrier. It appears that he is remonstrating with the staff about his right arm as he is seen pointing to it

and appears to be in some pain as he scrunches his face and throws his head back on a few occasions.

From what I have observed I have come to the following conclusion,

The victim, by his own admission, states that he was pushed and pushed a male back on the dance floor. He could not be sure that this person was the person that pushed him however, but suffice to say an altercation ensued between both and the security officers took the victim and ejected him from the premises.

Also by his own admission, the victim states he ran back inside the premises deciding he didn't want to finish his night and left his ejection alone was unfair. As a result, he re-entered as a trespasser and as a result of this, he was re-apprehended by security staff, taken to the ground, controlled and ejected. The breaking of his arm, whilst it can not be seen on the CCTV and there have been no arrests made due to lack of suspicion of a crime occurring, is in these circumstances unfortunate. The victim is a large and muscled young man and I do not believe it was disproportionate for the two security officers to use reasonable force in the circumstances to effect his removal.

The removal in and of itself was controlled and did not appear to include the use of force over and above what was required to remove the trespassing patron. In fact the security officers actions appear to be reasonable (e.g. there is no sign of them using additional force on the male when he has been controlled and they walk him out of the building in a sensible manner).

Given this, I believe that there is evidence lacking that would support criminal intent which would be what is required to prove an assault against the person in this case. I am aware that there are friends of the victim that have not been spoken to, however I do not believe it would add anything to this case save for their own biased opinion which I suspect would be in favour of their friends narrative. As such, I do not propose to take any additional statements as I do not believe they would add anything to assist me come to a different decision.

I will call the victim today and advise him of the decision to file this CRN. Given the lack of criminal intent, it may be worth considering the matter being un-crimed if possible. I will speak to my supervisor about this in the New Year.

Outcomes 11- 21 (general filing)

Offence summary: (please detail)

The victim has been involved in pushing on the dance floor. He was being ejected by security when he tried to run back in to the club and security detained and ejected him.

He has reported that he was ejected by door staff at stick the door staff has pushed or kicked by an unknown person. He has gone to the floor and the door staff went down on top of him. His arm was twisted behind is back and held there causing him a lot of pain. This is the likely point the arm has been broken before he was raised to his feet and was then escorted from the club. The CCTV from the club has been reviewed and does not show clear footage of the incident on the dance floor when the male was ejected. The CCTV shows the door staff leading him out and does not show any excessive force. From the description of the victim in the statement he has run from door staff and had to be physically restrained in a dynamic situation. The type of force used appears to be robust and techniques applied to not appear to be out of context with the situation that has occurred. The force used has been done to prevent disorder on the premise and to lawfully eject the victim from a licensed premise under section 143 of the Licensing Act 2003. The force used was not disproportionate. I do not feel that there is RCOP to progress this case given the initial account of the victim and CCTV gathered. Although a serious injury has occurred it is not proportionate to continue the investigation given the information and material available at the time of making this decision.

Nature of Incident – what happened?

Suspect attended Atik, he normally works at Atik, for a night out. Suspect was refused entry due to the clothing he was wearing. The suspect has not accepted this and has gone under the rope at the front of the nightclub where he has then been confronted by door staff, including [REDACTED], and there has been an altercation whereby the suspect has punched [REDACTED] in the face. Officers were dealing with a member of public outside Atik when a commotion was heard inside the foyer and attended to deal with the suspect on the floor and the suspect was arrested for ABH.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

On officer arrival there were approximately 5 members of door staff holding onto the suspect whilst being stood up. The door staff have then taken this male to the floor with quite a bit of force. When on the floor officers were not in close proximity. There were so many door staff involved that there was no room for officers to take over control of the suspect. Officers tried to ask what had happened as [REDACTED] (Door manager) was at the head of the suspect however he didn't answer initially. He had a lot of his weight on the back and shoulder area of the suspect and his hands pushing the suspect's head into the ground. He was talking to the suspect but leant right down so as to speak directly into his ear and not to be heard by anyone else. The suspect was resisting however this appeared a bit overkill.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Officers arrived on scene and asked what had happened. Suspect was then arrested for assault ABH on [REDACTED]. Suspect was placed in handcuffs whilst on the floor then walked outside and into a van when it arrived. Suspect has been bailed for the incident until the end of November pending a statement from a bouncer who witnessed the assault.

Investigator summary

From looking at the cctv there appears to be one other member of door staff who may have witnessed this assault happen. cctv shows him only 1-2 feet away from sus and aggd when they are trying to stop him entering ATIK.

I have made contact with the aggd who states the other member of staff in the cctv isn't from around the area and lives in [redacted]. He was cover door staff and not part of the aggd security team so aggd doesn't know him. He did provide a name of [redacted] I checked our systems and he's not on there. Aggd has advised he can obtain [redacted] details by contacting his area manager. Iv asked if he can either ring or email with those details.

Sus has been released with Bail Conditions not to attend WILLIAM STREET, WINDSOR and not to attend ATIK NIGHT CLUB, WINDSOR. This is to protect prosecution witnesses. Sus is due back on 26/11/18. Sus states he won't be working at ATIK anymore.

Outstanding Enquires before sus returns on the 26/11/18:
Obtain Simon Lily's details and try to obtain a witness statement, if this can't be obtained it's most likely this will be dealt with as public order.

I have attempted to speak with the aggd to see if he has found on contact details for the possible witness who saw this assault. No answer and no option to leave a message. No email address was obtained from aggd when statement was taken. Further attempts will be made to contact victim.

Inspector review of VAP - I have read the OEL and the suspect has been interviewed but said no comment, therefore it is essential we identify other witnesses. I note the OIC is having trouble doing this and I suggest he uses the Licensing officer to get the details of the area manager of the security team to establish the witnesses details. This should be done before any consideration is given to dealing with this as PO.

I have made another attempt to call the aggd, but there was no answer and no option to leave a message. I note insp review and have emailed Debbie PEARMAIN, the Licensing Manager to see if she can assist in making contact with the area manager.

I am aware of the circumstances for this offence which appears to be straight forward. The aggravated was refused entry due to not meeting dress code, he walked away and returned and walk in through allowing himself through the roped off cordon by the entrance.

The suspect was arrested and stated "NO COMMENT" to all questions. There is definitely one witness to this being [redacted] who I understand is based in [redacted]. It is essential that we obtain this statement as a matter of urgency in order to support what the aggravated has stated. I have emailed the Sgt FISHER who is NTE Sgt on Friday.

A5 Review CCTV

This has been obtained but I cannot see any comment as to what is on the CCTV, it occurred inside by the entrance and CCTV would have covered.

A6 Obtain statement from [redacted]

Email sent to PS FISHER to chase contact details with aggravated.
ATTENDED ATIK AND SPOKE TO STUART PENTON. HE PASSED ME A CONTACT NUMBER FOR [redacted] HE WAS ONLY AT ATIK AS A ONE OFF SO WOULD NEED TO BE CONTACTED TO ARRANGE A STATEMENT SEPERATELY AS ITS UNLIKELY THAT HE WILL BE WORKING AGAIN AT ATIK IN THE NEAR FUTURE

Call made to [redacted] no answer message left with contact details to call back.

Further call made to [redacted] No answer and another message left with contact details.

Investigator action	15/11/2018 15:05	#P0516 SYLVESTER, R.	No	Further call made to [redacted] on mobile number provided by [redacted] No answer and message left with contact details. To confirm this number does ring on each occasion but goes to vfm. If we can't contact outstanding witness, then suspect will appear to be death with as PO. I note the last update. Considering the witness is a doorman he should be supported Police and his colleague (aggrieved) with a statement. If the witness does not come back this needs to be raised on a GEN40.
Sergeant review	15/11/2018 18:21	#P4660 BARTLE, D.	No	A6. Call back from [redacted]. He states he didnt witness the assault take place, he reckons the punch was thrown when they were all attempting to bundle him to the floor. He said if he had seen the punch he would of KNOCKED HIM OUT. As there appears to be no witnesses to this assault, I will attempt to get the suspect back in earlier than his bail date detailed. Sus will most likely be dealt with for PO.
Investigator action	18/11/2018 19:47	#P0516 SYLVESTER, R.	No	I note the update. It is not possible to prosecute the male for the assault. The suspect male gave an account that provided some doubt that the assault occurred as suspect stated that the aggrieved is likely to have gained the injury whilst he was on the floor after being detained. There are no other witnesses to the assault. There is clearly evidence of him being disorderly which is clear on CCTV and therefore the suspect is to be summonsed for the offence of SS POA.

Nature of Incident – what happened?

Male was ejected from Atik, he had blood coming from his mouth. When questioned about what happened the male advised there was an issue with a booth in the club, but the door staff assaulted him causing the cuts to his face.

Shortly after a second male was ejected from the club with an injury to his head, he also stated this was caused by door staff. He stated the assault took place in the lift.

Several other males approached officers outside the club to state that the door staff used too much force on them, either by pinning them onto the ground and pressing their knee too hard on their neck/back which caused them to struggle to breath or by pushing them against the wall too hard. Some of these people stated these assaults took place in the lift also.

A lot of the people leaving Atik were very intoxicated.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Staff stated the males were the aggressors, but not spoken to about the injuries caused to the males.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Members of the public informed to call 101 if they wish to report anything further.

Incidents of Note:-

URN 17 10/11 ? Report from BOOM Bar of aggressive male refusing to leave.

Transpired he had not been in but approached door-staff shouting about his

coat being there. Officers attended and male was arrested for D&D. Found to

have MDMA on his possession when searched at custody.

URN 86 10/11 ? Report from MOP of a fight between 3 people. LV confirmed a

male had fallen over and two Asian males had walked passed. Street angels

attended and assisted male.

URN 139 10/11 - Disorder on Goswell hill between two large groups. When officers arrived there were insufficient officers to deal with the incident and all that could be done was to break up the groups with the help of door staff who all dispersed.
No persons were willing to speak to police and doorman described the incident as two groups leaving two different clubs who just decided to get into it with each other and things then escalated. LV were unable to pick out of the footage any specific offenders.
GEN40 outstanding ? will be completed for clubs where groups believed to have left and door staff who were involved.

Premises Name/Location:	ATIK, 19 WILLIAM STREET, WINDSOR, WINDSOR AND MAIDENHEAD, SL4 1BB		
Incident Date:	18/11/18	Incident Time:	02:02
Command & Control URN:	152 (18/11/18)	Crime Report(s):	43180352645
CCTV Seized?	No		
Sources of Information:	Aggrieved		

Nature of Incident – what happened?

The aggrieved [REDACTED] was inside the premises when he was approached by a member of ATIK Security; he has been asked to leave for being too intoxicated. When challenging the member of ATIK Security on why he was being ejected, he has then been forcibly thrown into the lift, causing him to crack the mirror. The aggrieved has then sustained a laceration to his left elbow, causing it to bleed. The aggrieved has then left the premises

Premises Response – what part did staff play? How did they react/assist (Include good/poor performance)?

ATIK Security are reported to have used excessive force in ejecting the aggrieved party from the premises, causing damage to the mirror and the aggrieved sustainign an injury.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Despite allocating an officer to the investigation, the aggrieved was not looking to take the matter further; he stated he wanted to report the incident to prevent something similar happening to someone else, and them receiving a more serious injury.

#CAD CAD INTERFACE		No	AGGD HAS BEEN EJECTED FROM SIG BY A BOUNCER FOR BEING TOO INTOXICATED. HE CHALLENGED THE BOUNCER ON WHY HE WAS BEING EJECTED AND WAS SUBSEQUENTLY THROWN INTO A LIFT. AGGD HIS ARM ON THE MIRROR IN THE LIFT, CRACKING IT AND CAUSING A MINOR LACERATION ON HIS ARM. APPEARS THAT THIS IS BEYOND REASONABLE FORCE.
#C5058 BROWN, J.		No	WEB FORM TAA-22530-18-4343-00 REFERS (AND IS ATTACHED) ". I was being removed from the nightclub by security which I learned after the incident that it was because I was too drunk to remain in the club. As I walked towards the lift for the exit for the club the lift doors opened and I turned the fire member of security escorting me off of the premises to ask why I was being kicked out as I did not know at this time and other areas of the club were too loud to have been able to ask prior to this. Just after I asked the question I got no response but was forcefully shoved into the lift so hard that I was flung into the other side of the lift causing pain to my elbow and as I looked at it it was bleeding with a small laceration to my left elbow. In addition to this I also have painful swelling

to my left knee which would have also been caused by this event. I have been unable to inspect the lift to see if glass was broken or if it may have just been the force from the push.

I believe this was unacceptable behaviour from the security guard as I had not been aggressive at all in the club and showed no signs of resisting being removed from the club. The force shown against me was far from reasonable and could now lead to me having a scar due to this. Behaviour such as this from a minority of security guards across the UK leads people to trust SIA licensed personnel less which could lead to further violence in the future, and therefore I ask that this matter is thoroughly investigated as although I was lucky with hitting my elbow, in the future someone could hit there head if they were too drunk to react by putting their elbow up to block themselves from further harm which could lead to head injuries.
 *SMALL LACERATION TO LEFT ELBOW AND PAINFUL SWELLING TO THE LEFT KNEE.

2 REMEMBER 2 the victim must give their CONSENT before you make a referral to the Victims First Hub. You MUST tick the relevant box in the Victim Services? drop down on the State Class local tab.
 2 If you are referring to the Victims First Hub, remember to record preferred contact details in the person record on Niche.

1. How often have we agreed to contact the victim? (Be specific)
 AGVD DOES NOT WISH TO PROCEED WITH HIS COMPLAINT AND OIC HAS ADVISED THE AGVD THAT THE CASE WILL BE FILED AS NFA PENDING FURTHER EVIDENCE COMING TO LIGHT AND BEING REINVESTIGATED. AGVD IS HAPPY WITH THIS.
2. How would the victim like to be updated? (Phone, Email, Text etc.)
 ??????????????????????
3. Confirm you have informed the victim of their statutory rights under the

Victim's Code? Victims can learn their rights and what support is available to them using the Victims First website (www.victims-first.org.uk) Yes

4. Has the victim been given the opportunity to write a victim personal statement? No
5. Restorative Justice: Is the victim open to RJ and is there a realistic prospect of a successful RJ process (i.e. offender accepting responsibility for their actions)? No
If the answer is 'yes' task RJ Referral on Niche. If the answer is 'no', keep under review as the case progresses.

6. If SUSPECT is youth, ensure YOT1 completed and consent obtained for details to be shared for additional support and sent to YJU.

The contact contract should be revisited periodically to ensure we are meeting the victim's needs and offering the correct level of service and support

Offence summary: (please detail)

Outcome requested and Final SR: please select appropriate outcome from list below

18 (No suspect) - crime confirmed but no named suspect has been identified
I am reviewing this case in the presence of the OIC. This case relates to an allegation of an assault with injury.

The aggrieved was intoxicated and being ejected from a nightclub in Windsor. Whilst this was happening the door staff member who is unknown has pushed the aggd into the lift whilst removing him. This caused the aggd to hit the mirror in the lift and as a result had a cut on his arm.

Charm appointment was not attended by the aggd and when spoken to he said he did nto want to take this matter further and just wanted it recorded.

I requested OIC submit this to licensing officer and this has now been completed and this is suitable for filing as aggd does not support proceedings and it is not proportionate at this stage to progress without aggd as there is little RPOC.

File NFA pending any new information coming to light.

Nature of Incident - what happened?

Ged Gorrie, Regional Director, Jon Taylor, DPS and Debie Pearmain, Police Licensing Officer.

Meeting arranged to discuss the recent reports of alleged excessive force used by doorstaff. See Gen 40 dated 11/11/18 at 01-04.00am, 11/11/18 at 0242am. Debie also informed both that we also have another complaint of alleged use of force from the 18/11/18 that is currently being investigated.

Both Ged and Jon stated that 4 out of the 6 door staff wear body worn cameras and they believe that the incidents on the reports will possibly have been caught on the cameras. It is still the same Door Company - ASSIST who supply the door team. The door staff currently have 6 units for the door staff to use. 2 of the door staff on the front door have them and 4 staff use them upstairs. They both stated they are very transparent and have nothing to hide.

They understand our concerns, as we don't normally have any issue with door staff at this venue. Due to now having 3 reports of concern over the past couple of weeks they will be looking at the Company Policy in relation to ejections. Ged informed me that he and Jon take this very seriously and will continue to work with us.

