2017-2018

FOREWORD

I am pleased to introduce the 19th annual Milestones Statement for the Royal Borough, marking 19 years since this Council, as Highway Authority, became responsible for the management and maintenance of the borough's public rights of way in 1998.

I hope that residents and visitors to the borough will continue to enjoy these public rights of way as a means of accessing the borough's beautiful countryside, and as a healthy and stress-free way of getting about.

We will continue to work with all our partners, including the Local Access Forum, Parish and Town Councils, landowners, and path user groups (including the East Berks Ramblers, the Disabled Ramblers, the British Horse Society and Sustrans) to achieve these goals, and I wish to thank all our partners for their continued co-operation, support and enthusiasm.

Councillor Maureen Hunt

Chair of Rights of Way and Highway Licensing Panel
Royal Borough of Windsor and Maidenhead

April 2017

1 INTRODUCTION

1.1 General

The Royal Borough as the surveying and highway authority is responsible for the management and maintenance of the public rights of way network in the borough. There are over 300 km (approx. 190 miles) of public rights of way, about a third of the borough's total highway network (see Table 1 for lengths of rights of way by parish).

This Milestones Statement sets out the Council's priorities and targets for ensuring that the network is legally defined, properly maintained and well publicised. The Statement also incorporates an annual update on the Public Rights of Way Management and Improvement Plan 2016-2026.

1.2 The Milestones approach

The 'milestones approach' is an effective means of prioritising public rights of way work and measuring performance against an agreed set of targets. This is achieved by:

- setting individual, realistic targets, taking into account the available resources – these are the Milestones Targets (see page 6).
- monitoring progress towards achieving the Milestones Targets (see page 19).

1.3 Partnership working

The Council works closely with public rights of way user groups, landowners, parish and town councils, local conservation volunteers, and the borough's Local Access Forum. Two Parish Councils (Cookham and Old Windsor) undertake routine clearance of vegetation from public rights of way in their area on behalf of the borough, as part of the Parish Paths Initiative.

1.4 Volunteers

During 2016/17, a number of volunteer groups worked on public rights of way around the Borough:

The Conservation Volunteers (TCV) carried out **6 work days** with a total of **67** participant days.

Ways in Work (WiW) carried out **31 work days** with a total of **161** participant days. Berkshire College of Agriculture (BCA) carried out **29 work days** with a total of **146** participant days.

Volunteers from the East Berks Ramblers undertook **207 hours** of work, including path surveys and practical works.

Based upon our current commercial rates for path works the value of the volunteer works listed above is **£5,883.88**

Youth Offenders Team

The Youth Offenders Team carried out two projects on public rights of way during the year: graffiti removal works at a bridleway that passes through an underpass beneath the Royal Windsor Way in Eton, and vegetation clearance works at Primrose Lane, a bridleway in Bray.

1.5 Resources

The Council employs a public rights of way team of 2 full time and 1 part time Public Rights of Way Officers (total 2.7 fte). In addition, the Council's Legal team provides legal support, and the Democratic Services team provides secretarial support for administering the Rights of Way and Highways Licensing Panel and the Local Access Forum.

Revenue Budget

2016/17	2017/18
£60,000	£60,000

This includes an annual vegetation clearance contract of programmed works, and additional reactive works such as clearance of fallen trees and branches from public rights of way.

Capital Budget (Rights of Way general)

2016/17	2017/18
£40,000	£20,000

This includes surface improvements or repairs to public rights of way that have become eroded, rutted or poached, and access improvements such as replacement of step-stiles with more accessible gates.

Capital Budget (Rights of Way Bridges)

2016/17	2017/18
£20,000	£40,000

The Council has maintenance responsibility for 183 bridges and 5 boardwalks on footpaths and bridleways on public rights of way in the borough. These bridges are inspected on a rolling programme, and remedial safety works identified. In some cases this work is reactive, in response to bridge damage caused by flooding or general wear and tear.

