Royal Borough of Windsor and Maidenhead

Integrated Performance Monitoring Report - Quarter 3 2015-16

This is a snapshot of the Royal Borough of Windsor & Maidenhead's performance for Quarter 3 of 2015-16 (period October to end of December 2015). The report includes updates for the following categories: Key Performance Indicators (KPIs), HR key indicators, Risk Management, Combined Savings Tracker and Key Corporate Projects.

7. Performance - Q3 2015/16

For Q3 2015/16 there are a total of 30 Key Performance Indicators (KPIs) - 29 indicators in the performance section and one HR indicator (working days lost per FTE found on page IPMR 26) as selected by Cabinet Members and CMT. Q3 data is available for all 30 KPIs included in this report.

Of the 30 KPIs where Q3 data was reported - 53% are registered as 'on target' (green) compared to 52% in Q3 2014/15. The performance in Q3 has also improved compared to the previous quarter (44% in Q2 2015/16). This is due to several KPIs improving its performance status during Q3 (Q2 performance status in brackets):

* Library & Museum income - this is on target as some annual payments have been received (off target).

* Processing of 'Major' planning applications - the Council continues to prioritise major planning applications which is helping to improve the overall performance figure. The performance is now just short of target (off target).

7. Performance - continued

* Enforcement cases - a number of closures - this is on target (just short) as the Council closed an average of 49 cases per month during Q3. The monthly target is 40 cases.

* % of households waste sent for reuse, recycling, energy recovery & composting - recycling rate is now above target (just short). The recycling rate has increased due to successful relaunch of food waste collection service (this has resulted 25% increase in food waste collected during November and December) and residual waste being sent to Energy from Waste for recovery rather than landfill.

* Call abandoned rate - this is now just short of target (off target). The Council will continue to focus analysing avoidable contact to reduce this further.

* Parking income - this is now on target (just short) as car park income has been increasing with Alma Road (10% up), River Street (2.5% up) and Stafferton Way (10% up) exceeding expectations.

However, the performance status for two KPIs have slipped - '% of Support Plans completed within 28 days' (now just short of target) and '% of in-year Business Rates collected' (now off target). The highlights during Q3 were:

* Number of new people receiving Telecare - 2015/16 target has increased by 100% compared to last year. The Council is currently 26% ahead of the target at the end of Q3. Recommend to move this KPI to secondary.

* Proportion of people using long term social care who received Self Directed Support - the target of 95% has been met for past 11 months. Recommend to move this to secondary.

* % of calls answered in under one minute - despite the improvement, performance remains just short of target. The performance during Q3 has steadily improved month on month from 77.9% in October 2015 to 82.4% in December 2015. The target has increased from 75% to 80% during this period.

* Time taken to process Housing Benefit and Council Tax Support new claims and events - the Council is continuing to improve its performance. The processing time is currently 3.8 days better than the target of less than 10 days.
* Car park visits - the number of car park usage within the Borough is 3.8% above target and 2015/16 performance has increased by 4% compared to the same period last year. Season ticket sales continue to grow which has enabled

forward budget planning.

* % of PCNs appeals that are upheld - the Council's performance and accuracy in issuing PCNs continues to improve month on month and the Council is track to exceed the year-end target of less than 12%.

* % of in-year Council Tax collected - the Council is ahead of target and 0.5% ahead of the same period last year.
* % of dangerous potholes repaired within 24 hours - during 2015/16, the Council has repaired 253 out of 254 dangerous potholes on time (99.6%). Recommend to move this KPI to secondary.

Other areas of high performance include:

* Total number of attendances at Leisure Centres (currently 14% above the profiled target).

* Grounds maintenance contract performance score (the performance is continuing to improve over the past three months despite the overall performance is just short of target. The Council continues to work with the contractor's management team to continue improvement).

* Number of families supported by the Intensive Family Support Programme (the Government has set a target for RBWM to turn around 470 families by April 2020. The Council is on track to meet their 2015/16 year-end target of 108).
 * Processing minor planning applications and processing other planning applications (despite both KPIs being off target,

the overall performance has improved since Q2 as the Council has secured additional resources).

