

Report Title:	2021/22 Finance Update Report – Revenue and Capital Month 10
Contains Confidential or Exempt Information	Report and appendices A, B, C, D, E, F, G and H are Part I. Appendix J is Part II, and not for publication by virtue of paragraph 3 of Part 1 of Schedule 12A of the Local Government Act 1972.
Cabinet Member:	Councillor Hilton, Cabinet Member for Asset Management & Commercialisation, Finance, & Ascot
Meeting and Date:	Cabinet – 31 March 2022
Responsible Officer(s):	Andrew Vallance, Head of Finance and Deputy S151 Officer Adele Taylor, Executive Director of Resources and S151 Officer
Wards affected:	All

REPORT SUMMARY

This report sets out the 2021/22 forecast financial outturn of the Council as at the end of Month 10 (31st January 2022). It includes the revenue and capital budgets along with the financial reserve position. Areas of financial risk affecting the budgets are highlighted.

1. DETAILS OF RECOMMENDATION(S)

RECOMMENDATION: That Cabinet:

- i) notes the Council's projected revenue and capital forecast outturn for 2021/22;**
- ii) approves capital budget virements totalling £0.255m (paragraph 17.5);**
- iii) recommends that Council approve capital budget virements of £1.567m in respect of funding secured from the Public Sector Decarbonisation Scheme (paragraph 17.6); and**
- iv) approves the capital virement in confidential Appendix J.**

2. REASON(S) FOR RECOMMENDATION(S) AND OPTIONS CONSIDERED

Options

Table 1: Options arising from this report

Option	Comments
To note the Council's financial position.	This is the recommended option.
To approve, or recommend to Council for approval, capital budget virements.	This is the recommended option.
To not approve, or not recommend to Council for approval, capital budget virements	This is not recommended as capital improvement works will not be able to progress.

3. KEY IMPLICATIONS

- 3.1 The Council faces considerable financial risks that can have a potentially significant and immediate impact on its finances. To mitigate and smooth the impact on the budget, reserves and a contingency budget are held. However, these are currently close to the minimum levels required to protect the Council from these financial risks as well as potential service risks that it may also face.
- 3.2 Across the Medium-Term Financial Plan, the assumption is that the Council will identify sustainable savings and therefore remain above the minimum level of reserves identified by the S151 Officer.

Table 2: Key Implications

Outcome	Unmet	Met	Exceeded	Significantly Exceeded	Date of delivery
General Fund Reserves Achieved	<£6,700,000	£6,701,000 to £6,900,000	£6,900,001 to £16,900,000	> 16,900,000	31 May 2022

4. MONTH 10 REVENUE BUDGET FORECAST OUTTURN

- 4.1 The projected net revenue outturn position for 2021/22 at month 10 shows a favourable variance of (£0.239m) against the budget of £103.360m as shown in Table 3 below. Any underspend will be transferred to general reserves at the end of the year.
- 4.2 This revenue outturn position represents a net improvement of (£0.138m) over the projected underspend at month 8. This net change is the result of a variety of movements across services.

4.3 Significant changes in the Month 10 forecast outturn are:

- 4.3.1 Resources is reporting a favourable movement of £0.362m from month 8. This is due to increased income recognition in the registrar service (£0.150m), and reductions in forecast staff costs in both Libraries (£0.065m) and Finance (£0.075m). The balance is made of other smaller movements.
- 4.3.2 Place is showing a favourable movement of (£0.129m) from month 8. This is underpinned by favourable movements including increased car parking income (£0.250m), delayed works at Sainsbury's rotunda (£0.100m) and updated waste forecasts (£0.190m). These have been offset by various pressures in the planning service £0.196m, reduced income from traffic orders £0.120m along with increased costs of fly tipping £0.065m. The balance is made of other smaller movements.
- 4.3.3 Adults, Health and Housing is showing an adverse movement of £0.023m. Although there has been an increase in costs in Housing £0.262m mainly due to an increase in the bad debt provision, this has been offset by the release of an accrual that is no longer required (£0.300m). The balance is made of other smaller movements.
- 4.3.4 As the end of the financial year approaches, it is assumed the contingency budget is unlikely to be required this year. These contingent funds will be moved to reserves to reflect the required use of reserves to balance the medium-term financial plan. Therefore, although Contingency and Corporate is showing a favourable movement of (£1.992m), this is offset by a movement into earmarked reserves prior to calculating the impact on the General Fund. Final decisions on the allocation of underspends to earmarked or general reserves will be taken at the end of the year.
- 4.4 The general fund balance is currently forecast to be (£7.298m) at the end of the year, which is marginally above the minimum level of general fund balances (£6.700m) identified by the S151 Officer.

4.5 Appendix A provides a full breakdown of variances against service areas and is summarised below:

Table 3: 2021/22 Revenue Forecast Outturn Month 10

Directorate	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Month 8 over / (under) spend £000	Change since month 8 £000

Budget transfers in / (from)	0	(239)			
Forecast closing balance	(7,059)	(7,298)			

4.6 Savings

4.6.1 Appendix B summarises the status of savings included within the 2021/22 budget. Savings of (£5.350m) are forecast against a target of (£7,579m), a shortfall of £2.229m. These savings are RAG-rated by budget holders and are included in the reported service variances in Appendix A. Services are expected to mitigate the unachievable savings with alternative savings. Tables 4 and 5 summarise the status of the savings:

Table 4: Savings RAG rating

RED / AMBER / GREEN (RAG) Status	Savings Target	Savings Forecast	Savings Forecast
	£000	£000	%
GREEN	(4,928)	(4,336)	88%
AMBER	(2,537)	(1,014)	40%
RED	(114)	0	0%
	(7,579)	(5,350)	71%

Table 5: Savings projections by directorate

Directorate	Savings Target	Savings Forecast	Savings Forecast
	£000	£000	%
Adults, Health and Housing	(3,670)	(1,645)	45%
Place	(1,731)	(1,439)	83%
Children's	(1,280)	(1,388)	108%
Resources	(660)	(647)	98%
Governance, Law and Strategy	(168)	(161)	96%
Chief Executive	(70)	(70)	100%
Total	(7,579)	(5,350)	71%

5. CHIEF EXECUTIVE FORECAST OUTTURN

- 5.1 The Chief Executive directorate is forecasting an underspend of (£1.150m), an adverse variance of £0.039m from month 8. This is due to £0.290m potential non-payment of rent arrears and £0.010m cost pressures on the building maintenance budget for the Guildhall premises.

