

## **RBWM Flood Liaison Group Summary Update – Emergency Planning**

Brief summary of Emergency Planning Update:

- The Emergency Planning Unit are currently in the process of writing up the debrief report for the Flooding incident in January 2024.
- Hot and Cold debriefs have been undertaken with RBWM staff where all findings and data from these are being included in the debrief report.
- The results from the Community debrief questionnaire are also being reviewed and findings included in the debrief report.
- Emergency Planning has attended several of the section 19 and debrief sessions held with the Parishes following the flooding. Any learning points ascertained at these meetings will be reviewed and taken forward as appropriate.
- Following publication of the debrief report, recommendations will be taken forward and the Adverse Weather Plan and Flood Annex will be updated accordingly if required.