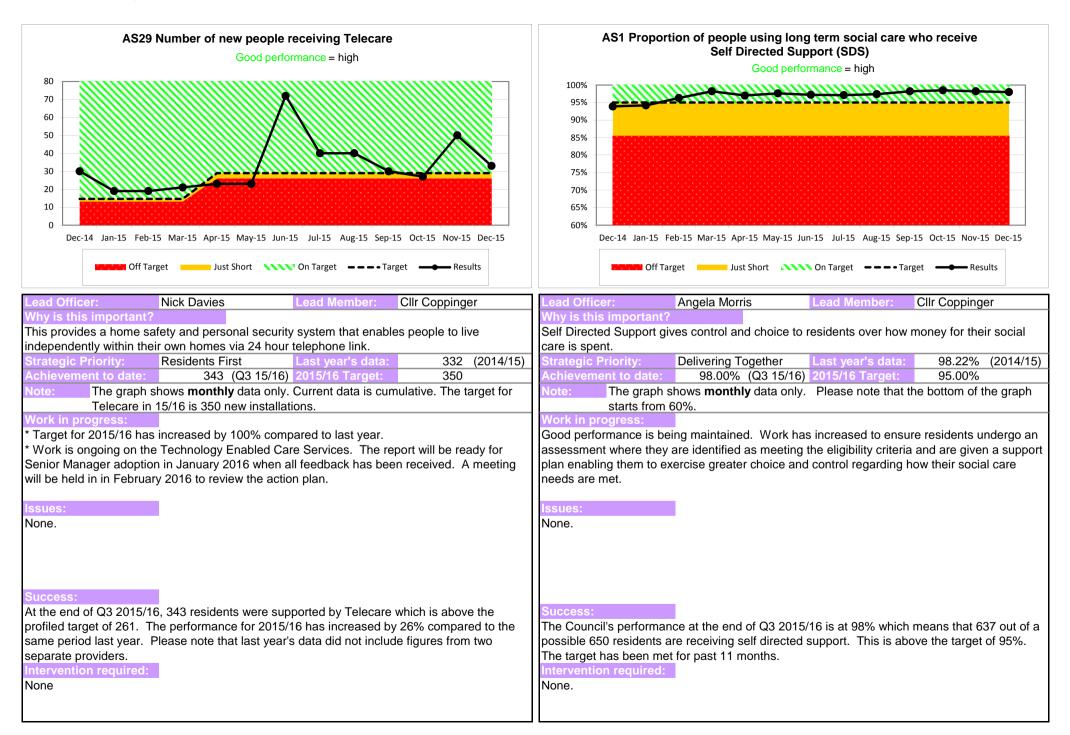

* Average walk in waiting times for Housing & Council Tax Benefit customers only (this remains on target as the Council made changes to offer assisted claims face to face services. This has resulted in significantly quicker processing times for benefit applications).

