REPORT SUMMARY

- 1. This report sets out the Council's financial performance to date in 2016-17. In summary there is a projected £418k underspend on the General Fund. This is an increase of £198k from the August financial monitoring report. This is due to further underspends in service budgets (68k), details of which are included in section 4 and a £130k capital financing variance (reported July Cabinet) being included in the approved estimate.
- 2. Consequently the Council remains in a strong financial position, the Council's Development Fund balance of £1.104m bringing the combined General Fund Reserves to £6.198m in excess of the £5.27m recommended minimum level set at Council in February 2016.

1. Details of Recommendations

RECOMMENDED: That Cabinet:

- i) Notes the Council's projected outturn position.
- ii) Approves a £113k S106 funded capital budget for the expansion of Eton Porny school, (see paragraph 4.8).
- iii) Approves the removal of a £195k capital budget in respect of a feasibility study of a satellite grammar school (see paragraph 4.9).

2. REASON FOR RECOMMENDATION(S) AND OPTIONS CONSIDERED

2.1 As this is a monitoring report decisions are normally not necessary but may be required and in this case a S106 funded budget is recommended.

3. KEY IMPLICATIONS

Defined	Unmet	Met	Exceeded	Significantly	Date
Outcomes				Exceeded	delivered
General	Below	£5.0m-	£5.5m-	Above	31 May
Fund	£5.0m	£5.49m	£6.0m	£6.0m	2017
Reserves					
Achieved					

The General Fund Reserve is £5.094m and the balance on the Development Fund is £1.104m, see appendix D for a breakdown of the balance on the Development Fund. The combined reserves are £6.198m. The 2016-17 budget report recommended a minimal reserve level of £5.27m to cover known risks for 18 months.

4. FINANCIAL DETAILS

4.1. The Strategic Director of **Adults, Children & Health Services** reports projected outturn figure for 2016-17 of £57.391m against a controllable net budget of £57.292m, an overspend of £99k. This is a reduction of £32k on the £131k overspend reported to Cabinet in August.

The most significant variances are:

- Pressures continue in funding the provision of services to those with a learning disability and mental health problems - projected overspend of £416k, 2.5%, on a net budget of £17m. The pressure arises from the changing care requirements of a small number of residents with high needs, a delay in the deregistration of homes, and a Secretary of State adjudication of an Ordinary Residence dispute.
- Savings projected from the budget for the provision of services to older people is unchanged - at £255k underspend, 1.8%, on a net budget of £14m. This saving arises from a lower than anticipated demand for services for older people.

- Overspends mainly due to the additional cost of agency staff in key posts across Quality Assurance (£80k), the Pods (£70k), the MASH (£358k) and Children's disability teams (£60k). The reduction in agency costs resulting from initiatives to recruit permanent social workers and team managers that was reported in August is continuing. With the recent appointment of key permanent staff in the Pods, the projected overspend has reduced from £120k to £70k. Agency costs are expected to reduce further over the rest of the year.
- There are projected underspends on the care costs of children in care, particularly in internal fostering (-£170k), costs of children leaving care (-£111k), and children with disabilities (-£376k). This is mainly due to fewer than expected numbers requiring high cost support.
- Recent changes in residential placements for children in care have resulted in a £78k increased cost in Commissioning, but this has been partly offset by staff vacancies which will deliver a £30k saving this year.

There are no projected variances to report within the HR budget.

In addition to the variances, there are a number of specific items with financial risks. These will have a potential impact on the final budget outturn in 2016/17. The risks are not reported within the variances identified:

- Home to School Transport outturn projections will become clearer in September when demands on transport provision from new pupils are confirmed, but if spending continues at the same rate as in 2015-16, the additional budget allocated for 2016-17 could result in a further pressure of up to £300k. Actions being taken to address these pressures include reshaping transport policy and increasing numbers of high needs places in all areas to help provision in local schools and reduce reliance on expensive transport.
- There are three high cost cases where the liability of the council to meet their costs is uncertain either due to their Ordinary Residence or due to their eligibility for Continuing Health Care funding. The maximum additional cost this year to the Directorate should these cases all be decided against the council is estimated at £165k, and the maximum saving if all cases were settled in favour of the council is estimated at £558k this year.
- 4.2. The Strategic Director of **Corporate and Community Services** reports a projected outturn figure for 2016-17 of £4.173m against a controllable net budget of £4.205m, an underspend of £32k.

This is a similar variance to the projected underspend reported to Cabinet last month (£31k). However the change includes a £9k pressure in Land Charges income due to slow market conditions offset by a £10k increase in income from advertising.

4.3. The Strategic Director of **Operations and Customer Services** projects a £280k underspend on the directorate 2016-17 approved budget of £21.576m. This is a small increase to the projected underspend reported to Cabinet in August (£245K).

The change to the overall projected variance is based on a further improvement in car parking income in town centres, with a currently projected over achievement of £70K at year end (increased from £35K projected in July).

Small budget pressures and mitigating efficiencies and savings continue across many of the OCS services.

- In Libraries Arts & Heritage, the Registrars service continues to achieve strong income performance, offset by several minor pressures.
- In Communities Protection & Enforcement Services, waste disposal tonnages continue to be lower than predicted while garden waste services take-up continues to be strong.
- For Customer Services, there are some continuing pressures around Housing Options savings targets and facilities management, but mitigation plans are in place.
- Highways & Transport continues to show pressures on income targets in Transport & Access and Traffic & Road Safety, and on the Street Cleansing budget. However, these are fully mitigated by savings and efficiencies achieved in other areas of the service.
- In ICT, un-budgeted spend to improve security of Members' IT has been absorbed and the services continues to project a healthy underspend at year end.
- Revenues & Benefits pressures from overpayment recovery continue but are mitigated by contract savings (Academy print) and widespread efficiencies.

The OCS directorate budget has been updated with the transfer of Parks and Open Spaces (£831k) moving in from the corporate directorate.

4.4. Revenue budget movements this month:

4.6. Liabilities

On the request of Corporate O&SP a part II list of liabilities has been included in the report (Appendix G).

4.7. Capital Programme

The approved 2016-17 capital estimate is £43.635m; the projected outturn for the financial year is £43.635m. The capital outturn in 2015-16 was £27.421m. See appendices B and C for further details.

4.8. Capital addition for approval

S106 funds are available (£113k) for use in the Eton sub-area for creating additional space at either Eton Wick school or Eton Porny school. Both schools were consulted about potential schemes which were then assessed by officers for S106 compliance and benefits to the pupils. The Director of Children's Services and the previous Lead Member approved Eton Porny's scheme which will bring space within the school into use thus increasing the space per pupil ratio. Approval is now sought for a S106 funded capital budget to carry out the work.

4.9. Capital removal

A £200k capital budget was approved to investigate the feasibility of a satellite grammar school. Approval is now being sought to remove £195k (the unspent balance) as legislation allows school conversion to selective education to be covered by central funding.