Path status across the network

2 OBJECTIVES

2.1 Priorities for 2017/18

- Maintenance and enforcement: bring all public rights of way up to an acceptable standard for all users.
- Encourage and support the involvement of volunteers in the maintenance and improvement of public rights of way.
- Equality of service: ensuring that the needs of all users, regardless of race, disability, sexuality, age and religion, are taken into account.
- Ensure that the Thames Path National Trail is consistently safe and easy to use by all members of the public.
- Seek to complete the missing links in the Millennium Walk.
- Partnership working: working with all interested parties in the management of public rights of way, (e.g. Local Access Forum, Parish Councils, Civic Societies, residents associations, user groups and landowners)
- Claims: reduce the backlog of applications to add to or amend the Definitive Map.
- Changes to the network: seek improvements in association with development and other proposals.
- Improvements: seek improvements to the network for horse riders, cyclists and people with restricted mobility.
- Enhance and extend the network through the creation of Multi User Routes
- Ensure effective early consultation with interested parties on proposed changes to the network, in accordance with government regulations, circulars and codes of practice.
- Liaise with landowners and occupiers on all public rights of way matters, including updating and advising landowners on changes in legislation.
- Maximise the use of recycled and reused materials in rights of way maintenance where practicable.
- Develop and enhance the information available online for public rights of way, including the use of social media where appropriate.

2.2 Milestones Targets for 2017/18

Well Maintained

WM 1: To ensure that all public rights of way are easy to use by members of the public. (This is the former Best Value Performance Indicator for public rights of way). Target for 2017/18 is **95%**.

WM 2: To carry out major surface improvements/vegetation clearance on **10** public rights of way.

WM 3: To repair or replace **5** bridges.

Legally Defined

LD 1: To actively progress a minimum of **4** applications to add public rights of way to the definitive map, including resolving significant errors in the map.

Well Publicised

WP 1: To produce **1** new Parish rights of way leaflet.

WP 2: To assist others to produce effective promotional material: a minimum of **1** new or updated publication.

Improving Access and Connectivity

AC 1: Create **1** new strategic path, either public right of way or permitted, to fill identified gaps in the public rights of way network

AC2: To make **15** physical access improvements, including the replacement of stiles with gates or gaps, to facilitate use by those with special needs, the elderly, people with pushchairs etc.

Enforcement

EN 1: To resolve **10** enforcement issues.

2.3 Equal opportunities

The Council continues to seek improvements to public rights of way to enable use by a wide range

of people with sensory or physical disabilities or learning difficulties.

The Council supports the establishment of routes suitable for use by disabled people, in consultation with the Council's Access Officer, the Access Advisory Forum, the Windsor and Maidenhead User Network (WAMU) and the Disabled Ramblers.

The Public Rights of Way Management and Improvement Plan and annual Milestones Targets include a number of policies and proposals relating to access for people with special needs.

2.4 Parish Paths Initiative

The Parish Paths Initiative (PPI) works with Parish and Town Council's to identify or carry out maintenance, improvement or promotional works on local path networks. All Parish Council's in the Borough and Eton Town Council participate in the PPI scheme.

Additionally, two Parish Councils (Cookham and Old Windsor) undertake routine vegetation clearance on the public rights of way networks in their area.

The British Horse Society, East Berks Ramblers and National Trust are also members of the Parish Paths Initiative. The scheme operates a rolling condition survey of all public rights of way in the borough, carried out in partnership with the East Berks Ramblers.

2.5 Local Access Forum

The Local Access Forum is "*a partnership to promote and develop sustainable access for the growing benefit of the environment and all in our community*". Established in 2003, the Forum is statutory advisory group which advises the Council on the management and improvement of public access to land in the Royal Borough for open-air recreation.

The Forum has discussed and given advice to the Council on the following topics during 2016/17:

- RBWM Cycling Strategy
- The Milestones Targets for 2017/18
- Cross compliance reporting procedures and policies
- Ecology and public rights of way
- Proposed diversion of Maidenhead Footpath 19

- Development of Multi-User Routes
- Use of volunteers for works on public rights of way.
- The Ramblers' Big Path Watch project
- Potential memorial for the late Margaret Bowdery MBE
- Responding to British Horse Society consultation document regarding the process for removing entries for adopted highways in the 'List of Streets'.
- Proposed development of a care village at Berkshire College of Agriculture.

The Forum publishes an annual report detailing its activities.

The Forum membership details, agendas, minutes, and annual reports are available on the Local Access Forum website:

http://www3.rbwm.gov.uk/info/200215/rights_of_way/452/local_access_forum

2.6 Thames Path National Trail

Natural England promotes the Thames Path as one of 13 National Trails in England.

