Crime & Disorder O&S

RBWM Transformation Programme 2015-18: An Agile Council

The Crime & Disorder Overview & Scrutiny Panel unanimously agreed to recommend to Cabinet the following:

- i. Approves the refreshed RBWM Transformation Programme 2015-18: An Agile Council.

Recommendations for new PSPOs

The Crime & Disorder Overview & Scrutiny Panel unanimously agreed to recommend to Cabinet the following:

- i. Approves Option1 in section 2.9 in the report;

- ii. Delegates authority to the Strategic Director of Operations & Customer Services in conjunction with the Lead members for Environmental Services and Highways & Transport to propose any future widening of the scope of ASB covered by PSPOs directly to full Council;
- iii. Requests the Strategic Director of Operations & Customer Services in conjunction with the Policy Committee and relevant stakeholders to complete an options appraisal of the potential responses to the items detailed at a) to e) in section 2.7.

The Panel raised concern about the displacement that could occur if a PSPO on barbecues was approved for a specific location. The Community Safety Manager suggested that if this happened then PSPOs would need to be considered for the displacement locations. However, in this context whilst recognising that the Council website indicated that barbecues were not allowed in public spaces Members felt that particularly given the proposals for significant flatted developments in Maidenhead consideration should be given to establishing a number of pleasant public amenity barbecue locations.

Standards and Quality of Education in Royal Borough schools – A Review of the Academic Year

The Children's Services O&S Panel considered the report and fully endorsed the recommendations to Cabinet. The Panel requested that when the Education White Paper was consulted upon the boroughs response be brought to scrutiny before submission. The Panel felt that the lead Member should explain to Cabinet how attainment 8 was calculated, they also felt it was important to explain to the public that there would be a period of transition as schools move to academies and MATS. The report showed that there was still more work to be done on attainment levels and the Panel felt that there should be specific focus on narrowing the attainment gap for pupils receiving free school meals.