In relation to the male who is mentioned to be 17 years old in the Gen40 dated 11/11/18 at 0242 hours, Jon showed me a picture and will be scanning this over to me, so that the details can be checked on our systems. The male is 18 years old.

Ged confirmed the below as actions:

- Company Policy/Training Process in relation to ejections to be looked at
- A Manager to be present when an ejection is taking place
- Company to move towards all door staff having body worn cameras within 6 months

Premises Response - what part did staff play? How did they react/assist (include good/poor performance)?
Police Response - what action was taken? Please identify the main officers who dealt with the incident.

Nature of Incident – what happened?

Atik were holding an event with a large number of people in attendance on 29th - 30th November 2018. A large group of males were ejected from Atik after becoming aggressive towards the door staff. They had taken their belts off and appeared to be fighting each other. As the group were moved away by police from Atik they were monitored on LV CCTV. Some went towards Peascod street and some towards Victoria street. Due to the number of people a Sec 35 was authorised. Two males were then seen to damage a christmas tree inside the windsor Royal car park and damage a car outside the EAT restaurant where tables and chairs were thrown. A window on the EAT premise was damaged as a result of this. Both these males were arrested and interviewed.

Section 34 was sent for the DMM the next morning due to the issues raised during this event. There were not enough staff to deal with the amount of public present from ATIK.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

There is no details on the response from Atik - it was LV who called in the disorder.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Police attended after call from LV. it was established fairly quickly that there were not enough officers to deal with the amount of people there and the behaviour they were displaying. More units were asked for and a section 35 was authorised. After it was established two males had caused damage they were arrested and interviewed. They are currently RUI. There was a section 34 sent so the incident would be discussed in the DMM - Atik held an event and did not have enough staff to deal with the amount of people that attended. There were also not enough police resources to deal with the amount of people attending.

At 0339hrs police were notified of a group of males who had left ATIK and were previously being aggressive towards door staff. The males were moved on by police however were monitored on CCTV. They then walked to WINDSOR ROYAL SHOPPING CENTER. Whilst in the shopping centre both suspects, [REDACTED] were identified as the main culprits for causing criminal damage to a vehicle [REDACTED] and EAT. A Christmas tree was also pushed over as well as chairs thrown. Both suspects were tracked to THAMES ST where [REDACTED] were detained whilst extent of the damage was assessed. Both were arrested for criminal damage.

The CCTV shows [REDACTED] kicking the vehicle multiple times stops kicking and the vehicle however it is still rocking, it is believed from [REDACTED] kicking the other side causing a dent which is just out of LVs shot.

Both [REDACTED] walk up towards Thames Street

Photos of damage to both the vehicle and EAT have been obtained and have been uploaded to ODIMS> PC BAINBRIDGE is the exhibiting officer.

2 crime reports have been created at this time for EAT and the Peugeot. It is unknown if any other damage was caused by the offenders throwing chairs.

Drunk and Disorderly was considered however arresting officers did not suspect either party at the time of arrest was drunk.

This case is of two criminal damage. The incident has been captured on CCTV. The two males arrested have been seen to kick a car damaging it, seen to push a sign, and push and pulling a chisunas tree causing it to fall over and cause damage, and then breaking a window to Eat. Main CCTV and statements obtained. There is one outstanding statement for the damage to the car before this can be taken to ERO for case disposal.

A2. Victim Statement - I have arranged for a polish interpreter to come in today at [REDACTED] was also called and notified and initially turned up at 1400hrs with her son [REDACTED] they will be returning to SDO at around 1530hrs and a victim statement will then be taken. Furthermore, I had a de-brief with the victim she has said that she saw the male who kicked her car in full view.

I have debriefed with PS APPLEBY regarding this job and after the statement is to be collected both males will be charged with Criminal Damage.
A2. Victim Statement - COMPLETED [REDACTED] statement has been added along with the interpreters statement.

Sergeant review	09/12/2018 07:25	#P1314 APPELBY, P.	No	This case is now in a position to take to the ERO. Statements from the victims for both criminal damage has been collected. CCTV capturing the damage to the car and to the shop window has been obtained and shows the criminal damage being committed. The suspect have both been interviewed and RUI'd. There is good evidence in this case to prosecute both males for the criminal damage caused.

EK owner of the Peugeot was working at the time of the incident. She saw 3 males throwing chairs near to Carluccio's Restaurant which is opposite EAT. She also saw the males kicking and pushing a large Christmas tree which eventually caused it to fall to the floor.
EK parked her Peugeot near Daniel's store entrance and she witnessed all 3 males kicking the vehicle windows and door. Value of damage unknown.
Confirms damage was not there before incident and that no permission was given.
When they walked off she saw them kicking shop windows nearby.

LJB/O1 shows damage to the vehicle where large indents are seen in the vehicle's framework consistent with being kicked.

MA works at EAT and confirms the window was shattered and needs replacing. Confirms no permission given to cause the damage. Replacement is estimated to cost £450-£800.

RG produced CCTV as RG/O1 which shows a male in a denim shirt run up to EAT and kick into the store. The angle of the CCTV does not show the glass as being shattered but it shows the actions of the male which would be consistent with the window being smashed.

The CCTV also shows a male pulling at a Christmas tree. This footage is black and white and the camera moves throughout. The tree does not appear to be damaged but merely pushed over.

Suspect [redacted] were identified from LV CCTV. LV controller informed Police where the males were and when detained LV confirmed they were the males involved in the criminal damage offences. They were subsequently arrested.

Officers reports that the arrested males were involved in an altercation outside ATIK where they were asked to move on and complied. They document them as acting in a disorderly manner but due to the amount of people present (documented around 60) Police remained on scene in an attempt to diffuse the situation.

Both suspects went no comment in interview.

LV CCTV shows two camera angles, one showing the vehicle being damaged and one showing EAT window being damaged. For the damage to the vehicle only part of the vehicle is covered on the CCTV. The male in the denim shirt is seen to jump and kick out at the vehicle a number of times. The other arrested male walks out of camera view and you see the vehicle wobble suggesting someone is hitting it from the non-camera view side. There is a third male who walks out of camera view with this male. You cannot see which one does the act.

For the window damage the male in the denim shirt runs up to the window and kicks it. You see the plastic window bend and he gets his foot caught in the plastic for a second before he pulls it back out. The damage is clearly seen on the footage. The male in the denim shirt and the other male run off and as they turn around the corner the Police are exiting the vehicle and arrest both.

There are no ID issues based on the CCTV. The suspects are followed by cameras throughout the offences and shows them to the point of being arrested by Police.

From the CCTV suspect [redacted] is the only one seen committing the damage to the window and vehicle. Suspect [redacted] seen pushing and pulling at the Christmas tree however it is not known if any damage was actually caused or if it was just toppled over. If this is the case, based on his behaviour when first seen by Police outside ATIK, his disorderly behaviour with the Christmas tree and because the officer documents him as being drunk it may be more proportionate to pursue an offence of D+D against him.

FCT is not met at this time as there are outstanding enquiries to be completed. Further work required.

- Invoice of exact cost of damage to be obtained. This is for both the vehicle and window.
- Confirmation whether there was any cost damage to the Christmas tree. If so, invoice to be obtained.
- Exhibiting statement required for exhibit LJB/01.
- If taken, photos of damage to window at EAT to be obtained.
- CCTV AF/2 to be put in viewable format (only viewable on snag it machine, needs snagging so it can be viewed on a computer).

Nature of Incident – what happened?

LV called in a fight in progress. On arrival a male was not being held or detained by bouncers and was walking around quite freely. Bouncers seemed to be no where near him and he was simply asking for his coat back. On bouncers said he had punched him, which i find hard to believe as from experience if that have been the case he would have been restrained. i asked the bouncer if he was willing to provide a statement to that effect at which point his reply was 'NAH FUCK THAT'.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Clearly over playign what had happened. But also not actually bothered about assisting the police. Was not impressed by the bouncers behaviour and was not impressed that he played up the situation i believe to ensure the male was nicked.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Male was told to leave and he did. No assault occ made because i do not believe there was an assault and secondly the bouncer was unwilling to assist us at all.

Nature of Incident – what happened?

17 year old female came into SAFETY HUB AT CHURCH, WINDSOR. Female was highly intoxicated, couldn't stand up and was hyperventilating. She was said she had been drinking at ATTIK, had ended up in the medical attention room as she was extremely drunk and then subsequently came to us here. She was hysterically crying and highly intoxicated. On speaking with the female it was made clear she had been out with a group of people who were a mix of ages, some her age (under 18) and had been using a false ID to gain entry to the club.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Staff apparently took female into medical room as she was intoxicated. I have not spoken to staff regarding the incident.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

I, PC TURNER 110 of MAIDENHEAD, tended to the young female who was highly intoxicated. She was freezing cold, hyperventilating and hysterically crying. She could not keep her head up and could not stand. I would describe her level of alcohol intoxication as dangerously high. I sat with this female and helped the street angels keep her warm and awake until her mother came to collect her. She was very young in appearance. If i had to guess her age before she told me she was 17 I would have guessed somewhere between 15-17.

Nature of Incident – what happened?

Ged Gorrie, Regional Director, Jon Taylor, DPS, Steve Smith, Licensing Officer, RBWM, Inspector Mike Darrah, Problem Solving Inspector and NTE lead, PC Kev Horsley, Harm Reduction Officer and Debie Pearmain, Police Licensing Officer.

Meeting arranged at the request of Inspector Darrah due to recent issues/complaints around door staff and violence. Debie opened the meeting by stating that since our last meeting on the 20/11/18 whereby concerns were raised about the reports of alleged use of force by the doorstaff, we have had several more complaints/concerns raised. Debie also stated that this is generally not the sort of negative reports we receive of their doorstaff. The actions from that meeting were spoken about: Company policy/training process in relation to ejections to be looked at, a manager to be present when an ejection is taking place and the company to move towards all door staff having body worn cameras within 6 months.

Debie then informed Gen and Jon of the recent concerns, which are the complaint of excessive force involving a male and a female - Jon responded by informing us what had happened from their side. Gen 40 dated 02/12/18 at 0048 - report of a fight in progress. Police attended and on arrival a male was not being held or detained by bouncers and was walking around quite freely. Bouncers seemed to be nowhere near him and he was simply asking for his coat back. One bouncer said he had been punched by the male which the Officer found hard to believe as from his experience if that had been the case he would have been restrained. The Officer asked the Bouncer if he was willing to provide a statement to that effect at which point his reply was 'Nah Fuck that'. The office felt that the bouncer was over playing what had happened and was not actually bothered about assisting the Police. Bouncer was unwilling to assist the Police at all.

Discussion on this then took place. If the Bouncer was assaulted, he should have assisted the Police and his attitude was not acceptable. Inspector Darrah stated that if venues/staff ask for assistance from the Police they should be supporting us, not wasting their time, particularly when we are low on resources.

Debie then read out the Gen40 dated 02/12/18 at approx 1am. 17 year old female was found highly intoxicated, collapsed along William Street. She was taken to the Safey Hub by Officers and tended to by the Paramedic. She had used an older siblings passport to gain access to the club. Atik staff did originally take the female to their medical room to look after her.

General discussion on whether this female's ID was scanned or did a door staff member allow her entry without her ID being checked. Jon assured us that everyone is ID'd and put through the scanner. They have used Assist Security for over 3 years now and most of the staff have been working for them for a while. Both Steve and Debie felt that there had been a change at the venue and they believed it could be with the door staff. Steve also spoke about intoxication levels, as the 17 year old girl was worryingly intoxicated. Jon informed us that the bar staff have all been briefed on asking for ID at the bar. Door staff and floor walkers also try to identify anyone who has had enough to drink.

PC Horsley then informed Ged and Jon that he attended the venue on Saturday night to deliver some pro-forma statements for them. He was wearing plain clothes and upon arrival he asked the door staff member for James or Stuart. PC Horsley found the door staff's response kurt and a bit rude.

All in all it was felt that the door staff are not sending out the positive messages that they should be. Inspector Darrah also felt that in his view there had been a break down in our relationship with the door staff. Ged and Jon both felt that this was not the case and stated that they do assist the Police and work with us.

Inspector Darrah then informed Ged and Jon that he was the Problem Solving Inspector and also responsible for the Night Time Economy. He stated that he was concerned over the incidents and the complaints against the door staff. He then informed all of the facebook complaints PC Horsley had found over the past couple of months. It was not

LICENSED PREMISES INCIDENT REPORT

good reading and the reports of the level of violence at Atik, where passionate and also detailed the behaviour and attitude of the door staff. It was noted that some of the complaints could be from customers that have been ejected and where disgruntled. Inspector Darrah stated that this was not good for their business. Inspector Darrah also informed Ged and Jon that local residents had also complained. Debie then informed both that the recent complaint which had been emailed to the Inspector was during the evening/early hours of Thursday 29/11/18 when Tory Lanez had appeared at the club. We were asked what the complaint was. They were informed that the complaint was around Anti-social behaviour in and around the car-park area.

Inspector Darrah then proceeded to inform Ged and Jon that there had been 72 occurrences in the past year for the premises, some could be in William Street and that Atik were the second highest demand venue on our area. He accepted that Atik is our biggest venue, but the demand on the Police is getting concerning. He stated we need to reduce demand at the venue. Inspector Darrah informed Ged and Jon that due to the worrying incidents, concerning reports of the door staff and the demand on the Police he has requested that PC Horsley starts to build a case with the evidence against Atik and if things do not improve Thames Valley Police will review the Licence. He also stated that there needs to be an attitude change with the door staff.

Inspector Darrah stated that he will review the incidents, demands on the Police in January to see if things have improved.

Ged stated that he would look at increasing the number of bodycams that the door staff wear and try to increase these sooner than the 6 months he had already promised. General discussion on the body cams then took place. We were informed by Jon that the body cams are switched on for any confrontation or ejections. It was stressed by the Inspector and PC Horsley that this should happen as it also protects staff against any false allegations/complaints and can be sorted out asap.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Please see attached email from Ged Gorrie and Jon Taylor received after the meeting.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Nature of Incident – what happened?

Whilst in the smoking area of ATIK, the aggrieved party () has been asked if he has a lighter, from which he provided his own personal lighter. A suspect has then thrown the lighter on the floor; the victim has then shouted, asking "WHAT THE FUCK DID YOU DO THAT FOR", which resulted in him being pushed and attacked from behind by a group of males, which was corroborated by witnesses at the scene.

From reviewing CCTV footage, it is shown that the aggrieved party says something to a male in the group, who takes a disliking and appear to challenge him. A fight then breaks out between two males from the group and the aggrieved, whereby ATIK doorstaff step in and push the aggrieved away. One of the group of males is then seen to throw the aggrieved party to the ground, before security intervene and the fight stops.

Upon police arrival, the aggrieved party was spoken to and provided an account for the incident; the group of males were also spoken to, however it was difficult for officers to clearly identify all as potential offenders. Details of offenders were taken to deal with in time.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Door staff are shown to intervene in the fight, and push the aggrieved party away who is seen as the instigator in the footage provided by ATIK.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Officers have concluded there was insufficient evidence to support an assault charging decision, and have taken no further action against the group of males. The aggrieved has provided a witness statement, but was not appeared to have been in fear of his own safety.

Investigator action	16/12/2018 05:35		#P7583 BRACKSTONE, T.	No	A1. Summary of incident

THIS INCIDENT WAS AS A RESULT OF A MALE (THE AGGD) WHO HAD BEEN THROWN OUT OF ATIK IN THE EARLY HOURS OF 16/12/2018.

THE AGGD WAS HOVERING OUTSIDE OF ATIK NIGHTCLUB AND WAS INTOXICATED. AT THIS TIME, HE MADE NO EFFORT TO SPEAK WITH OFFICERS, WHO WERE OUTSIDE ATIK DEALING WITH UNRELATED INCIDENTS.

THE AGGD THEN STARTED TO PROGRESS TOWARDS A GROUP OF 5 MALES, STATING THAT THEY HAD PREVIOUSLY ASSAULTED HIM INSIDE

ATIK ABOUT 02.30HRS.

HE THEN GAVE US AN ACCOUNT SAYING THAT HE WAS IN THE SMOKING AREA THEN SOMEONE ASKED FOR A LIGHT. THEY THEN THREW HIS LIGHTER ON THE FLOOR. THE AGGD SAID THAT HE SHOUTED OUT SAYING WHAT THE FUCK DID YOU DO THAT FOR, WHICH RESULTED IN HIM BEING PUSHED AND JUMPED FROM BEHIND.