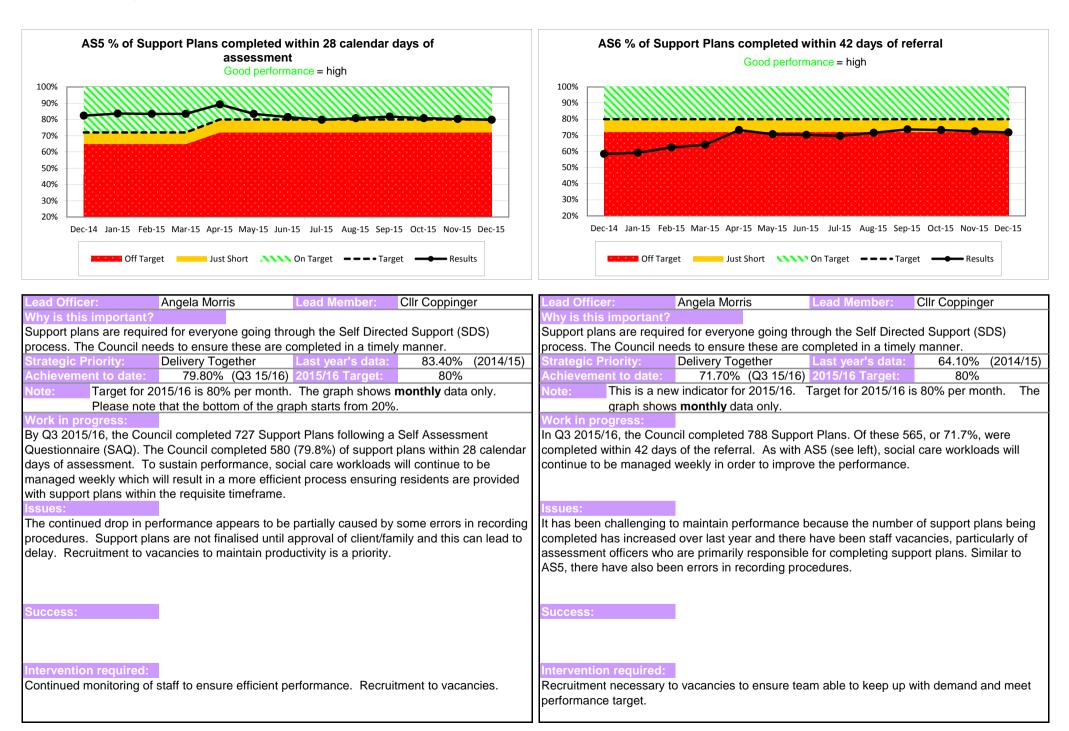

However, 27% of indicators (eight KPIs) are off target (compared to 18.5% in the same period last year). The number of off target indicators has reduced during Q3 from 10 to 8. Several off target KPIs including those that belong to the Planning team are continuing to improve performance. Of particular concern were the following indicators listed in the table below. For each of these a series of remedial actions have been identified to bring performance back in line.