Table 6: M10 Chief Executive Forecast Outturn

	Budget	Forecast Outturn	Forecast over / (under) spend	Change since month 8
	£000	£000	£000	£000
Chief Executive	282	282	0	0
Property	(1,344)	(2,494)	(1,150)	39
Total	(1,062)	(2,212)	(1,150)	39

5.2 Significant areas of risk and opportunity

- 5.2.2 Property includes a Covid-19 pressures budget of £1.500m relating to lost income and costs of evictions in the commercial property service. Although anticipated costs of £0.300m have been included in the forecast, the remainder of this budget is not expected to be needed.
- 5.2.3 Industrial & Commercial Estates include a miscellaneous income budget of (£0.242m). Although there are a few small premises rents that go against this budget much of it is for one-off or new rental income. This year (£0.167m) of miscellaneous income has been identified so far leaving a potential £0.075m pressure which is included in the forecast.

6. GOVERNANCE, LAW & STRATEGY FORECAST OUTTURN

6.1 The Governance, Law & Strategy directorate is forecasting an underspend of (£0.380m), a favourable movement of (£0.026m) from month 8. This is mainly due to savings in the Performance team due to vacant posts.

Table 7: M10 Governance, Law & Strategy Forecast Outturn

	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Deputy Director	156	150	0	0
Comms & Marketing	344	363	19	19
Governance	2,235	2,046	(189)	(5)
Law	650	617	(33)	0
Performance Team	370	220	(150)	(40)
Policy Comms & Eng.	90	63	(27)	0
Total	3,845	3,465	(380)	(26)

6.2 Significant areas of risk and opportunity

- 6.2.1 An ongoing recruitment programme is in progress across the directorate. It is anticipated that full establishment will be achieved by March 2022. Vacancy savings because of this process are forecast to be (£0.227m). It had been anticipated that vacancies would be filled earlier in the year.
- 6.2.2 Land charges income is currently ahead of budget, boosted by the property market buoyancy because of the stamp duty holiday extension to the end of September. The service is forecasting to be £0.025m over target for income in the year. It is difficult to predict future demand and this income stream remains under regular review.
- 6.2.3 There are savings on variable office costs including (£0.105m) for printing and centralised stationery in recognition of the ongoing impact of home working on office costs.
- 6.2.4 Legal savings of (£0.030m) (included in vacancy savings above) relate to services now provided by the Deputy Director of Law & Strategy, which had been part of the shared legal services contract. This budget is therefore no longer required.

- 6.2.5 Member services is currently reporting forecast savings of (£0.033m) mainly due to inflation on Members' allowances not taken by several Members, not all Special Responsibility Allowance payments being made under the '1-SRA' rule, and reduced mileage claims because of higher levels of virtual meetings.
- 6.2.6 The Corporate Communications service has £0.019m of pressures, largely around a shortfall in expected sales, fees and charges grant compensation from central government for losses due to the impact of Covid-19 partially offset by additional income from the hire of the Guildhall room and recharges for an external staff secondment.

7. CHILDREN'S SERVICES FORECAST OUTTURN

- 7.1 Children's Services is forecasting an overspend of £0.765m, a favourable movement of (£0.004m) from month 8.
- 7.2 The dedicated schools budget is showing an overspend of £0.841m, a favourable movement of (£0.352m) from month 8. This overspend is met from a dedicated reserve (DSG Adjustment Account) and therefore does not impact the general fund.

Table 8: Month 10 Children's Forecast Outturn

	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Children's Services non-Dedicated Schools Grant

AfC: Business Services	4,053	4,014	(39)	5
AfC: Education	1,436	1,430	(6)	(57)
AfC: Management	324	(267)	(591)	(40)
AfC: Public Health	1,583	1,583	0	0
AfC: Special Educational Needs	2,116	1,803	(313)	(25)
Retained Children's Services	(3,743)	(3,882)	(139)	(38)
Total Children's	24,911	25,674	765	(4)

	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Dedicated Schools Grant (DSG)				
AfC – DSG	12,470	14,309	1,839	(310)
Retained – DSG	57,252	56,254	(998)	(42)
Transfer (to) / from DSG reserve	(69,722)	(70,563)	(841)	352
Total DSG	0	0	0	0

	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Non-DSG and DSG, but excluding transfer from the DSG reserve				
Achieving for Children	41,122	43,865	2,743	(276)
Retained Children's Service	(3,743)	(3,882)	(139)	(38)
Retained DSG	57,252	56,254	(998)	(42)
Total	94,631	96,233	1,606	(356)

7.3 Appendix G provides more detail of the service over and (under) spends. The overall favourable movement of (£0.004m) is underpinned by an adverse movement of £0.034m on the Achieving for Children contract, and a (£0.038m) favourable movement on retained services.

Table 9: Children's Services variances

Service	Forecast over / (under) spend £000	Para
Achieving for Children	904	7.4
Children's Services – Retained	(139)	7.5
Total Children's Services non-Dedicated Schools Grant	765	
AfC Contract - Dedicated Schools Grant	1,839	7.6

Dedicated Schools Grant – Retained	(998)	7.6
Total Dedicated Schools Grant transfer to Reserve	(841)	7.7
Total Net Dedicated Schools Grant	0	