THE AGGD WAS VAGUE WITH THE DESCRIPTIONS THAT HAD BEEN PASSED, BUT POINTED OUT THE GROUP THAT HE ALLEGED WAS INVOLVED. HE WAS NOT ABLE TO CONFIRM EXACTLY WHO DID WHAT AT THE TIME

THERE WERE A FEW OTHER PEOPLE OUTSIDE WHO SAW THE INCIDENT AND ALSO STATED THAT THE MALE WAS JUMPED. THEY WERE ONLY ABLE TO DESCRIBE PARTIAL CLOTHING.

ONE MALE WAS APPROACHED BY OFFICERS. HE WAS ENGAGING WITH OFFICERS, BUT REFUSED TO PASS ON ANY CONTACT DETAILS. WHILE WE WERE STILL TRYING TO ESTABLISH THE FACTS ABOUT WHAT HAD HAPPENED, THIS MALE WAS PROVIDING CONFLICTING INFORMATION ABOUT THE INCIDENT.

BASED ON THE INITIAL INFORMATION PROVIDED AND THE FACT THAT ONE OF THE SUSPECTS WAS NOT ENGAGING OR PROVIDING CONTACT DETAILS, A MALE WAS ARRESTED ON SUSPICION OF ASSAULT.

AT THE TIME WE WERE UNABLE TO GET A CLEAR ACCOUNT IN RELATION TO WHAT HAD HAPPENED, SOME PEOPLE GETTING INVOLVED, WERE COLLABORATING ACCOUNTS. IT WAS IMPOSSIBLE AT THE TIME TO MANAGE THIS DUE TO THE RESOURCES AVAILABLE.

A NUMBER OF THE PEOPLE INVOLVED IN THE INCIDENT.

THERE WAS NOT SUFFICIENT TO ARREST ALL PERSONS ALLEGED TO HAVE BEEN INVOLVED. THE ACCOUNT FROM THE AGGD WAS SKETCHY.

ALL PERSONS DETAILS HAVE BEEN RECORDED AND ADDED TO THE LOG.

Sergeant review

I am aware of the investigation and note A1. Summary of incident. There has been an allegation of assault. This is a low level assault with no visible injury.

The Aggd was very intoxicated and kept pointing out a number of people who have been involved. His account kept changing and it was not clear exactly who did what. The Aggd could also not confirm this.

One of the main investigative actions will be to see what CCTV coverage there is inside the club in the smoking area. This will hopefully give a clearer indication of what had happened.

I am aware that VAP is a priority, however, based on the information available at the time, we were not able to progress this investigation fast time.

THOR was considered Low.

- T - there was no ongoing threat to any persons involved
- H - no persons were subject to any further harm. I have no doubt that an incident had occurred.
- O - this investigation will need to be progressed further. CCTV will need to be checked, MG11 from Aggd and consideration of MG11's from possible witnesses.
- R - Risk level is low, persons listed do not know each other. there is no ongoing risk or evidence that has been lost as a result of the decision not to arrest.

1 male was arrested, but subsequently dearested, when it was clear that the account of the aggd kept changing. We also needed to be careful, more persons were getting involved in debriefing the incident amongst themselves.

I have discussed this with the oncoming Sgt and have emailed the L/T Sgt to attempt to contact the Aggd to discuss the incident in a more sober state.

A few further actions to be considered.

- A1. Completed
- A2. CCTV to be viewed/collected
- A3. Debrief Aggd - MG11?
- A4. Debrief witnesses - MG11?
- A5. Identify Suspects
- A6. Consider Interview
- A7. Disposal
- A8. GEN40.
- A3. Debrief Aggd.

Sergeant review

The Aggd currently works shifts in a bar and is very busy at this time of year. As a result a Charm appointment has been made to enable the initial account/MSG11 to be taken in relation to the assault.

There did not appear to be another way to deal with his. I have tried to book the Appointment for when my team are on as this will be an investigation that we will hold onto. This has proved unsuccessful, so the following appointment has been made.

Thursday 27th Dec @ 1330hrs
 PC6121 CHARM APP 27/12/2018 13:30 to 15:30 . NO SHOW
 Txt aggravated, completely forgot. Aggrieved will call 101 and reschedule.
 OIC to contact Victim and ascertain availability for MSG11.
 I tried contacting the aggd yesterday (01/01/19) but no answer. I will try calling again at some point today to arrange a charm appt.
 I have left a voicemail message with the aggd to let us know if he is still supporting and if so request a charm appointment.
 I have left another voicemail at 1640hrs for the aggd to call 101.
 aggd [REDACTED]
 OIC to call CCTV before it's overwritten.
 CCTV requested from LV - This shows the victim outside the club pointing and talking to doorman for five minutes. Then when the suspect party leave the nightclub they walk along smoking area and if anything the aggd approaches the other group and is the aggressor. It is not clear whether any punches are thrown but the parties separate quickly and there do not appear to be any female witnesses near by on the footage.

Footage to be requested from ATIK.
 [REDACTED] had a charm appointment booked on 11/01/2019 at 21:00 hours that he did not attend. [REDACTED] next week. I have text him back informing he will need to contact 101 to book a new appointment.
 Email sent to NTE sgt for CCTV enquiries to be completed at ATIK
 Victim has missed 2nd appt. To be given one further opportunity otherwise will be filed.
 Email sent to PC Littlewood who was request to look at CCTV requesting updates.
 CCTV has been collected from ATIK and I have requested this from GEMS.
 Unsure what the footage shows at this time.
 I have now viewed the CCTV from ATIK. This shows the aggd sat in the smoking area with a girl and the group of suspects minding their own business. The aggd then says something to one of the group which they take a disliking to and they appear to challenge him about whatever he said. Door staff in the smoking area intervene and push the aggd back but then a fight breaks out between two of the group and the aggd. One of the suspect group and the aggd get pushed to the floor, they get back up and the aggd goes for the male again. Another member of the group, who was originally out of camera shot, appears to grab the aggd from behind and throw him to the floor before the area is full of security and the fight is over.

There does not appear to be any injury caused and the fight is over very quickly. The aggd has had ample opportunity to come to the police station to give a statement but at this time does not appear genuinely interested. From the CCTV it would seem the Victim does not fear an assault at any point and the force used by the other parties involved is pre-emptive to prevent an assault. Awaiting Victim contact and likely No Crime template.
 OIC to contact Victim for update.

Inspector review	31/01/2019 12:07	#P1269 McDONALD, J.	No	I have reviewed the OEL. The OIC has conducted proportionate enquiries and it appears that there is sufficient available evidence (CCTV) to suggest that the aggr'd's evidence would not be reliable. I note PS Byrne's request to make one more attempt to contact aggr'd however he has already missed two appointments for no valid reason and so it is not proportionate to continue when it is highly unlikely any charges will result in any event. Suspect has not been identified. Therefore no further attempts to be made. Victim to be informed by letter that letter case will be filed. Letter sent to the aggr'd explaining this has now been filed. Letter has been uploaded to niche.

Nature of Incident – what happened?

Initial report of a female fitting at Atik. Paramedic from Safety Hub attended in first instance. Officers have attended scene. Paramedic has identified female 1, who was inside the medical room, who was fitting. At the time, it was unclear what the purpose of the fitting was. Female had been drinking with friends. Female was moved into the entrance foyer of Atik, to create more space than the cramped medical room. Staff at Atik facilitated the entry and exit of other persons inside the club and tried to utilise screens to provide some privacy. At the time of officers being in attendance another female (female 2) had collapsed, she was unconscious and assessed by paramedics. Female was intoxicated and it was unclear if drugs had been taken also.

On speaking to paramedic staff, there was nothing to suggest that both incidents were linked to each other.

Both females were taken to Wexham Park Hospital for medical services.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Paramedic was deployed from the Safety Hub following reports of a female who was fitting at Atik.

Staff at Atik were being responsive towards the needs of both the females and paramedics. They made provisions to provide screens and redirect other persons leaving and entering the club.

Officers spoke with the paramedic after the incident who confirmed they had no concerns in relation to response from the premises.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Police attended to support Paramedic and deal with friends of the females outside the SIG.

Officers have attended and attempted to debrief the Paramedics on scene. At the time, it was not clear what had happened to the females, over intoxication or drug use, or both.

Yes	No	
5. Restorative Justice: Is the victim open to RJ and is there a realistic prospect of a successful RJ process (i.e. offender accepting responsibility for their actions)? Yes/No	No	
7. If the answer is 'yes' ask RJ Referral on Niche. If the answer is 'no', keep under review as the case progresses.	No	
6. If SUSPECT is youth, ensure YOT1 completed and consent obtained for details to be shared for additional support and sent to YJU. The contact contract should be revisited periodically to ensure we are meeting the victim's needs and offering the correct level of service and support The agg'd is a member of ATIK doorstaff. In the early hours of Saturday the 22nd of December 2018, the agg'd was working on the front door. The agg'd states that the suspect was brought down by members of doorstaff and saw that the suspect was being restrained as he was being brought into the lobby of the nightclub. The doorstaff had restrained the male on the floor due to his aggressive conduct and resistance to being removed from the club. After the suspect was released by doorstaff and escorted out into the road, the suspect spat at the agg'd, following this, he kicked the unused railings and then threw coins at the doorstaff before walking off up WILLIAM STREET. Investigator action	05/02/2019 12:03	#P6640 KINGHORN, R.	No	<p>ONE WAS NOT WORKING</p> <p>Suspect has been interviewed. He has admitted to spitting at the doorman and throwing something at the door staff following his ejection but has stated that he has done this in frustration after being ejected with force. He believes that he has been ejected with an unreasonable amount of force, but has not provided a defence.</p> <p>SPOKEN TO AGGED ASKING IF THERE WAS ANYONE ELSE WHO WITNESSED THE INCIDENT AND SAW THE SUS'S SPIT LAND ON THE AGGED. AGGED HAS STATED THERE WAS SOMEONE ELSE THERE AND HE WILL CONFIRM TOMORROW AND CONTACT MYSELF WITH DETAILS</p> <p>Suspect was ejected from ATIK nightclub on 22/12/18 for aggressive behaviour inside the club. He was ejected forcefully by two staff members.</p> <p>When behind the ropes suspect became verbally abusive towards [redacted] before spitting at him which he reports made contact with his leg clothing. Suspect continued being abusive and started chucking coins towards the club before walking off.</p> <p>Suspect was soon after detained and arrested by Police. He was released from custody prior to interview for medical reasons and was voluntarily interviewed. During interview he admitted spitting towards door staff and picking an item up from the floor and chucking it towards ATIK which could have been coins.</p>

Evidential Review Officer	15/02/2019 10:42	#C8822 PANTING, R.	No	<p>Suspect was issued a caution for PO for an offence that occurred on 12/11/2016. The caution was issued on 15/01/2017.</p> <p>I have considered OOC disposals for this offence considering the caution for PO was issued almost 2 years ago however given the circumstances of this offence I do not feel a caution is proportionate. Suspect's behaviour in the club was reported as being aggressive which was why he was ejected. His behaviour outside the club escalated where he spat towards [redacted] and then started throwing coins in their direction. He was also verbally abusive throughout.</p> <p>Suspect clearly has not learnt from his previous caution and I feel his behaviour and actions are disgusting and he was fortunate harm was not caused. He also actively attempted to avoid detention when he ran from Police.</p> <p>The FCT is met for an offence of S5 Public Order, it is in the PI's due to seriousness of offence/culpability. Gravity score of 2, summary only. GAP based on admissions in interview and significant evidence from CCTV.</p> <p>NFA to be taken for assault offence which suspect was initially interviewed for, the spit cannot be seen on CCTV/ BWV to land on victim and we have no corroborating evidence to prove this. Alternative offence charged instead. OIC to complete GAP file for S5 PO offence.</p> <p>This case has been reviewed by ERO's and a charge authorised. OIC is in the process of completing the file</p> <p><u>Gen12 Evidential Review</u></p>

ASSISTANT CRIME REGISTRAR REVIEW FROM DAILY PIC SHEETS OF CUSTODY OUTCOMES - AIO at this time and offence correctly classified as victim statement confirms suspect spat at him and landed on his clothing. Below ERO reviews states insufficient to charge the assault due to not being fully captured on cctv and therefore this occ cannot be detected as S 5 only charged but can't be same material facts.
Due to the mentioned general behaviour of suspect outside the club following the assault and his continued behaviour on arrest ERO has charged S 5 for which I will create a separate occ and related.

This will be needed for interview. - Not yet burnt off. A7. Gen40 - Completed and attached A2. CCTV - Obtained and needs to be reviewed. Not yet exhibited either - actions that can all be done slow time. A4. Victim Injuries - Injury photos taken by PC 6640 Kinghorn Inspector review of VAP - This assault has taken place at ATTIK and would appear to be an unprovoked attack which has resulted in the victim losing consciousness. It appears from the OEL that officers attended and the suspect admitted the offence. I am slightly concerned that the suspect was not arrested. The following enquiries need completing and this is a priority offence so will not be treated as a slow time enquiry. Witness statements from officers attending, witness statement from victim and witnesses, viewing of CCTV and exhibiting, obtaining any medical evidence, viewing and transcribing of BWC admission. Early interview of suspect. Voicemail left with victim to ring me. I will ring him later and same applies to witness's. After not receiving a message from the victim I rang one of the witness's he was with. He explained the victim was at Wexham Park Hospital in Slough, I attended there but had earlier been discharged. At 1100 I attended the HA of victim. He was asleep but was woken up by his mother. He had received scans to his brain and all had come back as clear. He has swelling and bruising to the left side of his face which will only get worse before it gets better. He thinks he was knocked out cold for 10mins and only recalls coming around in the Ambulance. He recalls nothing of the assault. He is too tired to provide an MG11 today but will support proceedings. Arrangements for statement to be taken at 9am on 24/12/18. I will also see his brother at 10am as he witnessed the attack. Victim MG11 and Medical consent form completed with victim. A further MG11 obtained from his brother. Both statements are on niche and originals are in OIC docket.</p> <p>A4. Sergeant review	28/12/2018 10:23	#P7889 POWELL, R.	No	A5. Suspect interview - VII interview arranged 19/01/2018 at 1800 at LC no solicitor at this moment in time may change I am reviewing this occurrence in the absence of the OIC. As this is a VAP offence a Sergeant review should have been conducted within 24 hours but hasn't been. Initial actions have been completed or arranged to be completed. The reality of night time economy policing with 4 hours prevented any safe and more swift action on the night, but the OIC has suitably set out an investigative strategy to rectify the difficulties in modern day policing. The Victims? Code has been compiled with OIC to update 7Stats Classification Local? Tab to include the victims? preference of level of Victims First Service. Force stats have been set. The occurrence classification is correct. All the evidence has been collected and the only outstanding enquiry is A5 - Voluntary Interview - arranged at LC 19/01/2019 at 1800 - solicitor to be arranged by PC 2526 nearer the time. Duty Solicitor all requested for the arranged date and time. Ref - 190130851A The suspect has fully admitted the offence and the victim has been updated to that effect. Assault with Injury in Attk Nightclub on 23/12/2018 and 100 hours The victim has been punched to the face causing only swelling to his face of which has now with time settled. The offence has been fully admitted by the suspect. Suspect has shown clear guilt and remorse about the situation and is of very good nature and is no trace PNC. I believe a caution will be most appropriate disposal in this situation. ERO to endorse. Assault by beating - 23/12/2018 On the 23/12/2018 the aggrieved has been out with 4 friends all providing statements. The group have been on the dance floor in Attk Nightclub and at approximately 0100 hours the aggrieved has been punched to the face causing him to fall to the floor unconscious. The aggrieved and friends suggest this was unprovoked however the suspect stated he was bumped into by the victim. The suspect then left the offloc and approached police to share his side of the story. The victim has reviewed visible facial injuries mainly swelling however no long term injuries as most recently stated by the victim. Victim injuries are recorded by OGE01 in his docket. The whole incident was captured by Attk CCTV - JEG01. The victim has no recollection of the incident or details of the incident. Only a few of the victims witnessed the suspect throwing a punch. The victim and friends statements are supporting and we also have CCTV of the incident. The suspect left the club and approached police and disclosed the events to police, admitting the assault however saying it was provoked - LPS01 and LR01. The suspect in VII was open and frank and admitted to punching the victim and believes at the time he was acting in self defence however on reflection the suspect believes his actions were not in self defence but in fact he was acting recklessly and is sorry for his actions. Please refer to my statement for full information. The suspect is no trace PNC and of good character. I believe for this level of offence also the suspect has admitted the offence a CAUTION would be suitable. Sent off for ERO review all evidence is either on niche and in PC 2526's docket. SR.