8. Risk Management - Q3 2015/16

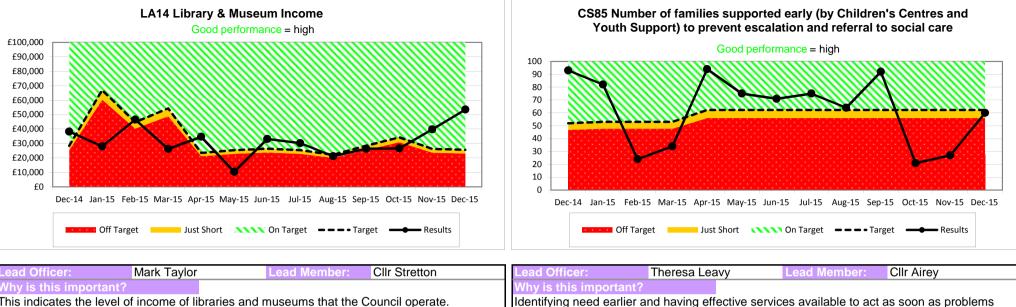

The corporate risks for 2015/16 IPMR include all risks under the category 'Key Strategic Risks'. During Q3 2015/16. there has been no changes to any of the current risk ratings. Although the risk rating has not changed for the remaining risks, there have been progress with certain mitigations for the following risks: a. BID0008 (Data integrity and/or data security failure) - two mitigations has made progress during Q3 2015/16: - Government connect PSN code of connection submission and government security accreditation - 50% progress - Implement cloud IT strategy - 80% progress. b. CMT0039 (The Council is at the heart of building a safe, secure and cohesive community) - 3 new mitigations added during Q3 2015/16: - Since the Act places a new risk based duty on Local Authorities, proposals have been drafted on the Council's response. - Agree TOR (Terms of Reference) for Channel Panel (administered and chaired by RBWM) who collectively assess risk and decide on support packages. - One Borough Group (OBG) report quarterly to the Community Partnership Board. c. CMT0043 (Safeguarding failures leads to injuries with particular focus on issues identified nationally as part of recent reports published on safeguarding children and Child Sexual Exploitation) - added one new mitigation during Q3 2015/16: - Embed the consistent use of a monthly weighting scheme to ensure caseloads are manageable. d. CMT0038 (Technology obsolescence/inadequate for task) - added five new mitigations during Q3 2015/16: - Investment in the appropriate security infrastructure to be approved. - Corporate Management Team (CMT) to establish strategically what services to commission, share, improve internally or stop. - Business Continuity Planning to be carried out by all Heads of Service to identify critical business systems. - IT digital strategy 2016-2020 to be endorsed by Cabinet in 2016. - Investment in telephony system, monitoring software to be approved. As part of its risk management strategy, the Council is using the new risk appetite framework to illustrate defined parameters around the level of risk that is acceptable to the Council and the thresholds which trigger escalation, review and approval by authorised officers. Management can concentrate on the risks where the current assessment is furthest from the stated risk appetite, providing a live radar of the main risk issues. There are 14 risks where the rating is 6 or above. The table below shows the number of risks for each risk appetite: Appetite Number Low 6 Low / Medium 1 Medium 6 Medium / High 0 High 1 Members are briefed on the risks falling in their portfolios on a regular basis. A new methodology for Lead Members is being trialled to further refine understanding of the main messages arising. There is a further rating of high/medium on the heat map. This avoids potentially damaging risks being overlooked by being grouped within the medium criteria banding.

Work in progress:

All decisions are reviewed and learning points are taken forward and reported to Members. It has been noted that the appeal rate in the area of the borough with an adopted neighbourhood plan is generally stronger than elsewhere. Appeals is an area that is being considered in the service review.

ssues:

The small number of appeals means that there is a greater impact on the percentage change (22 appeals lost out of 62 appeals during 2015/16).

Success:

The figures in the graph dropped to zero in May, August and December 2015 as no appeals were upheld.

Intervention required:

When any of the 3 Development Control Panels refuse an application contrary to officer recommendation the Panel is made aware of the risks of any appeal being allowed. The Panel will be advised by officers on the strength of the refusal reasons proposed and further advised on any additional strengthening of those reasons, as appropriate.

External consultants (TerraQuest) were appointed for 16 weeks from 22 October 2015 to validate and process applications. This was to address the backlog of applications awaiting validation which was causing customer dissatisfaction. It is anticipated that performance will fall in the short term as a direct result of processing and determining planning applications in that backlog; this is likely to be evident in the Quarter 3 and 4 statistics. However, the benefit of this additional resource will be apparent in the latter part of Quarter 4 which should show some improvement. A detailed review of Development Management has been scoped and is under way. This review is intended to put in place measures to ensure sustainable performance improvement which meets the national targets and the Council's own targets.

The graph shows **monthly** data only. Both last year and current data are

Performance Indicators - secondary indicators

This shows a secondary set of indicators where monitoring of performance is important and where reporting may become necessary at a particular point in time (for instance underperformance over consecutive quarters). All figures are cumulative unless stated.

* **DOT** (Direction of Travel) = Indicates whether performance has improved \uparrow stayed the same \leftrightarrow or got worse \downarrow based on previous quarter's performance