The Thames Path passes through Hurley, Cookham, Maidenhead, Eton, Windsor, Datchet and Old Windsor, where possible following the course of the river. In places the Trail crosses the Thames to follow the Buckinghamshire side of the river.

The Royal Borough recognises both the national and local importance of the Thames Path and is represented on the Thames Path Partnership, which also includes representatives from all Highway Authorities along the route of the Trail, as well as the River Thames Society, the Environment Agency, the Ramblers, SUSTRANS, Cycling UK, Transport for London, and Natural England.

Volunteers organised by the Thames Path Partnership regularly monitor the condition of the Trail, and also undertake practical maintenance works. Information about the Trail can be found on the following website:

2.7 *Equestrians*

- Investigating possible upgrading of existing footpaths to bridleways, by negotiating with landowners and user groups, to improve road safety for horses and riders while taking into account the needs of other users. All negotiations must have clear resolutions, and ensure that all users are satisfied with any changes to the status of the footpath(s) before modifications take place, including adequate width and, where appropriate, segregation of users.
- Continuing with an initiative to designate highway verges as horse margins by identifying suitable areas adjacent to the carriageways, and adapting the maintenance of highway verges to enable safe use by horse riders. As an example, a new horse margin has been created adjacent to the Henley Road, to create a safe riding link between Rose Lane and Hodgedale Lane.
- Continuing with an initiative to identify and establish multi-use paths to allow horse riders to use existing cycleways and other tracks where appropriate, and where suitable surfaces can be provided, in conjunction with land owners and Parish Councils.
- Development and promotion of circular riding routes where appropriate, in particular to avoid main roads.
- Improvements to gates to make them more 'horserider friendly'.

3 WELL MAINTAINED

3.1 Maintenance and Enforcement

Table 2 (over page) includes a summary of reported maintenance and enforcement problems.

The number of reported problems outstanding has been reduced from **22 to 15** during the course of the year.

Path condition surveys are carried out on a 3-year rolling programme, with approximately 1/3 of the network being surveyed each year. Volunteers from the East Berks Ramblers carry out these surveys on the Council's behalf.

During these surveys the volunteers also check whether problems that had previously been reported and entered onto the Council's rights of way database have since been resolved, and this helps to keep the records up-to-date.

Priority criteria for dealing with maintenance and enforcement problems are listed on page 15 of this Milestones Statement.

3.2 Noteworthy current issues

- Improvements to the Thames Path National Trail
- Replacement of step-stiles with easy access gates

3.3 Access for people with special needs

When dealing with the provision of stiles and gates, an assessment is made to ensure that the appropriate type of barrier is used, and that wherever possible gaps are used rather than stiles or gates.

The Council places high priority on the use of effective designs of barrier to facilitate use by those with restricted mobility, the elderly, people with young children in pushchairs etc.

Service standards, including British Standards for path furniture, are set out on page 16 of this Milestones Statement.

4 LEGALLY DEFINED

4.1 *Definitive Map and Statement*

The Definitive Map and Statement of Public Rights of Way are legal documents that provide conclusive evidence of the existence and status of public rights of way. It is therefore important that these documents are kept up to date and accurate.

The Map and Statement was last updated in 2015 (effective date 1st November 2015) including all legal changes made since the previous consolidated Map was published in 2008.

Copies of the Map and Statement are available for inspection in Maidenhead and Windsor central libraries, Borough Council offices, and can also be viewed on the borough website.

Copies are also held by user groups and relevant extracts are held by Parish Councils.

4.2 *Modification Orders*

Definitive Map Modification Orders are made to update the definitive map, to show the effect of legal changes to public rights of way. Copies of the Orders are sent to all those who hold copies of the Definitive Map and Statement, so that up to date information is available

4.3 *Rights of way database*

The Definitive Map is shown on the Council's GIS system. The Council also maintains a comprehensive public rights of way database, the Countryside Access Management System (CAMS). Information is held on path maintenance records, condition surveys, reported problems, landownership details, and path furniture such as stiles, gates, bridges and signposts.

The Council also maintains a comprehensive electronic library of photographic records covering many of the public rights of way in the borough.

These electronic records enable the rights of way officers to record, analyse and prioritise problems, and respond to public requests for information quickly and effectively.