#C7841 YORKE-GOLDNEY, S. No

I have set a further task for two weeks to further review. I have reviewed the evidence in this case and there are no further lines of enquiry that will alter the disposal decision.

Victim [redacted] states he was at Alik nightclub in Windsor when he was assaulted by an unknown male. [redacted] was in the ?MAIN ROOM? with his friends and as far as he can recall there was no trouble with anyone. The next he remembers is a hazy memory of being in the church safe room and then being in an ambulance. He had pain down the left side of his face. As a result of the assault [redacted] had a headache at the back of his head, swollen left eye which is black, and some swelling to the face. Injuries amount to Sec 39 Battery.

Witness [redacted] states the group were on the dance floor when the victim accidently got bumped because of how packed the dance floor was. He then accidently bumped into a male and they both turned to face each other and from what he saw, they seemed to acknowledge each other and nothing was said. Then before the victim turned back the male started erratically swinging round house punches to victims face starting with his right hand and then left. 4 punches in total, it wasn't until the 2nd/3rd punch that the male made full contact with victims jaw causing him to fall to the floor. A female was trying to hold the male back. [redacted] followed the male and pointed him out to security who detained him. He went to the medical room with victim. States he kept asking security whether they had the right guy and these assured him they did.

Witness [redacted] states the group got some drinks then went to the dance floor, it was really busy. Possibly close to midnight victim was accidently nudged by someone on the dance floor which pushed him into someone else. This male then reacted and ?clocked eyes? with him [redacted] was then distracted and as she turned back through the corner of her eye saw the male victim had nudged swinging at him. As she fully turned she saw victim falling down to the floor, he hit his head on a pole on a booth area on the way down. Victim was stood next to her. States victim came round after about 45 seconds. Saw his right eye was droopy and he was struggling to open it and left side of his jaw was starting to swell.

Witness [redacted] states everyone in the group made their way down the stairs to the dance floor. Once there he noticed someone barging people out the way and his friend [redacted] chasing behind him. He then turned and saw the victim on the floor. Did not see the assault and cannot identify attacker.

Witness [redacted] (brother) states the group went down the steps to the dance floor and he was leading them down. He glanced around a couple of times, victim was following him. When he glanced round again he saw a male retracting his right hand and arm back towards his body as if he had just hit someone. He looked round again and saw the victim on the floor on his back with his head on a step. He was not responding or moving and appeared unconscious. He came around after about a minute but was not with it. There was swelling to one side of his face/eye. Did not see the assault and cannot identify attacker.

PC RAWNSLEY states she was approached by a male who asked to speak with her regarding why he was asked to leave the club. He explained a male inside started a fight with him and he was in fear the male would hit him so punched the male in the face in order to stop him. Details were obtained of the male [redacted] he was informed a voluntary interview would be conducted.

PC SQUIRE states she attended Alik and was approached by security who she followed into the club. There saw a male approach PC RAWNSLEY who said similar to ?YOU'RE HERE FOR ME?, male identified as GODSALL. PC SQUIRE spoke with [redacted] who admitted to her he had punched someone

and when she asked it was provoked, [redacted] said ? I THINK IT WAS PROVOKED. HE MIGHT NOT SAY SO BUT I THINK IT WAS?

In interview [redacted] stated he was in Atik [redacted] stated whilst in the club on the dance floor he was pushed from behind and turned around expecting an apology from the victim. [redacted] stated the victim was looking angry and was shouting abuse towards him. [redacted] stated at the time thought he was acting in self-defence however in hindsight [redacted] admits he wasn't acting in self-defence and in fact was acting recklessly. It wasn't [redacted] intention to cause harm to the victim and [redacted] states he only struck the victim once. [redacted] admits his use of force wasn't reasonable and when viewing the CCTV and Body Worn Video in interview, [redacted] pointed himself out and admitted to assaulting the victim.

This is a witnessed assault with admissions by the assailant. There is BWV from PC RAWNSLEY showing her conversation with [redacted] he states that he thought the male was going to hit him so hit him first, he is clearly annoyed at himself for acting in that manner. I have also viewed the CCTV which shows [redacted] interact with the victim and then suddenly lash out. He is larger than the victim and with all the persons present I cannot see that the victim was a threat to him. This backs up his account in interview that he wasn't acting in self-defence when he hit him. I believe that despite the initial self-defence raised, once [redacted] has had time to reflect and not be influenced by the alcohol he had drunk, he has realised what he did and that he was reckless hence his account in interview.

FACT passed. PI: culpability/effect on victim. However when considering whether prosecution is proportionate I have taken account of the fact that [redacted] has no previous convictions and has admitted the offence and so is eligible for an out of court disposal. There is a RPOC and so I am recommending he be cautioned for the offence of Sec 39 Battery.

- No Victim updated to regards of the victim receiving a caution - no further police contact to the victim needed
- No Spoke with [redacted] he is perhaps going to be up in TYP in 2 weeks time so therefore I'll issue the caution then and then send to IRB.
- No Email sent to Gloucester Police to issue Caution
- No Caution being issued on SAT 16th FB 2019
- No Caution issued and PNC updated
- No Caution has been issued suitable for filing
- No ACR CK C5268 - task to apply caution - caution checked and OEL reviewed. All in order therefore caution applied.

Nature of Incident – what happened?

Two males were ejected by door staff at ATIK nightclub within five minutes of each other. The first male had a grievance with the door staff over their use of force - not formal complaint was made by the male and his behaviour was such that he was arrested on suspicion of being Drunk and Disorderly in a Public Place. Officers did not witness the initial incident between the male and door staff as it occurred inside the premises.

The second male who was ejected from the premises made an allegation of theft of money by door staff. Again, no formal complaint was made by the male at the time - he was advised to call 101 should he wish to make a complaint about the theft in the morning.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

There was no evidence of bad practice, or improvements that could be made with regards to how ATIK staff conducted themselves outside the premises. They were making an effort to move groups to the end of WILLIAM STREET and to disperse crowds. They assisted in moving people away from the area when officers were arresting a male. It was noted that the incident was recorded using a video camera by a member of staff and all door staff recording with their BWV's, which was good to see.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

One of the ejected males was arrested and taken to MAIDENHEAD. The above occurrence refers.

Officers involved:
 - PC 7991 TAYLOR - arresting officer
 - PC 2248 WHITEWICK, PC 6605 MINHINNICK and PS 7728 CUTLER were also present.

very similar. However I have nothing evidence wise to counter the account put forward by the owner of the ID. There is an offence under the S4 of the Identity Document Act 2010. There is also an obstruct police by the using of the false name. Custody and myself have spent some time trying to establish contact with the DIP's parents and have them attend. He has tried to frustrate this by stating they are abroad. He gave a freinds details to contact and since gethign in contact with them a family member has been in contact and is attending the police station as appropriate adult. The D&D has been reviewed by the custody sergeant. From speaking with him a further statement is required from other officers present as the account by officer differs from that of the body worn due to the direction the officer was facing and the body worn was recording.

PS CUTLER sees [redacted] escorted out of ATIK by bouncers he stepped away from them, squared up, and began shouting and had to be restrained by his friends. Spoke to the male who was aggressive and began shouting at him and trying to pull away from his friends. Told him to calm down and leave, or he would be arrested, the male was disorderly, he had already squared up to the door-staff and his friends were trying to calm him down. Formed the opinion the male was drunk, as he was staggering and unsteady on his feet and was slurring his words. He was walked down the road by his friends and he left the area. However a few minutes later, his attention was drawn to the male again, he was shouting and PC Taylor approached him, heard him shouting at PC Taylor who then arrested the male

PC WHITWICK sees [redacted] led out of ATIK and start shouting towards door staff, moving towards them with his arms up in the air. He was being held back by friends. Went with PS CUTLER who spoke to [redacted] and led him away from ATIK. States [redacted] seemed over excited, was speaking quickly, his eyes seemed glazed, he was slurring his speech and seemed unsteady on his feet. [redacted] was drunk. His friends wanted to take him home, but [redacted] however was not calming down and was wandering around the street quickly with his arms up in the air, as if he was trying to start a fight or cause disorder. His friends were trying to restrain him but it was having little effect. PS CUTLER went and spoke to [redacted] again in order to calm him down. His attention was drawn away by another incident and when he turned back saw PC TAYLOR saying similar to "HE NEEDS ARRESTING", and was pointing to [redacted]. PC TAYLOR went over to [redacted] and PC MINHINICK and PS CUTLER assisted in taking [redacted] to the ground to effect an arrest.

PC TAYLOR describes seeing PS CUTLER/PC WHITWICK dealing with a verbal altercation involving [redacted] and the door staff of ATIK nightclub. [redacted] was waving his arms around and his friends were pushing him away. PS CUTLER/PC WHITWICK moved him away. He could not be calmed. He was shouting and gesticulating towards the door staff. Formed opinion he was drunk as his eyes were not well focused and he was unbalanced and stumbling as he waved his arms around. His attention was moved towards another incident and after which he turned saw [redacted] start moving towards the door staff of ATIK again and he was shouting and sweating at them, can't recall his exact words. His overall behaviour was unruly and offensive. Approached him as he was being held back by an associate of his and arrested for Drunk and Disorderly. Has BWV.

There is also CCTV of the incident and I have watched this and the BWV.

CCTV: See [redacted] come out and turn to face security, he is then surrounded by his friends or appear to be trying to move him back, do not see his arms up. See him speaking to police, right arm raised and he is pointing at security. His friends move him away with Officers following. PS CUTLER is seen with PC WHITEWICK close behind. PC TAYLOR is some 10 ft away. See the other incident which distracts officers. Camera moves off [redacted] and it cannot be said what he does; all officers move towards the incident. Camera pans round to Alik and LULI can be seen with a friend by door staff, all officers are out in the middle of the road facing that direction. They all move quickly towards [redacted] and deal with him.

BW TAYLOR: Walks towards an alcove ? 4 males and some shouting going on, with 3 of the males trying to move the fourth away. PS CUTLER goes and speaks to the sus. The others speak to PC TAYLOR who tells them to go home and one says they are just waiting for their mate, saying he wants to talk to an officer as he got ?grabbed up? by a bouncer for no reason and he's just a bit drunk. PC TAYLOR then walks away and goes to deal with another incident. Approx 90 seconds later he turns and walks towards a male, who appears to be walking away from a group of bouncers, saying ?RIGHT HE'S COMING IN?. He arrests the male and takes him to the floor.

BW PC WHITEWICK: Starts when PS CUTLER is speaking to group. [redacted] asking to speak with him privately saying ?THEM SECURITY GUARDS ALMOST BROKE MY SHOULDER? and keeps repeating this, no one is taking much notice and his friends are moving him back but he keeps trying to get his point across. They all move to an alcove and [redacted] continues trying to talk about what the security did. Camera then pans away and PC WHITEWICK moves to the next incident. When this is over the camera turns back towards Alik and PC WHITEWICK groans. [redacted] can be seen being pushed away from security by a friend who is saying ?YOUR GOING TO GET YOURSELF BANNED? and then PC TAYLOR rushes into view towards him and arrests him.

In interview [redacted] has not admitted to the offence. He explained that he was ejected by door staff at Alik, he wasn't arguing with staff but was being loud and messing around with his friends. He then said he was arrested by police for being drunk and disorderly, which he doesn't agree with. He said that he wasn't being disorderly and was just being loud, messing around with his friends.

It has been established that [redacted] drunk and even his friends describe him as such. Clearly officers were concerned by his behaviour. However I am not convinced that there is a RPOC and that his behaviour was sufficient to be called disorderly compared to the other incidents of D&D that I have seen. [redacted] made no admissions which we can rebut, however the visual evidence does not fully corroborate the accounts given and taking this into account along with the fact this was a low level offence and there are two other offences with admissions, and [redacted] is eligible to be considered for an out of court disposa for these, it is not in the PI to take this to court and I am recommending no further action is taken.

I have reviewed the evidence in this case in relation to the two other proposed offences, Obstruct Police and Possession of False Identity Documents with Improper Intention.

[redacted] with a DOB making him 19 yrs to officers and produced a driving licence in this name. He gave this ID in custody and was treated for some time as this person. Eventually his real ID was established [redacted] and that he was in fact 17 yrs ? a youth. In interview [redacted] admitted that he used the driving license with the police and gave those details because he didn't want his mother to come and get him and wanted to be released without his mother finding [redacted] explained that he wasn't intentionally trying to obstruct police and apologised for his actions. He said that he had no lawful reason for his actions. He also explained that he

used the licence to get into Atik to a friends 18th birthday and that he was given it by the owner and it wasn't stolen.

Obstruct Police ? H96003 Obstruct a constable in execution of duty. Points to prove: date and location; established willfully obstructed a constable in the execution of his/her duty. For the act to be 'willful' in this context it has to be deliberate and the obstruction must usually be some form of positive act which prevents, or makes it more difficult, for the officer to carry out his duty. It need not be the offender's specific purpose to obstruct, provided that he is aware that his intended act will do so. It cannot be said providing the ID of [redacted] to officers has obstructed them when arrested as it would have made no difference at that point. It is how he is dealt with when in custody that the obstruction occurs. As a youth there are certain procedures to follow, by making out he is an adult, [redacted] has obstructed custody from fulfilling their duties. He states this was because he did not want his mother to find out, this is where he forms the intent as he knows by treating him as an adult his mother will not be informed. He has deliberately misled them, even though it was not his specific purpose to obstruct and [redacted] he had no lawful reason for his actions. FCT Passed. PI: culpability. There is a RPOC.

The proposed ID offence is indictable only and relates more to immigration & visa offences. I am therefore proposing dealing with this possession of [redacted] as ID as H7100 Possess/control another person's identity document. Points to prove: Date/location: established without reasonable excuse had in your possession/under your control; using it to establish he was 18yrs and able to enter atik is not a reasonable excuse. An Identity document that relates to someone else; clearly does not belong to [redacted] in another's name, admits he was given it by the owner. FCT Passed. PI: culpability. There is a RPOC. [redacted] no previous convictions and has admitted to both offences, he is therefore eligible to be considered for an out of court disposal and I now refer this to YJU.

Notification received for YJU to review the attached file for ?EL?. The decision has been made for [redacted] to be given a Youth caution for this offence. The YC will be delivered by a YOT PC by appointment before [redacted] turns 18 years.

YOT PC I have received the YOT 1 for this case. I called the YPs mother today and she was busy at work. I briefly explained the decision to issue a YC. I have texted her from my work number, sent her [redacted] when they can get over to Maidenhead for the delivery. She will contact me with a date and time.

YOT PC This YP attended Maidenhead police station this afternoon at 13:45hr with his mother acting as AA. I explained the rationale behind the decision to offer a Youth Caution, which he accepted/ He apologised for his actions. The custody record and PNC has been updated. Email sent to YJU, with signed form put into internal post. During our meeting, the YP complained (not officially) that he had not been offered a meal for the entire time that he was in custody after being arrested. He did not want to pursue an official complaint, but I did look in his record and sent his mother the following information: "He was booked in by 4:16am. He was checked and asleep from 4:37am until 8:04am, when he was given breakfast and coffee. He saw the Dr at 9:01am. He only wanted water at 12:32am. He was offered a meal and a drink at 2:01pm but declined. At 4:05pm he was interviewed and then released". His mother replied and thanked me for the information.

Offence is a CRI therefore no detection added. YC delivered for Obstruct police & Possess/Control another's ID. No outstanding actions. Suitable for filing.

No AMT police were on mobile patrol outside ATIK on WILLIAM STREET when the suspect became involved in a verbal altercation with the victim (details refused). As officers approached the males, the suspect was seen to swing a hayermaker style punch towards the victim, connecting with his head. BWV does not show the punch but an audible gasp can be heard from onlookers. The street was busy at the time.

The victim was approached by officers but was not willing to even provide his name (this was attempted post arrest). A rest statement and BWV should provide enough for a public order offence if an alternative charge is sought. The male was also found in possession of a small amount of white powder in his

Sources of Information:
Nature of Incident – what happened?