Increase the proportion of adults with Learning Development Disabilities (LDD) needs in paid employment	Angela Morris	Adults, Culture & Health	21%	21%	20.6%	19.8%	N/A		N/A	It is no longer possible to capture data in this way for WIW as they are no longer part of RBWM and do not have access to Paris. A process of ensuring accurate data collection is currently being explored that complies with data protection laws.
Number of permanent admissions to residential or nursing care 65+ made in a year	Angela Morris	Adults, Culture & Health	98	Less than 95	38	77	119		Ŷ	The total for Q3 2015/16 is 119. The Council have had additional resources from NHS to facilitate the discharge of people from Wexham Park Hospital (WPH). There was a spike in demand due to the increased number of admissions and consequent discharges from WPH. There have also been an increasing number of people whose wealth depletes and they are then considered to be 'admitted' when RBWM takes over the funding.
Number of people taking up health checks	Hilary Hall	Adults, Culture & Health	3,146	3500	930	1,872	2,894		ſ	Performance during Q2 2015/16 is strong with 1022 checks delivered against the quarterly target of 875. Based on current trajectory the Council should meet its annual target. Along with continued community clinics, more GP surgeries now offering health checks. Pilots are also being held at satellite libraries. Given this the Council is well placed to ensure all eligible residents wanting to access checks are able to.
Number of residents who quit smoking for at least 4 weeks	Hilary Hall	Adults, Culture & Health	866	750	235	305 (up to end of July)			N/A	The Council is still awaiting data / updates from Public Health
Childhood immunisation - MMR2 (measles, mumps and rubella)	Hilary Hall	Adults, Culture & Health	86.3%	95% uptake	86.4%	86.7%			1	The Council received Q2 data which is 86.7%. This data is for WAM CCG, not available at Local Government leve. Q3 data has not been released yet.

Number of households prevented from becoming homeless by Housing Options	Nick Davies	Adults, Culture & Health	1,756	1000	481	833	1137		Ţ	The target for 2015/16 has increased by 25% compared to last year. Up to end of Q3 2015/16, a total of 1,137 households have been prevented from becoming homeless with advice, deposits and mortgage rescue featuring. The Council continues to improve the performance as 2015/16 has increased by 3% compared to the same period last year. The homelessness prevention includes interest free loans, mortgage rescue, landlord & tenant intervention, nominations and DIYSO. A large increase is positive as this means that prevention and intervention is working positively.
Number of visitors to Windsor & Royal Borough Museum	Mark Taylor	Adults, Culture & Health	55,336	52,000	34,037	49,748	61,259		Ţ	The Q3 2015/16 performance was at or just over target for each month. The Council has exceeded the profiled target by just under 43% for the first three quarters of the year. The very high figures during June 2015 due to interest in Magna Carta events and higher than expected take up of activities related to the HLF funded For King and Country project have contributed to a positive variance of just over 22K visits relative to the target for 3/4 of the year.
% of all RBWM schools inspected by Ofsted to receive a Good or Outstanding Excellent judgement	Kevin McDaniel	Children's Services	73% - All	73%	75.0%	75.0%	79.0%		↑	There have been four reported inspections to date during this academic year. All four have improved their Ofsted rating with three moving to Good or Outstanding. Based on current projections, this figure is anticipated to increase to 84% by July 2016.
Number of 0-4 year olds registered with Children's Centres in the top 8 deprived areas		Children's Services	935	960	864	881	891		↑	The top 8 deprived areas are being targeted by Children's Centres through a combination of volunteer parent champions, targeting services and using opportunities to attend local events for families with young children. Although the numbers slowed slightly in the third quarter, it is anticipated that the year end target will be met.
Permanent exclusions from schools in RBWM	Kevin McDaniel	Children's Services	15 (AY 2013/14)	12 (AY 2014/15)	11 (for AY 2014/15)	0 (for AY 2015/16)	2 for AY 2015/16)		↓	* AY = Academic Year. There have been two permanent exclusions to date during the current academic year. All of the exclusions were in secondary schools and none of them were children in care.