4.4 *Applications to modify the Definitive Map (claims)*

There are 7 claims currently being investigated, listed in Appendix 5. A statement of priorities for dealing with claims is shown in Appendix 2.

4.5 *Changes to the network*

Applications for changes to the network are occasionally received from landowners or developers, and can also be initiated by the Council where they are considered to be in the public interest.

Planning applications are checked by planning officers who consult the Public Rights of Way team and the East Berks Ramblers on applications that may affect public rights of way. The Local Access Forum is also consulted on planning applications affecting public rights of way, and is sent weekly lists of all new planning applications received.

Where appropriate, conditions and informatives are then included in planning consents.

Policy R14 in the borough's current Local Plan states that: ***"The Borough Council will safeguard and enhance the public rights of way network and recreational cycle routes"***

5 WELL PUBLICISED

5.1 Leaflets produced by the Council

- Public Rights of Way information booklet (*for landowners and path users*)
- Public Rights of Way and your Gardens, Hedges and Trees (*information leaflet for householders adjacent to rights of way*)
- Ploughing, crops and paths: a practical guide (*information leaflet for farmers and landowners*)
- The Green Way
- Knowl Hill Bridleway Circuit
- Cookham Bridleway Circuit
- Cycling in Windsor and Maidenhead
- Cookham Easy Going Route
- Windsor Great Park Easy Going Route

All the above leaflets are available from the Borough Council free of charge.

5.2 Other books and publications

Sunningdale, Bray, Datchet, Waltham St Lawrence, White Waltham and Hurley Parish Councils have all produced their own walks leaflets, with help from the Borough Council through the Parish Paths Initiative:

- “Walk, discover, enjoy - your Sunningdale” (Sunningdale Parish Council)
- “Parish Millennium Rights of Way Map” (Bray Parish Council)
- Holyport health walk (Bray Parish Council)
- “Foot and Cycle Paths in and around Datchet” (Datchet Parish Council)
- Waltham St Lawrence Parish Paths and Circular Walks (Waltham St Lawrence Parish Council)
- White Waltham Parish and Paths (White Waltham Parish Council)
- Hurley Circular Walks (Hurley Parish Council).

The above leaflets are available from the Parish Councils free of charge.

The Environment Agency has published a leaflet showing the paths along the Jubilee River (*available from the EA 08708 506506*)

The East Berks Ramblers, the British Horse Society, Sustrans and commercial publishers have produced a number of leaflets, booklets and books promoting routes along public rights of way locally, including the Thames Path National Trail.

5.3 Guided walks and rides

Guided walks and rides encourage the public to enjoy the countryside. The Ramblers organize a programme of walks for its members and the general public, and the British Horse Society organize various rides and events using the boroughs public rights of way and minor roads network.

5.4 Borough Website

The Borough’s Public Rights of Way web pages can be accessed directly at https://www3.rbwm.gov.uk/info/200215/rights_of_way

The web pages contain detailed information including publications, report forms, and maps of all public rights of way in the borough.

The Council’s MapsOnline service allows users to view maps showing the locations of all stiles, gates, bollards and signs on public rights of way.

The web pages also include Registers of applications for Definitive Map Modification Orders (DMMO’s), and landowner’s statutory declarations, together with application forms and guidance notes for path diversion orders.

6. MONITORING AND REVIEW

6.1 *Monitoring*

The Council publishes a performance indicator which provides a useful benchmark for assessing the condition of the network:

“The percentage of the total length of footpaths and other rights of way which were easy to use by members of the public”

The indicator is calculated using a methodology originally devised by the County Surveyors Society, and is widely adopted by Highway Authorities to enable benchmarking between individual authorities’ performance.

The borough’s indicator is based on information obtained from condition surveys undertaken by volunteers from the East Berks Ramblers, and the indicator result for the borough in 2016 was **99%** (against a target of **95%**).

6.2 *Review*

The Council is committed to working with all interested parties in carrying out public rights of way work in the borough.

This Milestones Statement and Public Rights of Way Improvement Plan will continue be reviewed and published annually and the Milestones Targets will be discussed with the Local Access Forum and other interested parties so that co-ordinated priorities can be adopted.

Monthly updates on progress towards the Milestones Statement targets are also published on the borough website.

