

## ROYAL BOROUGH OF WINDSOR AND MAIDENHEAD

### LOCAL ACCESS FORUM ANNUAL REPORT 2018 – 2019

www.rbwm.gov.uk

#### Activities of the forum

##### **Milestones Statement, and targets for the coming year**

The forum was consulted on the Milestones Statement and Public Rights of Way Improvement Plan Annual Report 2019-20 and recommended that the targets and priorities are retained for the coming year. These recommendations were reported to the Rights of Way and Highways Licensing Panel in March 2019 and formed the basis of the targets for the coming year.

##### **Disabled Access and Public Rights of Way**

The Forum heard a presentation about the accessibility of public rights of way for people with disabilities highlighting the impacts of changes in the Equality Act 2010. The forum discussed a range of disabled access issues on public rights of way and formed a task and finish group to produce recommendations on accessibility improvements. The working group has met and is providing valuable feedback to the forum and the Borough in conjunction with the Access Advisory Group to inform works to new and existing public rights of way and open spaces. This work will be ongoing with the aim of deepening the commitment to create accessible public spaces and thereby encourage use by those who are mobility impaired.

##### **Local Nature Reserve – Thriftwood/Ockwell's Park**

The Forum heard a presentation about the Borough's purchase of additional land known as Great Thrift Wood at an existing LNR which incorporated plans for a new wetland area with improved public access while also conserving and increasing wildlife habitat. The Great Thrift Wood being a designated Site of Special Scientific Interest. The Forum supports the work being done and is continuing to be consulted on progress with this exciting project.

##### **Cycling Action Plan**

The Borough's Cycling Action Plan was supported by the Forum and members were pleased to consider the proposal for a new circular cycle route around the Cookhams presented by a prominent local landowner.

##### **Multi-user routes and Horse Riding improvements**

The Forum has continued to consider reports regarding horse riding access to Ashley Hill and approaches made to the Forestry Commission on the forum's recommendation to request horse riding access as Ashley Hill. This is an ongoing project which is being dealt with by the Borough's Rights of Way team. Updates continue to be given to the Forum with recommendations received.

##### **Volunteer Works**

The forum continued to monitor the volunteer works that are carried out on the public rights of way network.

### **Recruitment and Promotion**

The forum formed a working group to examine ways in which the forum's membership could be bolstered in conjunction with the responsibilities of the council as the Highway and Appointing Authority for the area.

The group made several recommendations to improve the functioning of the forum including reducing the quorum required, developing better avenues of communication and promotion to highlight the forum's purpose and encourage applications for membership. As a result of advertising in the local "Around the Borough" publication three new members have been appointed in 2019.

### **Links with other local, regional and national groups**

Maintaining links with other neighbouring Local Access Forums has been increasingly challenging over the past year with authority resources reducing and officer time under pressure. The last LAF Chairs meeting was hosted by Bracknell Forest Borough in Jan 2018 with Wokingham suggested as the venue for a future meeting.

All LAF Chairs have agreed via email that the meetings need to be continued as there is definite value in regional bench marking and information sharing and in discussing cross boundary issues and ways that the local forums can work together.

### **Other issues that the forum has discussed during 2018-2019:**

- Volunteer works
- Millennium Walk
- Access and Brexit
- National Trust Right of Way plan
- Battlemead Common

## **Looking forward**

To be decided at 4<sup>th</sup> July 2019 meeting

## **Meetings of the Forum**

The Local Access Forum meetings for 2018-2019 were as follows:

### **Formal meetings**

- 11<sup>th</sup> June 2018 – not quorate, meeting abandoned
- 11<sup>th</sup> October 2018
- 5<sup>th</sup> February 2019
- 4<sup>th</sup> July 2019