The total number of education health & care plans for pupils aged under 20	Theresa Leavy	Children's Services	739	Less than 750	746	741	738		ſ	This total includes existing statements of educational need as well as education, health and care plans for children and young people up to 25 years of age. New education, health and care assessments need to be completed within 20 weeks. Securing wider professional input is a challenge as is the time it takes for parents to agree a final version of a more robust holistic plan. Remedial action continues to improve performance. Transfers from statements to education, health and care plans now need to be completed within 20 weeks and current performance is 18-20 weeks.			
Keep the % of 16-19 year olds who are Not in Education, Employment or Training (NEET) below 5.25%		Children's Services	4.6%	Less than 5.25%	3.32%	5.8%	5.3%		↑	The proportion of young people not in employment, education or training is currently just short of target by 0.05% off target. The Council is still working with various partners to secure employment or alternative training provision.			
Child Protection Plans lasting two years or more	Theresa Leavy	Children's Services	9.1%	Less than 4.5%	4.5%	0.0%	0.0%		1	There are no children with a child protection plan lasting two years or more.			
% of care leavers in suitable accommodation		Children's Services	76.9%	100%	84.6%	97.6%	94.7%		Y	As at 31 December 2015, two young people were designated as not being in suitable accommodation although they are accommodated.			
% of care leavers in education, employment or training	Theresa Leavy	Children's Services	76.9%	80%	84.6%	65.9%	65.8%		Ţ	13 young people out of the cohort of 38 are not in employment, education or training. One young person is in prison, two are teenage parents and seven are unable to secure work or education/training due to sickness and/or severe disabilities. The Personal Advisors are working closely with the remaining three young people to secure appropriate education, employment or training for them.			
% of children who have become the subject of a Child Protection Plan for the second time	Theresa Leavy	Children's Services	11.4%	Less than 12%	22.9%	13.1%	0.0%		1	No children became subject of a child protection plan for a second time in the quarter.			
Number of young people, under 18, missing from home three times or more in a quarter	Theresa Leavy	Children's Services	New indicator for 2015/16	TBC (no baseline available to set target as this is a new KPI for 2015/16)	0	9	8		ſ	Eight young people have been recorded as missing from home three times or more in the quarter. All of the children had return interviews and the intelligence from these interviews is used by the Missing Persons/Child Sexual Exploitation (CSE) Operational Panel to ensure timely support and appropriate interventions.

However, even when children and young people are removed from active monitoring on the tracker, their position is noted in order to ensure that further support and interventions, if needed, can be provided in a timely way.
% of repeat referrals to the Child Sexual Exploitation case tracker within 12 months	Theresa Leavy	Children's Services	New indicator for 2015/16	TBC (no baseline available to set target as this is a new KPI for 2015/16)	8%	0%	13.4%		Ŷ	Two young people have been re-referred to the tracker as a result of increased risk identified. Personal intervention plans are in place for each of the young people which are being actively progressed by the allocated social worker.
Rents receivable as a percentage of total rental value of commercial estate	Mark Shephard	Corporate Services	95.3%	92.0%	95.70%	94.80%	96.20%		ſ	The target of 92% has been chosen with due regard to commercial estates in the private sector where 85% and above is considered representative of a well managed commercial estate. This target is ambitious but it has been adopted to reflect the improving economic environment. The indicator would be at its theoretical maximum value of 100% if every property in the portfolio was let and produced income. In practice, a small proportion of property is usually held within the portfolio awaiting redevelopment.