The Public Rights of Way team also produce a 6-monthly Path Progress Report, which provides updates on specific path improvements. These reports are submitted to the Rights of Way and Highway Licensing Panel in March and September each year, circulated to the Local Access Forum and published on the borough website.

APPENDIX 1

Consultation on the Milestones Statement

The following organisations were consulted on the 2017/18 Milestones Statement

- Rights of Way and Highway Licensing Panel
- All Parish and Town Councils in the borough
- The Royal Borough of Windsor and Maidenhead Local Access Forum, which includes members of the following organisations:
 - East Berks Ramblers
 - British Horse Society
 - The Crown Estate
 - Royal East Berks Agricultural Association
 - National Trust
 - National Farmers Union

APPENDIX 2

Statement of priorities for dealing with applications to amend the Definitive Map

The Council aims to process uncontested applications for Public Path Orders and Definitive Map Modification Orders (claims) within 1 year of receipt.

Applications for Orders to amend the Definitive Map and Statement (claims) will be prioritised on the basis of the following factors:

Highest Priority: Closure very likely (e.g. area subject to planning application).

Path currently blocked by planting, fencing etc. which could be removed.

Path currently blocked by permanent structure e.g. building.

Possible threat to path, and/or partial blocking likely.

Lowest Priority: No recognised threat, and route useable by the public.

APPENDIX 3

Statement of priorities for dealing with maintenance and enforcement problems

Maintenance and enforcement problems will be prioritised on the basis of the following factors:

Safety of users

Level of usage

Extent of obstruction of definitive line (i.e. completely obstructed or partially obstructed)

Benefit to public once resolved

Cost/time effectiveness in resolving problem

Number/level of complaints

Potential for deterioration of the problem

Age of the problem

Note: for efficient working practice, lower priority problems will be dealt with alongside higher priority problems where appropriate, for example if they are in the same locality or involve the same landowner. Lower priority problems will also be tackled as required in order to meet specific targets.

APPENDIX 4

Service standards

The Royal Borough of Windsor and Maidenhead has the following key aims in relation to public rights of way:

- To ensure that the borough's public rights of way network is properly maintained and well publicised
- To ensure that public rights of way are safeguarded and enhanced
- To help landowners and users to understand their responsibilities and rights
- To consult and work with interested parties to achieve the provision of a well-maintained and signed network of public rights of way

We will liaise with and involve:

- Local Access Forum
- Parish and Town Councils
- Natural England
- East Berks Ramblers
- Disabled Ramblers
- British Horse Society
- British Driving Society
- Cyclists' Touring Club
- Sustrans
- Vehicle User Groups
- National Farmers' Union
- Country Land & Business Association
- Thames Path Management Group
- Any other interested parties

Comply with **British Standards** on all new structures and furniture, and where possible, upon replacement of existing structures or furniture. BS 5709-2006 gaps, gates and stiles; order of preference; a) gap, b) gate, c) kissing gate, d) stile.

Barbed wire, razor wire, farm type electrical fences and suchlike should not normally be used in the vicinity of structures covered by this standard, but where these wires are necessary then assessment should be made of the effect they have on the safety and convenience of people in the vicinity.

A condensed version of BS 5709-2006 produced by the Pittecroft Trust is available on request from the public rights of way team.

Carry out:

- A condition survey of each path every three years, based on a rolling programme of six-monthly surveys (in partnership with East Berks Ramblers Association).
- An inspection of rights of way in a dangerous condition within one working day of notification, make safe within one working day of inspection, and inform correspondents of the results within three working days.

Use our powers:

- To enforce and remove any obstructions to the public rights of way network within three months of inspection, and enforce compliance with the Rights of Way Act 1990 (ploughing etc) within 6 weeks of inspection, and give consideration to all available statutory powers including prosecutions where appropriate.
- To process uncontested applications for Public Path Orders and Definitive Map Modification Orders (claims) within 1 year of receipt.
- To inform the correspondents of the reasons for any delay beyond the periods stated above.