- 7.4 Achieving for Children (non-Dedicated Schools Grant) adverse movement of £0.034m includes increased legal service costs of £0.080m which includes support for four high profile cases, offset by a favourable movement of (£0.030m) on Home to School Transport following a review of contracts. The overall forecast overspend of £0.904m is made up of the variances detailed below.
- 7.4.1 Placements overspend of £0.697m. Represents the full-year effect of three high-cost placements in quarter 4 of 2020/21, quarter 1 and 2 of 2021/22 totalling £0.822m. Additionally, the forecast reflects an estimated future demand for placements in the financial year of £0.090m. This overspend is partly offset by the release of the Council held “demography” fund of (£0.368m) into the AfC Contract and additional health contributions backdated of (£0.233m). There has been a national trend of an increase in the complexity of placements; this coupled with increasing demand on providers resulting in an increase in unit costs has adversely impacted the forecast.
- 7.4.2 Employee & Operational Related overspend of £0.540m. Child Focused posts retained to meet increased demand in domestic abuse & statutory services resulting from Covid-19. Partly offset by increased funding from the Contain Outbreak Management Fund (£0.051m).
- 7.4.3 Legal Services overspend of £0.280m. Increased cost of counsel based on quarter 3 recharges which includes the legal support for four high profile cases.
- 7.4.4 Contain Outbreak Management Fund (COMF) underspend of (£0.568m). Identification of existing employee costs that relate to prevention and management of the Covid-19 pandemic. COMF income is included in management costs, hence the underspend on this budget.
- 7.4.5 Recovery Plan underspend of (£0.123m). In-year mitigation plan focusing on application of grants and restriction on non-essential expenditure including vacancy management.
- 7.4.6 Home to School Transport underspend of (£0.105m). Review of contracts and reassessment of financial risk associated with new arrangements and potential provision for remainder of the financial year.
- 7.4.7 Other smaller variances include delayed progress to deliver therapy savings of £0.050m, increased support programme for schools matched

by additional grant within the retained budgets £0.075m, and increased costs of £0.058m in the Community Family Hubs due to the pandemic.

7.5 Retained Children's Service (non-Dedicated Schools Grant) show a favourable movement of (£0.038m) mainly due to additional grant in respect of Unaccompanied Asylum-Seeking Children. The overall net underspend of (£0.139m) includes increased grant allocations for School Improvement Grant (£0.074m), Troubled Families Grant (£0.060m) and Unaccompanied Asylum-Seeking Children (£0.047m). This is offset by an adverse movement on the bad debt provision of £0.040m.

7.6 **Dedicated Schools Grant**

7.6.1 The Dedicated Schools Grant overspend of £0.841m is a favourable movement of (£0.352m) from the previously reported position. This breaks down as follows:

- Achieving for Children High Needs Block favourable movement of (£0.310m). Reflects a favourable movement of (£0.260m) relating to a 15% reduction in the volume of pupils within the Further Education provision due to greater levels of turnover than anticipated at a cost of £6,000 per pupil. Realignment of Future Demand (£0.050m) to DSG Children's Service Retained to match indicative commitments.
- Retained Services High Needs Block adverse variance of £0.050m. Realignment of Future Demand from DSG Achieving for Children to match indicative commitments.
- Retained Central School Services Block favourable movement of (£0.092m). Primarily due to reduced management overheads.

7.6.2 The overall forecast overspend of £0.841m on the Dedicated Schools Grant comprises of:

- Schools Block underspend of (£0.537m), relating to the release of the total uncommitted balance of the pupil growth fund from a total allocation of £0.679m.
- Central School Services Block underspend of (£0.187m), comprising of reduced management overheads (£0.080m), an underspend within the Non-Independent Special School Places (£0.051m) and staffing vacancies (£0.030m).
- Early Years Block underspend of (£0.266m) due to the final budget allocation received from the ESFA in November 2021 for 2020/21. The final allocation was 3% more than anticipated. It is confirmed that the Early Years Block funding for 2020/21 was allocated to all nursery settings.

- High Needs Block overspend of (£1,831m) relating to the provision of Independent Special or Non-Maintained Special Schools and other associated direct support. In comparison to the prior year the average unit cost and volume for 2021/22 has increased by 1% and 9% respectively. The forecast reflects an estimated future demand for further provision during 2021/22 of £0.168m.

7.7 DSG Adjustment Account

- 7.7.1 DSG is ringfenced so any surplus or deficit is transferred to / from a specific reserve. The current forecast deficit of £0.841m will result in a deficit reserve of £2.632m (2% of gross budget).
- 7.7.2 The DSG grant conditions require that any authority with an overall deficit on its DSG account at the end of the financial year present a Deficit Management Plan to the Department for Education for managing their future DSG spend, including a recovery period of three to five years. This plan must be signed off by the Director of Children's Services and the Executive Director for Resources (section 151 officer). The plan must also be discussed at Schools Forum meetings.
- 7.7.3 It will be challenging to clear the cumulative deficit with increased costs and rising demand for complex service provision, and the SEND Reforms (2014) that increased support to include individuals from birth up to 25 years of age. Based on current demand, pricing and estimated future grant funding the current projected cumulative deficit for the DSG by 31 March 2023 is in the region of £5.000m. The Deficit Management Plan will be reported to the Schools Forum in April 2022.

8. ADULTS, HEALTH AND HOUSING FORECAST OUTTURN

- 8.1 Adults, Health and Housing is forecasting an overspend of £0.687m, and adverse movement of £0.023 from month 8.

Table 10: Month 10 Adults, Health and Housing Forecast Outturn

	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Director & Support	2,483	2,424	(59)	(30)
Adult Social Care Services	34,999	35,768	769	91
Housing Services	3,464	3,741	277	262
Better Care Fund	14,403	14,403	0	0
Public Health	5,056	5,056	0	0

Grants & BCF income	(19,472)	(19,772)	(300)	(300)
Total	40,933	41,620	687	23

8.2 The favourable movement in Grants & BCF income of (£0.300m) has arisen from a review of a prior year accrual that is no longer required.

8.3 Adult Social Care Services

8.3.1 Adult Social Care Services are forecasting an overspend of £0.769m, and adverse variance of £0.023m from month 8. This is analysed below.

Table 11: Month 10 Adult Social Care Forecast Outturn

	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Older People & Physical Disability	21,078	22,336	1,258	120
Learning Disability	15,168	14,218	(950)	(121)
Mental Health	3,032	3,455	423	(12)
Other Adult Social Care	3,152	3,216	64	5
Better Care Fund income	(7,431)	(7,457)	(26)	99
Total	34,999	35,768	769	91
RBWM / Optalis analysis				
RBWM Expenditure budgets	15,986	16,602	616	182
RBWM Income budgets	(13,937)	(15,280)	(1,343)	(73)
Optalis contract	32,950	34,446	1,496	(18)
Total	34,999	35,678	769	91

8.3.2 In Older People and Physical Disabilities the number of older people supported at home has risen from 351 at the start of the year to 374. The number of older people in care homes has increased from 309 to 335. Whilst the service is on track to meet its savings targets, the increased demand is having an adverse impact on the budget.

