The Crime and Disorder O&S Panel considered the Cabinet report and unanimously approved the recommendations. The Panel felt that:

- “That the Community wardens should remain as RBWM staff and if they were outsourced that they should no longer have the CSAS accreditation,” and that this should be added to the report.
- That the report include quantified figures relating to the increase in ASB, complaints received, comments received, formal and informal.
- That more information be added to para 2.7 to strengthen, substantiate and evidence the needs of the borough.
