REPORT SUMMARY

1. This report sets out the Council's financial performance to date in 2016-17. In summary there is a projected £430,000 underspend on the General Fund (see Appendix A) which is an improvement of £298,000 from the October financial monitoring report. This is due to a net increase in the underspend forecast in a number of service budgets, see section 4 for details.
2. The Council remains in a strong financial position, with the Council's combined General Fund Reserves of £6,490,000 (7.24% of budget) in excess of the £5,270,000 (5.88% of budget) recommended minimum level set at Council in February 2016.

1. DETAILS OF RECOMMENDATIONS

RECOMMENDED: That Cabinet:

- i) Notes the Council's projected outturn position.
- ii) Approves a £350,000 capital budget for survey work and a Development Manager in respect of the new leisure centre at Braywick Park (see paragraph 4.12).

2. REASON FOR RECOMMENDATION(S) AND OPTIONS CONSIDERED

- 2.1 As this is a monitoring report decisions are normally not necessary but may occasionally be required.

3. KEY IMPLICATIONS

Defined Outcomes	Unmet	Met	Exceeded	Significantly Exceeded	Date delivered
General Fund Reserves Achieved	Below £5,000,000	£5,000,000 to £5,490,000	£5,490,000 to £6,000,000	Above £6,000,000	31 May 2017

- 3.1 The General Fund Reserve is £5,286,000 and the Development Fund balance is £1,204,000, see appendix B for a breakdown of the Development Fund. The combined reserves are £6,490,000. The 2016-17 budget report recommended a minimal reserve level of £5,270,000 to cover known risks for 18 months.

4. FINANCIAL DETAILS

- 4.1. The Strategic Director of **Adults, Children & Health Services** reports a projected outturn figure for 2016-17 of £57,469,000 against a controllable net budget of £57,311,000, an overspend of £158,000. This is a decrease of £154,000 on the overspend reported to Cabinet in October. The most significant changes in the last month are:
- A reduction of £82,000 in the overspend projected in the placement budget for children in care as a result of a number of recent placement changes.
 - A reduction of £44,000 in the overspend forecast in the MASH. This is as a result of success in appointing permanent staff, reducing dependency on agency staff.
 - A reduction of £55,000 in the forecast cost of the deprivation of liberty and safeguarding assessment. This follows a review of the number of assessments to be undertaken in the remainder of the year and the allocation of work to a wider group of professionals.
 - A reduction of £50,000 in the underspend forecast in the net cost of delivering domiciliary care services to older people.
- 4.2. There remain significant pressures and savings, as reported to Cabinet in October, continuing to impact on the budget position:

- A projected overspend of £343,000 on the home to school transport budget. This is the full year effect of the increase in high needs SEN pupils in the last academic year and to the cost of new transport contracts for SEN pupils.
- The budget for supporting residents into temporary accommodation is projecting an overspend of £470,000. This relates to funding more residents with housing benefit following the change in legislation and the introduction of the subsidy loss and the benefit cap.
- Pressures in the provision of services to those with a learning disability and mental health problems - projected overspend of £384,000. Whilst this is £32,000 lower than the overspend forecast last month the pressure arises from the changing care requirements of a small number of residents with high needs, a delay in the de-registration of homes, and a Secretary of State adjudication of an Ordinary Residence dispute.
- An underspend of £619,000 in the care costs of children with disabilities, internal fostering and children leaving care mainly due to fewer than expected numbers requiring high cost support.

4.3. There are no projected variances to report within the HR budget.

4.4. In addition to the variances in points 4.1 and 4.2 there are a number of financial risks which will potentially impact on the budget position this year. These include: two high cost cases where the liability of the council to meet their costs is uncertain either due to their ordinary residence or due to their eligibility for Continuing Health Care funding. The maximum additional cost this year to the council should these cases both be decided against the council is estimated at £165,000, and the maximum saving if both cases were settled in favour of the council is estimated at £558,000 this year.

4.5. The Strategic Director of **Corporate and Community Services** reports a projected underspend for 2016-17 of £28,000 on the net budget of £4,195,000, in line with last month's projected underspend of £32,000. Key change is the recognition of increased planning application income, partially offset by higher legal and staff costs. The underspend reductions reported in Performance, Democratic Services and Finance reflect accounting transfers to a centrally held managed vacancy saving.

4.6. The Strategic Director of **Operations and Customer Services** reports a further improved projected underspend of £555,000 on the directorate 2016-17 approved budget of £21,686,000, £148,000 up on figure reported to Cabinet in October. This achievement is based on significant performance improvements in key areas of the directorate.