8.3.3 Also in Older People and Physical Disabilities homecare is forecast to exceed the annual budget by £0.538m due to increasing demand and costs. This is based on an average daily spend of £0.015m. The pressure on this budget has been offset by additional income from the Better Care Fund, NHS Frimley Clinical Commissioning Group and client contributions. The income received from the CCG has been provided to

facilitate hospital discharge and prevent hospital admissions during the pandemic.

- 8.3.4 NHS funding of service to facilitate hospital discharge ends this financial year. An estimate for this funding was included in the budget. Further detail on the income received from the CCG is shown below.

Table 12: CCG income in 2021/22

	Forecast
	£000
BCF -Minimum contribution to adult social care	(4,957)
Covid-19 related spend-Hospital discharge process (HDP)	(850)
Winter pressures	(508)
Free Nursing Care	(670)
Shared Care and Other	(200)
Total	(7,185)

- 8.3.5 Learning Disabilities shows an underspend of (£0.950m), a favourable movement of (£0.121). This is mainly due to a comprehensive review of the forward look list, focusing on the estimated dates placement changes might occur.

- 8.3.6 Mental Health shows an overspend of £0.423m. Pressures have continued to increase on all care budgets for people with mental health issues, as anticipated given the adverse effect the pandemic and its resulting restrictions can have on people's mental health. As a result, the savings in mental health included in the budget will not be achieved.

8.4 **Public Health and Better Care Fund**

- 8.4.1 The Public Health budget of £5.060m is funded by ring-fenced Public Health grant. Underspends on this budget must be carried forward in a public health reserve and do not impact on the general fund. This is why it appears as a nil variance in the outturn tables above. The current forecast is for a marginal reduction of the Public Health reserve this year from £0.511m to £0.503m.

- 8.4.2 The Contain Outbreak Management Fund (COMF) and Test and Trace grant is also managed by Public Health. This grant is specifically to deal with issues arising from the pandemic and was awarded for use over two financial years 2020/21 and 2021/22. The amount spent in 2020/21 on this grant was £0.618m while the balance of £3.666m was carried forward. An additional £0.804m was received for 2021/22. There is no requirement to return funds and it can therefore be utilised in 2022/23.

As such we estimate an unused balance of £0.400m which will be allocated to spend in 2022/23.

8.4.3 The Better Care Fund is a pooled budget with the CCG but is accounted for in the Council's accounts. Variances to planned spend on individual projects are shown in the service area to which that project relates. All decisions on spend are taken by the Integrated Commissioning Board.

8.4.4 Disabled Facilities Grant (capital) must also be included in the Better Care Fund. This income must be spent on items of a capital nature within the purposes for which the grant is allocated or the staffing administration of the scheme.

8.5 **Housing Services**

8.5.1 Housing Services is forecasting an overspend of £0.277m, an adverse movement of £0.262m from month 8. This is due to an increase in the bad debt provision for temporary housing. This is related to a change in process for recognition of debt, which is referred to under sundry debt later in the report.

8.5.2 There is also a pressure due to higher demand for Homeless Temporary Accommodation. The total pressure is forecast at £0.595m but this will be covered by Homelessness Prevention Grant.

8.6 **Future risks for Adult, Health and Housing**

8.6.1 Adult Social Care is a demand led budget and can vary significantly due to demographic changes. The budget was set based on the number of residents in services at an average cost. As at the end of December 2021, the number of older people, learning disability clients and mental health service users has started to stabilise, albeit at a higher level than at the start of the year. The figures used to set the budget are included in the table below.

Table 13: Number of adult social care recipients

	Budget £	Budgeted Average Weekly Unit Cost	Actual Ave Weekly Unit Cost This Yr	Budgeted Average Numbers	Numbers at Start of Month											
					Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

8.6.2 Temporary Accommodation is an ongoing pressure due to the lifting on the freeze on private sector evictions and overall increase in demand. The impending cost of living increases are likely to be a further pressure in this area towards the end of this financial year and into 2022/23.

9. RESOURCES FORECAST OUTTURN

9.1 Resources is forecasting an underspend of (£0.680m), a favourable movement of (£0.318m) since month 8. This is primarily due to increased weddings income in the Registrar's service, staff savings due to vacancies in Libraries & Resident Services and reduced staff costs in Finance. Savings of (£0.660m) built in to the 2021/22 budget for the Directorate are all expected to be delivered in year.

Table 14: Month 10 Resources Forecast Outturn

	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Executive Director of Resources	214	214	0	0
Libraries & Residents Services	2,551	2,049	(502)	(230)
R&B Management and Admin	1,045	1,095	50	7
Housing Benefits	424	174	(250)	0
HR, Corporate Projects, and IT	2,803	2,783	(20)	(20)
Corporate Management	(6)	(18)	(12)	0
Finance	1,263	1,316	53	(76)
Total Resources	8,294	7,614	(680)	(318)

9.2 Significant areas of risk and opportunity

- 9.2.1 Pressure on income within revenue and benefits, and housing benefits, because of the Covid-19 emergency is forecast to be £0.554m. This is £0.220m in excess of the budget set aside for this pressure. See paragraph 9.5.2 below for more information in relation to a potential change in housing benefits.
- 9.2.2 Costs relating to current and future staff vacancies within Finance, requiring cover by agency staff, have been reviewed and this staffing pressure is estimated to fall by £0.042m to £0.099m by the end of the year. This is net of vacancy savings.

9.3 Libraries & Residents Services

- 9.3.1 Libraries & Resident Services is forecasting an underspend of (£0.502m). The increased underspend of (£0.230m) from month 8 is largely due to an increase of (£0.150m) in income from weddings in the Registrar's service, an increase of (£0.065m) savings in ongoing part year staff vacancies in the Libraries and Reading Development & Library Promotions teams as well as more staff leaving, with resultant recruitment timelines. One-off increased income of (£0.020m) from sales, fees and charges is also forecast in the Libraries service from library fines, room hire, photocopying, withdrawn book sales and hire / rental of DVDs. Compensation from central government for lost sales, fees and charges in the Libraries service is (£0.018m) more than expected.
- 9.3.2 Income carried forward for postponed weddings will cover the cost of increased capacity, although any income relating to Covid-19 related postponed Weddings remains at risk of refund if not delivered in year. Registrars have invested in extra resources to meet new legislative requirements that came into force from May 2021. This will allow the service to continue to officiate the maximum number of weddings possible at the current time.
- 9.3.3 Additional costs of £0.034m have been forecast to cover the work being done by registrars and casual registrars due to the increased volumes of weddings, bringing the total staffing pressure to £0.059m in Registrars.
- 9.3.4 In Libraries & Information Services a (£0.013m) saving on rental payments has also been forecast due to the closure of Eton Library earlier this year, a £0.005m increase on the last reported position.

