This report covers May and June 2022.

### High Street Footfall

Footfall in the town centre continues to recover as the UK unlocks however footfall is still down compared to pre-pandemic levels. Maidenhead’s weekday footfall was heavily reliant on lunchtime office workers which will account for some of the decline as the majority of offices in the town centre are not back to full occupation levels with many companies still encouraging home/ flexible working policies. It is estimated that around 40% of office workers are still working fully or partly remotely.

During **May** monthly footfall report showed that the total number of visitors to Maidenhead was 475,290.

The busiest day of the month was Saturday 14 May with 26,335 visitors.

Springboard have provided analysis of these figures to allow for a direct comparison with pre pandemic figures. The table below shows Maidenhead in context with the South East and the UK. This shows that footfall is still nearly -4.5% down year to date compared to pre-pandemic levels. The South East is -15.9% and the UK performance is -20.4%