Called to attend a drunken female acting in an antisocial and aggressive manner outside ATIK nightclub. When PC WHITEMAN and I attended, a drunken female was shouting and screaming at people saying she had lost her handbag. This went on for some time before she was eventually arrested for drunk and disorderly. On arrest, her ID was checked using the club's scan system and it showed that she had gained entry using a female's ID card who looked nothing like her. I had a look at the photo of the female on entry and the photo of the female on the ID card and they looked nothing alike. The female in question was 17. I struggle to understand how a trained member of doorstaff could have possibly believed this female to be the one on the ID card.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Showed us the photo taken of the female on entry and her ID CARD on their scanning system.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

The female was subsequently arrested and attempted to assault my colleague by kicking him in the groin area.

#C8078 BOUCHER, J.		No	no entry in the oel to go on att.
#P2455 DUNNE, J.		No	Police have been called by town centre CCTV to WILLIAMS STREET, WINDSOR following the report of a female who had been rejected from ATIK and she was trying to start fights with door staff at ATIK and other members of the public. The female appeared to be acting in a drunk manner. Upon arrivals, officers spoke to the female [redacted] and she continued to be verbally abusive towards officers and other members of the public. [redacted] was trying to explain that she had lost her handbag and the officers were trying to help her by pointing her in the direction of the safety hub [redacted] refused to go there, opting instead to call the officers CUNTS on a regular basis. Owing to her drunk and disorderly behaviour, PC WIGHTMAN arrested [redacted] for D&D which prompted her to kick him in the groin area. She missed however and got his thigh. After much struggle, owing to [redacted], she was transported to MAIDENHEAD police station and detained.

[REDACTED] to be interviewed shortly.

CCTV has been produced from LV - does not show assault but shows behaviour before and during police attendance.

BWV shows [REDACTED] shocking behaviour but again not the assault on PC MIGHTMAN.

Assault Police and Hate Crime Seven Point Plan

1) Assaults and hate crimes on police officers, staff and volunteers will be investigated with the same care, compassion, diligence and commitment as an assault or hate crime on a member of the public - confirmed. Full investigation in place

2) Comply with Victim's Code 7 update, discuss options and take account of the victim's view point - OIC will be completing a VCC. He has liaised with victim this morning whilst still on duty off late.

3) The affected officer must not be the OIC. Even taking statements from witnesses may be inappropriate and could undermine the case - confirmed

4) The Supervisor should meet with the affected person as soon as practical to gauge and provide the appropriate welfare and support - I have seen victim today and checked he is ok. No injuries

5) Supervisor must ensure that the LPA Commander/Head of Department is informed to provide continuity of welfare support - Supt Hudson is aware.

6) The assaulted person must complete the Health & Safety incident report with their supervisor. If not possible for the victim to do so, someone else must be tasked to complete it - Will ensure this is completed if not already, email send to victim and his Sgt

7) To achieve a successful prosecution, the best evidence must be presented. VPS should be used and the OIC must fully understand the points to prove and ensure that they are adequately addressed as required - Well aware

SUSPECT INTERVIEW:

I have completed an interview with sus, AA [REDACTED] (Murn) and Solicitor, [REDACTED] (IB Solicitors)

[REDACTED] stated that on the night in question, she was in a club, someone stole her bag and that when she told the bouncer, they said that they would take her outside and fight her, so she went mad. [REDACTED] not know how much she had had to drink or how drunk she was on a scale of 1 to 10.

When asked why she was drinking alcohol at 17 years old, [REDACTED] laughed and said "Well everyone does it". [REDACTED] claimed she did not remember how she purchased the alcohol or how she managed to get into ATIK nightclub in WINDSOR which has a strict over 18 policy.

When asked to describe her behaviour [REDACTED] could not as she claimed she could not remember.

When asked if she was acting in a drunk and disorderly manner, [REDACTED] stated "YES" after this was explained to her by her AA.

When asked how she thought members of the public would feel watching her standing in the street in WINDSOR screaming the word CUNT, [REDACTED] replied "PISSSED OFF".

[REDACTED] asked about kicking the officer who arrested her to the ground. She claimed that she wouldnt say that she kicked him, the handcuffs that she was placed in were too tight and this is why she kicked out. [REDACTED] then tried to explain that [REDACTED] has autism and this was basically the reason for her behavior.

[REDACTED] stated that her intention when she kicked out was to loosen the handcuffs.

[REDACTED] "NO" when asked if she thought it was acceptable behaviour to assault a police officer when they are acting inline with their lawful duties.

[REDACTED] that she felt remorse for her behaviour.

[REDACTED] asked if she felt that her behaviour when placed under arrest was obstructive or resistant. This was explained further to her by AA however, the solicitor took it upon himself to answer the question and said the answer to that is "NO".

Finally, [REDACTED] was asked "DO YOU ADMIT TO THE OFFENCE OF ASSAULTING PC RICH WIGHTMAN, A CONSTABLE OF THAMES VALLEY POLICE ON 01/01/2019 ON WILLIAM STREET, WINDSOR BY KICKING HIM TO THE GROIN AREA WHILE HE WAS ON DUTY AND CLEARLY VISIBLE

AS A POLICE OFFICER? [REDACTED] "NO".

The sus. AA and solicitor were given the opportunity to watch the BWV on more than one occasion and point blank refused. The sus said that she would get up and leave if it was shown. BWV therefore not shown.

Suspect has been RUI as a disposal decision will be made by YJU.

Full file for decision to follow.

Hi James,

#C8133 O'REGAN, D. No

Thank you for the task requesting review of a file for [REDACTED] (4319000223). When completing the file please be aware that since 1/9 ALL files (including YJU decision files) should be forwarded to the EROs in the first instance, for them to evidentially review.

Therefore please complete an ECF and task, from the case file, the EROs to review.

Regards

Delb

Completed an advice file and sent to EROs for decision.

I have reviewed the evidence in this case where officers were called to Atik to reports of a female causing a nuisance and wanting to fight people.

PC WHITEMAN states on arrival door staff pointed out a female, [REDACTED] Spoke to [REDACTED] he describes as distressed. States she was swearing at her friends calling them ?FUCKING CUNTS? and told them to go away and leave her. Her friends were trying to get [REDACTED] to leave but she refused. When offered assistance to find her bag she refused saying there was nothing they could do. PC WHITEMAN felt [REDACTED] was quite aggressive to him so walked away leaving PC TURNER to deal. However during his interaction with her states her eyes were glazed, she was unsteady on her feet and was slurring her words, formed the opinion she was drunk. About 4 minutes later [REDACTED] shout ?CUNT? loudly and based on her previous behaviour and that she was not complying with instructions decided to arrest her for D&D. States once the handcuffs were applied he escorted [REDACTED] PC TURNER to the police vehicle where she then kicked him quite close to his groin but missed and hit his leg and further arrested for assault police.

PC TURNER states On arrival she saw a young looking female with long brown hair wearing a black top and a zebra skirt, identified as [REDACTED] Describes [REDACTED] as shouting at members of the public and using large hand gestures. Spoke to [REDACTED] who stated she had lost her handbag. Informed by door staff no bag had been handed in and that they had already tried to engage with [REDACTED] and told her to come back in the morning to see if it turned up; they also stated [REDACTED] had been shouting and swearing at members of staff. PC TURNER advised [REDACTED] to either attend the safety hub and provide a statement or go home with her friends. States she was screaming at her

friends who were trying to help get her home and calling them things like ? CUNT? and ?FUCKING IDIOT?. She kept shouting ?CUNT? at people who were trying to help her and saying to her friends ?IF YOU DON'T FUCK OFF IM GOING TO FUCKING SWING FOR YOU IN A MINUTE?. She also said ? LEAVE ME ALONE YOU KNOW IF I GET LIKE THIS I WILL JUST FUCKING SWING FOR SOMEONE?. Describes her behaviour as becoming more erratic. Witnessed PC WHITEMAN say similar to ?THIS IS ENOUGH? and arrest her for D&D. Describes officers struggling to put on handcuffs at that at one point [redacted] positioned herself between her and PC WHITEMAN, with her back to her and facing in his direction, where she saw her lift one of her legs and kick out hard and fast in the direction of PC WHITEMAN'S groin. Also states that when trying to get [redacted] the vehicle she has stood on her foot and she had to tell her to get off.

There is good CCTV and BWV. The CCTV clearly shows the behaviour of [redacted] prior to police arrival and she can be seen wandering around going to door staff, kicking the barriers, and going up to others and appearing to reminisce with them. Each time her friend in a white feathery skirt steps in and pulls/pushes her away. Her behaviour can be said to be disorderly. The footage covers the whole incident and shows the arrest and PC WHITEMAN/TURNER walking [redacted] to the police car. As they get to the car she lifts her left leg up towards the groin of PC WHITEMAN. It cannot be seen if this connects.

The BWV corroborates the CCTV and covers the swearing and general aggressive behaviour of [redacted]. It does also show that [redacted] is distressed about her bag but also that she is repetitive about the problem, in manner similar to someone who is drunk, and not listening to what she is being told as to how she can resolve the issue. Neither does she listen to friends who are trying to get her home.

[redacted] was interviewed and stated that on the night in question, she was in a club, someone stole her bag and that when she told the bouncer they said that they would take her outside and fight her, so she went mad [redacted] did not know how much she had had to drink or how drunk she was on a scale of 1 to 10. When asked why she was drinking alcohol at 17 years old [redacted] she did not laugh and said "Well everyone does it". [redacted] she did not remember how she purchased the alcohol or how she managed to get into ATIK nightclub in WINDSOR which has a strict over 18 policy. When asked to describe her behaviour, [redacted] could not as she claimed she could not remember. When asked if she was acting in a drunk and disorderly manner, [redacted] stated "YES" and it was because someone stole her bag and the bouncers wanted to fight her and the police officer wasn't very nice. At this point her solicitor attempted to explain this behaviour was brought on by [redacted] is autism. The officer then attempted to show the visual footage but the solicitor did not want this shown and [redacted] said she would leave the room if he did. When asked how she thought members of the public would feel watching her standing in the street in WINDSOR screaming the word CUNT, [redacted] "PISSED OFF".

[redacted] was asked about kicking the officer, who arrested her, to the groin. She claimed that she wouldn't say that she kicked him, the handcuffs that she was placed in were too tight and showed a bruise and this is why she kicked out. [redacted] stated that her intention when she kicked out was to loosen the handcuffs. [redacted] answered "NO" when asked if she thought it was acceptable behaviour to assault a police officer when they are acting in line with their lawful duties. [redacted] stated that she felt remorse for her behaviour. [redacted] was asked if she was trying to obstruct or prevent her arrest and replied ?NO? but this was prompted by her solicitor. Finally [redacted] was asked if she admitted to assaulting PC WHITEMAN while he was on duty and replied "NO".

Re the Assault police. It is unclear where this occurred from reading the statements. PC WHITEMAN states once the handcuffs were applied he escorted [redacted] the police vehicle where she then kicked him quite close to his groin but missed and hit his leg and he further arrested for assault police.

The CCTV shows [redacted] out as they approach the car, she is bent over with both officers holding her arms. This matches the account of PC WHITEMAN but not PC TURNER who states [redacted] herself between her and PC WHITEMAN, with her back to her and facing in his direction, where she saw her lift one of her legs and kick out hard and fast in the direction of PC WHITEMANS groin. The BMW of PC WHITEMAN picks up as they start to escort [redacted] the vehicle and you can hear the end of the caution being given, they have not yet reached the car, so this cannot be for the assault that occurred there. When they get to the car there is no mention of being kicked by PC WHITEMAN nor does he arrest [redacted] for an assault, indeed the CCTV does not even show him flinch when she kicks out. PC WHITEMAN only describes one assault so I have no reason to suspect a second. With the issues around this and the fact that she may not even have been arrested for this the evidential stage of the FCT is not passed, there is no RPOC and I recommend NFA.

Re.D&D. Although both officers report they were told about the behaviour of [redacted] before they arrived by door staff which is hearsay the CCTV clearly shows this and is admissible evidence. The BMW further corroborates the statements of both officers. [redacted] states she behaved in this manner because she lost her bag, the bouncers wanted to fight her, which I do not find credible, and the police officer was not nice; her behaviour was disorderly before police arrived. FCT passed. PI: culpability. RPOC.

[redacted] has no previous history and as a youth is eligible to be considered for an out of court disposal. I now refer this to the YJU. I have sent the two discs ? AF12 CCTV and R1JW1 BMW to them.

Notification received for YJU to review the attached file for [redacted] No
This is a Police only decision [redacted] resides in [redacted]. MET POL and [redacted] YOT triage all their young people have have asked to complete that process prior to completing an outcome decision - target date for that is 12/2/19 No
I note the below entries from YOT and ERO. No

I have contact C4940.MACMILLAN for clarification whether or not this has already been sent to [redacted] YOT or if this is something I need to do.

Reply from C4940 MACMILLAN:

Hi James,
This is currently with [redacted] it is not so much a question of review in terms of the evidence but the Met like to triage their young people prior to disposal to see if there is a need to intervene at the earliest opportunity whereas we do it slightly differently?. So in the interests of keeping neighbouring partners happy I am letting them run with their request to triage.
Is there something that you want to flag to me? This is more than likely going to be a YRD and if [redacted] in do their triage process they may try and do a small amount of work with her at the same time and will likely volunteer to do the delivery.

Call me if you need a conversation

This enquiry has been promptly investigated and there are no further lines of enquiry. The OIC has updated the OEL regularity and the VCC and 7 point plan has been compiled with.

The decision to NFA the assault on police has a good rationale and the victim has been informed.

The YRD disposal for the D&D has been passed to [redacted] Meibod who will triage the suspect and then most likely do the delivery of the YRD.

This is a YRD decision for D&D [redacted] PC will deliver.

ACR consulted with, ONCE delivery is complete this will have to be closed as code 15, email needs to go to them to finalise this offence

Nature of Incident – what happened?

The aggrieved party [REDACTED] has stated that whilst out celebrating New Year's Eve she was approached by the suspect [REDACTED] who stated that they had been looking at her and allegedly speaking about her in the balcony area inside ATIK. The parties were separated and moved away. Then shortly after, once both parties were inside ATIK, whereby the offender has gone to attack the aggrieved's friend, causing the aggrieved party to stand in the way. The offender has subsequently punched the aggrieved, causing her glasses to fall off and break and kicked the back of her leg. After the parties have been separated, the aggrieved went to make contact with ATIK door staff who allegedly declared they 'don't have time for her'.

The following day, the aggrieved party has contacted police to report the offence.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

The ATIK staff have allegedly played no part in diffusing the situation, and once informed of the incident, have made no efforts to detain the suspect or aid the victim.

An e-mail has been sent to ATIK staff to obtain CCTV of the incident on 10/01/19, however there is no record of a reply for this to assist the criminal proceedings.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 1693 HIGHAMS (Officer in Case)
 PC HIGHAMS has been in contact with the aggrieved party to try and obtain as much information about the incident and take statements from the aggrieved and witnesses. No action has yet been taken against the suspect due to the existence of outstanding actions.

CHARM APPOINTMENT COMPLETED

AGGD has provided a statement describing the incident.

AGGD has been out with friends in ATK, WINDSOR for New Years. Herself, [REDACTED] have been in the smoking area chatting. The smoking area is very busy at this point and everybody is very close together. The AGGD has seen the SUS standing nearby to them.

The SUS has then said to the 3 "WHAT HAVE YOU BEEN SAYING ABOUT ME, YOU SLAGS", she has then approached them and gone [REDACTED] and assaulted her. They are separated and moved away.

AGGD and the group have then gone inside ATK to get their drinks when SUS appears again and goes to [REDACTED] again, AGGD stands in the way and tell her to "FUCK OFF". SUS has then punched the AGGD, knocking her glasses off and breaking them, costing £60 to replace. SUS has then pulled AGGD hair, trying to get her onto the ground. This has gone on for some time until they are separated again.

SUS goes for the AGGD again, AGGD has tried to defend herself by holding onto the SUS hair and pushing her away. They have both ended up on the floor in a balcony area and split up. AGGD then feels on the back of her leg what feels like a kick, which has left a bruise.