Number of milestones hit on Area Action Plan (AAP) sites	Chris Hilton	Corporate Services	New indicator for 2015/16	8	2	6	9		Ŷ	During Q3 2015/16, 3 milestones hit on AAP sites being:- 1) Lambert Smith Hampton Capacity Study completed. 2) GVA appointed as Development Manager for Ray Mill Road East. 3) Lambert Smith Hampton appointed as Development Manager for Reform Road Industrial Estate. Milestones include: 1. Development Manager appointed. 2. Feasibility study completed. 2. Development framework completed. 3. Planning application in. 4. Planning consent obtained. 5. Contract in place with contractor or development partner. 6. Contractor on site.		
Number of participants in the So Much Improvement with a Little Exercise (SMILE) programme	Kevin Mist	Corporate Services	63,691	64,960	19,305	37,672	54,743		Y	The Council has increased the target for 2015/16 by 42% compared to last year. The total for Q3 2015/16 is 54,743 which is on track to achieve the year-end target of 64,960. The performance in 2015/16 has increased by 28% compared to the same period last year.		
Percentage of empty shops in Maidenhead Town Centre	Steph James	Corporate Services	13.6% vacancy rate	Less than 10.9%	13.0%	10.9%	8.5%		ſ	Vacancy rate at the end of Q3 2015/16 is 8.5%. Over the busy Christmas period the Nicholsons Centre had several pop-up shops and temporary lets which are likely to be gone in the new year. However in the Spring 2016, H&M will be opening in the centre which will be occupying 3 vacant units. Other new occupier include Warren James jewellers and Store TwentyOne.		
Percentage of empty shops in Windsor Town Centre	Paul Roach	Corporate Services	5.8% vacancy rate	Less than 5%	4.57%	5.11%			Y	Awaiting data/updates from Town Centre Manager		
Number of footfall in Maidenhead Town Centre	Steph James	Corporate Services	5,616,573	5,728,904	1,392,006	2,717,891	4,119,556		ſ	Target is to increase the footfall by 2% from 2014/15 baseline. Footfall in quarter 3 was 5.4% up on the same period in 2014. Footfall over the festive period was particularly strong with footfall in November and December 2015 up by 8.9% compared to the same period in 2014. The Maidenhead Town Partnership has delivered a strong event programme with particular focus over the Christmas period. Free Christmas parking helped drive footfall to the town centre during the Christmas period.

Reduction in the use of gas and electricity	Michael Potter	Corporate Services	3.3%	7% reduction on 2013/14 baseline	3.9%	3.1%	2.63% (up to end of November)		Ţ	Please note that the Council is still to receive all invoices for December. Up to end of November 2019 the Council has reduced the energy use by 2.63% when compared to the same period in 2013/14). The annual projected target is not being met due to increasing street lighting consumption which has increased by 6% compared to last year. It is predicted that the Council will not meet the year-end target of 7%.
Number of volunteers supporting Council services	Harjit Hunjan / Debra Beasley	Corporate Services	3,200	4,000	3,388	3,418	4,125		ſ	The Council has increased the target by 25% and continues to promote volunteering through local events such as the annual volunteer of the year awards and Big Society days. The Council has exceeded the year-end target as there are currently 4125 volunteers directly assisting Council services. Volunteering opportunities are promoted on the WAM Get Involved Website and an Officers Volunteering Group has been set up and hold meetings every quarter to explore new volunteering opportunities.
Number of work placements offered within the Council	Harjit Hunjan / Joanne Horton	Corporate Services	79	75	17	36	51		Ţ	During Q3 2015/16, 15 placements were offered. All placements were offered through internal services and local employers combining the Elevate me/City Deal project. This is allowing the Council to provide a sustainable offer in light of the reduction of 18-24 yea olds claiming JSA and the increase of employment and apprenticeship opportunities available across the local area. The Council still remain on track to achieve the year-end target of 75.
Amount of external funding secured	Harjit Hunjan	Corporate Services	£2,520,060	£600,000	£175,410	£210,590	£812,561		ſ	Please note that the amount of external funding 'secured' has replaced 'drawn down' that was reporte in previous IPMR report. Drawn down element has not been included in the new contract with Our Community Enterprise Ltd that commenced from October 2015 since this is dependent on when the funders release amount awarded. For amount secured, the target has increased from £360k to £600k in the new contract. The team has already met the year-end target during Q3 2015/16.