- Community Protection and Enforcement Services, Parking Services reports a £180,000 underspend based on strong activity in town centre car parks and from parking enforcement. Waste Services expect to be under budget by £250,000 from high recycling and garden waste tonnages, with associated income increases. Various 'unders' and 'overs' across the service combine with these to give a service total of £470,000 underspend.
- In Customer Services, Facilities management are reporting a net pressure of £40,000 from staffing issues.

- In Highways and Transport, increased costs are reported from the clearing up of asbestos and other fly-tipping, approx. £140,000 for full year. The Lead Member has approved an action plan to address this issue and recover some of these costs. An overall service overspend of £75,000 is currently projected for the service, which is in part mitigated by efficiencies, vacancy savings and extra street works-based income.
- In ICT, the underspend has improved to £250,000 through early delivery of 2017/18 restructure savings.
- Libraries have an estimated £50,000 pressure from emergency repairs to Maidenhead library.

Overall, the directorate is benefitting from significant positive income levels this year, which are difficult to budget for. However, some ongoing savings are now being identified and these will of course be built into base budgets for 2017/18.

- 4.7. Revenue budget movements this month are shown in table 1. An expanded full year Movement Statement has been included in the report in Appendix C.

Table 1: Revenue budget movement.

Service expenditure budget reported to October Cabinet	£83,091,000
Redundancy costs funded by provision	£101,000
Removal of Forest Bridge Contingency	(£100,000)
Service expenditure budget this month	£83,092,000

Cash Balances Forecast

- 4.8. Appendix D provides details of the Borough's cash balances. This month the council is forecasting cash flows over 12 months rather than three months as in recent Finance Updates. This allows Members to review the effect of the downward trend of our balances particularly at the year end when LEP expenditure and low levels of council tax and business rates may require us to take out a short term loan or overdraft.
- 4.9. Further borrowing may be required later in the year as balances continue to fall. The impact of the additional debt is likely to be up to £15,000,000 and this would take our total debt to £72,000,000. The increased debt will be used to fund the capital programme including further investment in regeneration projects. This is in anticipation of associated capital receipts. Future receipts will be considered when selecting the term of any new loans and wherever possible the aim will be to treat them as bridging finance.
- 4.10. The precise timing of any decision to borrow is managed through the daily treasury management carried out by the Finance team. Borrowing limits are approved by Council in the annual budget report and additional approval for this new debt is not strictly required. Cabinet will however be informed through the Finance Update of our cash forecast and the requirement to borrow.

Capital Programme

- 4.11. The approved 2016-17 capital estimate is £45,987,000, see table 2. The projected outturn for the financial year is £41,738,000. This is an increase on the capital outturn in 2015-16 of £27,421,000. See appendices E and F for further details. Table 3 shows the status of schemes in the capital programme.

Capital Budget - Braywick Park

- 4.12. In order to support the development and construction of a new leisure centre at Braywick Park, a tree, topographical and borehole land survey is required along with the appointment of a Development Manager. Expenditure will start on the project in December 2016. An initial budget of £350,000 is recommended to Cabinet for approval.

5. LEGAL IMPLICATIONS

- 5.1 In producing and reviewing this report the Council is meeting its legal obligations to monitor its financial position.

NOTES

- 1 When additional budget is approved, a funding source is agreed with the Lead Member of Finance. Transactions in column 1 have been funded from a usable reserve (Development Fund).
- 2 If additional budget is approved but no funding is specified, the transaction would, by default, be funded from the General Fund Reserve. Transactions in column 2 are funded by the General Fund.
- 3 A provision for future redundancy costs is created every year and this is used to fund additional budget in services for the costs of redundancy they incur during the year. Transactions in column 3 are redundancy costs funded by the provision for redundancy.
- 4 Transactions in column 4 are amounts approved in the annual budget which for various reasons need to be allocated to service budgets in-year. An example would be the pay reward budget. Pay reward payments are not approved until June. The budget therefore has to be re-allocated.

Note 1 – Reduced Council Tax and Business Rates collections in February and March coupled with the commitment to pay out £20m of LEP funding in March 2017 is forecast to cause the decrease in cash balances towards the end of the financial year 2016/17.

Note 2 – An increase in borrowing by £9m is forecast in March 2017 to fund the cash shortfall created by the commitment to pay out LEP funding during the month. This is a short term requirement with the intention to repay the loan when the 2017/18 instalment of LEP funding is received in early April 2017. Further borrowing will be required later in the year with the first instalment of borrowing forecast towards the end of April 2017, coinciding with the April payroll date.