Email sent to ATIK
Good afternoon,

I'm from Maidenhead Police station currently investigating an assault which
happened in the area just inside from the smoking area at Atik. It happened on
the 31st December between 12 ? 1am. There was a female who assaulted two
other females and they believe they were separated by door staff.

Would you be able to have a look at some CCTV, if you have any cameras in
that area, and see if it captured the assault?

The girls are all about 18, the suspect was with two males wearing black top,
white jeans, white female with long straight blonde hair.

Any more information you need let me know.

Kind regards,

I will speak to SUS and confirm this after she finishes work at 5:30pm.
Investigator action	21/02/2019 16:05	#P1693 HIGHAMS, N.	No	A1 - VICTIM - I have updated the victim and told her that SUS is coming in for a voluntary interview at 6pm tonight. AGGD said that there have been no issues between them since and she hasn't heard anything from her. I will update her after and let her know what happens next. OIC is progressing case and was due to V/I suspect the evening before last but OEEL has not been updated whether this happened. Regarding ATIK failure to acknowledge two requests for CCTV, OIC to contact licensing officer Debbie Pearmain and ask her to intervene and if they still can't assist she can address this failure to co operate through her own processes. A4 - Suspect interview completed -
Inspector review	23/02/2019 00:48	#P1269 MCDONALD, J.	No	SUS said that she was acting in self-defence. She was verbally arguing with the group inside ATIK and that she was attacked by the AGGD whilst inside. She did not remember kicking her or causing the injuries shown to her in interview.
Investigator summary	01/03/2019 09:56	#P1693 HIGHAMS, N.	No	In regards to the debit card, she was not aware of this and didn't know anybody that might have taken it or tried to use it. ERO REVIEW TASKED I am reviewing this incident as part of Op Legacy - Insp PRICE aware.
Investigator action	02/03/2019 11:12	#P1693 HIGHAMS, N.	No	I understand the suspect has now been interviewed and denied the incident. At present we have two statements which describe the suspect assaulting at least two persons. The statements do however state the suspect was with a male. It is unclear from the suspects interview summary whether the suspect informed the interviewing officer who she was with, if possible this male should be identified and spoken to as a witness.

OIC attempting to get the necessary details in order to create the related occurrence. This should be near finalisation. OIC is progressing the enquiry in a timely manner. No performance issues apparent Classification correct and VCC complied with. This case relates to an assault which occurred at ATIK Nightclub, Windsor on 31/12/2018. Suspect is alleged to have assaulted victim by punching/ kicking/ pulling her hair which resulted in victim sustaining a bruise to her leg, bruising below her eye and reddening to her head. Victim reports suspect accused her and her friends of talking about her. She said suspect pushed and punched her friend [REDACTED] before turning her attention to her. Suspect pushed victim, pulled her hair, punched her and kicked her. Victim admits to pushing and pulling suspect's hair but that this was to get away. Victim reports her glasses were damaged during the incident and she since has brought a new pair for £59.00. Victim believes her bank card was taken when she fell to the floor and reports a transaction of £29.00 was used without permission. [REDACTED] and suspect fighting with each other but did not see who threw the first punch. He reports at one point victim was on her back and suspect was on top of her wildly punching and hitting towards victim's head and chest area. [REDACTED] assault, she reports suspect was angry at the group and was verbal towards them [REDACTED] went back in the club to get a drink which was when the alleged assault occurred. She heard screaming and shouting and was informed by victim that suspect had attacked her. [REDACTED] when he turned he saw suspect and victim fighting. He did not see who started the fight and saw both grabbing each other's hair and pulling each other. In interview suspect claimed self-defence saying there was a verbal argument which resulted in victim attacking her. She did not recall kicking victim or causing the injuries and had no knowledge of the bank card. She denied assaulting [REDACTED] MDG/01 are photos of victim which show bruising to her leg and below her eye as well as reddening and small cuts to the top of her head. The injuries are minor and would be S39 assault level.

CCTV was requested by Police but ATIK failed to provide this information and [redacted] is not engaging with Police and is refusing to respond to requests to contact.

- Strengths:
- Victim and witnesses of good character
 - Victim supporting and has injuries consistent with assault
 - Witnesses report suspect was aggressive towards the group

- Weaknesses:
- Self-defence raised and no evidence to rebut this
 - Suspect of good character
 - No independent witnesses
 - No witnesses report seeing initial part of incident and cannot report who 'started' the fight
 - Victim admits to pulling suspect's hair and pulling her although claims this to be self-defence

There is insufficient evidence in this case for a RPOC for the offences of assault, criminal damage and theft/fraud. In regards to the criminal damage to victim's glasses, victim was inside a nightclub on New Year's Eve when it was likely to be extremely busy. The glasses are reported to be damaged beyond repair therefore likely to have fallen off during the fight. We cannot prove beyond doubt who caused the damage as anyone within close proximity could have trampled on the glasses.

This also applies to the bank card where we cannot prove suspect appropriated the card or that she used it. Again due to the amount of people in the nightclub anyone in close proximity could have located and stolen the bank card. We have no witnesses who saw anyone take it and we have no evidence connecting to the use of the bank card.

For the assault no other person can confirm who started the fight. Victim and suspect both allege they were acting in self-defence of the other. Victim admits to pulling suspect's hair and pushing her back which is most likely the point that the witnesses have become aware of the incident. Neither party was innocent during this altercation and, although victim sustained injuries, suspect hasn't denied she didn't cause them but we have no evidence to disprove that they weren't sustained whilst she was defending herself.

In relation to the assault reported by victim and OC on [redacted] (II) not be continued as a victimless crime. It would not be in the PI to pursue.

Nature of Incident – what happened?

A group of males have been verbally aggressive to one another after leaving ATIK. Officers have been highlighted to the incident by LV and have attended the scene, however the arguments continue. The offender ([REDACTED]), a member of one of the group, has then run over to the other group and continued to aggravate them and has subsequently punched one of them in the back of the head.

The offender was therefore arrested for assault. The aggrieved party refused to provide details, informing officers that he wasn't a 'SNITCH'.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

No report of any actions taken by door staff given this was outside of their premises, despite both groups of males coming from within the premises.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

PC 1550 HORSFIELD (Officer in Case/Arresting Officer/Interviewing Officer)
 PC 5852 NOWACKI (Assisting Officer)
 PC HORSFIELD has arrested the offender for Assault without injury. Offender was interviewed whereby he made a full confession to the assault. Offender was then given a caution for S4 Public Order.

Investigator action

DP was interviewed for the allegation of assault on the male on WILLIAM STREET. DP gave a full account and stated that he assaulted the male in revenge/retaliation for an earlier altercation where the person allegedly slapped him in the face. He stated in a moment of drunkenness he assaulted the male with a single punch with his right fist. He stated he was remorseful for what he did and said if he had been sober he may have not been in that way, but fully admitted culpability for what he had done and admitted the offence completely. In relation to the significant comment, he admitted making this but said he did not mean to act 'cocky' but said this was the alcohol speaking, which then led to a full and frank admission.

DP has been given a caution for S4 PUBLIC ORDER, due to their not being a verified 'complaint' from the aggd who refused to give a statement or provide details.

ASSISTANT CRIME REGISTRAR REVIEW FROM DAILY PIC SHEETS OF CUSTODY OUTCOMES - AIO at this time and classification suitable under NCRS 3.6 as suspect was seen by police to punch male in the head for which the offender has fully admitted as below disposal decision. ACESO - TO BE COMPLETED A5. DRUGS TEST - TO BE COMPLETED A6. ARREST SUSPECT - COMPLETE A7. INTERVIEW SUSPECT - TO BE COMPLETED. Original source of intel [redacted] was taken to the safety hub to complete a statement. Once he got there he changed his mind and said he didn't want to give a statement.
Sergeant review	06/01/2019 06:49		#P7728 CUTLER, T.	No	Intel received male was a drug dealer, he was searched in the nightclub and whilst discussing a strip search, he's admitted having concealed drugs in his underwear. He has a single deal bag of suspected cocaine in his jacket pocket, arrested for PWMTS but negative strip search in custody. He has one phone and approx. £100 in cash (both seized). Due to one deal bag only, more appropriate to deal with for possession, therefore no s187's progressed.
Investigator summary	06/01/2019 16:47		#P0110 TURNER, J.	No	He was intoxicated so bedded down for E/T. Summary: Sus was arrested last night in ATIK nightclub for possession with intent to supply. After he was transported to custody, he discarded a further pouch containing 2 small baggies into the holding cell. When he was asked about this in interview (and shown the CCTV) he gave no account. After being advised by his solicitor he gave an admission to possession of the class A for personal use. Important: Exhibits LC00522951/19 SDC/1 Deal bag containing 2 x wraps and LC00522889/19 43190004762 06/01/2019 SUSPECTED CLASS A [redacted] have both been tested by CSI at SLOUGH and tested positive for cocaine Disposal: Due to the fact [redacted] gave a full and frank admission of possession of the 3 baggies for personal use, he was cautioned for possession of a class A

substance. He has been returned his mobile phone and I have put in an application for the return of his cash due to the fact the threshold for PWMTS was not met.

Police were called to ATIK NIGHTCLUB, WINDSOR at approximately 0300hours on 20/01/19 over reports of a detained male following an assault in

the smoking area. The suspect was reprobed to have assaulted a male by punching him to the face, causing injury to his nose. Police arrived and arrested the suspect on suspicion of ABH. Victim had been taken to a side room in ATIK and police attended to debris and take MG11. The victim described how he and his friend had been in the smoking area of ATIK when the suspect began making comments towards them such as 'YOU COULD DO BETTER'. The aggressor and his friend attempted to walk away however the suspect continued to make comments causing the victim to turn back around. The suspect has then punched the aggressor once in the face. The aggressor has a small laceration to the bridge of his nose. The skin has broken and there was a small amount of bleeding which continued for at least two hours after the assault. The victim also stated that he had been bleeding from both nostrils for approximately 5 minutes after the assault. It is unknown at this time whether the aggressor has a broken nose. There was swelling around the bridge of the nose and the aggressor could feel bruising. The aggressor will attend the doctors/walk-in centre to confirm injury level.

Sgt review:

This is a report of assault within ATIK, Windsor. The suspect has assaulted the victim causing injury to the victims nose. The injury is consistent with ABH level injury. Victim has given a statement, no witnesses. There is CCTV of the incident but upon reviewing they have burned the wrong location.

Investigative strategy is set by attending officer and is sufficient

VCC has been set with victim.

This was part of NTE and has been linked to relevant occurrence.

This has been handed over to ETI as suspect is in custody and needs interviewing.

A7- INTERVIEW SUSPECT

Suspect has been interviewed and fully admitted to punching the victim in the face. In interview he stated he was trying to 'chat up' the victims friend not realising they were together. The suspect and victim have had a verbal argument where at some point the victim said 'SUCK YOUR MUM' to the suspect which led him to punch the victim once to the face. Suspect was remorseful and stated his actions were reckless.

Nature of Incident – what happened?

LV had been asked to monitor 3 males whom had exited Atik and had been acting antisocially. They were observed to walk into Alexandra Road where they met a group of people who were returning to their cars. Suddenly these 3 males attacked members of the other group. One of the 3 males then used a knife to stab a man in the arm. One of the 3 men was knocked to the floor and kicked to the head which caused a jaw and head injury and knocked him unconscious.

Glass bottles were used to hit and were thrown during the incident also.

A large folding knife was recovered - none of the males went into any buildings or vehicles to pick up a knife, meaning they must have had it on them in the nightclub.

LV directed officers to the persons involved and 7 suspects were arrested (2 were the injured men).

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

Atik had just closed but door staff were in the area as they were starting to head home. They stood around on alexandra Road watching everything that was happening. They look concerned and waited around to see what was happening. They did not attempt to help officers or ask if they could be of any assistance they just stood on the pavement watching what was going on.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

Two males with injuries received medical treatment and were transported to WPH. With the assistance of LV 7 persons were arrested for the altercation. Scene put in place and knife recovered at the scene.

Custody review

I am reviewing this case where we have an assault and public order offences. This occurred at 4:30am. and 7 persons had been arrested when CID came on duty. DC Green has read the statements. and at this time I cannot see that the female [REDACTED] has committed any offences. On CCTV it appears she is going pull them away or get in the way to stop the violence occurring. I therefore make the decision that she is refused charged and released from custody. If anything h be re-arrested/re-interviewed at a later date.

Suspect has been arrested at the scene on suspicion of assault GBH. In interview provided an account confirming he was at the scene, that he punched someone in a fight, but denied stabbing anyone. He said his friend was g friend by punching the male. confirmed he had something in his hand, but could not remember what he had. He denied it was a knife, and said he ducked b to dispose of the knife found there). confirmed he did not have any injuries.

This is not a case where it is required or possible to seek a threshold test charging decision as a remand in custody is not sought, and at this stage the case falls : Outstanding enquiries include interviewing all the persons involved in this incident, locating potential witnesses, seizing further CCTV from the barracks and CCTV the 2 seized cars, and exploring forensic potential recovered from the scene. Mobile phone evidence does not feature in this case.

I have considered whether Police bail is required, however I do not deem it to be necessary/proportionate as per the legislation, and I am not aware of a real and mitigated by existing legislation.

This appears to be an altercation between 2 groups who did not know each other, and they just happened to be in Windsor town centre after each group had a nig the other group appears to be from WANDSWORTH/FULHAM.

No Suspect #P6214 BUTLER, L. 13/01/2019 18:58
Suspect be released under investigation whilst the investigation continues. Suspect was located at the scene of this incident with a stab wound to his left bicep. He went to hospital and was initially treated as victim, however the ar affray. Following a review of the CCTV he does appear to get involved in this incident, is in possession of a bottle, and throws the bottle from a distance of about : where the bottle hits, before it smashes on the ground. Unconfirmed if it caused any injuries. Suspect was then stabbed to his left arm soon afterwards by at Wexham Park Hospital and awaiting surgery for the stab wound. He is currently nil by mouth and due for surgery tonight. His wound is not life threatening or lift keep him in overnight after surgery.

Suspect seems calm and amenable with officers, so it appears suitable to de-arrest him, obtain all correct details, provide him with safeguarding advice, a safeguarding and for them to call if there are any issues.

There is nothing to suggest or for us to expect any further incidents. This appears to be an altercation between 2 groups who did not know each other, and they ju after each group had a night out. One group is from FELTHAM, and the other group appears to be from WANDSWORTH/FULHAM.

Suspect to be de-arrested and the OIC will arrange an interview with him at a later date.

PC HIGHAMS updated with the above and they will update the OEL.

Investigator action 06/02/2019 12:21 No #P0334 BRANGWIN, S. OIC has interviewed [REDACTED] (voluntary basis, with solicitor. Full account given, to the best of his recollection. Described that he was out with other and a threat. He accounts that he approached to defend his friend. He does not recall initially where the Black male went, but describes that he pushed one of chest). That was initially all he could recall. Upon being shown the CCTV he could then recall being in possession of a bottle [REDACTED] which he s from in the car, which he travelled in (The Golf). He confirms that he was drunk and this is why he can't recall much of the situation other than his initial recall. When asked about intentions with the bottle and actions, he says he just threw it, to scare and divide the group. It was not specifically aimed, and could have hit; possessed it as he had seen a knife and that it was a way to protect his friend from a knife. He outlined that he was stabbed by the black male and indicated the f He confirms that the person who stabbed him was arrested at the scene. Investigator summary 01/02/2019 19:40 No #P7105 HOLBROOK, W. In essence he admits his involvement in the incident, being in possession of the bottle and throwing the bottle, that the incident was scary and un-necessary. OIC SUMMARY

Inspector review 06/02/2019 12:21 No #P0334 BRANGWIN, S. Following on from previous summary, CCTV still needs full review to establish the involvement of each individual, however OIC has been able to track 5 of the int there involvements are now clearer.