9.4 Revenues & Benefits Management and Administration

- 9.4.1 Magistrates' courts although open (on-line) have restricted the numbers of cases that can be brought, thus delaying recovery of costs and tax. Fees are charged to help fund the costs of the Council Tax and Business Rates recovery service and it is forecast that this income will be down on budget by £0.220m.
- 9.4.2 It is anticipated that staff and agency costs associated with administering the continuing distribution of Covid-19 related grants and support to businesses and individuals will be funded fully from new burdens grant funding, and costs are forecast as being £0.080m. An additional £0.100m new burdens grant has been received recently and

similar levels of additional costs are likely to be incurred, which will be kept under review.

9.4.3 There has been a slight increase of £0.007m in the forecast pressure in this service because of reduced sales, fees and charges compensation grant from central government.

9.4.4 Other small savings within the service have reduced the overall pressure to £0.050m.

9.5 Housing Benefits

9.5.1 Although forecasting the shortfall between benefits paid out and the subsidy reclaimable is always difficult, dependent as it is on the mix of benefits paid, current predictions indicate that there may be a surplus of at least (£0.250m) this year and this has been included in the forecast.

9.5.2 Based on the latest review of the projected outturn position there could be up to (£0.240m) additional surplus, but this is subject to uncertainties in predicting the final levels of outstanding housing benefit debt and related changes to the bad debt provision which can only be calculated at year end.

9.6 Finance

9.6.1 Finance is forecasting an overspend of £0.053m, an improvement of (£0.076m) on month 8, due to a (£0.042m) reduction in the overall staffing and agency costs and (£0.034m) in recharges to the pension fund for services provided.

10. PLACE FORECAST OUTTURN

10.1 The Place directorate is forecasting an overspend of £0.567m, a favourable movement of (£0.129m) from month 6.

10.2 Savings of (£1.731m) are included in the budget. The current forecast is for 83% of these to be achieved. The shortfall will be mitigated from savings elsewhere in the service.

10.3 Favourable movements this month include (£0.250m) increased forecast in daily car parking income and permit fees, reduced expenditure of (£0.100m) due to delayed works at the Sainsbury's Rotunda, and savings of (£0.190m) in the waste service due to reduced volumes partly because of the change to fortnightly collections.

10.4 Adverse movements include £0.196m in the Planning service due to a combination of reduced planning fees because of delayed approval of the Borough Local Plan, unbudgeted consultancy support for work on service transformation, an element of unachieved savings in the tree team and agency costs. Highways Services has also forecast a £0.120m reduction in income from temporary traffic orders and street works fixed penalty notices. And there is a further pressure of £0.065m from increased fly tipping costs.

Table 15: Month 10 Place Forecast Outturn

	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Executive Director of Place	248	233	(15)	0
Neighbourhood Services	10,098	10,079	(19)	(397)
Planning	1,416	1,612	196	196
Communities	(213)	12	225	36
Infrastructure, Sust. & Transport	3,386	3,566	180	36
Total	14,935	15,502	567	(129)

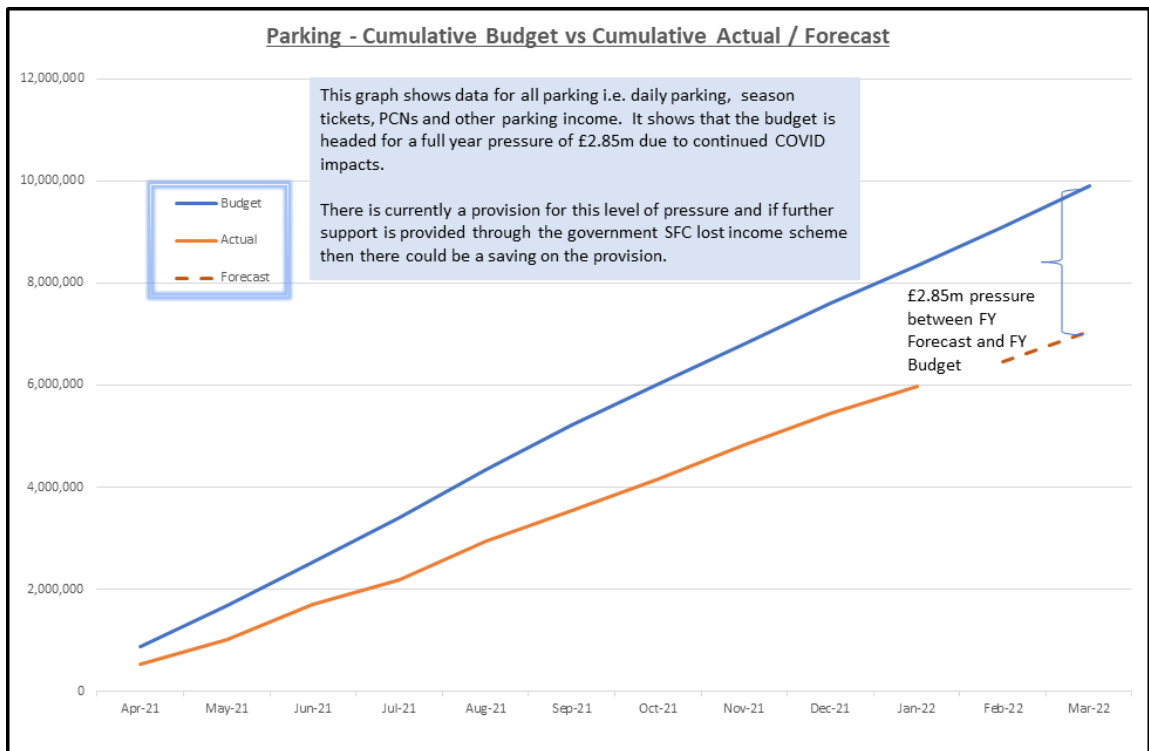

10.5 Neighbourhood Services

10.5.1 Neighbourhood Services is now forecasting an underspend of (£0.019m), a favourable movement of (£0.397m) from month 8. This is due to improvements in both Parking (0.380m) and Waste & Highways Environmental (0.125m) services, offset by a fall in Highways income of £0.120m.