Publish:

- The definitive map and statement every five years.
- Information leaflets and updates regularly

APPENDIX 7

Updates on site specific projects in “Rights of Way Management and Improvement Plan 2016-2026 (new updates in bold)”

Hurley, Shottesbrooke & the Walthams

Ref	Proposal (not in priority order)
1	Work with Wokingham Borough Council to secure a new off-road horse riding link between Star Lane (Hurley) and Canhurst Lane by upgrading Wargrave Footpath 42
2	A crossing over the Thames across Hurley Lock and weirs
3	Upgrade White Waltham Footpath 9/National Cycle Route 4 to permitted bridleway. <i>(April 2015 update: the landowner has declined a proposal to create this new pedestrian link: however, if circumstances change this project could be re-opened)</i>
4	(a) New route along the Cut from Bray Wick upstream to Westleymill on the Bracknell Forest boundary <i>(March 2017 update: new section of streamside footpath to be included within layout of Ockwells Park extension, Cox Green)</i> (b) Establish a new path from Windmills (White Waltham Footpath 20) to Howe Lane near Howe Lane Bridge
5	Work with Wokingham Borough Council to upgrade Waltham St. Lawrence Footpath 9 / Ruscombe Footpath 4 for horse riding use
6	Creation of a path from Great Wood, White Waltham, south of the B3024 road to the track at Pond Wood Farm
7	Create a route for carriage drivers from Beenhams Road in White Waltham to Mare Lane in Binfield.
8	Improve bridleway links between RBWM and identified horse riding networks in Wokingham and Bracknell Forest
9	Direct crossings over/under the M4 avoiding the use of road bridges

Cookham & Bisham

10	Create a new bridleway connecting the end of Hurley Lane with the eastern end of Bradenham Lane using existing highway land alongside the A404 northbound carriageway: <i>(March 2007 update: Initial feasibility studies and consultations have indicated that the potential benefits of this project would not justify the cost)</i> <i>(February 2016 update: reopened consultation with neighbouring landowner. Quotation received for clearance. Discussions ongoing regarding funding from cycleway budget)</i> <i>(March 2017 update: feasibility studying being prepared in conjunction with Highways England)</i>
----	--

11	Create a new right of way for non-motorised users linking Burchetts Green Roundabout to Permitted Bridleway 20, following the route of the A404 on its western side <i>(June 2015 update: proposal not supported by Temple Golf Club)</i>
12	Create a link between Bisham Bridleway 22 and the A404 tunnel at Dungrove Hill Lane <i>(March 2013 update: the landowner has declined a proposal to create this new link: however, if circumstances change this project could be re-opened)</i> <i>(March 2014 update: ongoing discussions with horse riders)</i>
13	Upgrade Bisham Footpath 19 (Michael's Path) to a bridleway and divert the path to adjoin the disused Henley Road. <i>(March 2017 update: the landowner has declined a proposal to upgrade this footpath, therefore further investigation into potential alternative route via adjacent woodland)</i>
14	Improve links between Bisham and Bisham Woods for non-motorised traffic, particularly with regard to crossing the A404 Bisham Roundabout. <i>(February 2016 update: Highways England have decided not to proceed with the proposed alterations to this roundabout, however they are keeping the junction performance under review to identify whether small scale improvements can be made.)</i>
15	Extend the southern end of Bisham Bridleway 22 to connect with Dungrove Hill Lane
16	Upgrade part of Bisham Footpath 17 to a Bridleway
17	Upgrade Bisham Footpath 23 to a bridleway, to link Burchetts Green to Stubbings and Maidenhead Thicket
18	Create a cycling route between Hurley and Temple (a) Create a route adjacent to Bisham Footpath 21 to allow cycle use (b) Upgrade part of Bisham Footpath 21 and Hurley Footpath 9 to allow cycle use and link with Mill Lane
19	Improve the surface of Bisham Restricted Byway 11 and Bisham Bridleway 12 <i>(December 2015 update: consulting with Natural England over works specification)</i> <i>(March 2017 update: surface improvements completed)</i>
20	Route from Mill Lane to Odney Road, Cookham – perhaps across Odney Common <i>(March 2009 update: the landowner has declined a proposal to create this new pedestrian link: however, if circumstances change this project could be re-opened)</i>
21	Access improvements at Cookham Lock to provide high degree of accessibility to the site.
22	Upgrade Kennel Lane (Cookham Footpath 22) to a bridleway <i>(March 2009 update: one of the affected landowners has declined a proposal to upgrade this footpath to bridleway: however, if circumstances change this project could be re-opened)</i>
23	Crossings over the Thames: (a) from Hythe End to south bank avoiding M25 (b) from Magna Carta Island to north bank