Sergeant review 27/02/2019 14:16 No #P6214 BUTLER, L. Key actions at this time are:
 1. Complete CCTV review
 2. Debrief and MG11 from [REDACTED], who has been identified as being the 4th person, who was with the three (offenders). He appears to have no involvement (offenders) to the area as he works as a doorman at Alik. He then drove from the scene, without those who had been arrested.
 3. Debrief and [REDACTED] (contact detail unknown at this time). He has been named by a number of the arrested, as also present. Currently from committing substantive offences, so is likely to be treated as a witness.
 4. Identify male in white t-shirt also with [REDACTED] CCTV also appears to show he commits no substantive offences, but is present throughout so is likely 5. Review entry data a CCTV provided by Alik. All person had been present in Alik, therefore unknown details from the above may well be found in that data.
 Recent entries noted, it is clear this investigation is being progressed, albeit I am acutely aware of current workloads. There is no significant risk of repercussions as [REDACTED]

Sergeant review 27/02/2019 14:18 No #P6214 BUTLER, L. From the information known it would appear the 3 from Hammersmith/Wandsworth have approached the 5 (plus their other friends) from Feltham and a confronta results in pushing, punching, kicking, bottles being smashed and 1 male being stabbed to the arm. Police arrived on scene soon afterwards, and arrests are made appears to have been discarded under a car. Sadly it does not appear to have been seized in accordance with the ISO procedure and as such it might not be aut scene the following day too, and the suspects were processed in custody in the form of photographs, clothing seizures, hand swabs and interviews.
 S/R PART 2. [REDACTED] was refused charged and released from custody prior to interview as CCTV showed her going around all the r get in the way to stop the violence occurring.

At 03:10hrs on Saturday 19th January 2019 it is alleged by [redacted] that he has been assaulted by [redacted] causing a pre existing nose injury to come out of line and bleed - no confirmed break of nose.

This was done via a single punch outside the front door of the nightclub.

The dp was initially ejected from the nightclub with his friends following him acting aggressive to a female on the dancefloor. The dp was restrained upon exiting the night club.

CCTV has been obtained from ATIK nightclub showing the single punch to the aggd, however this does not appear to connect. Therefore a possible theory is that the door person has injury his nose by restraining the individual.

That said the Aggd has still obtained injury that needs to be accounted for and the suspect has been acting in an aggressive manner outside the nightclub.

A medical consent form was not obtained as OJC believes that the nose is not broken and has come out of line, as the aggd states that the nose has previously been broken and has had connective surgery earlier this year to straighten it.

LV CCTV at time of this entry is yet to be obtained and viewed.

Investigator action

A1 - Area search ? evidence and suspect - COMPLETED - Suspect remained on scene and identified via LV CCTV and arrested at scene, Aggd identifies the suspect arrested as the correct suspect.

A2 - Victim statement/ VRI - COMPLETED - Victim statement completed however it is very vague as the Aggd would not elaborate on certain points.

A3 - Task CSI ? NOT REQUIRED - Photographs obtained at scene and exhibited as MB/01 NOT uploaded to ODMIS due to network error however have been added onto word document and attached to niche

A4 - Complete medical consent (GEN 41) - PENDING - Medical statement yet to be completed as it is unknown what the injury is or what further treatment is required. The nose is currently out of line it is not known if it has been re broken.

A5 - Preserve CCTV - COMPLETED - Alik Nightclub CCTV just captures the alleged assault outside it does not show the lead up to the incident of ejection to the suspect this has been exhibited as PD/01 - LV CCTV is also available and at time of entry has yet to be collected.

A6 - Arrest suspect - COMPLETED

A7 - Conduct suspect interview - PENDING

A8 - Police duty statements - COMPLETED - PC7894 Dorigin exhibiting the Alik Nightclub CCTV

Investigator action	19/01/2019 11:25	#P1474 ALLEN, F.	No	interview. A9 Interview suspect Completed and provided a no comment interview. Solicitor present
Victim/witness contact	19/01/2019 11:26	#P1474 ALLEN, F.	No	Suspect has been RUJ'd pending the update from the aggd regarding level of injury. I tried to phone the aggd to pass an update regarding the suspect being RUJ'd however there was no answer and so I left a voicemail stating that I would send him an email.
Investigator action	21/01/2019 21:40	#P1474 ALLEN, F.	No	I have sent an email explaining the RUJ and also asking for an update with the level of injury. A4 Medical Consent Aggd has attended A&E who stated that his nose is broken and out of line. He will be attending the ears nose and throat ward on Tuesday 29th January after the swelling has gone down. Once we know the outcome of this appointment then I will complete a medical consent form and try to obtain a medical statement. The aggd is happy with being contacted next week.
Victim/witness contact	01/02/2019 21:51	#P1474 ALLEN, F.	No	I have been in contact with the victim by email. He has stated that his nose was broken and he received surgery on Tuesday 29th January 2019 to have his nose put back in place. This was all completed at WPH. He is aware that I will be sending a medical consent to him to complete and he will return this for me so that this can be followed up with the hospital.
Investigator action	07/02/2019 13:24	#P1474 ALLEN, F.	No	A4 Medical Consent Complete and attached to the OEL.
Victim/witness contact	07/02/2019 13:29	#P1474 ALLEN, F.	No	This will be tasked to the Berks ERO to authorise and send onto the FAST team. The aggd was punched once to the face causing him to break his nose. He has previously broken his nose and thought he had broken it again and so attended A&E on 19/01/19. It was confirmed that his nose was broken and the aggd has had subsequent appointments at the hospital including corrective surgery to straighten his nose, all completed at Wexham Park Hospital.
Evidential Review Officer	08/02/2019 09:06	#C8822 PANTING, R.	No	Victim was visited at home and medical consent completed. Aggd was updated to the effect that the medical consent would need to be sent off and further enquiries including reviewing BYW from the door staff needed to be completed. I have reviewed the GEN41 and authorise for medical evidence to be obtained following sustaining a broken nose. We would need this medical evidence to corroborate this and establish what level of injury was sustained. This may have an impact on the offence we proceed with. The medical evidence is therefore important to be able to progress with this case.
Investigator action	10/02/2019 02:18	#P1474 ALLEN, F.	No	Aggd has been emailed asking if he is available on 20th February to provide a further statement in relation to his previously broken nose.
Sergeant review	10/02/2019 21:12	#P0090 HUMPHERSON, R.	No	Supervisor Review Template - Is this a summary only offence? No If so when does the 6month time limit expire? Date • Summary of investigation – initially or since last review The suspect punched a member of nightclub security in the face having been ejected. The suspect was arrested. In interview he went 'no comment' and was released RUJ. The victims nose was broken by the punch and it now transpires that he required corrective surgery. The whole incident was captured on CCTV which clearly shows the suspect punching the victim to the face and the suspect being arrested at the scene. There are no identification issues. The OIC is following the last lines of enquiry set by the ERO which is to obtain the medical statement and identify if ATTIK have body worn video evidence. Review completed actions and set further actions as required in continuing numerical order: As above • Identify and deal with delays in progress. There

have been no significant delays • Assess issues of threat, harm, opportunity or risk at start of investigation or since last review. The suspect is banned from the venue and due to the nature of his work the victim is surrounded by security whilst at work. THOR-low • Is victim/witness contact being correctly completed? Yes Enter comments, if applicable • Is the crime classification appropriate? Yes (If not, task your ACR unit box to amend classification) • Have the appropriate qualifiers been ticked under Finalisation Misc. Tab? Yes • Is there any detail (persons, vehicles, property etc) that needs adding by the OIC? no • Check for any outstanding tasks and comment where necessary, none outstanding • Review property/evidence – what needs to be retained, released, returned as per CPIA obligations? all evidence/ material to be retained for court as per CPIA. • Give clear investigation direction & realistic view on likely disposal. The suspect will be charged with this offence once the last lines of enquiry have been completed. • If this is the initial review create an Inspector 28 Day Review Task from the OEL. I am not creating a 28 day review as the investigation is almost completed and it would serve no purpose. • Are any suspects RUI? Note and ensure actions are being progressed Yes- investigation is being progressed. • Are any suspects on bail? If so complete the following: Whilst reviewing this case I have noted that suspect ENTER SUSPECT is on police bail with a return date of SELECT DATE. I have reviewed both the reason for bail and the bail conditions that s/he is currently required to abide by and I can confirm that bail and conditions remain justifiable, proportionate & necessary because ENTER DETAILS (if not then arrange variation/cancellation as appropriate). If an extension is required beyond the initial 28days, ensure the OIC starts the process of contacting the Supt. by day 21, or if beyond 3mos the Mags Court process.

Investigator action	22/02/2019 21:17	No	#P1474 ALLEN, F.	No	I have spoken to the aggd and he is aware I need to obtain a further statement from him in regards to his previous broken nose. The aggd has stated he should be working at Alik on Friday 22nd February 2019 and I will attend Alik when they open to try and obtain this statement and to see if any BWV footage was captured.

Investigator action	05/03/2019 02:10	No	#P1474 ALLEN, F.	No	I have spoken to the aggd who is now not attending work at Alik tonight. It has been agreed that I will try and obtain a statement from the aggd next Friday night whilst he is working at Alik. The aggd is unable to be seen whilst I am on earlies next week as he is working.
Investigator action	07/03/2019 18:43	No	#P6632 BURNS, H.	No	A2 Victim Statement Further statement has been obtained detailing previous injury and treatment from 2009 and also detail regarding treatment received due to this assault. The aggd has also detailed a VPS within this statement stating how this assault has affected him. A10 Alik BWV Alik have been asked regarding their body worn video footage of the incident. they stated that this was given to officer on scene initially however there wasn't any with the handover. PC Dorling has been emailed as to whether there was any. PC Mainwaring attend Alik over the weekend and they stated they should be able to burn another copy off however their Tech guy was too busy to assist and this will need to be completed at a later date. This investigation is close to completion. The victim has provided a statement and a further statement providing his previous nose injury. There are injury

photos show a swollen nose and a medical statement confirms the injury.

There are no independent witnesses to this incident but there is CCTV. I have not reviewed the clarity of this CCTV so cannot pass judgement as to whether it is clear enough or not or whether it shows the impact made. The suspect however had not provided any account or defence.

It would appear from the OEL that there is BWV and this will be essential and if it is not available this will need to be accounted for.

Once the issue around the BWV is completed this case will be ready for ERO advice.

Investigator action	20/01/2019 05:34		#P7894 DORLING, P.	No	***** CIRCUMSTANCES *****

At 02:40hrs on 20th Jan 2019 PC7894 Dorling has witnessed the Aggd cross the road from the Istanbul Kebab Shop on Victoria Street and go to talk to the suspect and the group of friends which he is with. OIC requested LV CCTV to monitor the individuals

this appeared to be an animated conversation however OIC could not hear what was being said. OIC has then seen the suspect throw a number of punches to the aggd head and body.

OIC has crossed the road and shoulder barged the suspect into the shop window and arrested the male for common assault.

the aggd has then left scene and been located 20 minutes later on Peasecod street where clear visible injuries have been seen to that of ABH (split lip)

Aggd has provided a statement but does not wish to go to court.

The Aggd alleges this was over a dispute over a female in the club which is alleged to be the sister of the suspect. The female was acting friendly to the aggd but then accused the aggd of touching the heran bottom. this resulted in the aggd being assaulted in the club by an unknown individuals called [REDACTED]. the aggd has left the club and then confronted the female outside about her allegation. The female has then repeated this allegation to her brother/suspect cause him to assault the aggd.

Sources of Information:	Aggrieved Party ATIK Door Staff		

Nature of Incident – what happened?

Police attended ATIK nightclub after reports of an altercation in the Smoking Area, whereby a male (██████████) had punched another male (██████████) in the face and was subsequently detained.

The suspect was reported to have made comments to the victim and his friend, making comments such as 'YOU COULD DO BETTER'. The victim walked away but the suspect continued to make comments, causing the aggrieved party to turn around. The suspect then punched the aggrieved party in the face, causing a small laceration to the bridge of the nose.

The suspect was then identified by ATIK door staff and was subsequently detained. Upon police arrival, the suspect was arrested on suspicion of Assault occasioning ABH.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

ATIK door staff, once aware of the altercation in the smoking area, approached the suspect and detained him. They also then took the victim into a side room for the purpose of medical attention.

Upon attempting to obtain CCTV footage of the incident, ATIK staff were complimentary to the evidential proceedings, however upon review, the staff had burnt off the CCTV footage of the wrong area.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

 PC 1512 BOLTON (Arresting Officer)
 PC 3593 GUTHRIE (Assisting Officer)
 PC 4819 MCNALLY (Assisting Officer)

Officers responded to the information of the altercation; the suspect was identified to officers and was subsequently arrested. PC SQUIRE subsequently interviewed the suspect, whereby a full admission was made, and was supplied with a conditional caution.

Police were called to ATIK NIGHTCLUB WINDSOR at approximately 0300hours on 20/01/19 over reports of a detained male following an assault in

the smoking area. The suspect was reported to have assaulted a male by punching him to the face, causing injury to his nose. Police arrived and arrested the suspect on suspicion of ABH. Victim had been taken to a side room in ATIK and police attended to debrief and take MGT1. The victim described how he and his friend had been in the smoking area of ATIK when the suspect began making comments towards them such as 'YOU COULD DO BETTER'. The aggrieved and his friend attempted to walk away however the suspect continued to make comments causing the victim to turn back around. The suspect has then punched the aggrieved once in the face. The aggrieved has a small laceration to the bridge of his nose. The skin has broken and there was a small amount of bleeding which continued for at least two hours after the assault. The victim also stated that he had been bleeding from both nostrils for approximately 5 minutes after the assault. It is unknown at this time whether the aggrieved has a broken nose. There was swelling around the bridge of the nose and the aggrieved could feel bruising. The aggrieved will attend the doctors/walk-in centre to confirm injury level.

COMPLETED ACTIONS
A1 - VICTIM STATEMENT - COMPLETE
MG11 taken from aggrieved and uploaded to Niche. YCC completed and added to OEL.

A2 - ARREST SUSPECT - COMPLETE
Suspect identified and detained by door staff at ATIK. Arrested on suspicion of ABH and transported to LC Custody. Suspect made a number of significant comments to PC BOLTON. These have been captured on BWV and noted in PC BOLTONS PNB.

A3 - PHOTOS OF INJURIES - COMPLETE
Taken by PC 4819 MCNALLY. Printed and included within handover.

A4 - MEDICAL CONSENT FORM - COMPLETE
Uploaded to Niche. Aggrieved has not yet been seen by a medical professional to confirm full extent of injuries.

A5 - POLICE DUTY STATEMENTS AND BWV
Arrest statement PC BOLTON uploaded to Niche. BWV burned and included within handover.

TO BE COMPLETED:
A6 - PRESERVE CCTV - INCOMPLETE
CCTV was handed to PC MCNALLY by ATIK staff however upon reviewing this it does not cover the correct location and therefore does not cover the assault.

Victim/witness contact

[REDACTED]

Sgt review.
This is a report of assault within A/TIK, Windsor. The suspect has assaulted the victim causing injury to the victims nose. The injury is consistent with ABH level injury. Victim has given a statement, no witnesses. There is CCTV of the incident but upon reviewing they have burned the wrong location.

Investigative strategy is set by attending officer and is sufficient.

VCC has been set with victim.

This was part of NTE and has been linked to relevant occurrence.

This has been handed over to E/T as suspect is in custody and needs interviewing.

A7. INTERVIEW SUSPECT

Suspect has been interviewed and fully admitted to punching the victim in the face. In interview he stated he was trying to 'chat up' the victims friend not realising they were together. The suspect and victim have had a verbal argument where at some point the victim said 'SUCK YOUR MUM' to the suspect which led him to punch the victim once to the face. Suspect was remorseful and stated his actions were reckless.

AB- DISPOSAL OUTCOME

Due to no previous offending history and full admittance to the offence, PS GAWTHROP 5813 issued suspect a conditional caution with the condition to attend a victim awareness course. Suspect accepted the conditional caution and was released from custody

AB- VICTIM UPDATE

Called victim and asked how he was, said he was doing okay and had not gone to the doctors yet. I updated the victim that the suspect fully admitted to the offence and has been issued a conditional caution to attend a victim awareness program. Victim accepts this and is happy with the outcome.

C7238 EC - ASSISTANT CRIME REGISTRAR REVIEW - UPDATE FROM CUSTODY AUDIT - SUSPECT ARRESTED AND ISSUED WITH A CONDITIONAL CAUTION FOR

0 Assault by beating
On 20/01/2019 at Windsor in the county of Berkshire, you assaulted [REDACTED] by beating him, contrary to section 39 of the Criminal Justice Act 1988.

Nature of Incident – what happened?