10.5.2 The hybrid fortnightly general waste collection enduring solution means that residual waste is collected fortnightly while collections of recycling and food waste remain weekly (green waste remains fortnightly). To deliver this model, Serco requires additional resources in the form of vehicles and staff. These changes to the waste collection contract have added £0.500m of pressures this year. The net overspend is £0.383m after other mitigating underspends.

10.5.3 Additional income from enforcement of street works activity of £0.100m built into the budget is not considered achievable this year. The service has been redesigned to focus on robust enforcement with a review of the business case being undertaken by the service. Work so far has been promising in terms of income generated and recruitment of two FTE posts is underway to fully resource the team and drive the initiative forward.

- 10.5.4 A waste disposal saving of (£0.175m) is still considered possible as tonnages have reduced since the recent reconfiguration of the model of service delivery. The overall saving will also be determined by the ongoing Dry Mixed Recyclable solution since the fire at Pure Recycling.
- 10.5.5 Green waste income is continuing to be ahead of budget as numbers of service users exceed budgeted expectations. There is a (£0.180m) overachievement of income. There is also overachievement of income on cemeteries and churchyards of (£0.070m).
- 10.5.6 The net underspend on Parking Services is forecast at (£0.550m), but this includes £3.090m of Covid funding. Total car parking income received for the first ten months of the year was 28% down against the profiled budget of (£8,311m) with income received of (£5.967m). Forecast total income is (£7.060m) against a total budget of (£9.864m). Forecast parking income and permit fees have increased by (£0.250m) based on current performance and likely trends for the rest of the year.
- 10.5.7 Included in Parking Services, income received from daily car parking and season tickets across the borough for the first ten months of the year was (£5.461m), which was 28% down against the profiled budget of (£7,626m).
- 10.5.8 Also included in Parking Services, season ticket sales are a particular area of concern that is being closely monitored by the service to identify permanent changes in commuter behaviour that may affect this income stream on a permanent basis. Income received to 31 January 2022 is (£0.355m) against a profiled budget of (£1.111m), which is 68% down against budget. The current full year forecast is (£0.406m) against a budget of (£1,379m), which is a 71% pressure.

10.6 Communities

10.6.1 Leisure centres concession contract – additional support for Leisure Focus will be required this year as social distancing restricts footfall and income generation within the leisure centres. This is anticipated to be £0.364m above the £1.758m in the budget to support this pressure. Sales, fees & charges income for the first three months of the year is (£0.081m) more than budgeted.

10.6.2 Within Communities, staff funded by the Covid Community Outbreak Management Fund has resulted in an underspend of (£0.173m). This has mitigated to some extent the pressures in Leisure above.

10.6.3 The overall pressure in Communities is currently £0.225m, an adverse variance £0.036m on month 8.

10.7 Infrastructure, Sustainability & Transport

10.7.1 Because of government guidance on bus support during the pandemic, savings within the supported bus services are unlikely to be delivered this year. The total undeliverable saving is £0.100m with a forecast over-spend of £0.165m.

10.7.2 There is a projected shortfall of £0.033m in the s.278 income target in the Highways Project & Professional Development service. There are other small over and underspends in the service, resulting in an overall £0.180m forecast overspend.

11. CONTINGENCY AND CORPORATE FORECAST OUTTURN

- 11.1 The contingency budget constitutes several risk-based elements that represent potential, but uncertain, liabilities known at the time the budget is set in February of each year. When these risks become certain costs and liabilities, budgets will be moved either as in-year or permanent virements to the relevant service. Corporate budgets represent those costs not relating to specific services.
- 11.2 As the end of the year approaches the contingency budget is forecast to not be needed. It will be transferred to reserves in line with the reserves funding required in the medium-term financial plan. In addition, a provision for redundancy costs (£0.400m) is no longer expected to be required and has been released from Corporate Budgets. Movements will be reflected in the outturn report with supporting information also provided.

11.3 Table 16: Month 10 Contingency and Corporate forecast outturn

Contingency & Corporate	Budget £000	Forecast Outturn £000	Forecast over / (under) spend £000	Change since month 8 £000
Contingency	1,694	0	(1,694)	(1,631)
Corporate Budgets	(34)	(413)	(379)	(361)
Total	1,660	(413)	(2,073)	(1,992)

12. COLLECTION FUND

- 12.1 Most of the Council spending relies on collecting Council Tax and Business Rates. The Council's budgeted share of these two precepts is £88.000m in 2021/22. A total of £95.153m of Council Tax has been collected, equating to a collection rate of 94.22% against a target of 94.8%. Business Rate collection was £56.269m equating to a collection rate of 87.21% against a target of 92% as shown in the table below.

Table 17: Revenues Collection Figures 2021/22

	Total collectable for current year	Total collected to date for current Year	Total collected this month for current year	Collected for current year	Collected same period last year	Target as per SADC	Current year balance outstanding

13. SUNDRY DEBT

13.1 The current level of outstanding sundry debt is £10.148m. This is an increase of £2.421m since the start of the financial year. Much of the increase relates to changes in the process of recovering contributions from service users within the temporary accommodation service. Previously only cash receipts were recognised, now the full debt due is recognised. The age of the debt is in the table below and requires an increase in the bad debt provision of £0.850m.

Table 18: Aged Debt

	Debt 1 April	Current debt	< 1 month	> 1 month, < 6 months	> 6 months, < 1 year	> 1 year
	£000	£000	£000	£000	£000	£000
Education, Youth and Foster	81	87	7	26	0	54
Schools	1,075	90	51	34	3	3
Housing Loans	327	334	28	2	0	304

Commercial property	523	1,144	40	672	186	246
Total	7,727	10,148	2,696	2,219	2,078	3,157

14. REVENUE BUDGET MOVEMENTS

14.1 The movements to the net service expenditure budget since the February 2021 Council budget report are set out in the table below.