Percentage of calls answered in over 5 minutes	Edward Phillips	Operations	0.83%	Less than 1%	1.8%	2.64%	1.70%		↑	Fewer phone calls are received in quarter 3 every year, but compared to Q3 2014/15 (0.6%) performance against this indicator has improved this year.		
Number of Licensing compliance operations completed (across all towns and parishes)	Craig Miller	Operations	66	60	16	31	48		↑	Forty eight licensing compliance operations were completed during the first three quarters of 2015/16. This has met the profiled target and the Council is or track to meet the annual target.		
Number of under age sales compliance operations completed by Community Protection and Enforcement Services	Craig Miller	Operations	11	12	1	2	4		ſ	The Council has completed 4 under age sales compliance operations to date. Two more operations are already planned for February, Licensing discussions with Thames Valley Police have taken place and more joint operations will be undertaken before April 2016. Trading Standards are also assessing their position with the hope of undertaking operations in March 2016. The focus thus far in terms of Licensing's work with children has been directed o other areas related to child sexual exploitation but it is fully expected that the target will be met.		
Reduction in the number of food premises that have a rating of 0 or 1 out of 5, with five being very good. (34 premises due for inspection in 2015/16 have a 0 or 1 rating as of 01/04/15).	Craig Miller	Operations	6	26 premises to improve from a 0 or 1 rating to a rating of 2 or more		8	15		Ŷ	Premise visits are scheduled irregularly across the year so it is normal to see a slow progress at the star of the financial year (the same as last year). Betweer Q2 and Q4 will see the relevant inspections take place and performance on target and the Council is confident that the target will be achieved by year end		
Number of Waste Awareness events undertaken by end of 2015/16	Craig Miller	Operations	25	25	12	17	23		↑	An additional six waste awareness events were carried out during Quarter 3. Further events are planned during Quarter 4 and the target will be met b year end.		
Champions recruited by end of 2015/16	Craig Miller	Operations	20	5 additional recycling champions		2	8		↑	The target for 2015/16 is find 5 additional recycling champions. Eight additional community champions have been recruited so far this year. Champions have assisted at recycling events, encouraged their neighbours to recycle, and monitored recycling sites in the Borough.		
Number of highway schemes delivered	Christopher Wheeler	Operations	420	250	21	72	127		↑	The annual stretched target for 2015/16 is 250. The Cabinet Prioritisation Sub Committee (CPSC) has agreed the individual schemes within each capital code. The actual delivery at the end of Q3 2015/16 is 127 which is 15% ahead of the profile target of 110.

Key for Risk appetite

Low appetite	Low / Medium appetite	Medium appetite	Medium / High appetite	High appetite
Avoidance of risk and uncertainty is a key organisational objective.	Preference is for ultra safe business delivery options that have a low level of inherent risk and only have a potential for limited reward.	Preference is for safe delivery options that have a low degree of inherent risk and likely to only have limited potential for reward in most circumstances.	Willing to consider all potential delivery options and choose the one most likely to result in successful delivery while also providing an acceptable level of reward.	Eager to be innovative and to choose options offering potentially higher business rewards despite greater inherent risks.

Note: The Risk Team will work with all Directorates during future reviews to ensure that all mitigations meet SMART criteria.

	Waterways	Chris Hilton	20/01/14	31/10/17	Current	GREEN	GREEN	GREEN	GREEN	GREEN	GREEN	A paper was taken to Group and Cabinet Regeneration Sub Committee for the approval in principal of £3m to complete the York Stream channel works and install a weir. This budget was approved subject to final sign off at Full Council in February 2016. Greenford have completed the piling in section F and are now trailing the liner and gearing up to complete the hard and soft landscaping. This will enable section F to be used as a showcase of what the rest of the channel will look like. Flood Defence Consents (FDCs) have been submitted to the EA for Stages 2a and 2b following the approval in principal for the budget to complete these sections. The EA have up to 2 months to issue the FDCs. Discussions are on going with Shanly Group regarding the interfaces with the finishings along the amphitheatre, the treatment of the bridge and the removal of the island to open up the arches. We are still awaiting a response from Thames Water and likely budget for the sewer diversions.	22/12/2015

Hines Meadow is almost complete except for one small area on the 6th floor where there are currently access issues. This issue should be resolved in the near future. Hines Meadow has taken longer to complete than expected which has unfortunately meant that the programme has been delayed. The two main reasons why it has taken longer to complete have been access problems to certain areas of the car park and the need for additional lamps to be installed to complete the work. The total number of lamps tendered for Hines Meadow was not correct which has meant that the contractor has had to install more lamps. The contractor has agreed that the Council will not be liable for any extra costs.