ATIK Security requested the assistance of Police following an assault on the aggrieved [REDACTED] by a group of males.
 The aggrieved was involved in an incident at a pub in WOKING the week prior, and had since received messages from the offender [REDACTED] attempting to arrange a fight.
 Whilst in the ATIK queue, the aggrieved has been approached by the offender and his friends; a verbal altercation has ensued, ending with the offender stating "SEE YOU INSIDE".
 Once inside, the male has been approached again by the offender. The aggrieved receives a punch to the face by one of the group of males; the aggrieved holds his hands up to protect himself whilst also throwing punches. The male has his shirt ripped and also believes he receives another punch to the nose.
 The fight is intercepted by ATIK Security, detaining the suspects and taking the aggrieved into the medical room.

Premises Response – what part did staff play? How did they react/assist (include good/poor performance)?

ATIK Security are known to have stopped the fight, detained the offending parties and given medical assistance to the aggrieved party.

Police Response – what action was taken? Please identify the main officers who dealt with the incident.

ATIK security staff requested police assistance as they had several males detained following an assault.

AGGD was in ATIK with his friend [REDACTED]. The SUS and the AGGD know each other from an incident which happened a week ago where they have argued in a pub in Woking. This is over the sus and a group he was with throwing ice at the AGGD. They have then starting talking over Instagram and the SUS has tried to get the AGGD to meet him for a fight, this hasn't happened.

The AGGD and [REDACTED] were in the queue for ATIK when the SUS approached them. They have had a verbal argument and the sus says "SEE YOU INSIDE". Once inside and on the dance floor, the SUS and a group of other males have approached them both. Words are exchanged and the AGGD is punched on the side of the face, unknown who did this. The group have then started fighting with the AGGD, who had held his arms over his head to defend himself whilst trying to punch the group around him. His shirt is ripped and pulled over his head and at some point he believes he is upper cutted on the nose, it is unknown who did this as the AGGD couldn't see anything.

The fight is broken up by security staff and the group are separated, the AGGD is taken to the medical room and then advised to go to the safety hub on Victoria Street.

Victim/witness contact	09/03/2019 02:10		#P0341 MCVINNIE, M.	No	Statement taken from aggrieved stating she was inside ATK with friends and family. Whilst dancing on the dance floor the suspect has approached the AGG and tried to dance with them. The AGG said she was not interested and the SUS has walked off. 10 minutes later the SUS returns and grabs the AGG over clothing between her legs. AGG has stepped back pushing him away. AGG has told SUS that it was not appropriate and not to do it. SUS has turned to AGG and said "FUCK OFF YOU SLAG" and then walked off. AGG has walked to the booth and has started crying. Her cousin has asked what was wrong and AGG has explained. Cousin has reported to the bouncer who has escorted AGG to the reception area to report and wait for police. Once police have attended officers have arrested the suspect and taken him outside walking past the AGG. The AGG has confirmed it was the same male.

COMPLETED:
A1: STATEMENT TAKEN FROM AGG

A2: SUSPECT ARRESTED
 A3: ARRESTING OFFICER'S STATEMENT
 A4: BODY WORN OF SUSPECTS FIRST ACCOUNT
 A5: PHOTO'S OF SUSPECTS CLOTHING

 A9: AGGRIEVED'S COUSIN [REDACTED] ACCOUNT

CORRECTION A4: BODY WORN VIDEO OF VICTIMS INITIAL ACCOUNT.
 A7: CCTV viewed and corroborates AGG's story of SUS approaching AGG and AGG is seen pushing SUS away then going to the booth and starts crying.
 A9: Message left on AGG mobile with the reference number and request for Abigail contact information to give us her account.

Report of sexual assault - female dancing and known suspect (unknown to female) touches her vagina and is verbally abusive to her.
 Male leaves, female reports this and police notified. Female see the offender being arrested, therefore no ID issue.
 Victim provides a statement which is consistent with her initial account.
 CCTV obtained which shows female dancing, offender (in distinctive top with eyes on the front) goes up to her, very brief encounter and she pushes her away, he demeanor changes as she tells a friend, and she leaves the area.
 The victim's friend hasn't been spoken to yet
 CCTV shows incident around at 17minutes past and
 For interview and to consider collection of statement from 'friend'
 OIC to add VCC

DP has been interviewed and denied the offence. CCTV has been checked however is not conclusive.

OIC has completed secondary investigation and identified a further outstanding statement that may be key evidence, as a result the DP will be RUI'd.

Consideration for bail made however threshold not met at this stage as both parties are unknown and this was a chance encounter with no predatory behaviour shown.

SUMMARY OF THE INVESTIGATION:
 NEW OIC IS P7221 LITTLEWOOD.
 THIS INVESTIGATION RELATES TO AN ALLEGATION OF S3 (SEXUAL ASSAULT BY TOUCHING).
 FEMALE VICTIM HAS BEEN IN A NIGHTCLUB IN WINDSOR AND HAS ALLEGEDLY BEEN TOUCHED IN THE REGION OF HER VAGINA THROUGH HER SKIRT BY A MALE UNKNOWN TO HER.
 D/P HAS BEEN ARRESTED IN THE NIGHT CLUB AFTER SHE HAS TOLD HER FRIEND [REDACTED] WHAT HAS HAPPENED) ON SUSPICION OF SEXUAL ASSAULT BY TOUCHING. THE SUSPECT'S CLOTHING AND DESCRIPTION MATCHED THE MALE ARRESTED.
 THE VICTIM HAS PROVIDED A WITNESS STATEMENT AND IS SUPPORTING A PROSECUTION.
 THERE IS CCTV FROM THE NIGHTCLUB, BUT IT DOES NOT APPEAR TO SHOW THE OFFENCE FROM THE 3 DIFFERENT CAMERAS. HOWEVER, IT DOES SHOW WHAT APPEARS TO BE THE VICTIM SHOUTING AT THE D/P ON THE DANCE FLOOR.
 THE SUSPECT IN THE PRESENCE OF HIS SOLICITOR HAS GIVEN AN ACCOUNT. HE PUTS HIMSELF AT THE SCENE, BUT DENIES ANY FORM OF SEXUAL ASSAULT. HE STATED THAT HE NUGGED THE FEMALE WITH HIS ELBOW ON HER ARM.
 D/P RELEASED UNDER INVESTIGATION AS I HAVE IDENTIFIED A FURTHER WITNESS, WHO IS WILLING TO PROVIDE A WITNESS STATEMENT.

Sexual Assault

- Summary of investigation - Initially or since last review:
 At around 22:30hrs on 08/03/19 at Atik there was an allegation while on the dance floor male has reached out and grabbed the female in the vagina over her skirt. The victim has reported the incident to the bouncer. The bouncer has then taken to the police and reported it to them. The victim has identified the male to police officers attending and they have arrested the male. There is CCTV of the offence but this does not clearly capture the events. The suspect has been interviewed and denied the offence. He has said he has nudged her but denied grabbing her in the vagina area. Suspect has been RUI.

ENVIRONMENTAL PROTECTION

MEMORANDUM

To: Licensing Team

Date: 7 May 2019

From: Daniel Bayles

Proposal Review of Atik

Location: Atik, William Street, Windsor SL4 1BB

I write in response to the review of Atik's premises licence requested by Thames Valley Police.

My role as the Community Protection Lead covers the following roles

- Environmental Health
- The enforcement authority for Health & Safety
- Community Safety

Environmental Health and the enforcement authority for Health and Safety are responsible authorities under section 13 of the Licensing Act 2003. Community Safety is not a responsible authority, but is able to comment as an interested party.

Community Warden Patrols

Two of the Royal Borough's Community Wardens patrol the night time economy (NTE) on Friday and Saturday nights. These patrols provide a reassurance presence to the public and monitor the NTE for issues including crime and disorder and public nuisance. Observations are then reported to the relevant agency for action.

Their shifts are from 19:00 Friday until 03:00 Saturday and 19:00 Saturday until 03:00 Sunday. The shifts mean that to return to base, complete reports and return equipment the patrols finish shortly after 02:00. This is in line with the Royal Borough's licensing statement that states licensed premise should close at 02:00.

There is no Community Warden resource to monitor the disturbance when Atik closes at 04:00.

Location

Atik is located on the edge of Windsor town centre. It is near to areas of high density housing, including Russell Street, Victoria Street and Bachelors Acre.

Resident Complaints

Residents of Victoria Street, Russell Street and Alexandra Road have made repeated complaints to the Royal Borough complaining about antisocial behaviour linked to the NTE both in their streets and the neighbouring Victoria Street multi storey car park.

Complaints include:

- Public urination (including on their properties)
- Litter
- Vomit
- Noise from
 - Car stereos
 - Loud voices

Officers from the Royal Borough have been working with officers from Thames Valley Police to resolve these complaints and reassure the residents.

Victoria Street Multi Storey Car Park

The Victoria Street multi storey car park is the nearest car park to Atik. Problems occur mainly on Friday and Saturday nights when patrons, including of Atik, park in the car park consuming alcohol whilst in their cars with the car stereos playing. This causes noise disturbance litter and also public urination. There is additional noise after the clubs close when patrons return to their cars in the early hours of the morning and loiter in the car park causing noise and other ASB.

It is not possible to close the Victoria Street multi storey car park as it provides much needed off street parking for local residents.

Measures to restrict access including barriers and chains have been vandalised.

In an attempt to resolve problems for the past two months the Royal Borough has paid for security staff to patrol the Victoria Street multi storey car park and restrict access to residents only.

Other Issues

There have been other offences in the area including sexual assaults and a stabbing.

CONCLUSION

Due to neighbouring homes this is not a suitable location for a late night club due to problems with crime and disorder and public nuisance.

Environmental Health, the enforcement authority for Health & Safety and Community Safety support this review.

RECOMMENDATIONS

It is recommended that Atik's licence is varied so that the premises closes at 01:00. This will allow patrons to disperse and prevent the disturbance of patrons in the early morning.

Regards

Daniel Bayles

Community Protection Lead

Proposal Review of Atik

Location: Atik, William Street, Windsor SL4 1BB

I am a Licensing Officer for the Royal Borough of Windsor and Maidenhead and I am authorised to act as a responsible authority under the licensing act 2003 with regards to the licensing application for review of Atik, Williams Street, Windsor.

I have been a licensing officer for 16 years at RBWM and have worked with the various management teams of the premises (under various names) alongside Debie Pearmain and TVP during this time, to ensure compliance of the premises licence and safety within the night time economy of Windsor.

Myself and Debie Pearmain, TVP have always worked closely with the management teams and have continually highlighted issues and incidents to the Premises licence holder and DPS. This has been an effective way to deal with issues and as a premises the management teams have always been co-operative, to the point of voluntary measures being put into place which are listed within Mrs Pearmain's witness statement within the appeal paperwork dated the 12th March 2019.

More recently, as detailed within Mrs Pearmain's statement, an incident during opening night and renaming of Atik in October 2015 raised concerns with regards to crime and disorder which resulted in a heavy police presence. On the 02/12/18 myself and Mrs Pearmain (while on duty in the town centre) a 17 year old female was found highly intoxicated on William Street with her boyfriend. We accompanied the female to the safety hub with an officer where on speaking with the female it was made clear she had been out with a group of people who were a mix of ages, some her age (under 18) and had been using a false ID to gain entry to Atik.

A number of complaints have also been made by local residents to both TVP and the Local Authority attributing anti-social behaviour to Atik, as detailed within Mr Scott's witness statement. Senior managers from RBWM have been involved with trying to resolve these issues, and as a result, these have always been highlighted to the DPS within meetings held at the police station by Mrs Pearmain and myself.

It is clear from the review paperwork that a substantial number of incidents have occurred over the past year requiring police support which give rise to concern with regards to crime and disorder and therefore I support the application to review the premises licence.

Kind regards

Steve Smith

**LICENSING ACT 2003
REGULATORY REFORM (FIRE SAFETY) ORDER 2005
Atik, 19 William Street, Windsor, SL6 8LP**

Dear Sir,

The Fire Authority has considered your application for the review of the premises licence dated 08 April 2019 and does not propose to make a representation. This should not be interpreted as meaning that the fire precautions in the premises are satisfactory. The primary piece of legislation for achieving satisfactory standards of fire safety in licensed premises is the Regulatory Reform (Fire Safety) Order 2005. This legislation requires the Responsible Person to undertake a suitable and sufficient fire risk assessment to identify the general fire precautions which need to be taken to protect relevant persons.

The Department for Communities and Local Government (CLG) has developed a set of guides which explain what you must do in order to comply with fire safety law, help you carry out a fire risk assessment and identify the general fire precautions which you should have in place. The guides are available via the following link:-

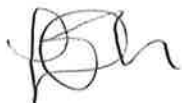

<http://www.communities.gov.uk/fire/firesafety/firesafetylaw>

Failure to comply with the Order, irrespective of any requirements which may be imposed by the Licensing Authority in connection with your application, may result in enforcement action being taken by this Authority under the Regulatory Reform (Fire Safety) Order 2005. Your premises will be included in our risk based inspection programme and audited for compliance in due course.

This letter is without prejudice to the powers of the Licensing Authority and to any requirements or recommendations which may be made by enforcing Authorities under other legislation.

Any queries regarding this letter should be addressed to the person named above. If you are dissatisfied in any way with the response given, please ask to speak to the Office Manager quoting our reference.

Yours faithfully,

Lisa Eveleigh
Authorised Fire Safety Inspecting Officer
And on behalf of the Royal Berkshire Fire and Rescue Authority

Hello Steve,

Thank you for the information.

We are happy with the details you have supplied below and we have no representations to make. [REDACTED]

We did look into the incidents that were listed in the review regarding the use of fake identification and this would fall within the remit of the Police.

Kind regards

ANNEXES

ANNEX 1 - Mandatory Conditions

- No supply of alcohol may be made under the premises licence:
 - i. at a time when there is no designated premises supervisor in respect of the premises licence, or
 - ii. at a time when the designated premises supervisor does not hold a personal licence or his personal licence is suspended.

Every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence.
- 1) The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.
 2) In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises-
 - a) games or other activities which require or encourage, or are designed to require or encourage, individuals to-
 - i. drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or
 - ii. drink as much alcohol as possible (whether within a time limit or otherwise)
 - b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective;
 - c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective;
 - d) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner.
 - e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of disability).
- The responsible person shall ensure that free portable water is provided on request to customers where it is reasonably available.
- (1) The premises licence holder or club premises certificate holder shall ensure that an age verification policy applies to the premises in relation to the sale or supply of alcohol.
 (2) The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy
 (3) The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph date of birth and either -
 - a. a holographic mark, or
 - b. an ultraviolet feature.
- The responsible person shall ensure that -
 - (a) Where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available in the following measures -
 - (i) beer or cider: ½ pint;
 - (ii) gin, rum, vodka or whisky: 25ml or 35ml; and
 - (iii) still wine in a glass: 125ml; and
 - (b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises, and
 - (c) where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.

A responsible person in relation to a licensed premises means the holder of the premise licence in respect of the premises, the designated premises supervisor (if any) or any individual aged 18 or over who is authorised by either the licence holder or designated premises supervisor. For premises with a club premises certificate, any member or officer of the club present on the premises in a capacity that which enables him to prevent the supply of alcohol.
- 1) A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.

Premises Licence

ANNEXES continued ...

- 2) For the purpose of the condition set out in paragraph 1 -
 - (a) "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979(6)
 - (b) "permitted price" is the price found by applying the formula -

$$P = D + (D \times V)$$
 where -
 - i) P is the permitted price.
 - ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged in relation to the alcohol as if the duty were charged on the date for the sale or supply of the alcohol and
 - iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol.
 - (c) "relevant person" means, in relation to the premises in respect of which there is in force a premises licence -
 - i) the holder of the premises licence.
 - ii) the designated premises supervisor.
 - iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence;
 - (d) "relevant person" means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and
 - (e) "value added tax" means value added tax charged in accordance with the Value Added Tax Act 1994(7).
- 3) Where the permitted price given by Paragraph (b) of paragraph 2 would (apart from this paragraph) not be a whole number of pennies, the price given by that sub-paragraph shall be taken to be the price actually given by that sub-paragraph rounded up to the nearest penny.
- (1) Sub-paragraph (2) applies where the permitted price given by Paragraph (b) of paragraph 2 on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.

(2) The permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.
- Any individual employed to carry out a security activity must be licensed by the Security Industry Authority (SIA).
- Admission of children is restricted in accordance with the recommendation by the British Board of Film Classification. If the film has not been classified the restriction of children must be approved by the Licensing Authority. (Children means any person under 18 years).