Table 19: Budget movements

	Funded by the General Fund ¹	Funded by Provision ²	Included in "Funding" within Original Budget ³	Total
	£000	£000	£000	£000
Original Budget	95,051	0	0	95,051
Property Management Provision	0	100	0	100
Allocation of SFC to services	0	0	(1,635)	(1,635)
Total	95,051	100	(1,635)	93,516

Notes:

1. *If additional budget is authorised, but no funding is specified, the transaction would, by default, be funded from the General Fund Reserve.*
2. *SportsAble – a premium payable under the lease agreement has been funded from the property reserve set up for this purpose in 2020/21.*
3. *Transactions here relate to amounts approved in the annual budget, which have for various reasons been allocated to service budgets in year but were part of the “funding” budget in the February 2021 Council report.*

15. REVENUE RESERVE

15.1 As at 31 March 2021, the Council had general fund reserves of (£7.059m). The forecast underspend results in a general fund reserve of (£7,298m), being (£0.598m) above the minimum level approved by Council for 2021/22 (£6.700m). This is prior to any additions to reserves and provisions at year-end made to reflect budget requirements in the medium term.

Table 20: General Fund reserve forecast

General Fund Reserve projection	£000
Opening balance 1 April 2021	(7,059)
Forecast underspend	(239)
Forecast balance 31 March 2022	(7,298)

16. BORROWING PROJECTION

16.1 Throughout the year the Council’s borrowing levels are updated based on cash-flow and spending on the capital programme as shown in **Appendix C**. Currently, the Council is borrowing temporarily pending anticipated capital receipts in future years and short-term interest rates remain low. The details of the current borrowing are shown in **Table 21** below.

The graph in **Appendix F** shows the actual and forecast end-of-month gross borrowing levels for the year. In the table below the Council’s investment balances are offset against the gross amount borrowed to give the net borrowing position.

Table 21 Total Borrowing

Borrowing Type	1 April 2021	Actual Month 8	Actual Month 10	Year End Forecast Month 8	Year End Forecast Month 10
	£000	£000	£000	£000	£000
Long Term	57,049	71,265	71,264	71,265	71,265
Short Term – Local Authority	114,000	101,000	117,000	125,000	119,000
Short Term – LEP/Trusts	20,732	22,802	21,742	16,802	19,103
Investments	(23,909)	(47,557)	(65,392)	(14,834)	(24,547)
Net Borrowing	167,872	147,509	144,614	198,233	184,821

17. CAPITAL PROGRAMME

17.1 The gross capital expenditure for the current financial year is shown in Table 22. An adverse variance of £0.500m is reported for the Maidenhead Station Interchange & Car Park scheme. This overspend has arisen partly due to unforeseen costs such as asbestos and services diversions. Additional requirements from Network Rail including restricted working and fencing have resulted in substantial costs which officers are working with Legal Services to recover.

17.2 Further information on variances is detailed in Appendix E. After identifying further slippage of £3.184m this month, schemes that will now complete during 2022/23 total £29.623m. The Council is projected to spend £38.332m on capital projects by the end of the current financial year.

Table 22: Capital Programme forecast outturn

	Budget	Forecast slippage to 2022/23	Forecast over / (under) spend	Forecast outturn
	£'000	£'000	£'000	£'000

17.3 Appendix D details movements in the capital budget.

17.4 The £38.332m of 2021/22 capital expenditure will be funded by the income streams as set out in Table 23. It is projected that £22.428m of corporate funding is required for the financial year. There is likely to be further final slippage of residual unspent budget to 2022/23. At present, the cost of short-term borrowing at a short-term borrowing rate of 0.10% is estimated to cost £0.022m for current year expenditure.

Table 23: Capital Programme financing

Capital Programme funding	£000
Government Grants	(8,390)
Developers' Contributions (s106 & CIL)	(7,489)
Other Contributions	(25)
Corporate funding	(22,428)
Total	(38,332)

Number of schemes in programme	223
Yet to start	11%
In progress	68%
Completed	12%
Ongoing programmes e.g. Disabled Facilities Grant	9%

17.5 Capital virement: Case Management Procurement

17.5.1 The existing contract term for the current Idox system (Uniform plus various software) expires at the end of March 2022. To ensure compliance a formal tender is required. The current system is hosted in house and, in line with the corporate IT strategy, it is anticipated that the Council will seek to move to an externally hosted, cloud-based solution. There will be associated project costs which are estimated at £0.225m and these should be expected from 2022/23 to 2023/24.

17.5.2 The existing Planning and IT capital budgets have been reviewed to determine if there are any opportunities to reprioritise/redirect funding that is no longer required to support the Case Management project costs. It is proposed that virements are made into Planning Policy – Evidence Base Updates to fund the Case Management project implementation costs.

17.5.3 **It is therefore recommended that capital budget virements totalling £0.225m are approved from Neighbourhood Plans (£0.065m); Joint Minerals and Waste (£0.060m) and IT Strategy (£0.100m) into Planning Policy - Evidence Base Updates.**

17.6 **Capital virement: Zero carbon measures**

17.6.1 Following the preparation of a bid by the Sustainability and Climate Change Team, Property Services and Achieving for Children, the Council has been successful in a £1.566m bid for capital funding from the Public Sector Decarbonisation Scheme. This grant funding is linked to five specific schools, replacing their oil-fired boilers with lower carbon alternatives, and carrying out other sustainability improvements at their sites.

17.6.2 Boiler replacement schemes at the five schools (Alexander First, Boyne Hill Infants, Braywood First, Courthouse Junior and Oakfield First) have already been approved by Cabinet, with higher budgets approved at Council in February 2022. These budgets are fully funded by the School Condition Allocation (SCA). Under the terms of the Public Sector Decarbonisation Scheme (PSDS), the Council will need to continue to fund a sum for each scheme that represents the cost of a straight oil to gas boiler conversion. The costs over and above that of providing more ambitious carbon reducing alternatives, plus the wider sustainability improvements, are covered by the Public Sector Decarbonisation Grant.

17.6.3 Accordingly, the current £1.110m allocated to the five schemes from the School Condition Allocation can be reduced to £0.634m. It is proposed that the released funding £0.476m is returned to contingency for the School Condition Allocation and that the existing overall budget set for the School Condition Allocation spend is not changed. Officers will consider further school condition schemes to be funded using the released funding. Cabinet has already delegated any variation of the list of agreed School Condition Allocation schemes for 2022/23 to the Director of Children's Services, in consultation with the Cabinet Member for Adult Social Care, Children's Services, Health Mental Health and Transformation (January 2022).

17.6.4 Council, however, needs to approve budgets to allow the new £1.566m grant to be spent in 2022/23. This will be managed as one project in a single cost centre. **Cabinet are asked to recommend to Council an overall increase of £1.567m to the 2022/23 capital programme, with the funding and budget breakdowns as shown in Table 25.**

Table 25: Revised boiler replacement scheme capital budgets

	Budget £000	Funded by SCA £000	Funded by PSDS £000
School Strategy – school heating & carbon reduction measures	2,200	1,567	634

18. LEGAL IMPLICATIONS

18.1 In producing and reviewing this report the Council is meeting its legal obligations to monitor its financial position.

19. RISK MANAGEMENT

19.1 Projected variance will require mitigation to reduce it during the financial year.

20. POTENTIAL IMPACTS

20.1 Equalities. See EQIA at Appendix I.

20.2 Climate change/sustainability – none.

20.3 Data Protection/GDPR – none.

21. CONSULTATION

21.1 None

22. TIMETABLE FOR IMPLEMENTATION

22.1 Implementation date if not called in: **'Immediately'**.

23. APPENDICES

23.1 Eight appendices support this report:

- Appendix A Revenue Monitoring Statement
- Appendix B Savings Tracker
- Appendix C Capital budget summary
- Appendix D Capital programme budget movements
- Appendix E Capital monitoring report
- Appendix F Borrowing forecast
- Appendix G Children's variance analysis

- Appendix H Reserve Analysis
- Appendix I EQIA
- Appendix J Capital Budget Virement. (Part II) Not for publication by virtue of paragraph 3 of Part 1 of Schedule 12A of the Local Government Act 1972.

24. BACKGROUND DOCUMENTS

24.1 This report is supported by one background document:

- Budget Report to Council February 2021.

Approved by Head of Service / Overseeing group/body / Project Sponsor:

"I am satisfied that an equality impact has been undertaken adequately."

Signed by (print): Andrew Valance

Dated: 18/03/2022

ROYAL BOROUGH OF WINDSOR AND MAIDENHEAD

EQUALITY IMPACT ASSESSMENT

EqlA : Finance Update Report

Guidance notes

What is an EqlA and why do we need to do it?

The Equality Act 2010 places a 'General Duty' on all public bodies to have 'due regard' to:

- Eliminating discrimination, harassment and victimisation and any other conduct prohibited under the Act.
- Advancing equality of opportunity between those with 'protected characteristics' and those without them.
- Fostering good relations between those with 'protected characteristics' and those without them.

EqlAs are a systematic way of taking equal opportunities into consideration when making a decision, and should be conducted when there is a new or reviewed strategy, policy, plan, project, service or procedure in order to determine whether there will likely be a detrimental and/or disproportionate impact on particular groups, including those within the workforce and customer/public groups. All completed EqlA Screenings are required to be publicly available on the council's website once they have been signed off by the relevant Head of Service or Strategic/Policy/Operational Group or Project Sponsor.

What are the "protected characteristics" under the law?

The following are protected characteristics under the Equality Act 2010: age; disability (including physical, learning and mental health conditions); gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation.

What's the process for conducting an EqlA?

The process for conducting an EqlA is set out at the end of this document. In brief, a Screening Assessment should be conducted for every new or reviewed strategy, policy, plan, project, service or procedure and the outcome of the Screening Assessment will indicate whether a Full Assessment should be undertaken.

Openness and transparency

RBWM has a 'Specific Duty' to publish information about people affected by our policies and practices. Your completed assessment should be sent to the Strategy & Performance Team for publication to the RBWM website once it has been signed off by the relevant manager, and/or Strategic, Policy, or Operational Group. If your proposals are being made to Cabinet or any other Committee, please append a copy of your completed Screening or Full Assessment to your report.

Enforcement

Judicial review of an authority can be taken by any person, including the Equality and Human Rights Commission (EHRC) or a group of people, with an interest, in respect of alleged failure to comply with the general equality duty. Only the EHRC can enforce the specific duties. A failure to comply with the specific duties may however be used as evidence of a failure to comply with the general duty.

EQUALITY IMPACT ASSESSMENT

EqlA : Finance Update Report

Stage 1 : Screening (Mandatory)

1.1 What is the overall aim of your proposed strategy/policy/project etc and what are its key objectives?

This report sets out the financial position of the Council in respect of the current year. The report reviews the various elements of the Council's financial position including the revenue budget and its funding, the capital programme, and the Council's financial reserve position. The report reviews the main areas of financial risk affecting the revenue and capital budgets and in respect of these risks sets out the assumptions that underpin the forecast position for the year.

RECOMMENDATION: That Cabinet: notes the report including:

- i) The Council's projected revenue and capital position for 2021/22.*
- ii) Approves a capital budget virement of £164,000 from Boulters Lock Car Park extension to Windsor Coach Park.*

1.2 What evidence is available to suggest that your proposal could have an impact on people (including staff and customers) with protected characteristics? Consider each of the protected characteristics in turn and identify whether your proposal is Relevant or Not Relevant to that characteristic. If Relevant, please assess the level of impact as either High / Medium / Low and whether the impact is Positive (i.e. contributes to promoting equality or improving relations within an equality group) or Negative (i.e. could disadvantage them). Please document your evidence for each assessment you make, including a justification of why you may have identified the proposal as "Not Relevant".

Outcome, action and public reporting

Screening Assessment Outcome	Yes / No / Not at this stage	Further Action Required / Action to be taken	Responsible Officer and / or Lead Strategic Group	Timescale for Resolution of negative impact / Delivery of positive impact
Was a significant level of negative impact identified?	No	Not at this stage		
Does the strategy, policy, plan etc require amendment to have a positive impact?	No	Not at this stage		

If you answered **yes** to either / both of the questions above a Full Assessment is advisable and so please proceed to Stage 2. If you answered “No” or “Not at this Stage” to either / both of the questions above please consider any next steps that may be taken (e.g. monitor future impacts as part of implementation, re-screen the project at its next delivery milestone etc).

2.4 Has your delivery plan been updated to incorporate the activities identified in this assessment to mitigate any identified negative impacts? If so please summarise any updates.

These could be service, equality, project or other delivery plans. If you did not have sufficient data to complete a thorough impact assessment, then an action should be incorporated to collect this information in the future.
